

New i20

Sportiness Redefined.

Dynamic, distinctive and sporty – Now featuring a refreshed design, the new i20 is setting new standards in its segment with a dynamic look that makes an eye-catching statement on the road.

Take the spotlight in style.

Elegant and sleek, the new i20 now features new exterior design elements that further accentuate its sporty stance thanks to its low roof profile and long wheelbase. Inspired by Hyundai's Sleek and Sporty design philosophy, it is a harmonious combination of energetic proportions, style and technology.

A Bold Look from all angles.

The flowing z-shaped LED combination lamps extend visually across the boot lid for a truly unique look. The newly designed rear bumper features a silver accent grid that harmonises with the sweeping light signature for a bold new twist that radiates sportiness from every angle.

Made for comfort and style.

The new i20's stylish interior is a perfect match for the car's head-turning exterior look. With plenty of customization options available, you have the tools at your disposal to tailor the car to your individual taste.

Connected Car Services.

Control your new i20 from your smartphone – or with your voice. The 10.25" Navigation system includes BlueLink connectivity, which enables you to control certain features remotely from the BlueLink app on your smartphone. A 3-year subscription to Hyundai's LIVE services is also included, which unlocks full suite of Connected Car Services such as real time traffic and fuel price information. You'll also receive two free map and infotainment software updates per year automatically over the air, without needing to manually install them or visit a retailer.

Destination send to car.

Simply get in and press go. If your new i20 is equipped with navigation, you can use the BlueLink app to search for destinations while outside of your car. BlueLink then syncs with your navigation system, loading the route so that it is ready to go when you are.

Find my car.

Forgot where you parked? No problem. Just open the BlueLink app and the map will guide you there.

Remote door lock & unlock.

Forgot to lock your car? Don't worry, your new i20 will let you know by sending a push notification to your smartphone. Then, after entering your PIN, you can lock or unlock your new i20 using a button in the BlueLink app.

On-demand diagnostics.

For more peace of mind, you can run a full vehicle diagnostic check on your vehicle's health using the BlueLink app on your smartphone.

Live fuel price information.

Find fuel when you need it, at a nice price – the continually updated fuel service coverage provides you with current fuel prices and information on location, opening times, and payment methods.

On & off-street parking.

Find a parking spot faster for more efficient and stress-free parking. The parking information features help you find and compare parking options in garages, parking lots and on the street.

Your car. Your colours.

Customise the new i20 to reflect your personal style: Complementing its eye-catching silhouette, the car comes with a range of 8 equally mesmerising exterior colours for you to choose from.

*Additional cost option

Atlas White (Solid)

Lumen Grey (Pearl)

Phantom Black (Pearl)

Aurora Grey (Pearl)

Dragon Red (Pearl)

Mangrove Green (Pearl)

Meta Blue (Pearl)

Lucid Lime (Metallic)

(No cost option)
