Plug-in Hybrid

With its advanced hybrid powertrain system, the new Tourneo Custom Plug-in Hybrid has a zero-emission driving range of up to 27 miles*, making it ideal for use in urban environments. The 1.0 litre Ford EcoBoost petrol engine provides a range extender to up to 366 miles. The front wheels are driven exclusively by an electric motor, rather than the petrol engine and power for the motor is provided by a compact 13.6 kWh liquid-cooled lithium-ion battery pack. The pack has been carefully positioned beneath the floor to preserve all of the vehicle's cabin space. The batteries can be charged both using a standard mains power supply and also the compact and fuel-efficient multi-award winning 1.0L Ford EcoBoost engine generating extra charge when required.

Tourneo Custom Titanium Plug-in Hybrid Electric Vehicle L1 shown with bi-xenon headlights with LED daytime running lights and static cornering (option), in Chrome Blue metallic body colour (option).

*Results achieved under WLTP test conditions.

Tourneo Custom Active

Discover the adventurous new Tourneo Custom Active. With its rugged off-road styling, advanced technologies and comfortable, durable interior, it's ready to help you tackle even the toughest day. Based on the Titanium series, you'll find distinctive 17" alloy wheels, unique 'Active' front grille and body cladding, bright roof rails and full-length side steps. Inside features special Nordic Blue seat trim, and for extra capability in more demanding conditions, manual transmission models are available with an optional mechanical limited-slip differential.

Mechanical limited-slip differential
Tourneo Custom's mechanical limited-slip differential can help reduce unwanted wheelspin, especially on loose surfaces. By automatically directing torque to the wheel with the most grip, it enhances Tourneo Custom's front-wheel drive capability and delivers even greater levels of traction, stability and composure in more challenging conditions. (Option on all series with manual transmission)

Tourneo Custom L1 Active shown with 17" 5-spoke machined alloys (standard), in Orange Glow metallic body colour (option).

Take your seat in premium class

When it comes to comfort and well-being, new Ford Tourneo Custom excels, offering the style and quality of a luxury saloon with the versatility and interior space of a people mover, plus seating for up to nine occupants. A wealth of thoughtful equipment provides even greater levels of refinement. The driver's seat and steering column are fully adjustable so you can find your ideal driving position. While your passengers can relax with options such as rear compartment air conditioning, reclining seat backs and luxurious leather trim.

Rear air suspension

Designed to automatically adjust to maintain a constant ride height, regardless of the loading conditions, for a smoother and more comfortable ride. (Option on selected models)

Room for everyone

People carriers don't come any more versatile than the sensational Tourneo Custom.

With its new conference seating layout, Tourneo Custom's spacious interior is as flexible as it is comfortable. Two versions are available: Versatile Conference Seating (standard on Zetec), offering second row individual seats, and third row 2+1 seats; and Highly Versatile Conference Seating (standard on Titanium, Active, Titanium X and Sport), with second and third row individual seats for the ultimate in versatility. Individual second row seats can rotate to face the front or the rear and all seats can fold, tumble, stow or be removed to meet your requirements.

Choose from the L1 with ample space for up to nine people, the L2 with its increased rear luggage space or the Tourneo Custom Shuttle Bus featuring Direct Access Seats.

Whichever model you favour, you'll find its adaptable interior can be easily tailored to suit your business or family transport needs.

Tourneo Custom Shuttle Bus

With a focus on passenger comfort, the Tourneo Custom Shuttle Bus offers generous space in each of its four rows of Direct Access Seats. Rear seating is easily reached from the kerb-side sliding side door, and it's the ideal way to prioritise passenger comfort and mobility over luggage space.

Tourneo Custom L1

Tourneo Custom L2

Tourneo Custom 9 seats L1

Tourneo Custom 9 seats L2

Tourneo Custom Shuttle Bus 9 seats L2

Main image (left): Tourneo Custom Titanium shown with Salerno Leather trim in Palazzo Grey (option).

Note: A rear-facing child seat must not be fitted to a second-row seat when they are rearward facing towards the third row.

More space, less effort

Accommodate up to nine people in high-quality comfort. Fold the rear seatbacks to create a flat workspace. Or rotate, fold, tumble or stow the rear seats in numerous different ways to create limousine-like space or to maximise the luggage area, without leaving any seats behind.

On delivery, the seats are arranged in Conference Seating mode, so that the rear seat rows face each other for easy conversation between passengers. However, the rear seats can easily be rearranged to keep everyone happy.

If you need even more room, the rear seats can be removed completely, either individually or in sets, to leave a large and versatile space for whatever you want to carry.

Note: A rear-facing child seat must not be fitted to a second-row seat when they are rearward facing towards the third row.

Main image (left): Tourneo Custom Titanium shown with Salerno Leather trim in Dark Palazzo Grey (option) in Conference Seating configuration.

Note: Zetec series features third row 2+1 seating, in lieu of individual seats.

FORD TOURNEO CUSTOM Clever by design

Packed with space

With its generous interior space and an adaptable seating layout, Tourneo Custom is always ready to accommodate you, your passengers and your belongings.

New Tourneo Custom is the definitive Smart People Mover. Wide-opening sliding side doors and a large glazed tailgate offer easy access to the elegant and welcoming interior. While a host of thoughtful features, including convenient running boards and a range of innovative stowage solutions, provide outstanding levels of space and versatility.

Rear-view camera with Trailer Hitch Assist

Select reverse gear and the image from the rear-view camera displays automatically. Marker lines overlaid on the camera image indicate where the vehicle is heading. (Standard on Sport and Titanium X, option on other series)

Innovative stowage solutions

Functional storage options include cupholders and a stowage area concealed beneath a neat roller cover (only available with single front passenger seat), large front door pockets and a lockable glovebox. (Standard)

Power-operated and heated driver's seat

With 10 ways to adjust the heated driver's seat, you can find your most comfortable driving position with ease. (Standard on Titanium X and Sport, option on Titanium)

SelectShift automatic transmission

Tourneo Custom can be specified with a six-speed SelectShift automatic transmission. The transmission also provides the option of manual shifting using buttons on the gear lever. (Option on 130 PS and 185 PS models)

Sliding doors and running boards

Running boards fitted below the two sliding side doors make getting in and out even easier, while enhancing Tourneo Custom's luxurious style. (Standard)

Integrated roof rack

Tourneo Custom is available with an ingenious roof rack system that folds away when not in use to help improve fuel economy and reduce wind noise, versus conventional roof racks. Capable of carrying loads of up to 130 kg, the roof rack features a load stop and integrated T-slots that are compatible with standard roof rack accessories to maximise its capability and usability. (Option. Restrictions apply. Please see specification section for more details)

ISOFIX child seat fixing points

A total of four ISOFIX child seat attachment points are provided on selected second and third row seats. (Standard. Position varies by series)

Note: A rear-facing child seat must not be fitted to a second-row seat when they are rearward facing towards the third row.

230 V (150 W) power converter

Operate or charge your favourite devices without the need for special adaptors. Simply plug in as you would at home. (Option)

Privacy glass and rear window blinds

Integrated sunblinds can be easily raised to shield rear occupants from bright sunlight (standard on Titanium, Titanium X and Sport. Option on Zetec and Shuttle Bus) (L1 – fitted to 2nd row only, L2 – fitted to 2nd & 3rd rows).

Privacy glass adds a further level of screening and sophistication (standard on Zetec, Titanium, Titanium X and Sport, option on Shuttle Bus)

Meet your phone's new best friend

Ford SYNC 3

New Ford SYNC 3 integrates seamlessly with your compatible smartphone, letting you control everything from phone calls and text messaging, to music and satellite navigation – all via the 8" touchscreen, or by using remarkably simple voice commands. (Option on Zetec, standard on Titanium, Titanium X and Sport)

SYNC 3 features

- Manage your phone, music, apps and navigation with simple voice commands
- Hear your text messages read aloud for you
- Emergency Assistance[†] helps occupants place an emergency call to provide emergency services with the vehicle location in their respective language
- Control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you navigate your smartphone through the SYNC 3 home screen, as if it were your handset
- Colour touchscreen supports multi-touch 'swipe' and 'pinch-to-zoom' gestures

Download **FordPass Pro** from the App Store or get it on Google Play.

Please note: Full SYNC 3 smartphone integration is only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check their official websites for the latest information.

[†]Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth[®]-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

100% connected

Only Ford can deliver a fully-connected ecosystem that's built-in from the start. Ford has a comprehensive suite of connected services to help your business thrive, no matter how many vehicles you own.

FordPass Connect* can help save you both time and hassle, as well as give you peace of mind.

- Live Traffic (two year trial)** delivers regular traffic information directly to your SYNC 3 Navigation system. The technology then adjusts your recommended route based on the traffic conditions, helping you to arrive more relaxed and on time
- On-board Wi-Fi (three month trial)*** – receive up to 4G Wi-Fi for a maximum of ten devices so you and your passengers can enjoy the same connectivity on the move as you would at home
- FordPass Connect features are provided on a two year trial from date of first registration. After this, subscription charges will apply

- **Live Traffic**** Sends up-to-date traffic information directly to the SYNC 3 Navigation system. The technology then adjusts the recommended route based on the traffic conditions, so you waste less time on the way to your next job
- **Local Hazard Information**** Uses multiple local and national information sources to warn you of hazards on the road ahead
- **EV Features** Check battery status and locate charging locations using the 'Find' features

Ford Data Services[†]

With Ford Data Services and FordPass Connect you can receive vehicle data securely to either your own telematics application or via your chosen Telematics Service Provider. Data available includes: vehicle health, vehicle location, fuel usage and driving characteristics, and can be received on multiple vehicles. Data can be integrated with your existing in-house application or your chosen Telematics Service Provider.

Ford Telematics[†]

With Ford Telematics and FordPass Connect you can easily view data and manage all your vehicles using our intuitive user dashboard. The information is presented with actionable insights that deliver the data you need to manage your fleet.

NOTE If you operate up to 5 Ford vehicles you should use Ford Pass Pro. If you have more than 5 Ford vehicles then we recommend using Ford data services[†] and Ford Telematics[†]

NOTE Ford Pass Pro is a free App, compatible with select smart phone platforms and is available via download. Future features may be chargeable and message and data rates may vary.

*FordPass Connect is a standard feature on all series. The on-board modem will be connected at the time of vehicle delivery. You may choose to opt in/out of certain data sharing.

**Live Traffic access is complimentary for the first year following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence fee is payable.

***Wi-Fi hotspot (up to 4G LTE) includes complimentary wireless data trial for a limited time only that begins at the time of activation. Afterwards data bundles can be purchased from Vodafone. Please refer to their website for details of their data packages. To take advantage of the built-in Wi-Fi hotspot capability, a Ford vehicle must come with the appropriate hardware, and a data plan is required. Data coverage and service is not available everywhere and terms of your data plan, including applicable message and data rates, may apply.

[†] Ford Data Services and Ford Telematics are available for Ford vehicles with a Ford Pass Connect modem or a Ford plug in modem. Fleet/ business customers only. Subscription charges and Ford Connected service terms and conditions apply.

Reacts before you know it

Combining information from a forward-facing camera and radar technology, new Tourneo Custom can help in various driving situations. From Pre-Collision Assist⁽²⁾ (option as part of Adaptive Cruise Control) that can alert you to a potential collision, to Intelligent Speed Assist (option) that helps you stay within speed limits, Tourneo Custom is better equipped than ever to lend a helping hand.

Intelligent Adaptive Cruise Control⁽²⁾

When activated, the system is designed to automatically restrict the vehicle's speed to the limit detected⁽¹⁾ by the traffic sign recognition system. The driver can also select the top speed tolerance in addition to the detected speed limit. (Option as Part of Ice Pack 25)

Pre-Collision Assist⁽²⁾

Using radar and a camera, Pre-Collision Assist⁽²⁾ keeps a watchful eye on the road ahead. The system is designed to monitor your proximity to other vehicles and pedestrians – even in the dark, when illuminated by the vehicle's headlights – and can alert you to a potential collision. If you don't respond to the system's warning signals, Active Braking⁽²⁾ pre-charges the braking system and can automatically apply the brakes to help mitigate the effect of any impact. (Option as part of Adaptive Cruise Control, Standard on Titanium X)

Adaptive Cruise Control⁽²⁾

Set your desired speed and Adaptive Cruise Control⁽²⁾ will maintain a pre-set distance from the vehicle in front. If the sensors detect traffic slowing ahead, your vehicle automatically slows down. When traffic has cleared, your vehicle accelerates back to the pre-selected speed. (Option, standard on Titanium X)

Driver Alert⁽²⁾

Designed to warn you if the system detects driving behaviour that indicates a drop in alertness levels. Initially, a warning icon is displayed in the instrument cluster, followed by a warning chime if driving alertness further declines. (Standard with Lane-Keeping Alert)

⁽²⁾Uses sensors.

⁽²⁾Driver assistance feature.

⁽¹⁾Speed limit may vary according to road and vehicle size. Driver is responsible for adhering to the speed limit at all times.

Senses what you can't see

Tourneo Custom benefits from the latest technology that looks out for you, your vehicle and those around you. One such system, Cross-Traffic Alert (part of optional Blind Spot Information System), is designed to help when reversing out of a parking bay where vision is obscured by vehicles parked either side. The system can provide audible and visual warnings to reduce the risk of colliding with an approaching vehicle.

Cross Traffic Alert

Part of the Blind Spot Information System, Cross Traffic Alert is designed to scan left and right as you reverse from a perpendicular parking space. If a moving vehicle or other hazard is detected, the system will alert you with visual and audible warnings. (Option)

Live Traffic*

Provides you with real-time traffic information such as traffic speed, accidents and road closures, as well as alternative route guidance and mapping to help you avoid problem areas. (Available through FordPass via SYNC 3 with navigation)

*Live Traffic access is free for the first year following the registration of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

Blind Spot Information System with Trailer Tow

As another vehicle enters your blind spot whilst travelling, the system is designed to alert you with a warning light built into the driver's and passenger's door mirrors. (Option)

¹Uses sensors.

²Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

See the road in a new light

Enhanced lighting for outstanding visibility.

Tourneo Custom's stylish new headlights give it a strong identity. All versions incorporate daytime running lights, while the powerful Bi-Xenon headlights (option on Zetec, Titanium, Active and Sport, standard on Titanium X) provide enhanced illumination in all conditions.

Auto high beam

Temporarily dips your headlights when it detects oncoming traffic or a vehicle ahead, and automatically reverts back to high beam for maximum visibility. (Option as part of Adaptive Cruise Control)

Projector-style headlights with static cornering lights

When you turn the steering wheel beyond 30 degrees, cornering lights illuminate the appropriate side of the road for extra visibility at night. Operates at speeds up to 20 mph. (Standard)

Bi-xenon headlights with static bending lights

Tourneo Custom's Bi-Xenon headlights offer superior light quality over halogen bulbs, while using less energy. Static bending lights, mounted within each headlight, illuminate corners during turns, at speeds up to 40 mph. Whenever outside light levels dictate, automatic headlights switch on to help keep the road ahead well lit. (Standard on Titanium X, option on other series)

Tourneo Custom L1 Titanium shown with 17" Dark Tarnish alloy wheels (option) in Moondust Silver metallic body colour (option).

Efficiency

Tourneo Custom is powered by a range of high-performance Ford EcoBlue diesel engines, a new EcoBlue hybrid option and an advanced Plug-in Hybrid. All versions meet the latest emissions standards and combine plenty of usable torque for dependable performance with low running costs. Powerful, clean and refined, Ford EcoBlue diesels build on the industry-leading performance and technology of our award-winning Ford EcoBoost petrol engines.

Key technologies include*

- Ford Auto Start-Stop system
- Ford Smart Regenerative Charging
- Gearshift Indicator light – to aid economical driving
- Acceleration Control – unique engine calibration helps reduce fuel consumption when vehicle is driven unladen (option)
- Ford Battery Management System – improves battery life, fuel consumption and ensures ready-to-go reliability
- Selective Catalytic Reduction (SCR) system – uses AdBlue® to convert NO_x emissions in the exhaust gas into nitrogen and water
- Ford Easy Fuel capless refuelling system helps to prevent accidental misfuelling

Ford EcoBlue Hybrid technology

Tourneo Custom is available with innovative diesel mild hybrid technology. An integrated starter/generator recovers energy while the vehicle is coasting and stores it in a 48-volt lithium-ion battery. Stored energy is then used to assist the engine during driving and acceleration, as well as powering the vehicle's electrical ancillaries. The system further helps to improve fuel efficiency, particularly in stop-start driving. (Option with manual transmission)

*WLTP official certified data. See Fuel and CO₂ section for more information.

Note Tourneo Custom Plug-in Hybrid will be available from late 2019.

**Tested with a full battery charge. Up to 27 miles of electric-only range based on results from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Actual range varies with conditions, such as external elements, driving behaviors, vehicle maintenance, and lithium-ion battery age.

+Item covered by third party supplier's warranty, please see back cover for details.

Plug-in Hybrid technology

The new Tourneo Custom Plug-in Hybrid features an advanced hybrid powertrain that has a zero-emission driving range of up to 27 miles** and uses the 1.0-litre Ford EcoBoost petrol engine as a range extender for a total range of up to 366 miles. Offering the same interior space as the diesel version, Tourneo Custom Plug-in Hybrid provides the freedom to complete long distance journeys without the need to stop for a charge.

2.0L Ford EcoBlue 105 PS

Tourneo Custom's Ford EcoBlue 105 PS (77 kW)/310 Nm diesel engine combines fuel efficiency (with WLTP test figures from 38.7 mpg** (7.3 L/100 km) combined) with excellent driveability and refinement. State-of-the-art design helps keep running costs down without compromising on performance.

*WLTP CO₂mPas test figures. See Fuel and CO₂ section for more information.
**Combined fuel consumption (WLTP figures with no options).

2.0L Ford EcoBlue 130 PS

The Ford EcoBlue 130 PS (96 kW)/360 Nm diesel engine strikes a performance balance, delivering extra power and torque without compromising efficiency, with WLTP test figures from 38.7 mpg** (7.3L /100km).

*WLTP CO₂mPas test figures. See Fuel and CO₂ section for more information.
**Combined fuel consumption (WLTP figures with no options).

2.0L Ford EcoBlue 185 PS

The Ford EcoBlue 185 PS (136 kW) diesel engine develops 415 Nm of torque. As the most powerful engine in the range, it's the ideal choice for regular towing, while delivering fuel efficiency (from 37.2mpg** (7.6L/100 km combined).

*WLTP CO₂mPas test figures. See Fuel and CO₂ section for more information.
**Combined fuel consumption (WLTP figures with no options).

Technology to make your life easier

Tourneo Custom is available with a range of safety and driver assistance features to help make every drive both safer and easier.

Active Park Assist⁰

When activated, sensors can identify a parking space size and automatically steer you in or out, while you control the pedals and gears. Park-Out Assist works like Active Park Assist in reverse, helping to steer you out of a parallel space. (Option)

Roll Stability Control⁰¹⁾

Ford's unique roll-rate sensor helps the Roll Stability Control system to keep the tyres grounded under conditions of high centre of gravity and when driving through off-camber turns. (Standard)

Auto Start-Stop

Automatically switches off the engine when you stop and put the vehicle in neutral. Restarts smoothly when you want to move off, helping to reduce fuel consumption. (Standard, not available on PHEV)

Torque Vectoring Control⁰

Designed to improve traction, roadholding and agility when cornering by continuously optimising the engine torque distributed to each front wheel to match the amount of grip each has available. (Standard)

Traction Control¹⁾

If wheel slip is detected at low speed, this system can distribute more torque to the wheel with most traction. (Standard)

Emergency Brake Assist⁰¹⁾

Designed to recognise an emergency braking situation and increase the pressure within the braking system to provide extra stopping power. (Standard)

Electronic Stability Control (ESC)⁰¹⁾

Designed to help you maintain control in extreme driving conditions. It senses when you are deviating from your chosen line and aims to keep you on track by automatically regulating braking and engine output. (Standard)

Impressive towing ability

With up to 2,150 kg* maximum towing capacity, Tourneo Custom offers impressive pulling power along with a range of safety features to help keep you and your trailer secure. (Commercial users may need a digital tachograph)

Trailer Sway Control⁰¹⁾

Designed to detect when trailer sway occurs and to help counteract it to bring the trailer under control. (Standard, but activated with optional Ford trailer tow attachment)

Hill Start Assist⁰²⁾

Designed to temporarily prevent you from rolling down a slope when you move your foot from the brake pedal to the accelerator pedal. It works in forward and reverse gears, so is ideal for towing and pulling heavy loads. (Standard)

Airbags

Driver's airbag, front passenger's airbag⁰, front seat side thorax airbags and side curtain airbags are fitted as standard.

Quickclear heated windscreen

Can help to demist the windscreen quickly, even on frosty mornings. (Standard)

⁰Uses sensors.

*Maximum towing capacity on L2 series.

¹⁾Safety feature.

²⁾Driver assistance feature.

*Maximum towing capacity on L2 series.

Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second row seats.

Models Zetec

Key exterior features

- 16" alloy wheels with locking wheel nuts
- Projector-style headlights with static cornering fog lights, LED daytime running lights and courtesy delay
- Front fog lights
- Electrically-operated and heated door mirrors with body colour housings, blind spot eliminator and integrated side indicator
- Remote control central locking with two key fobs
- Front and rear parking distance sensors
- Flip-open second row windows
- Privacy glass on rear windows
- Washer fluid low-level sensor

Key interior features

- SYNC audio system with FordPass Connect, radio with DAB/AM/FM with Bluetooth®, Voice Control, AppLink, audible text messaging and privacy mode, 8" touchscreen display, integrated control panel, USB connectivity port with iPod® functionality, remote audio controls and ten speakers (ICE Pack 23)
- Versatile Conference Seating with second row individual seating, which can rotate, and third row 2+1 seats. All seats can fold, tumble, stow or be removed
- Front air conditioning with pollen filter
- Leather-trimmed steering wheel
- Cruise control with Adjustable Speed Limiter
- Carpet floor covering in passenger and luggage compartment
- Lockable glovebox
- Electrically-operated front windows with one-shot up/down on driver's side
- Rear courtesy lights with theatre-style dimming
- Driver's airbag, front passenger's airbag®, front seat side thorax airbags and side curtain airbags
- Automatic headlights

- Rain-sensing wipers
- Quickclear heated windscreen
- Manual rear seat recliner

Option pack available: Premium Visibility Pack

- Lane-Keeping Alert with Driver Alert
- Rear-view camera with Trailer Hitch Assist
- Auto High Beam

Engines

- 2.0L TDCi Ford EcoBlue 105 PS (77 kW)
- 2.0L TDCi Ford EcoBlue Hybrid 105 PS (77 kW)

*Premium and Exclusive body colours are options, at extra cost.
The Ford Tourneo Custom is covered by the Ford Corrosion Protection Warranty for 12 years from the date of first registration. Subject to terms and conditions.

FORD TOURNEO CUSTOM Wheels and tyres

16"
10-spoke silver alloy wheel with locking wheel nuts
(Standard on Zetec and PHEV Titanium models, option on Shuttle Bus)

17"
bright machined black alloy wheel with locking wheel nuts
(Standard on Sport)

17"
5-spoke machined alloy wheel, with locking wheel nuts
(Standard on Active)

17"
10-spoke silver alloy wheel with locking wheel nuts
(Standard on Titanium)

17"
10-spoke Dark Tarnish alloy wheel, with locking wheel nuts
(Standard on Titanium X)

Brink[®]+ detachable tow bar

For extra transport and stowage capability, the tow bar can tow up to 2,150 kg* depending on engine and series (not compatible with air suspension). The tow bar can be detached if not in use. Fixed tow bar also available. (Accessory)

Rubber floor mats

Tray style rubberised all-weather floor mats are tailor-made to fit and help to protect against dirt and damp. The driver's mat is securely fixed directly onto the vehicle's floor to help prevent it from slipping. Available for front and rear to suit conference seating. (Accessory)

Boot Liner

With Tourneo Custom logo and 50 mm high lip around the edges helping to provide additional protection to the load compartment area. Available for short wheelbase and long wheelbase vehicles. (Accessory)

Integrated roof rack

Set of three bars which can fold level with the roof line when not in use. Features load stop and integrated T-slots that are compatible with standard roof rack accessories to maximise the roof rack capability and usability. (Option on Zetec, Titanium and Titanium X, and Accessory) Restrictions apply. Please see specification section for more details.

ClimAir[®]+ wind deflectors

Help to reduce wind turbulence and noise, allowing you a more enjoyable drive with the front windows down, even during light rain. (Accessory)

Engine undershield

Tough corrosion-resistant metal undershield protects engine from accidental stone and kerb damage. Easily removed for oil changes and routine servicing. (Option and Accessory)

ARP⁺ running boards

Set of two running boards made from aircraft quality, high-strength aluminium with black rubber anti-slip coating. (Accessory)

Mud flaps

Contoured rear mud flaps help to protect the bodywork of your Tourneo Custom from stone chips and road spray. (Option and Accessory)

Xvision⁺ parking distance sensors

Make difficult manoeuvres easy with Xvision parking distance sensors. An audible warning helps you to judge parking distances. (Accessory)

Alloy wheels

A choice of 17" alloy wheels are available for the Tourneo Custom with matching locking wheel nuts. (Accessory)

Thule[®]+ roof box[®]+

Designed to carry a wide variety of loads and protect them from weather and theft. All offered models come with dual-opening for easy access. (Maximum permitted roof load 300 litres) (Accessory, available in various sizes)

For more information about accessories visit www.ford-accessories.co.uk
Visit www.fordlifestylecollection.com for a range of Ford branded items

Fitment of accessories may have an impact on your vehicle's fuel consumption.
*Item covered by third party supplier's warranty, please see back cover for details.
*Towing capacity depends on engine and vehicle series, please refer to vehicle weight and load specifications.

Ford Programmable Battery Guard

This patented battery guard system ensures you'll never be stranded with a flat battery. Set a time for battery use without the engine running, create profiles for battery use (heavy or light use, with and without additional batteries) and protect your battery from starter motor overload. This highly functional unit is packed with features. (Option)

Twin high-performance AGM batteries

Available for higher electrical loads, providing improved reliability when deep-cycling. (Option)

Equivalent All-Electric Range Overall [km]	–	–	–	–	–	–	–	42.8

⁰⁰The declared Fuel/Energy Consumptions, CO₂-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO₂-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO₂ emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>.

L1 = Short wheelbase. **L2** = Long wheelbase. ⁹The illustrated axle ratio shown is one available dependent upon model, GVM and engine combination. ⁹⁰**Gross Payload** = Gross vehicle mass, less kerb mass. **GVM** = Gross vehicle mass. The total permissible all-up weight of a rigid vehicle – i.e. with body, payload, ancillaries, fuel, oil, water, driver and crew. **Kerb mass** is affected by many factors such as bodystyles, engines and options (Different series will have different kerb masses), including 100% full fluids, 90% full fuel tank and without the driver (75 kg), crew or cargo. Payload within this guide is the difference between gross vehicle mass (GVM) and kerb mass. It must be noted that actual weight will always be subject to manufacturing tolerances which may result in payload variations between this guide and actual weight. **NB:** It is the responsibility of the vehicle operator to ensure their vehicles are legally compliant for road use. **(a)** Max braked trailer mass is dependent on chosen engine power and dependent on the additional options/equipment selected. **GTM** = Gross train mass. The total permissible all-up weight of a rigid vehicle (see GVM) together with its trailer and load.

FORD TOURNEO CUSTOM Clever by design

Smarter engineering for greater peace of mind

With 4,500 crash tests to its name – in both the real and virtual worlds – the Tourneo Custom is designed to keep its occupants as safe as possible. Outstanding protection begins in the stiff body structure, with increased levels of high-strength and ultra-high-strength steel. And is complemented by a range of safety innovations, including a full array of airbags, plus advanced chassis and braking technology.

Thorax and curtain airbags

Designed to help protect the driver's and front passengers' heads from injury. (Standard)

5-star Euro NCAP rating

Ford Tourneo Custom was awarded the maximum 5-star overall safety rating from Euro NCAP. In addition, the Tourneo Custom received two Euro NCAP Advanced Rewards in recognition of its Lane-Keeping Alert technology and SYNC Emergency Assistance system.

Stopping power

Standard safety features include a full ESC system with ABS and Emergency Brake Assist (EBA) to help reduce emergency stopping distances. Larger brake pads last longer and are more resistant to brake fade, while wear sensors indicate when pads are due for replacement.

Driving with AdBlue®

To operate correctly, the AdBlue® tank of your Ford Tourneo Custom Euro6 diesel engine must be filled with AdBlue® fluid. System warnings illuminate when the fluid level becomes too low. For more information, please discuss with your Ford Transit Centre.

SYNC 3 Live Traffic*

Provides you with regular traffic information updates, such as traffic speed, accidents and road closures, as well as alternate route guidance and mapping to help you avoid problem areas.

*Live Traffic access is complimentary for the first 2 years following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence fee is payable.

FORD TOURNEO CUSTOM Clever by design

Rear-view camera with Trailer Hitch Assist

Select reverse gear and the image from the rear-view camera displays automatically in the central colour Multi-Functional Display screen. Marker lines overlaid on the camera image indicate where the vehicle is heading. (Standard on Titanium X and Sport, option on other series)

Rear passenger compartment air conditioning

A separate air conditioning system is available for the rear passenger compartment with its own rotary controls. (Standard on Titanium, Titanium X and Sport, option on Zetec and Shuttle Bus)

SelectShift automatic transmission

For greater comfort and convenience in urban driving, Tourneo Custom can be specified with a six-speed SelectShift automatic transmission. Offering smooth, responsive and efficient performance, the transmission also provides the option of manual shifting using buttons on the gear lever. (Option on 130 PS and 185 PS models, not available on EcoBlue Hybrid models)

Power-operated and heated driver's seat

With 10 ways to adjust the heated driver's seat, you can find your most comfortable driving position with ease. (Standard on Titanium X and Sport, option on Titanium)

Making ownership easy and affordable.

Take advantage of a range of invaluable services and make the most of your vehicle – for as long as you own it.

FORD BUSINESS SERVICE

Efficiency, accuracy and convenience are at the heart of the Ford Transit24 commercial vehicle service promise. Therefore, whether it is servicing, maintenance or repair you need, be sure to come and see us.

- Available from all Transit Centres and Transit Service dealers
- While-you-wait servicing by prior appointment
- Late night servicing available at least once per week
- Priority treatment for urgent repairs
- Vehicle off the road repairs (VOR)*
- Collection and delivery**
- Testing and MOTs
- Transparent pricing
- Genuine Ford parts quality
- Ford-trained technicians

- Interim checks for optimum vehicle performance
- Service Activated Roadside Assistance†
- Ford Protect packages to suit you
- One Call to access all the Ford services you need

*Repairs will start on the same working day (as long as you bring your vehicle in before 3pm), or at least within 24 hours of its arrival. If we need to order parts, we'll begin work the day they're delivered. 'Vehicle off road' repairs should be completed within 24-hours.

**Your Transit Centre can arrange to collect your vehicle and deliver it back to you after service or repairs, so you can get on with running your business. By arrangement and limited to a specific mileage radius of the dealer. Contact your local dealer to discuss your requirements.

†Available at participating Dealers only. Roadside Assistance is activated automatically at every routine service with coverage extended valid from the date of service for 12 months, or until the next service is due, whichever comes first. See Ford.co.uk/roadsideassistance for more information.

Commercial Vehicle Finance

When it comes to financing your vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit[®]: Provides a range of finance plans for your vehicle whether you are a private or business user.

Ford Lease[®]: Specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business.

FORD PROTECT

Extended Warranty

Extend your warranty up to 5 years (from date of registration), with Ford Protect available at participating Ford Dealers.

Extend your standard 3-year warranty and enjoy worry-free motoring for many years to come. Ford Protect provides a range of key benefits including:

- Extended duration and mileage
- Cover against unexpected repair costs
- Protection on trips abroad
- With a Ford Protect Plan, the price of parts and labour are guaranteed for the length of your plan
- Helps prolong the lifespan of your Ford vehicle
- Helps protect your vehicle resale value

Ford Protect terms and conditions apply for further information please call 03702 416 726.

[®]Ford Credit: Finance subject to status. Guarantees may be required. Freepost Ford Credit. Ford Credit is a trading style of FCE Bank plc, which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and Prudential Regulation Authority under firm reference number 204469.

[®]Ford Lease: Ford Lease is provided by ALD Automotive Ltd, trading as Ford Lease, Oakwood Drive, Emersons Green, Bristol, BS16 7LB. ALD Automotive is registered in England No. 987418. ALD Automotive is authorised and regulated by the Financial Conduct Authority.

CUST

FORD TOURNEO CUSTOM Next steps

try

Visit your Ford Dealer and test drive the Ford Tourneo Custom for yourself. Find your local Ford Dealer: www.ford.co.uk/dealer-locator

build

Build and price your new Ford Tourneo Custom to your exact specification and see how it looks at www.ford.co.uk/cars

own

When you drive away in your new vehicle, we're with you all the way. Ford has a large authorised service network to help you keep your vehicle in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your vehicle back to its pre-accident condition and on the road as quickly as possible.

FordPass

FordPass is a new platform that will empower you to rethink the way you move. Finds parking locations nearby, contains vehicle and finance details, dealer information and a host of useful guides.

Live Traffic access is free for the first 2 years following the purchase of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. ♦ The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
