# DESIGNED TO EXCITE

Striking looks, breakthrough hybrid powertrains and exhilarating performance make the All-New NX more desirable than ever.

Excitement comes as standard – and comes instantly – in the NX luxury mid-size SUV. Its bold and beautifully proportioned styling, highlighted by the sculpted front fascia and signature grille, wide rear stance and skilfully crafted character lines, hints at the vitality that lies waiting under its skin. Whether parked or in motion, the elegant NX exudes a distinguished presence, in keeping with its exclusive pedigree.

The excitement extends inside, to the unique 'Tazuna' cockpit which has been inspired by the artistry and control of traditional reins Japanese horsemen. This human-centred design, with all key instruments placed around the driver, evokes a sense of control and anticipation

for the drive ahead. It's just one example of how the NX is masterfully crafted to make you feel more in the moment.

## PERFORMANCE THAT BLENDS REFINEMENT WITH EXHILARATION.

A sensation of electrified power and agility is immediately apparent once at the wheel of the NX. The NX navigates motorways, mountain passes and city streets with ease, the very quietness of the drive strengthening the connection with the road and emphasising the benefits of the enhanced aerodynamics and lower centre of gravity. When cornering or accelerating, you feel a wonderful interplay at work between the powertrain, rigid new chassis and ultra-sharp steering, producing a precision and linearity

which excites and relaxes in equal measure. This is what we call the Lexus Driving Signature. And to savour it in its fullest form, the alluring NX F SPORT is available. The

NX has arrived. Get ready to feel more in the moment.

## HAVEN OF CRAFTSMANSHIP

The beautifully finished interior of the All-New NX indulges the senses of both driver and passengers.

The feeling of exhilaration builds long before you get to drive the NX. Sensing your arrival, the door handles illuminate, highlighting obstacles such as puddles as you approach. Then once inside, the POWER button pulsates gently, the stylish instrument displays light up to greet you and ambient lighting allows you to instantly transform the cabin to suit your mood using a palette of 64 atmospheric colours. This is 'Omotenashi' – an ancient Japanese philosophy of hospitality, rooted in anticipating your needs even before you know them yourself. You find it everywhere inside the NX.

### DRIVER-CENTRED COCKPIT CRAFTED BY 'TAKUMI' ARTISANS.

Sitting in the driver-centred 'Takumi' cockpit, your focus is squarely on the road ahead, yet all around, the craftsmanship of our famed Lexus Takumi artisans is

arousing your senses. The elegant finish of the door inserts. The softness of the sumptuous seating against the skin. The exceptional quietness, interrupted only by the reassuringly natural voice operations of the new multimedia system, which intelligently understand and respond to your commands.

### TRAVELLING FIRST CLASS.

You're feeling pampered, and so are your passengers. The comfort and spaciousness of the NX interior carries the unmistakable feel of a business lounge, the perfect auditorium for the standard 10-speaker or optional Mark Levinson® 17-speaker Premium Surround Sound systems. Exploiting the acoustic properties of the NX, these systems offer a memorable home theatre experience transposed to your car.

Features referred to may only be available on selected grades and packs

At once thrilling and soothing, the performance is made all the more pleasurable by S-Flow climate control, which, sensing which seats are occupied or where the sun is shining, adjusts the interior climate accordingly. And accompanied by the tranquility of the electrified hybrid powertrain, takes you to your destination in

the serene manner you expect of a Lexus.

Slide inside the NX and you'll be struck by the prominent central multimedia display. One of the largest in its class, the 14-inch HD touchscreen with intuitive navigation is emblematic of the technology that lies in store. Some of it is evident, like the Head-

Up Display that projects speed, safety warnings and navigation commands directly onto the windshield. Some is hidden from view, like the innovations that make up the most complete standard safety package of any luxury mid-size SUV.

## FUTURE FOCUSED

Leading-edge multimedia and safety innovations in the All-New NX give the driver a feeling of empowerment and protection.

### STAY CONNECTED WITH NEW MULTIMEDIA AND LEXUS LINK.

Featuring cloud navigation, which is a first for this type of car, the new-generation multimedia system is faster and easier to use, and Over The Air updates mean the latest connected experience is always available. With the clever Lexus Link app on your smartphone, you can access useful connected services such as tracking your journey or navigating to your final destination once you've parked. In addition, other new remote services include pre-heating the car on cold mornings. Meanwhile, the NX 450h+ owner enjoys functions specifically for a plug-in hybrid, such as a charging timer and charge scheduling.

### CLASS-LEADING SAFETY IS AT HAND.

The feeling of well-being, which is at the heart of every Lexus, is raised to new levels in the NX with the latest generation Lexus Safety System +. The Pre-Collision System has been upgraded to detect objects such as motorcycles and to prevent collisions at intersections and involving oncoming vehicles. It now features Emergency Steering Assist, which helps guide your steering movements when there is a car, cyclist or pedestrian very close to or in your lane.

Also new is Lane Change Assist, which supports steering, acceleration and deceleration during a lane change as part of Dynamic Radar Cruise Control. Debuting on the NX is E-Latch with Safe Exit Assist, comprising slick, electronically activated door locks which are

automatically prevented from opening in the case of traffic approaching from behind.

### **AUTOMATED PARKING TO MAKE LIFE EASIER.**

The sense of peace of mind is heightened further with an advanced new driver support feature. Automated Parking autonomously parks the NX at the press of a button, scanning the environment around you and even recognising parking spaces that you use frequently. Wherever you travel in this car, it's safe in the knowledge that the latest technology is constantly at your side.

## PROTECTION PACK

- Front & Rear Mud Guards
- Rubber Floor Mats
- Boot Liner
- Rear Bumper Protection Film

Our protection pack is tailor-made with high-end materials that were designed for the interior and exterior of your NX. The pack comes with a set of Front & Rear Mud-Guards that keep pebbles and other road debris away from scratching your vehicle's paint. On the inside, you'll find tailor-made, tough & resistant rubber floor mats that are easy to clean for both front and rear passengers and at the rear of the vehicle, you will also find a boot liner made of the same material – the perfect staple if you use the rear of your vehicle regularly and like keeping this area clean & tidy. The pack also features a new transparent, highly resistant protective-film that will keep the top of your rear bumper scratch-free. Enabling you to load your boot area as many times as you want, without having to worry about scratching the paintwork.

## TERMS & CONDITIONS

Vehicles in the Lexus range come with high specifications as standard. As a result, the 'on the road' price\* includes not only all those items generally offered as extras, but also many advanced features exclusive to Lexus. Details of the extensive technical specifications and interior appointments of each model are described fully in the main brochures. Whichever model you choose, you can look forward to a standard of After Sales service that's second to none, provided by a network of Lexus Centres individually selected for their exemplary record in customer care. Some Lexus vehicles (including certain specifications and colour/trim combinations) are built to order and could take approximately 2 to 3 months from time of purchase to delivery. For detailed information on lead times, please consult your local Lexus Centre.

## WARRANTIES

### MANUFACTURER WARRANTY

3 Years/ 60,000 miles comprehensive warranty.

Any defect that is attributable to a manufacturing or an assembly defect under normal use is covered by your warranty. This provision applies for a period of 3-years or 60,000 miles, whichever comes first, with no mileage limit for the first year. In the event of a breakdown immobilising your Lexus, the cost of recovering it to the nearest Lexus Centre is also covered if that breakdown is the result of a warrantable defect.

### GET UP TO 10 YEARS/100,000 MILES LEXUS WARRANTY\*

Every new Lexus comes with a 3 year manufacturer warranty followed by a 12 months / 10,000 miles additional warranty, with every qualifying service.

\*Terms and conditions apply.

For full details, please ask your official Lexus Centre, or visit [lexus.co.uk/lexus-warranty](https://lexus.co.uk/lexus-warranty)

### HYBRID VEHICLE WARRANTY

5 Years / 60,000 miles hybrid component warranty.

For hybrid models, certain components within the hybrid drivetrain system have a 5 years or 60,000 miles warranty, whichever comes first. For more information please contact your local Lexus Centre.

### 3 YEARS SURFACE RUST AND PAINTWORK WARRANTY

This warranty offers three years of cover for surface rust and paint defects appearing on any of the painted body panels due to a fault in material or workmanship. There is no mileage restriction on this.

### 12 YEARS CORROSION PERFORMANCE WARRANTY

A 12-year unlimited mileage warranty covers the vehicle against rust perforation through any sheet metal body panel (subject to certain exclusions specified in the warranty booklet) occurring as a result of a manufacturing or assembly defect in the vehicle. The warranty booklet supplied with each new vehicle gives full details. This warranty is also transferable to subsequent owners.

### SERVICE PLANS

Service plans are a flexible way of managing the cost of servicing your Lexus. With a service plan you can ensure that your vehicle is maintained to the standards you would expect from Lexus-trained technicians fitting the highest quality Lexus parts\*\*. Please contact your local Lexus Centre for a quote.

### QUOTED CO<sub>2</sub> AND POWER USAGE FIGURES
