# 40TH ANNIVERSARY ROTARY ENGINE

One look at the unique Mazda RX-8 and you'll know that it defies convention. The Mazda RX-8 40th Anniversary Limited Edition celebrates forty years of Mazda-driven innovation in rotary engine technology, winning not one, but two Engine of the Year accolades, while also demonstrating our expertise in other areas of engineering.

Mazda is the only producer of rotary engines in the world – and remains the only Japanese car manufacturer ever to have won at Le Mans. Using a rotary powerplant so advanced, the Mazda 787B was proven capable of conquering another 24 Hours immediately after the first.

## We're celebrating

## 40 years of innovation

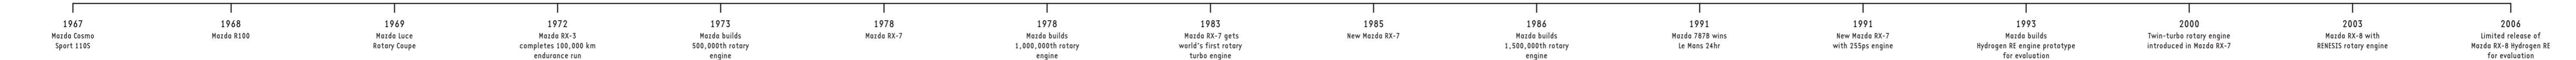

We're marking the 40th anniversary of the launch of Mazda's first rotary-powered car, the revolutionary Mazda Cosmo Sport 110S, with the development of a unique limited edition of the most recent vehicle incarnation to feature this ground-breaking technology. Powered by our latest high-output RENESIS rotary engine developing 231ps, each one of the 400 Mazda RX-8 40th Anniversary Limited Editions is identified by its own number neatly integrated into the stainless-steel scuff plates.

The Mazda RX-8 40th Anniversary Limited Edition is the epitome of a Mazda rotary-powered sports car. With a number of exclusive touches, such as bespoke grey 18" alloy wheels, exclusive black leather and stone Alcantara® seat trim, an aerodynamically-proven rear wing and a unique choice of Crystal White Pearlescent or Metropolitan Grey Mica paintwork, the vehicle perfectly symbolises forty years of Mazda's rotary engine innovation.

- Front fog lights with blue lens.
- Black leather gear knob with white insert and colour-coordinated stitching.
- Unique rear spoiler.
- Unique '40th Anniversary' badges.
- Unique Limited Edition 18" alloy wheels.
