

NEW
ALL-ELECTRIC
LEXUS UX

DRIVING ELECTRIFIED

The New All-Electric Lexus UX delivers an amazing electric driving experience, yet embodies all the legendary values of a Lexus.

Paramount among the challenges put to the designers responsible for the New All-Electric Lexus UX was to create a fun-to-drive all-electric luxury compact SUV based on the stunning Lexus UX. From first glance, this is every inch a UX. The signature grille, the sculpted lines and aerodynamic wheel arches. The LED rear light shaped to improve handling and performance. The roominess of the cabin. This strikes you as an electric car that won't accept compromises.

CLEVER PACKAGING PROTECTS INTERIOR SPACE

Drawing on over 15 years of leadership in electrification, Lexus engineers designed the New All-Electric Lexus UX to accommodate the latest compact lithium-ion battery technology below the rear seats and under the cabin floor, scarcely impacting on the rear seating or luggage space, and delivering an optimal balance of range and performance.

The New All-Electric Lexus UX is about electrical efficiency. It's about a 10-year Battery Extended Care scheme.

HOW IT FEELS

At once, a connection is forged between driver and car. The commands of your foot are met with an instant responsiveness, heralding a sense of pure control that will continue throughout the journey. Every move is effortless, refined and precise. It is also quiet, you feel you are engaged with the road.

From the battery pack acting as a sound barrier, to the aerodynamic wheels and acoustic glass, much effort has gone into suppressing outside noise.

The razor-sharp steering, low centre of gravity and extra-rigid chassis contribute to the pinpoint handling, while the super-swift acceleration is enhanced by the choice of four engaging deceleration modes.

This is electrifying. The experience is almost futuristic, yet, strangely, it evokes an earlier time. It's like you're reliving the original fun of driving in the city.

COMFORT WITHOUT CONCESSION

AS WITH THE DRIVING EXPERIENCE, THE LUXURY OF THE NEW ALL-ELECTRIC LEXUS UX CABIN HAS AN INTIMATE, IMMERSIVE QUALITY.

Slide inside the New All-Electric Lexus UX and the initial feeling is one of comfort. Amid all the talk of battery range, kilowatts and weight savings, this is a true Lexus interior. The level of placement and finish is all you would expect of a cabin created by our famed 'Takumi' artisans, each sharing a meticulous attention to detail and each with decades of experience in their craft.

As with the exterior, the design demands of an electric vehicle have not been allowed to intrude on the roominess and comfort levels inside the New All-Electric Lexus UX.

LUXURY THAT IS ALMOST PERSONAL

From the 'washi' texture of the instrument panel - familiar from the 'shoji' paper sliding doors of traditional Japanese houses - to the hand-stitched steering wheel and the unique 'sashiko' quilting of the leather seats, the skill of the Takumi sets this cabin apart from other electric cars. The artisan nature of this luxury gives it a personal quality, as if it were crafted for you alone. You can feel it in the subtle touches, like the exquisitely fashioned drive selector, fitting snugly in your hand.

A CABIN EXPERIENCE TO DELIGHT THE SENSES

The Lexus engineers' focus on quietness has made the New All-Electric Lexus UX interior the perfect setting in which to capitalise on the Mark Levinson® Premium Surround Sound system. As you do, you and your passengers - front and rear - can sit back in sumptuous heated seats and savour the S-Flow Climate Control as it gently moisturises skin and hair. In this moment, you are not observing luxury, you are immersing yourself in it.

LIVING ELECTRIC

IT'S NOT ONLY FROM BEHIND THE WHEEL THAT YOU CAN ENJOY THE TECHNOLOGY ON THE NEW ALL-ELECTRIC LEXUS UX LUXURY COMPACT SUV.

With the New All-Electric Lexus UX, it's not just on the road that you feel you have entered a new age. Nor does your electric journey stop when you leave your car. Welcome to the electric lifestyle, where connectivity transforms your relationship with your car and helps de-stress your everyday in the process.

The array of connected services developed for your New All-Electric Lexus UX starts with the charging station finder on the bespoke Lexus Link app, giving you access to a pan-European network of public charging stations. See how much range remains on your car, which nearby stations are available, their charging speed and price per kWh.

CONNECTED SERVICES THAT ANTICIPATE YOUR NEEDS

When your New All-Electric Lexus UX is charging at home, you don't have to be.

Using your smartphone, you can remotely set the time you want charging to commence, the level of charge or even schedule that charging be completed by a set time – before you head to that early morning meeting or take off on that trip with the family, for example. This is 'Omotenashi', a Japanese philosophy of hospitality which centres around anticipating a guest's needs even before they do, and which underpins connectivity at Lexus.

The remote services function lets you switch on the climate control so your New All-Electric Lexus UX is at just the right temperature in the morning. You can even activate the heating on the driver's seat remotely. So, sit back –you're enjoying a new era in car ownership.

Your New All-Electric Lexus UX makes life easier still with features like Panoramic View Monitor, which takes the stress out of city parking (often free parking for EVs).

SAFETY THAT REASSURES

All the while, you're feeling protected by the acclaimed Lexus Safety System + working behind the scenes, constantly monitoring the road. For example, while the car's Pre-Collision System can detect pedestrians at night and objects such as motorcycles during the day, Lane Tracing Assist helps you stay in the centre of the lane and can also provide support when driving around bends.

GRADE LINE UP

NEW ALL-ELECTRIC LEXUS UX

Begin tailoring New All-Electric Lexus UX to your requirements by exploring standard specifications.

LEXUS LINK

Lexus Link offers a range of convenient services that will enhance your New All-Electric Lexus UX experience. Start or stop the battery charge and set-up a timer based on the lowest electricity rate, for example overnight at home. All designed to make owning an Electric car as simple as possible.

Lexus Link will also allow from the phone to set the cabin temperature well in advance of any trips. Not only is it convenient to never have to sit on a cold seat, it is also more efficient and will help to optimise the real driving range.

KEY FEATURES

Remote functions:

- Remotely defrost front and rear windows
- Remotely heat or cool the cabin

Battery management functions:

- Check battery status and remaining range
- Remaining charge time
- Schedule the time to start / stop charging

For the latest features consult with your Lexus Centre or visit here:

SEND TO CAR

ADDITIONAL BENEFITS

3 years' Free Lexus Roadside Assistance

Whatever the situation, when you're driving your Lexus, we're just one call away with expert support at the roadside 24 hours a day, every day of the year.

3 years from initial purchase of new vehicle 24 hours a day, 365 days a year assistance anywhere in the UK.

Home Start

One in four breakdowns happen at the home address. Home Start allows you to enjoy all the benefits of Lexus Roadside Assistance from your home address.

Personal assistance

Lexus Roadside Assistance is designed to look after you – not just your vehicle. So even if you are a passenger in someone else's car you can still receive Lexus Roadside Assistance.

Replacement vehicle

A replacement vehicle will be provided free of charge (excluding petrol and other consumables) for up to three days, provided we have taken your vehicle to a Lexus Centre for repairs following a breakdown.

Hotel accommodation

If a replacement vehicle is unavailable, we will arrange a hotel for you and your family for up to £150 per person to a maximum of £500, for one night.

Onward travel

If a replacement vehicle is unavailable and you would like to make your own travel arrangements following a breakdown, we will reimburse the cost of this up to £150 per person, to a maximum of £500.

European travel

If you travel across Europe your Roadside Assistance will travel with you, whether you are driving your Lexus or another car.

Medical assistance

If the driver of the car is certified ill, we will take you and your passengers to any single destination in the UK.

Lost or broken keys

If you lose or break your keys, Lexus Roadside Assistance will arrange for recovery of your vehicle to a local Lexus Centre. You will be responsible, however, for the cost of replacement keys.

SERVICE PLANS

A range of service plans is available. Servicing at a Lexus Centre includes added reassurance of a free EV Battery Health Check that can extend the warranty on the EV battery by an additional year or 10,000 miles up to 10 years old and 600,000 miles (whichever is soonest).

HOME WALLBOX

To support fast home charging, Lexus and Centrica-British Gas have combined to offer a national installation service. Full details available from your Lexus Centre.

HAVE YOU
CONSIDERED
A SELF-
CHARGING
HYBRID?

Since the introduction of the Lexus Self-Charging Hybrid RX 400h in 2005, Lexus has pioneered the electrification of the Premium market. We also offer a range of hybrid cars and SUV that can be in EV mode for up to 52% of travel time. These offer a compelling alternative if a full EV is not quite the right vehicle for your lifestyle.

TERMS & CONDITIONS

ADDITIONAL BENEFITS

3 YEARS' FREE LEXUS ROADSIDE ASSISTANCE

Whatever the situation, when you're driving your Lexus, we're just one call away with expert support at the roadside 24 hours a day, every day of the year. Free for 3 years from the initial purchase of a new vehicle, 24 hours a day, 365 days a year, assistance anywhere in the UK.

HOME START

One in four breakdowns happen at the home address. Home Start allows you to enjoy all the benefits of Lexus Roadside Assistance from your home address.

PERSONAL ASSISTANCE

Lexus Roadside Assistance is designed to look after you – not just your vehicle. So even if you are a passenger in someone else's car you can still receive Lexus Roadside Assistance.

REPLACEMENT VEHICLE

A replacement vehicle will be provided free of charge (excluding petrol and other consumables) for up to three days, provided we have taken your vehicle to a Lexus Centre for repairs following a breakdown.

HOTEL ACCOMMODATION

If a replacement vehicle is unavailable, we will arrange a hotel for you and your family for up to £150 per person to a maximum of £500, for one night.

ONWARD TRAVEL

If a replacement vehicle is unavailable and you would like to make your own travel arrangements following a breakdown, we will reimburse the cost of this up to £150 per person, to a maximum of £500.

EUROPEAN TRAVEL

If you travel across Europe your Roadside Assistance will travel with you, whether you are driving your Lexus or another car.

MEDICAL ASSISTANCE

If the driver of the car is certified ill, we will take you and your passengers to any single destination in the UK.

LOST OR BROKEN KEYS

If you lose or break your keys, Lexus Roadside Assistance will arrange for recovery of your vehicle to a local Lexus Centre. You will be responsible, however, for the cost of replacement keys.

EV BATTERY HEALTH CHECK

EV CHECK

An annual check at your local LEXUS Authorised Repairer is the best way to ensure you are getting the most from your EV.

EXTENDED EV CARE

From new, all EV components benefits from our five-year/60,000* miles warranty. When your vehicle is brought in for its annual health check it will

be eligible for a further one-year/10,000** miles of EV battery extended care up to 10 years old/600,000 miles** for degradation below 70% of initial capacity. Having created the Lexus EV technology, only a LEXUS EV Authorised Repairer can give you the peace of mind and expert care you expect.

*whichever comes first, first year unlimited

**whichever comes first

TERMS & CONDITIONS

Vehicles in the Lexus range come with high specifications as standard. As a result, the 'on the road' price* includes not only all those items generally offered as extras, but also many advanced features exclusive to Lexus. Details of the extensive technical specifications and interior appointments of each model are described fully in the main brochures. Whichever model you choose, you can look forward to a standard of After Sales service that's second to none, provided by a network of Lexus Centres individually selected for their exemplary record in customer care. Some Lexus vehicles (including certain specifications and colour/trim combinations) are built to order and could take approximately 2 to 3 months from time of purchase to delivery. For detailed information on lead times, please consult your local Lexus Centre.

WARRANTIES

MANUFACTURER WARRANTY

3 Years/ 60,000 miles comprehensive warranty.

Any defect that is attributable to a manufacturing or an assembly defect

under normal use is covered by your warranty. This provision applies for a period of 3-years or 60,000 miles, whichever comes first, with no mileage limit for the first year. In the event of a breakdown immobilising your Lexus, the cost of recovering it to the nearest Lexus Centre is also covered if that breakdown is the result of a warrantable defect.

GET UP TO 10 YEARS/100,000 MILES LEXUS WARRANTY*

Every new Lexus comes with a 3 year manufacturer warranty followed by a 12 months / 10,000 miles additional warranty, with every qualifying service.

*Terms and conditions apply.

For full details, please ask your official Lexus Centre, or visit lexus.co.uk/lexus-warranty

HYBRID VEHICLE WARRANTY

5 Years / 60,000 miles hybrid component warranty.

For hybrid models, certain components within the hybrid drivetrain system have a 5 years or 60,000 miles warranty, whichever comes first. For more information please contact your local Lexus Centre.

3 YEARS SURFACE RUST AND PAINTWORK WARRANTY

This warranty offers three years of cover for surface rust and paint defects appearing on any of the painted body panels due to a fault in material or workmanship. There is no mileage restriction on this.

12 YEARS CORROSION PERFORMANCE WARRANTY

A 12-year unlimited mileage warranty covers the vehicle against rust perforation through any sheet metal body panel (subject to certain exclusions specified in the warranty booklet) occurring as a result of a manufacturing or assembly defect in the vehicle. The warranty booklet supplied with each new vehicle gives full details. This warranty is also transferable to subsequent owners.

SERVICE PLANS

Service plans are a flexible way of managing the cost of servicing your Lexus. With a service plan you can ensure that your vehicle is maintained to the standards you would expect from Lexus-trained technicians fitting the highest quality Lexus parts**. Please contact your local Lexus Centre for a quote.

QUOTED CO₂ AND POWER USAGE FIGURES

†Figures are provided for comparability purposes; only compare fuel consumption, CO₂ and/or electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results. Fuel consumption, CO₂ produced and electric range can vary significantly depending on a number of factors, including the accessories fitted (post-registration), driving style, conditions, speed and vehicle load.

All models and grades are certified according to the World Harmonised Light Vehicle Test Procedure (WLTP). More information can be found by

visiting: <http://www.vehicle-certification-agency.gov.uk/fcb/wltp.asp>

LEXUS FINANCIAL SERVICES

Lexus Financial Services offers an extensive range of finance products, including Lexus Connect – Contract Purchase, Lexus Connect Personal Contract Purchase and Lexus Connect – Contract Hire. Products that offer a combination of benefits designed to make acquiring a Lexus as easy as driving one. Whether you are a private motorist looking for the most flexible, affordable options or a business wishing to boost cash flow and tax-efficiency, our finance products provide attractive, refined solutions. Your Lexus Centre will be happy to discuss the full range of financing options available and create a finance quotation that is right for you. When you choose to go ahead your Lexus Centre will arrange your application. Delivering complete customer satisfaction underpins everything we do at Lexus, so once you commence an agreement with us, you can rest assured that our team of UK-based customer service representatives are only a phone call away if you have any queries. **Finance Subject to status to over 18s. Indemnities may be required. T&Cs apply.**

*‘On the road’ price comprises list price, £700 delivery charge, £26 number plate allowance (all inclusive of VAT) plus 12 months Vehicle Excise Duty (variable, depending on model) and £55 Vehicle First Registration Fee.

**The service plans exclude cambelt/timing chain changes.
