

L200

Better than the best

For over twenty years Mitsubishi's L200 has continued to raise the bar when it comes to hard-working vehicles. In terms of build-quality, reliability and specification, style, space and comfort it sets the standards to which others aspire. It is tough, strong and supremely safe, achieving a four-star EuroNCAP rating. Above all, in terms of handling no other pick-up comes close. Little wonder that the L200

has consistently been Britain's best selling pick-up. Little wonder that the press continues to heap it with praise (What Van? have voted it pick-up of the year no less than 15 times in 18 years!) And little wonder that this year's model continues a two-decade long trend: once again this L200 has been modified to ensure that it continues to be even better than the last one – that it is better than the very best.

Pick-up

Setting standards on the road

This fourth-generation L200 was the very first pick-up to introduce car-like driving standards into a heavy duty vehicle. It was the first pick-up to replace the old torsion bar front suspension system with independent double wishbones and coiled springs – just as tough, just as workmanlike, but a far better ride. It was the first pick-up to utilise power assisted rack and pinion steering, so it's easier to drive and turns the tightest circle by far – a real boon when parking or manoeuvring around our crowded streets. It was the first pick-up to include an electronic traction control system, for vastly improved handling in tricky situations, and the double cab remains the only pick-up on the market to offer a full-time on-road four-wheel drive capability, making it the towing supremo. Now you never need settle for anything less, and you could opt for even more: according to What Double Cab?, the Walkinshaw Performance* upgrade “transforms the L200 into a performance SUV.”

*See page 25 for details

Main image shows L200 Double Cab Warrior with optional Sports Bar.

Driving force

The L200's 2.5 litre, turbocharged, intercooled engine is even cleaner and more economical than ever, easily meeting Euro 5 emissions criteria and returning an exceptional 36 mpg on the combined cycle. Acceleration is lively and it feels quicker than the figures would lead you to believe, but if you still need rather more oomph the Warrior, Barbarian and Walkinshaw Performance models are true pick-up GTIs: the 175 bhp output results in a three second improvement on the 0-62 mph figures and provides amongst the best power to weight ratio of any pick-up in the UK.

Class act

Well-designed and well-equipped are not words normally associated with a pick-up but this is yet another area where the L200 shows its class – some models even include a fully integrated satellite navigation/audio system together with reversing camera and Bluetooth hands-free 'phone connection. Always perfectly combining comfort with practicality there's a level of specification to suit your needs precisely, as well as an enormous range of accessories from which you can cherry pick.

A reversing camera is a real boon to the pick-up driver. It is standard on Barbarian and Walkinshaw Performance models.

Standard leather seats for the L200 Barbarian.

Standard leather seats for the L200 Walkinshaw Performance upgrade.

Transmission talk

Warrior, Barbarian and Walkinshaw Performance models offer a choice of manual transmission or Mitsubishi's highly acclaimed INVECS-II automatic system. There's no denying that automatic transmission makes for an easier life, particularly when towing or in stop/start urban traffic, but INVECS-II goes one step further. By emulating your driving style it changes gear as you do – quickly adapting its shift pattern to change at higher revs when you're in a rush, or lower revs when you're feeling more relaxed. When you want to be in total control you can simply slip into Sports Mode and flick the lever to change gear manually.

Space craft

Never, ever before has a pick-up afforded so much space, in fact, the L200 double cab has the biggest cab in its class. But this vehicle isn't about size, it's about paying attention to the job in hand. It's about making the most of all that space with comfortable seats, complete with height adjustment for the driver. It's about looking after passengers with head restraints all round for comfort and safety, and it's about truly clever storage which means that your pick-up keeps in peak condition no matter who you have on board.

The optional accessory reversing camera's display appears in the driving mirror. (For vehicles without integrated navigation system.)

Clever Thinking

On some double cab models an electrically operated rear cab window provides easy access to the load area – just one example of the care which has gone into this pick-up's design.

Picking up stars in the safety stakes

The L200 is tough, strong and supremely safe: indeed, so comprehensive are its safety measures that it has achieved a four-star EuroNCAP rating. It was the first pick-up to feature a traction control system and it is this system which contributes significantly towards the L200's superior handling. Mitsubishi's Active Stability and Traction Control (M-ASTC) with Brake Assist operates in both on- and off-road situations and ensures maximum grip under all driving conditions by simultaneously activating the correct brakes to maintain traction whilst redistributing power to the wheels with the most grip.

Of course, the greater the load the harder it is to stop, and this is particularly relevant in a pick-up. Mitsubishi's Anti-Lock Braking System features Electronic Brake-force Distribution (EBD) which adjusts the level of braking power applied, depending upon the load, between the front and rear wheels.

Incorporating Mitsubishi's RISE (Reinforced Impact Safety Evolution) the L200's body combines an exceptionally strong ladder-frame chassis, front crumple zones which absorb impact energy, and strategic reinforcement which helps to maintain cabin integrity and so protect occupants.

Active Stability Control

ABS with EBD

RISE (Reinforced Impact Safety Evolution)

Walk on the wild side

For many, many years Mitsubishi have been acknowledged to be the masters of tough terrain and the L200 reaps all the considerable benefits of this expertise. The Super Select system – long tested in the Shogun and unique in the world of pick-ups – enables on-road driving with either two or four wheels engaged, providing extra grip on the asphalt when you need it. Two four-wheel drive modes for use off-road will ensure that you can get out of just about anything you care to get into! The Easy Select system, featured on all 4Work and 4Life models, provides rear-wheel drive on-road and the same two off-road modes as the Super Select system. In addition it also features a heavy-duty rear differential lock, which locks the differential so that both rear wheels turn together and so provides extra traction when the going gets really, really tough!

Super Select

2H (2WD high range) is generally best for highway cruising or city driving, giving smooth, economical performance. As driving conditions change, so can this L200 – on the move. At speeds of up to 62mph you can shift between 2H, 4H and 4HLC without even needing to use the clutch.

4HLC: In 4WD high range with the centre differential locked power is evenly distributed between the front and rear wheels, improving traction and manoeuvrability on rough roads or on sandy or snow-covered surfaces.

4H: 4WD high range is the full-time 4WD mode available only on the Super Select system. Torque is split equally between front and rear axles, offering the extra grip needed for safe highway driving in slippery conditions. The centre differential with VCU resolves the traditional 4WD problem of transmission wind-up experienced during cornering and tight manoeuvres.

4LLC: 4WD low range with the centre differential locked lowers the centre differential gear ratio. This provides greater torque for climbing or descending steep inclines at very low speeds, or for going through deep snow, mud or sand. To shift into or out of 4LLC the L200 must be brought to a complete halt.

In for the long haul

Whether your L200 remains confined to the workplace, or doubles as a companion in your leisure time, you'll find it an easy vehicle to live with. For one thing, for company vehicle owners and drivers it enjoys all the considerable tax advantages of a light commercial vehicle, even if you fit a canopy. For another it's refreshingly frugal at the pumps. You'll also find the regular servicing costs surprisingly modest thanks to the Mitsubishi Service Plan: this covers the first three scheduled services, can be included in your vehicle's finance and transferred to a new owner when you sell. Of course, the L200 comes with a comprehensive three-year, 100,000 miles warranty and throughout this period it also comes with Mitsubishi Assistance Package (MAP). Breakdown, accident, theft, vandalism – whatever the reason you need to call on homestart or roadside assistance, you're covered 24/7 in over 30 countries throughout Europe.

Main image shows L200 Double Cab 4Life with optional Adventurer Commercial Top.

Insurance and a little extra TLC

Mitsubishi Motors also offer superior insurance cover at a competitive price which is specifically designed for Mitsubishi vehicles and uses only genuine parts and approved repair centres. And to smooth your progress through an insurance claim, no matter which insurer you use, Mitsubishi First, our accident aftercare programme, handles everything on your behalf – no hassle, no claim forms, no running about, and absolutely no cost to you. It's all part of the special care you get with a Mitsubishi.

The no-nonsense club

Whilst the Mitsubishi L200 has both the brains and the body to take you far beyond the workplace, it's conceivable that you may neither want nor need to. 4Work and 4Life specifications provide a no-nonsense work ethic, giving you everything you need to do the job in hand – excellent visibility, that superb turning circle and a large, clear, double-walled cargo bed. Available in a choice of single, club or double cab body styles they offer a multitude of load-lugging options, the club cab being perhaps the most flexible. Here two rear seats provide occasional seating for extra passengers whilst a load bed in excess of 1.8m long ensures extra-generous cargo space.

Truckman Top for Double Cab

Visit www.mitsubishi-cars.co.uk/L200 to see the complete range of utility tops, or to download a copy of the L200 Accessories brochure.

Load lover

With a double-walled cargo bed made from galvanized steel and with a single, central tailgate release – after all, you only have one pair of hands – the L200 really cares for your load. On 4Work and 4Life models the tailgate may be dropped 180° or locked into the horizontal position to accommodate overlength loads.

*Single Cab illustrated – load bed length is 1805mm on Club Cab

Club Cab rear seats

Single-minded about work

If you're really single-minded about cargo, the L200 single cab has all the answers – superior capacity, both inner and outer load lashing facilities and a guard frame which separates cab from cargo area to ensure that your load stays right where it's meant to be. In the cab, as with all 4Work and 4Life models, there's the option to fit a digital tachograph as well as loads of well-thought-out storage spaces. The controls are large, clear, easy to use and ergonomically designed to be at your fingertips, the seats firm yet comfortable, with plenty of support for the driver and a steering column which can be adjusted for rake.

Aluminium gas lift tonneau cover

Visit www.mitsubishi-cars.co.uk/L200 to see the complete range of accessories, or to download a copy of the L200 Accessories brochure.

Accessories

A wide range of accessories is available to help fine-tune the L200 into the exact load-lugger you need, all of which enjoy the same exceptional warranty as the vehicle itself if fitted when new. Throughout this brochure are just a few examples, but to see the complete range or to download the L200 Accessories brochure visit www.mitsubishi-cars.co.uk/L200.

L200 Single Cab 4Work/4Life

Key features

4Work:

- Easy Select 4WD system with rear differential lock
- Manual transmission • ABS with EBD • Dual SRS airbags
- Rear fog lamp • Stereo radio/CD/MP3 player • Ladder rack

4Life specification as 4Work plus:

- Central door locking with remote keyless entry
- Electric windows • Air conditioning

L200 Club Cab 4Work/4Life

4Work:

- Easy Select 4WD system with rear differential lock
- Manual transmission
- ABS with EBD • Dual SRS airbags
- Rear fog lamp • Stereo radio/CD/MP3 player
- Colour-keyed front bumper

4Life specification as 4Work plus:

- Central door locking with remote keyless entry
- Electric windows
- Air conditioning
- Side steps

L200 Double Cab 4Work

Key features

- Easy Select 4WD system with rear differential lock
- Manual transmission • ABS with EBD • Dual SRS airbags
- Rear fog lamp • Stereo radio/CD/MP3 player with 4 speakers
- Colour-keyed front bumper

L200 Double Cab 4Life

Key features

- Easy Select 4WD system with rear differential lock
- Manual transmission • ABS with EBD • Dual SRS airbags
- Rear fog lamp • Stereo radio/CD/MP3 player with 4 speakers
- Colour-keyed front bumper • Central door locking with remote keyless entry • Electric windows • Air conditioning
- Side steps

L200 Double Cab Warrior

Key features

- Super Select 4WD system • Mitsubishi Active Stability and Traction Control
- Manual or automatic transmission • 175 bhp engine • Warrior graphics
- ABS with EBD • Dual SRS airbags • Front and rear fog lamps • Colour-keyed front bumper
- 17" alloy wheels with colour keyed wheelarch extensions • Tubular side steps • Chrome rear bar
- Chrome door mirrors and handles • Black and chrome front grille • Central door locking with remote keyless entry • Electric windows including rear screen • Climate controlled air conditioning
- Cruise control • Privacy glass • Stereo radio/CD/MP3 player with 6 speakers
- Electric door mirrors

L200 Double Cab Barbarian

Key features

- Super Select 4WD system • Mitsubishi Active Stability and Traction Control • Manual or automatic transmission
- 175 bhp engine • Barbarian graphics • ABS with EBD • Dual SRS airbags • Front and rear fog lamps
- Colour-keyed front bumper • 17" alloy wheels with colour-keyed wheelarch extensions • Tubular side steps
- Colour-keyed front guard with chrome inserts • Chrome rear lamp bezels, door mirrors and handles
- Sport front grille • Reversing camera • Central door locking with remote keyless entry • Electric windows including rear screen • Climate controlled air conditioning • Cruise control • Satellite navigation system and multi-display station with touch-screen operation • Leather seats with Barbarian logo
- Privacy glass • Bluetooth hands-free kit • Stereo radio/CD/MP3 player with 6 speakers
- Electric door mirrors • Illuminated door entry guards • Remote audio controls

L200 Double Cab Walkinshaw Performance

(Post-registration upgrade)

Key features

- Super Select 4WD system • Mitsubishi Active Stability and Traction Control • Manual or automatic transmission
- 175 bhp engine • Walkinshaw Performance graphics • ABS with EBD • Dual SRS airbags • Front and rear fog lamps • Colour-keyed front bumper • 20" alloy wheels with colour-keyed wheelarch extensions • Tubular side steps
- Colour-keyed front guard with chrome inserts • Chrome rear lamp bezels, door mirrors and handles • Sport front grille
- Reversing camera • Central door locking with remote keyless entry • Electric windows including rear screen
- Climate controlled air conditioning • Cruise control • Satellite navigation system and multi-display station with touch-screen operation • Leather seats with Walkinshaw Performance logo • Privacy glass
- Bluetooth hands-free kit • Stereo radio/CD/MP3 player with 6 speakers • Electric door mirrors
- Remote audio controls • Door entry guards

Dramatically improving both ride and handling, a sophisticated five-link rear suspension layout and coil springs replace the L200's standard rear suspension system. To this are added Koni performance dampers at front and rear and polyurethane performance suspension bushes for increased axle control. Rubber performance suspension bushes to the chassis help reduce road noise and a stainless steel, twin exit exhaust system hints at the L200 Walkinshaw Performance model's enhanced capabilities.

Technical Specifications

Model		L200 Single Cab 4Work/4Life Manual	L200 Club Cab 4Work/4Life Manual

MITSUBISHI MOTORS RECYCLING

We all have a duty to protect the environment. After a long working life we will take back any Mitsubishi Motors vehicle originally sold by The Colt Car Company Ltd. and recycle it in an environmentally friendly manner in accordance with the EU Directive on End-of-Life Vehicles and any applicable national statutory provisions.

All Mitsubishi Motors vehicles sold by The Colt Car Company Ltd., irrespective of date of sale, will be taken back free of charge from the last owner, at one of the designated take-back points, provided the vehicle contains all major components and is free of waste.

For further information please visit www.cartakeback.com, email info@cartakeback.com or call the Cartakeback info-line on 0845 257 32 33.

The specification of the vehicles illustrated in this publication may not be applicable to the UK market, furthermore some vehicle illustrations may include accessory items which are not part of UK standard specification. However, every effort has been made to ensure that the written information was accurate, up-to-date and consistent with UK specification at the time of going to press. The right is reserved to change specification, features and prices without prior notice. To avoid any misunderstandings, your Mitsubishi Motors dealer will advise of any alterations made since the date of issue of this brochure. No part of this publication may be reproduced in any form or by any means, without the prior written permission of The Colt Car Company Limited.
