

ALL-NEW FORD **S-MAX**

Go Further

Visionary. Ingenious. Remarkable.
Every car bears his signature.

Henry Ford

Driving made easier.

The Ford S-MAX is already great to drive. Our new technologies take the quality of your driving experience to a whole new level of enjoyment.

Adaptive Steering

Designed to adjust the steering ratio to match the car's speed. At lower speeds, a small turn of the steering wheel translates into a big turn of the front wheels, making parallel parking a breeze. At higher speeds the steering provides greater comfort and directional stability.

Intelligent All-Wheel Drive

Ford S-MAX's Intelligent All-Wheel Drive system continually monitors where power is needed and automatically applies the required torque to the front or rear axle for maximum traction, whatever the conditions.

Adaptive Lighting with Ford Dynamic LED headlights and Glare-Free high beam

Intelligent headlight system detects different road conditions and selects the appropriate beam pattern for enhanced illumination. The dynamic cornering feature throws the beam inside the curve to let you see further and sooner. While the clever Glare-Free function allows you to drive on high beam without dazzling other road users.

No compromise.

We're not one for compromise, and neither are you. So when you need a car that can carry up to seven people in space and comfort, yet still be a great-looking driving machine, there's only one choice to make. The all-new Ford S-MAX has room for everything, except compromise. So get out there and enjoy life to the fullest.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. **+**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
