NISSAN NAVARA

OFF-ROADER AT32

IN PARTNERSHIP WITH **ARCTIC TRUCKS** EXPLORE WITHOUT LIMITS

TAKE IT TO EXTREMES.

With more muscle and brawn than ever before, the Nissan NAVARA OFF-ROADER AT32 has been specially engineered in partnership with Arctic Trucks to handle the most challenging landscapes. Go all out and take adventure to the next level with 32" tyres, enhanced suspensions, underbody protection and much more. This powerhouse of a pick up exceeds all expectations.

1/ ARCTIC TRUCKS PERFORMANCE SUSPENSION AND FRONT DIFFERENTIAL LOCKER: Based on Nissan's Innovative 5-link rear suspension, Arctic Trucks Performance suspension reinforces NAVARA's damping characteristics while a 20mm increased ride height (+20mm with the wider tyres) delivers an enhanced ride and suspension flexibility. The optional Front Differential Locker is designed to give you greater vehicle control and the capacity to tackle more extreme ground conditions. When locked it captures 100% of the available torque, sending it to both ends of the axle. With the full power of the Arctic Trucks Front Differential locker and the original NAVARA Rear Differential Locker, nothing will ever stop you!

2

2/ SNORKEL: Improved air intake protects the engine from heavy dust and water and increases the Navara's wading depth from 600mm to 800mm.

3/ UNDERBODY PROTECTION: High strength anti-corrosion steel, giving protection to the engine, transmission and fuel tank.

4/ SIDESTEP AND MUDGUARDS: Stylish and functional for off-road adventures.

5/ OFF-ROAD WHEELS AND TYRES: Enhanced off-road styling and maximum control in challenging conditions.

EXPLORE WITHOUT LIMITS

ARCTIC TRUCKS have been facilitating explorations into some of the toughest environments in the world for over twenty years. Today they bring their robust engineering to the Nissan NAVARA to give you the confidence to deal with nature's biggest tests. Get ready for the next level of adventure with the Nissan NAVARA OFF-ROADER AT32, with special modifications guaranteed for 5 years by Arctic Trucks*.

THE TOUGHEST JUST GOT TOUGHER.

Tested in Icelandic and Arctic conditions, the Nissan NAVARA OFF-ROADER AT32 is ready for adventure. Go everywhere across sand, snow, rock and rivers thanks to more ground clearance, improved entry and departure angles, less impact, maximum control and taller, wider tyres. These customised 32" tyres allow you to reduce tyre pressure*** for additional traction, turning soft terrain into an irresistible invitation.

*Front Differential Locker optional

** When optional Safari Snorkel is selected

NISSAN INTELLIGENT MOBILITY

Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.

Follow Nissan NAVARA on:

*5 Year / 100,000 miles (whatever comes first) Manufacturer Warranty for the LCV range (with the exception of e-NV200: 5 Year / 60,000 miles Manufacturer Warranty for EV system parts, 3-Year / 60,000 miles for the rest of the vehicle)

** The Nissan manufacturer warranty shall cover the NAVARA base vehicle only. The Arctic Trucks warranty shall cover any modifications or additions to the base vehicle (including ground clearance, off-road wheels, fenders, underbody protection, snorkel, front differential locker, side step and mud guards), as well as any effects (whether direct or indirect) these modifications or additions may have on the base vehicle. Arctic Trucks & Nissan warranties do not cover tyres.
