

TAKE A DIFFERENT ROAD

L200 TROJAN

TROJAN HORSEPOWER

Consistently Britain's best-selling pick-up, and clear favourite according to the motoring press, the Mitsubishi L200 continues to reign supreme, and this latest L200 Trojan offers fantastic value on a superbly specified double cab model. The 2.5 litre turbo-charged intercooled engine is mated with a five-speed manual transmission and delivers 134 bhp. The Super Select drivetrain, long proven in the Shogun, provides a full time on-road four-wheel drive capability – making it the perfect towcar – as well as two four-wheel drive off-road modes and – the only L200 to offer this combination – a rear differential lock to get you out of really sticky situations. It certainly looks the part too, with those distinctive lines set off by colour keyed features in all the right places and attention to detail with front fog lights, tubular side steps, alloy wheels and privacy glass.

INSIDE STORY

This L200's roomy cab is remarkably well equipped, with powered windows all round – even the one into the load bed – electrically operated, heated door mirrors, climate control air conditioning and a comprehensive multi-information display. The seats themselves are comfortable and easily adjustable and you can splash out on super-luxurious black leather if you wish.

EYES IN THE BACK OF YOUR HEAD

Reversing cameras are an enormous boon, particularly in a pick-up, and the L200's optional accessory camera is especially clever, transmitting its image directly onto a portion of the rear view mirror itself.

TROJAN WORK ETHIC

With its clear, double-walled cargo bed made from galvanized steel and well designed, single central tailgate release the L200 Trojan really cares for your load, and its tough, go-anywhere nature means that you can deliver where lesser trucks fear to go.

DRESS TO SUIT

The L200's multi-faceted personality means that it has sparked numerous options and accessories designed to meet your every need – all enjoy the same exceptional warranty as the vehicle if fitted when new. To view the complete range ask for the L200 Accessories brochure or visit www.mitsubishi-accessories.co.uk.

IN FOR THE LONG HAUL

The L200 looks good and performs well. Furthermore, given its excellent reputation for reliability, it should remain your faithful companion through fair weather and foul for many years to come, helped by Mitsubishi's exceptional after sales service.

SERVICE WITH A SMILE

A Mitsubishi Service Plan, purchased at the same time as your L200 Trojant, covers the first three scheduled services for a very modest sum. It can be included in your vehicle's finance and transferred to a new owner when you sell. Furthermore, an MSP Top-up, bought anytime before you reach 50,000 miles, means that, for a similarly modest amount, you can enjoy the same skilled servicing, using only genuine parts and Mitsubishi diagnostic equipment, for the fourth and fifth scheduled services too.

WARRANTY AND MAP

All new L200s come with a comprehensive three-year/100,000 mile warranty, throughout this period they also come with the Mitsubishi Assisted Package (MAP). Breakdown, accident, theft, vandalism, whatever the reason you need homestart or roadside assistance you're covered 24/7 in over 30 countries throughout Europe. MSP Top-up also includes MAP, making it possible to extend your breakdown cover for up to five years.

INSURANCE AND A LITTLE EXTRA TLC

Mitsubishi Motors also offer superior insurance cover which is specifically designed for Mitsubishi vehicles and uses only genuine parts and approved repair centres. And to smooth your progress through an insurance claim, no matter which insurer you use, Mitsubishi Accident Aftercare will handle everything on your behalf – no hassle, no claim forms, no running about, and absolutely no cost to you. It's all part of the special care you get with a Mitsubishi.
