**ECLIPSE CROSS**  
**COMING JANUARY 2018**

## INTRODUCING THE BRAND NEW MITSUBISHI ECLIPSE CROSS

Mitsubishi's striking new Eclipse Cross is the first of a new generation of Mitsubishi SUVs that are designed and built to impress, inside and out. From its sharp, dynamic body lines and comfy interior, to its turbo-charged petrol engine, efficient fuel economy and precise handling, this is a vehicle that keeps giving every time you get behind the wheel.

With petrol powered engines more in demand than ever, the Eclipse Cross is truly a car for the modern era. Its new generation 1.5-litre direct-injection turbo-charged petrol engine offers diesel-like torque output from low revs, but with the benefit of an instant and smooth throttle response. And just as impressively the advanced automatic provides fuel consumption that is on par with a manual transmission.

As you'd expect from a Mitsubishi, the Eclipse Cross also benefits from a range of innovative new features – introduced to enhance the driving experience. These include a head-up display, allowing the driver to see important information with minimal eye movement, and a touchpad controller on the centre console that allows the Smartphone Link Display Audio system to be operated more easily.

Add in clever use of interior space – sliding and reclining rear seats allow generous leg room in front and back – and it's easy to see why the Eclipse Cross is going to take the world by storm.

# ECLIPSE CROSS

## KEY FEATURES

Available from launch in limited numbers, the Eclipse Cross 'First Edition' truly is an exceptional vehicle. With a series of exclusive styling changes and the stunning new 'Red Diamond' paint finish; it is sure to turn heads wherever it goes.

[ ] 4WD Automatic CVT

The fuel consumption figures quoted are those produced under Government regulations for the purpose of comparing new cars. They should not be regarded as a representation of achievable fuel consumption, which in practice will vary with load, road conditions, driving style and other factors.

## me & my MITSUBISHI

When you buy a new Mitsubishi, you not only get a safe and reliable vehicle that is a real pleasure to drive, you also become part of the Mitsubishi family. And as our nearest and dearest, we want you to feel protected should you ever encounter a problem – that's why we have me&my.

All new Eclipse Cross models are provided with a comprehensive five-year, 62,500-mile warranty. Please ask your Authorised Mitsubishi Dealer for full details.

With the Mitsubishi Assistance Package (MAP) we go the extra mile. For the first three years following registration our assistance programme is there to help should you breakdown at the roadside or at home. It provides vehicle recovery following a breakdown or accident and help if your vehicle is stolen or vandalised and, if you should accidentally fill up with the wrong fuel, don't worry - we'll be there for you then too. What's more, you're covered 24/7 in over 30 countries throughout Europe. So whether you're on the daily school run or cruising through the Alps on your holidays, it's comforting to know that if the unexpected does happen, help is always at hand.

And should you be unlucky enough to have an accident we have Mitsubishi First - our customer support service for all Mitsubishi drivers following an accident. No matter which insurer you use, Mitsubishi First smooths your progress through an insurance claim, handling everything on your behalf - no hassle, no claim forms, no running about, and absolutely no cost to you. And once you're part of the family... it's service with a smile.

A Mitsubishi Service Plan, purchased at the same time as your Eclipse Cross, covers the first three scheduled services for a modest sum. It can be included in your vehicle's finance and transferred to a new owner if you sell.

Mitsubishi Motors also offer superior insurance cover at a competitive price which is specifically designed for Mitsubishi vehicles and uses only genuine parts and approved repair centres.

Mitsubishi Motors policy is one of continuous product development and the right is reserved to change specification, features and prices without prior notice.
