Classic spirit Pioneering excitement

The New Kia Stinger was born from a passion for driving, deeply rooted in the hearts of true motor enthusiasts. From the low-slung bonnet to the muscular rear, every striking line references the classic spirit of Gran Turismo. But that's not all. This awe-inspiring Kia paves the way for a new era of powerful style, exceptional performance and simply the greatest experience on the road.

Be inspired Enter the driver's realm

Pure yet exclusive. The Stinger takes its inspiration from sporty GT styling paired with the latest in driver-assistance technology. The striking interior features circular aircraft-style vents, metal-ringed gauges and satin chrome trim. From the low-slung driver's seat - with soft nappa leather as standard, you have essential information close to hand, courtesy of the supervision cluster in the instrument panel or the Head-Up Display. The 10.25" frame-less navigation screen in the centre console covers all your multimedia needs.

Get ready to take control

The New Kia Stinger is proud to be a driver's car. That's why everything is designed around you with extra-supportive seats and technology to make even the longest journey effortless.

► **Air cell side-bolster adjustment**

The side-bolster adjustment ensures maximum lateral support.

► **4-way Aircell Lumbar Support**

Ideal for long journeys, the 4-way Air cell lumbar support helps you adjust seatback settings for maximum lower back comfort and support.

► **Cushion extension**

To help beat fatigue, an optional cushion extension moves the front edge of the driver seat forward for greater thigh support.

Dual-Zone climate control A standard dual-zone full auto temperature control system gives the driver and the passenger separate controls, allowing people with different climate needs to ride together in comfort. **Integrated Memory System (IMS)** The Integrated Memory System saves two presets for driver's seating positions, outside rear-view mirrors, Head-Up Display and cluster display. It's a simple way to keep the Stinger totally personalized, yet flexible enough to make another driver feel at home. **Door scuff** To protect the finish of the lower door sill, an attractive door scuff lets you conveniently wipe soiled shoes before getting in. The metallic finish complements similarly finished design elements around the cabin, offering a pleasing visual touch every time the door is opened. **Paddle Shifters** The paddle shift levers allow you to change gears swiftly without taking your hands off the steering wheel. It also makes dynamic driving effortless, as you can increase torque faster, while staying in control of shift points. **Ventilated front seats** Providing cool, soothing airflow on hot days, and more effective and thorough heating on cold days. Both the seat cushion and the seatback feature airflow perforations to keep more of the body in a state of comfort.

Sit back & enjoy the ride

Black Premium Nappa Leather

Console upper cover garnish

The days when sporty cars were sparse racing machines are long gone. In fact, one major benefit of the Stinger's long wheelbase is the spacious cabin. It ensures that all passengers can enjoy the welcoming space of this sleek and uncluttered fastback.

Also, the individually adjustable and comfortable 8-way power seat for the driver and the 6-way power seat for the front passenger give you all the comfort and support you need - regardless of whether you're recreating your own Grand Tour or commuting to work.

Rear cabin roominess The Stinger offers ample headroom, shoulder room and legroom for rear passengers to sit comfortably and stretch out.

Wide sunroof A wide, tilting and gliding, one-touch sunroof, that allows plenty of sunlight and fresh air into the welcoming cabin at the touch of one button.

[Build your Stinger](#)

Accelerate your heart beat

The new Stinger combines high agility, and great acceleration into a refined unique sporty driving experience that aims to please. The 8-speed automatic transmission ensures smooth gear changes that paired with the dynamic handling of the Stinger results into the perfect drive in every condition.

3.3 V6 T-GDI RWD

The most powerful D-CVVT V6 petrol engine with a twin-turbo-charger in the Kia range responds and accelerates beautifully, while achieving considerable torque over a broad rpm range. Bespoke intake and exhaust systems also add to the exceptional performance.

8-speed automatic transmission

Quick and seamless gear changes are the hallmarks of the 8-speed automatic transmission. While designed to maximise fuel efficiency, a Centrifugal Pendulum Absorber limits noise and vibration.

Electronic parking brake (EPB)

An electronic parking brake offers quick, secure activation without the effort required by traditional mechanical brake levers. Pull on the EPB switch on the center console to activate the parking brake. Auto Hold mode temporarily maintains the vehicle at a standstill even if the brake pedal is released.

Conquer & control whatever the weather

Electronic Stability Control (ESC) Optimal braking performance and directional control is achieved by automatically delivering the right amount of braking force to each wheel based on evaluation of engine torque and driving circumstances.

Drive Mode Select (DMS) DMS changes the driving characteristics of engine, transmission, suspension, steering and RWD. It can even alter the engine sound. Choose between 5 drive modes - Comfort, the default mode for smooth acceleration and comfort, Sport for a more dynamic ride, Sport+ for dynamic driving with less stabilisation, Eco to save fuel and Smart for intelligent adjustments of driving characteristics.

Advanced High Strength Steel (AHSS) and hot-stamped steel

The New Kia Stinger is fitted extensively with Advanced High Strength Steel (AHSS) for exceptional rigidity. It also features hot-stamping technology to further increase robustness in more crucial areas, including single-piece door-side frame sections that help disperse impact forces in a collision.

21 parts hot-stamped components | 173 metres advanced adhesives

7 airbags To help protect occupants and potentially reduce injuries in the event of a collision, the Stinger offers driver and front passenger airbags, two front-side airbags, two side-curtain airbags, and a driver's knee airbag as standard.

Knee airbag The driver's knee airbag helps minimise impact and injury to the driver's knees in the event of a collision.

Active Bonnet System To help protect pedestrians from serious head injury in the event of a collision, AHSS can detect impact with a pedestrian and automatically raise the hood. This allows the deformation space to be increased and the risk of injury to be considerably reduced.

Go with the flow Cut through the air

Starting with a clean slate, inspired by classic Gran Turismo styling, the creation of the Kia Stinger offered a treasure of opportunities. The result combines iconic beauty with the latest in aerodynamic technology and noise minimisation. While the exterior is shaped to minimise drag and to maximise stability and control, the structure and interior is designed to isolate passengers from noise and vibrations.

Front bumper with integrated air curtain The Stinger's breathtaking front serves a clear purpose; the front bumper's integrated air curtain helps manage airflow, reduce drag and direct cooling air to the radiator and front brakes. Equally, the lower apertures direct airflow to the wheel wells, which reduces drag and helps cool the brakes. Aside from fuel savings and noise reduction, the front design also contributes to the car's stability.

Rear integrated diffuser An integrated diffuser panel under the rear bumper helps control airflow and prevents the dual exhaust pipes from creating drag under the car. It pays homage to racing diffusers which lower the turbulence that can occur when low-pressure air under the car meets higher pressure ambient air.

Boot lid with spoiler effect To improve stability and optimise airflow that forms behind the Stinger when travelling at higher speeds, the trailing edge of the trunk lid is arched, providing a spoiler effect - and a stunning finale to the Stinger silhouette.

Multiple undertray and aerodynamic effects While the aerodynamic aspects of the silhouette are plain to see, the Stinger also boasts vital drag reduction features that improve airflow underneath the car. It uses a system of sturdy undercovers, below the engine and transmission, each side of the cabin, and each side of the rear suspension. These covers reduce the flow resistance on the underside of the body when travelling at higher speeds.

Noise-Vibration-Harshness (NVH) Inside and out, every element of the Stinger has been engineered to reduce noise, vibrations and harshness. The engine area and dashboard feature extra insulation, while the joints of body pillars and frame boast additional padding. New insulation materials, a reconfigured exhaust, and stiffened rear cross-member also add to the quiet, smooth ride. Side mirrors and doors are sculpted to minimise noise and drag. Plus, rear wheel-drive models use a Centrifugal Pendulum Absorber to reduce vibration.

Let intelligence guide you

DriveWise technologies combine Kia's ADAS (Advanced Driver Assistance Systems), a series of intelligent safety innovations that help reduce many of the inherent dangers and stresses of driving on today's roads. Ultimately, they lead to improved on-road safety and hassle-free, enjoyable driving.

Forward Collision-Avoidance Assist (FCA)

Evaluating both camera and radar data from your vehicle, the FCA system analyses information about other cars, pedestrians or cyclists crossing the road, to avoid a potential collision with them. FCA also functions to prevent collisions with vehicles when making a right turn at a junction. If it detects a potential collision, a warning signal appears on your instrument cluster and maximum braking power is applied.

Blind-Spot Collision-Avoidance Assist (BCA)

When you want to change lane, the Blind-Spot Collision-Avoidance Assist system detects any vehicle(s) in your blind spot and alerts you with a warning symbol in your side mirror and on the head-up display inside the car. Should you start to change lane while a car is in your blind spot, the Stinger will automatically apply the brakes to avoid a collision, the side mirror and head-up warning symbols will flash and an audible alert will sound.

Blind-Spot View Monitor (BVM)

Designed to improve visibility for blind spots, the BVM uses side cameras so that when you indicate left or right, your instrument cluster will show the view of the road in your blind spot. Indicate left and it will show you the rear view down your left-hand side; indicate right and it will show the right-side view.

Safe Exit Assist (SEA)

Designed to help prevent rear passengers from exiting the vehicle when the system detects potential hazards approaching. If that happens, the system will engage the power locks, and give an audible and visual alert.

View Offers

Lane Following Assist (LFA)

Kia's level 2 autonomous driving system takes a giant leap towards semi-automated driving. In collaboration with Smart Cruise Control, LFA controls acceleration, braking and steering depending on the vehicles in front. This makes driving in traffic jams easier and safer. The system uses camera and radar sensors to maintain a safe distance to the preceding vehicle and monitors road markings to keep your car in the centre of your lane.

Navigation-based Smart Cruise Control-Curve (NSCC-C)

Entering a curve too fast can be a big problem. To help you maintain control, NSCC-C uses navigation system data to evaluate upcoming curves, then reduces the cruising speed until you exit the curve, and finally resumes the preset speed.

Book a Test Drive

Intelligent Speed Limit Assist (ISLA)

As you enter a new speed zone, ISLA automatically overrides your set SCC speed accordingly. It uses speed-limit data detected through the front-view camera or provided by the navigation system's database and GPS.

Highway Driving Assist (HDA)

HDA maintains the speed set by the driver or the speed limit of the motorway. At the same time, it controls steering, acceleration and deceleration in your lane, while keeping a safe distance from the vehicle ahead. Designed to automatically adjust your speed based on the speed limit of the road detected through the navigation system.

Build your Stinger

Safety

DriveWise technologies recognise dangers at an early stage thanks to an intrinsic system of sensors and cameras. It is designed to improve safety by pre-emptively eliminating the risk of accidents.

Convenience

DriveWise technologies are designed to offer as much information as you want, and as little as you need to maximise convenience. It allows you to stay autonomous and to focus on essential tasks instead of more tiresome chores.

Efficiency

DriveWise technologies help improve quality of life by supporting more fuel- and time-efficient driving.

10.25" frameless navigation system The sleek navigation system comes with a large 10.25" floating touchscreen for effortless multimedia access. It keeps you on track with navigation, real-time updates and much more. Plus, it also connects to the sound system.

Stay tuned to your world

When the open road beckons, the Stinger helps you focus on enjoying the ride thanks to sophisticated, convenient technology. From the 10.25" frameless navigation system to the supervision cluster all your vital sources of information are close at hand and intuitive to use.

7" screen supervision cluster The high-definition 7-inch TFT LCD in the supervision cluster provides customisable data essentials - from average fuel economy to turn-by-turn navigation information.

Wireless smartphone charger Enjoy convenient, cable-free charging and place your compatible smartphone on the optional wireless phone charger on the centre console. It even alerts you if a device is left on the charger, when you exit the Stinger.

Always in the know Always up to date

Created exclusively by Kia, UVO CONNECT brings driving into the digital era in two distinct ways. Once activated, Kia Live makes use of the SIM card included in the infotainment system to retrieve and update live data for its services, so you have access to seamless information displayed directly on the navigation screen. And our new UVO app offers a range of data and information about your car through your Android™ or Apple™ smartphone. What's more, this exciting new technology has been developed to comply with the latest EU Data Protection Directive, ensuring the highest levels of data privacy, transparency and protection.

UVO CONNECT

UVO

Connect

UVO App

Designed for both Android™ and Apple™ smartphones, the UVO app offers complete peace of mind with a whole range of features dedicated to providing diagnostic data about the status of your car and the trips you take. The app can also activate a range of remote functions and features when you are away from the car.

Shown app screen may vary from final product

Kia Live Services

Live traffic information

The navigation system delivers highly accurate live traffic information from TomTom™ that is constantly updated, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

Camera/danger zones

Be alerted to a whole range of fixed and stationary speed cameras as well as restricted access zones. The system also alerts you to areas where accidents are particularly common.

Weather forecast

With an up to three-day forecast available, you can simply type in your destination to view a complete summary, including minimum and maximum temperatures, wind speed and chances of sun or rain.

On-board Services

Kia's **Online Navigation** system uses cloud-based servers to collect real-time and historical traffic information to predict the traffic ahead. That means that with Kia's Online Navigation you receive far more accurate navigation information and guidance instructions, and a much truer Estimated Time of Arrival (ETA).

The **Online Voice Recognition**, supported by server technologies, enables hands-free applications to use your voice commands to search for nearby Points of Interest (POIs), addresses or weather or simply to send text messages.

Points of interest

Looking for a place to eat, a local business or somewhere special to visit? All this information and more is easily accessible with the live, regularly updated POI directory.

Parking

Kia Live shows available parking locations before you arrive at your destination. It will show potential on-street parking and off-street parking, including locations, details, prices and availability.

Fuel info

When you're running low on fuel, the system will show you the nearest petrol stations and prices using an online database, so you can plan your refuelling stops accordingly.

Vehicle Information

Find my car

tells you the last known location of your vehicle - ideal if you are parked in a large car park.

Vehicle status

offers an overview of your car's status including battery charge level and ignition, and the status of the doors.

My trips

gives a summary of your previous journeys including average speed, distance driven and time in transit.

Notifications

Notifications can share **Diagnostic Notifications** with you about the current status of your car, supply you with a **Monthly Vehicle Report** giving an overview of your car usage. You also receive push-up notifications whenever your car alarm is triggered, if any open windows, boot or bonnet or any unlocked doors are detected, and also if you forget your engine on at gear P with an open door - to help you reduce CO₂ consumption and also to avoid asphyxiation.

Remote Services

Send to car

allows you to pre-plan and set your journey through the app for seamless use in the navigation system.

Last-mile navigation

to guide you right up to the door. Once you have parked your car, you can continue to use the navigation system remotely on your smartphone.

Door control

offers remote locking and opening of the car doors without a key or fob.

User profile transfer

lets you remotely check and change a whole range of vehicle settings - like sound and radio - on your smartphone. You can then store the changed settings in your UVO App, send them to your vehicle and apply them again with ease.

Valet parking

is perfect when you are using a parking service. When you activate it, you will be able to track your car's location, its distance driven and speed since you handed it over for parking, so you can ensure no one is taking it, or you for a ride.

Information and control service for your Kia; the services will be available free of charge for a period of seven years commencing on the day the vehicle is sold to the first owner of the vehicle, i.e. the point in time the initial purchase agreement becomes effective, and may be subject to change during that period. Details of operation and terms of use can be obtained from your Kia partner and on kia.com. Smartphone with iOS™ or Android™ operating system and mobile phone contract with data option necessary incurring additional cost.

Turn up the excitement

The Gran Turismo lets you celebrate driving in style. With the perfect sound track - courtesy of the optional Harman Kardon® sound system - and with sophisticated technology like the Head-Up Display which helps you focus on the road.

Harman Kardon® Premium 15-speaker sound system

To enjoy world-class sound, the optional 720 watts Harman Kardon® sound system features 15 speakers including Kia's first under-seat subwoofer tucked beneath the driver and passenger seat. Clari-Fi™ technology enhances the digital audio experience while the latest in QuantumLogic™ Surround Sound technology distributes the sound for an authentic, refined multidimensional soundstage throughout the cabin.

Head-Up Display (HUD)

To help keep your eyes on the road, the height-adjustable 8" colour Head-Up Display (HUD) shows key driving information reflected on the windscreen. It includes speed, turn-by-turn navigation, smart cruise control settings, speed limit and Blind Spot Detection information.

Build your Stinger

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 7 great owner benefits when you buy your Kia and register at MyKia.

7 more reasons to join our Kia family

7 YEAR WARRANTY
QUALITY REDEFINED

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year warranty that comes with peace of mind for at least 100,000 miles.

INSURANCE
EXCESS RETURNS

Our complimentary driveaway insurance, with up to 5 days of optional cover if required, will get you on the road right away and comes complete with one year's free Excess Return worth up to £250, protecting your excess whoever your insurer is. You can also upgrade to a great value, annual insurance policy. Our policies cover you for genuine Kia approved repairs, parts and labour, meaning you never have to compromise when keeping your Kia 100% Kia.

ROADSIDE ASSISTANCE

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration. If you register on MyKia, you can unlock Kia Roadside Assistance Plus, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

CLICK & COLLECT

Order Genuine Kia accessories, where and when you need them! Our Click & Collect service offers choice and convenience, recognising your model from the registration number to ensure you get exactly what you need. Then simply collect at your nearest Dealer, where they can fit them too.

SERVICE
ONLINE BOOKING

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

FAMILY-LIKE CARE

When you own a Kia, you become part of the family and benefit from a relationship based on trust and transparency. When you visit one of our dealers for a service, your vehicle will benefit from a complimentary Health Check, a wash and vacuum and alternative transport if needed. Welcome to the Kia family!

ACCIDENT AFTERCARE

Available to all Kia owners, whoever your insurer and whatever the circumstances of the accident, Kia Accident AfterCare can take care of things for you. We'll liaise with your insurer, provide a free courtesy car and exercise your right to genuine Kia parts and repairs at a Kia Approved Bodyshop.
