**CARS & COMMERCIAL VEHICLES**

# MICRA

## WELCOME TO A NEW ERA IN DRIVING EXCELLENCE

The new generation Nissan Micra stands out from the crowd. Its natural shape is remarkably compact and combines with effortless handling to get you in and out of a tight parking spot with ease. Yet despite its small stature, the interior is surprisingly bright and spacious and offers an outstanding degree of comfort. The multi-point fuel-injection 16-valve engines with electronic ignition are exceptionally responsive and economical, while twin "cats" make the new Micra kind to the environment.

Whether you choose a 5-speed manual or a Continuously Variable Transmission (N-CVT) model, you'll find the Micra equally at home in busy city streets and on the open road.

### **Models available:**

# SUNNY

## THE BEST CHOICE FOR STYLE WITH PERFORMANCE

Offering the perfect balance between style and practicality, the Sunny's smooth, rounded body makes it one of the most aerodynamic cars on the road. And it gets even better when you look beyond that sleek exterior.

Diesel or twin-cam 16-valve petrol engines that deliver a lively performance, together with impressive fuel economy. A roomy interior finished with quality materials. A chassis that ensures exceptional stability under varied road conditions. A body built for durability and safety. All in all, the Sunny is quite simply the best choice in its class.

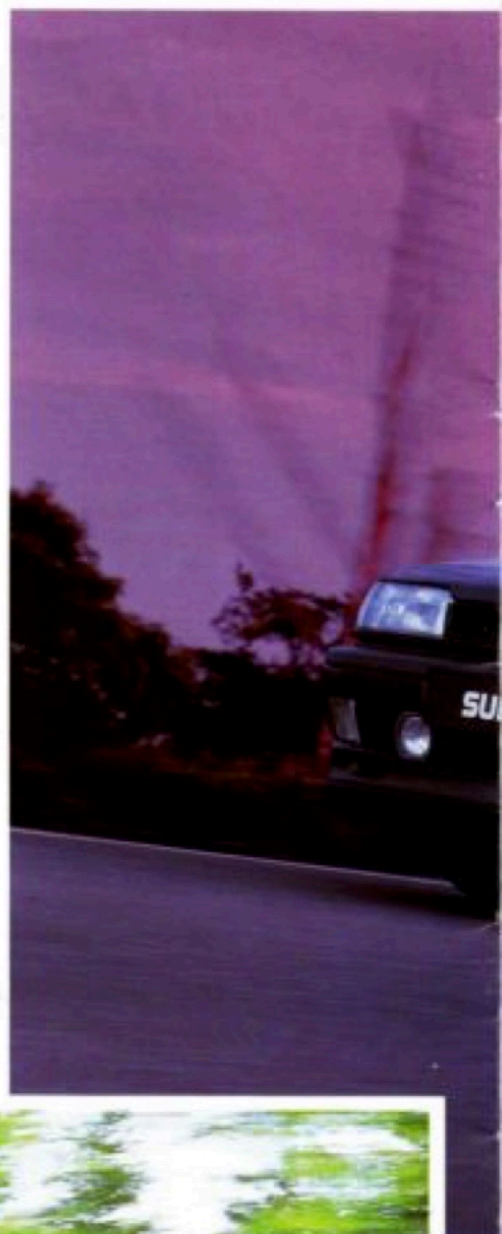

### **Models available:**

3-door Hatchback (1.4 ltr., 1.6 ltr., 2.0 ltr. Petrol)

4-door Saloon (1.4 ltr., 1.6 ltr. Petrol; 2.0 ltr. Diesel)

5-door Hatchback (1.4 ltr., 1.6 ltr. Petrol; 2.0 ltr. Diesel)

# PRIMERA

2.0e GT ▲

## THE LOOK OF A BORN LEADER

Like a born leader, the Primera instantly establishes its presence on the road. Sleek, aerodynamic, sporty and solid, it sets a whole new trend in driving. This stylish car offers the ideal blend of polished performance, sophisticated design and spacious comfort.

The Nissan Primera delivers outstanding performance for its class with a choice of diesel or twin cam, 16-valve petrol engines that provide power to spare, as well as exceptional fuel economy. In city traffic, on winding country roads, or cruising along the motorway, the Primera handles and moves with all the ease you'd expect of a perfectly balanced car.

### **Models available:**

# MAXIMA

## THE LAST WORD IN LUXURY

With its sophisticated design, perfect balance, distinctive squared front, and smooth streamlining, the Maxima creates a stunning first impression. Displaying all the luxuries you'd expect from a top of the range car, the Maxima boasts an outstandingly spacious interior with ample seating for five adults and the latest in safety features. Its unique blend of supreme comfort and dynamism is evident in the powerful, smooth-running 3.0 litre six cylinder engine which delivers a sporty 170PS, while a catalyst means the Maxima remains a firm friend of the environment.

### **Model available:**

4-door Saloon (3.0 ltr. Petrol V6)

### **Features available in the MAXIMA range\***

- Leather seats
- Electrically adjustable front seats
- Driver's seat lumbar support
- Power and tilt steering and cruise control
- Driver's airbag system
- Air-conditioning
- Anti-lock Braking System
- Electric tilt/slide sunroof
- CD player

\* Features stated are not available on all models.

# 100NX

## **Features of the 100NX**

- Targa roof
- Alloy wheels
- Folding rear seat
- Power and tilt steering
- Electric windows
- Central door-locking
- Security-coded stereo radio/cassette with auto-reverse

## **SHEER EXHILARATION**

Slip into the contoured body-hugging driver's seat and enjoy the exciting sports car feel. The T-bar roof lifts off easily for open-top driving while the thrill of the lively twin cam, 1.6 litre, 16-valve engine is enhanced by superb handling. With its independent strut suspension, responsive power steering, and four-speaker stereo radio/cassette, you'll rediscover driving as it was meant to be. Pure pleasure.

### ***Model available:***

3-door Coupe (1.6 ltr. Petrol)

# 200SX

## REDEFINING THE SPORTS COUPE

Distinctive design and up-to-the-minute technology unite to create a superb sports car. The flowing body shape of the Nissan 200SX isn't simply a matter of style. It serves a practical purpose too, producing an extremely low drag coefficient of only 0.30. Among the many attributes of the 200SX are innovative, multi-link suspension, Anti-lock Braking System, viscous limited slip differential (LSD), and a three-way catalytic converter.

Combine all this with the responsive, lively performance of the twin cam turbo-charged 1.8 litre 16-valve engine with intercooler - which delivers up to 166PS - and the result is absolute driving pleasure.

### ***Model available:***

3-door Coupe (1.8 ltr. Turbo Petrol)

### **Features of the 200SX**

- Alloy wheels
- Removable/tilt sunroof or air-conditioning
- Power and tilt steering
- Electric windows
- Central door-locking
- Anti-lock Braking System
- 4-speaker stereo radio/cassette with auto-reverse
- Dual electrically-adjustable door mirrors

# 300ZX

## **Features of the 300ZX**

- Leather upholstery
- Electrically-adjustable and heated front seats
- Automatic air-conditioning
- Power steering and cruise control
- Targa roof
- Electrically-adjustable and heated door mirrors
- CD player and security-coded stereo radio/cassette with auto-reverse
- 5-speed manual or 4-speed automatic transmission

## **THE THRILL OF PURE POWER**

This unique sports car just begs to be driven. Each individual component in the 300ZX was designed to set new standards. The twin-cam 24-valve twin turbo 3.0 litre V6 engine delivers up to 278PS - enough to impress even the most demanding driver. A 3-way catalytic converter makes it environmentally friendly, while the capsule-style cockpit is the epitome of elegant, ergonomic sports car design.

Anti-lock Braking System, computer controlled 4-wheel steering with viscous limited slip differential (LSD) are standard features. With a unique blend of power and handling, speed and style, the 300ZX reaches levels of performance which make it the definitive sports car of its time.

### ***Model available:***

3-door Coupe (3.0 ltr. Twin Turbo Petrol)

# SERENA

## A NEW GENERATION OF TRANSPORT

The new Nissan Serena heralds a breakthrough in passenger transport. Perfectly meeting the demands for more space and greater versatility, the Serena is ideal for families and those with an active lifestyle. Despite being shorter and more compact than many medium-sized saloon cars, this highly distinctive vehicle is incredibly spacious. In fact, it can comfortably seat up to eight adults, while the central 'Captain' seats in the SGX version can be rotated through 180 degrees for truly versatile seating.

With safety playing a leading part, the Serena is endowed with an outstanding range of equipment to ensure unbeatable comfort and safety at all times. Power and tilt steering and child door locks are fitted as standard, while an Anti-lock Braking System and viscous limited slip differential (LSD) are built-in features of the SGX model.

### **Models available:**

- 4-door (1.6 ltr., 2.0 ltr. Petrol; 2.0 ltr. Diesel)
- 5-door (2.0 ltr. Petrol; 2.0 ltr. Diesel)

### **Features available in the SERENA range\***

- Twin-electric sunroofs
- Air-conditioning
- Power and tilt steering
- Electric front windows
- Central door-locking
- 6, 7 or 8 seats
- Anti-lock Braking System
- Security-coded radio/cassette with RDS

\* Features stated are not available on all models.

# PATROL

## THE BEAUTY OF BOTH WORLDS

The Nissan Patrol offers you the best of both worlds – rugged 4x4 off-road capability balanced by driving quality and passenger comfort that borders on the luxurious. Powered by a choice of petrol or diesel engines, including the new 4.2 diesel GR, with the Nissan Patrol the promise of adventure is never far away.

### **Models available:**

GR Hardtop (4.2 ltr. Diesel)  
GR Estate (4.2 ltr. Petrol; 4.2 ltr. Diesel)  
Hardtop (3.0 ltr. Petrol; 2.8 ltr. Turbo Diesel)  
Estate (2.8 ltr. Turbo Diesel)

### **Features available in the PATROL range\***

- Automatic free-running front wheel-hubs
- Air-conditioning
- Folding rear seats
- 5 or 7 seats
- Power steering
- Central door-locking and electric windows
- Dual electrically-adjustable heated door mirrors
- Leather seats

\* Features stated are not available on all models.

# SUNNY VAN

## MAKES LIGHT WORK OF THE HEAVIEST LOADS

The Sunny Van easily meets the challenges of a tough working day. Its high performance diesel engine offers a high degree of torque at relatively low rpm. The spacious cargo area is complemented by low fuel consumption and minimal running costs. Team up with the power, comfort and economy of the Sunny Van. It's one of the best business decisions you can make.

**Model available:** 1.7 ltr. Diesel.

### **Features of the SUNNY VAN**

- Split rear doors open to 180 degrees
- Spacious load area  
(95.3 cubic feet)
- Accommodates a cargo weight of up  
to 580kg
- Low drag coefficient of only 0.34
- Security-coded stereo radio/cassette
- Sound-proofed cabin
- Height-adjustable driver's seat
- Auto-lock rear doors

# URVAN

## IMPRESSIVE CARGO SPACE COMBINED WITH SUPERB DESIGN

The Urvan *Activ* offers one of the largest cargo capacities in its class with a high roof and deep cargo area, especially suitable for accommodating large and bulky loads.

The twin rear doors open wide for easy loading – ideal in low ceiling work areas. And there's a choice of two powerful engines.

**Models available:**

2.0 ltr. Petrol; 2.5 ltr. Diesel.

**Features of the  
*Activ* range include:**

- Distinctive striped livery
- Sturdy bull bars
- Protective rear light guards
- Two exterior door mirrors
- 3-point ELR seat belts
- Heating and ventilation with adjustable fan-speed

# VANETTE

## COMPACT YET SPACIOUS – IDEAL FOR SMALL BUSINESSES

The Vanette *Activ* has a large sliding side-door and a wide-opening tailgate giving easy access to the load area. Ample power is assured with a choice of two engines.

Every aspect of the cabin, from the steering wheel position to the layout of the dashboard, is designed to make driving easy and convenient.

**Models available:**

1.5 ltr. Petrol; 2.0 ltr. Diesel.

# CABSTAR

## TOUGH, VERSATILE AND POWERFUL

Cabstar *Activ* pick-up is the all-round worker every business can rely on. Distinguished by its impressive deck area, substantial payload capability, and a choice of two powerful engines.

**Models available:**

2.0 ltr. Petrol; 2.5 ltr. Diesel.

### **Features of the CABSTAR *Activ***

- Flush-opening side flaps and tailgate
- Passenger double bench seat
- Chassis cabin models available for tipper, Luton or dropside conversions
- Distinctive striped livery
- Sturdy bull bars
- Rear light protective guards
- 2 exterior door mirrors
- Heating and ventilation with adjustable fan-speed

# PICK-UP

## RUGGED PERFORMANCE AND TRUE VERSATILITY

Tough enough to handle rugged roads, heavy cargo, and plenty of hard work, the new Nissan Pick-up displays fresh styling, controlled handling and improved levels of comfort. In fact, it now offers you the best of both worlds: a powerful, reliable hard worker with a sense of style.

Available in 2- and 4-wheel drive models with

a five-speed, completely synchronised manual gearbox and a choice of high performance engines, it copes with the bulkiest of loads - on or off the road.

### **Models available:**

2-wheel drive (2.0 ltr. Petrol; 2.5 ltr. Diesel)

4-wheel drive (2.4 ltr. Petrol; 2.5 ltr. Diesel)

### **Features available in the PICK-UP range**

- Flush-opening tailgate
- Long bench seat (4x2)
- Power-assisted steering (4x4)
- High or low mode 4-wheel drive
- Quality stereo radio/cassette
- Excellent visibility with 308 degree field of vision
- Cloth seats
- Front and rear mudguards

▲ 2-wheel drive Pick-up

# KEEPING AHEAD OF

## A KEEN COMPETITOR WITH A FINE RACING PEDIGREE

After competing in the 1992 British Touring Car Championship, Nissan is launching a major assault on the 1993 Championship. Following a period of extensive development and testing, the challenge is being led by Nissan's Primera 2.0eGT.

The single-class BTCC is firmly established as the UK's premier motorsports series. And in case you are wondering just how closely the racing version of the Primera resembles its commercial counterpart, it's worth noting that BTCC regulations severely restrict extensive

▲ Primera 2.0eGT

modifications to the road-going versions. The Championships are therefore a perfect showcase for displaying the inherent qualities which make the Primera 2.0eGT ideally suited to the demands of motor racing. For example, its dynamic performance, robust yet lightweight body shell, and multi-link suspension are all characteristics suited to a successful racing car.

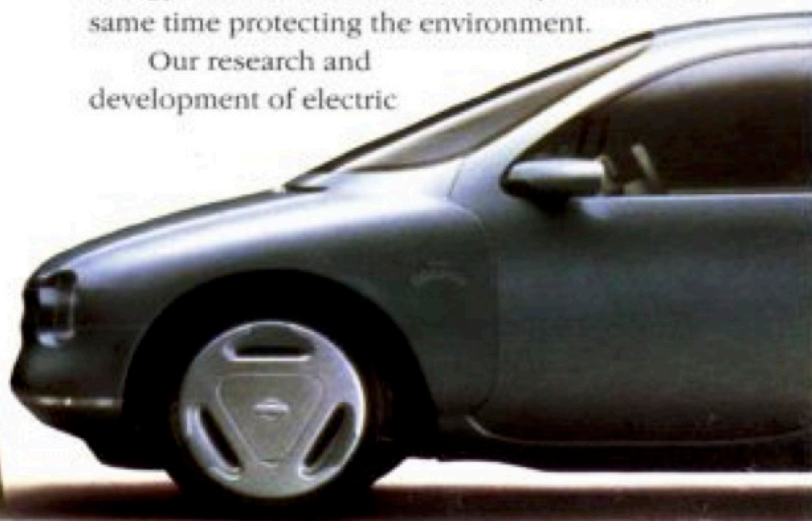

Furthermore, we believe Nissan's participation in the BTCC will continue to generate in turn many valuable developments across the whole range of our vehicles - whether it's improved suspension, performance or aerodynamics - for the future benefit of our customers.

## CONSTANTLY LOOKING TO THE FUTURE

Nissan's sights are set firmly on the future with a variety of concepts and projects aimed at tomorrow's motorist.

For instance, we enjoy a worldwide reputation for our pioneering research into alternative energy sources. As well as finding more efficient ways to use existing resources, we are also using innovative combinations of energy sources to enhance mobility while at the same time protecting the environment.

Our research and development of electric

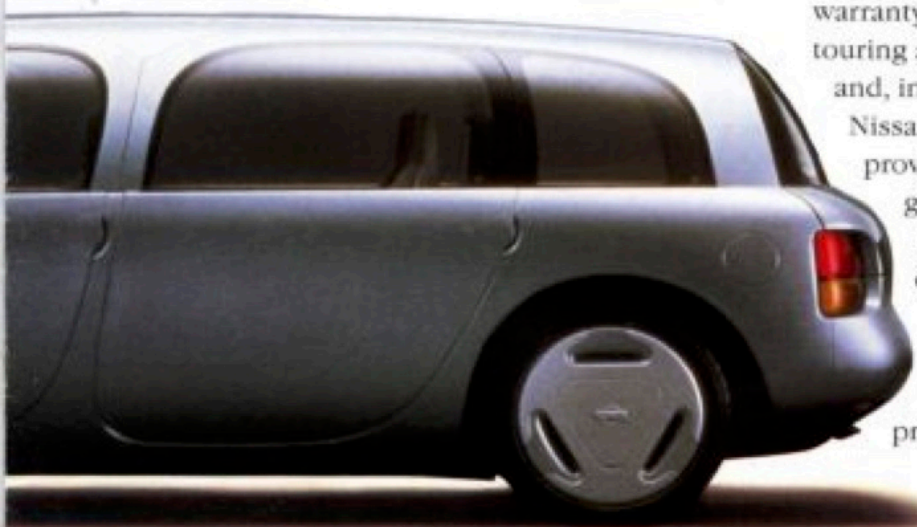

engines dates back to the 1960s. This early start has already proven worthwhile with the commercial success of vehicles for use in leisure complexes and refuse collection. Currently, the FEV (Future Electric Vehicle) boasts an extremely quick battery charging system which allows 60% recharge in only 6 minutes - a mere one fifth of the time needed to charge conventional batteries.

Then there's Nissan's "Cocoon" concept car - an expanded saloon which will provide families of the future with an entirely new dimension in passenger comfort. Its advanced design offers ample interior space for up to six people with a remarkable body length of only 4.5 metres.

## OUTSTANDING COMMITMENT WITH NISSAN'S UNBEATABLE AFTER-SALES BACK UP

A manufacturer's responsibilities, of course, don't stop with producing superb vehicles. Nissan owners also benefit from our unrivalled after-sales commitment: full 3-year or 60,000 miles warranty (whichever comes first) covering materials and labour, a Pan-Europe Service (24-hour assistance anywhere in Europe for warranty-related breakdown including full touring assistance), an outstanding parts service and, in the UK, 1 year's free membership of Nissan Assist - a comprehensive service provided in partnership with the RAC to give you total motoring peace of mind 24 hours a day, 365 days a year, free of charge.

Our UK factory in Sunderland, Tyne & Wear - where the Primera and the new Micra are manufactured - is probably the most efficient car plant in Europe. All Nissan dealers carry an extensive stock of genuine Nissan parts and are backed up by parts centres in the UK and Europe.

We also offer tailor-made finance. For the individual, flexible purchase schemes with first-class payment protection plans. For company users, lease or lease purchase arrangements which have been structured for maximum efficiency. And for the disabled motorist, the Nissan Motability Scheme offers generous discounts.

*Motability*
