

Terracan

Drive your way.™

fiveyear
warranty

anywhere

For the Hyundai Terracan, the road to nowhere does not exist. Whether for work or pleasure the no nonsense Terracan 4x4 will take you anywhere you want to go.

The Terracan doesn't understand the meaning of the end of the road because it easily adapts to off road conditions. With its selectable 4WD system, independent suspension and low centre of gravity, the Terracan takes it all in its very powerful stride. Whatever the terrain, the Terracan will find you a way through.

capacity

For carrying, towing, crossing, climbing or descending the Terracan is a powerfully capable 4x4.

The Hyundai Terracan can tackle anything you throw at it. Five adults can be accommodated in complete comfort. Folding flat the rear seats provides massive load carrying space and with a capacity for towing 2,800kg, the Terracan is an ideal workhorse. With a low ratio gearbox and rear limited slip differential, the Terracan is capable of driving over uneven surfaces.

16" alloy wheels, roof rails, side steps and powerful long range headlights aligned with front projection fog lights, all give the Terracan looks that match its performance.

16" Alloy Wheel

Long Range Headlights

Side Step

High Mounted Rear Brake Light

As with the entire Hyundai range, your well being is paramount. The Terracan has enhanced safety features as standard and will do everything you want of it and more.

Split rear seats for versatility that double fold to a flat 'bed', climate control, and electric front and rear windows add comfort, ease and style, whilst dual front airbags, remote central locking and an alarm add security and safety.

With those finishing touches such as leather steering wheel and gear knob, and an auto dimming rear view mirror, all of which you will find as standard features, quite simply, the Terracan is one of the best value vehicles in its class.

For peace of mind all of this comes with the unique Hyundai Five Year Warranty. So whatever you do in your Terracan you know that Hyundai are with you all the way.

Leather upholstery and colour coded reversing sensors are amongst a selection of customer options available. For further information please refer to the Customer Options brochure or ask your dealer.

distinct

Just because the Terracan is a workhorse doesn't mean it won't look great.

With solid, metallic and mica paint choices we have provided great finishes that allow you to blend in or, when you need it, stand out in a crowd.

A metallic finish is achieved by adding aluminium flakes to the paint and then applying a coat of clear lacquer. The mica finish adds an extra depth of lustre with the inclusion of mica particles in the paint layer.
