MAKE A LASTING IMPRESSION

BRILLIANTLY STYLISH. Elegant and more dynamic with a lower roofline, steeper windscreen angle, flared wheel arches and a sleek front grille intercepting its swept-back headlights, the Note's sharpened silhouette has a lot more scope.

A BROAD SPECTRUM DESIGNER VISION

IN FOCUS. The minute you set your eyes on the dash, it's clear. From the ambient lighting on the multi-information display, to the blue-lit data on the combimeter, information stands out in Note.

ECO-WATCH. The combimeter delivers all your driving data in high definition and includes two new ecometers that measure throttle efficiency and fuel economy in real time.

I-TOUCH. Controlling Nissan Note is effortless thanks to its astute steering wheel commands and the ingenious Intelligent Key. Open the door, start the engine and take off - all at the touch of a button.

RELAX & ENJOY. Slide the rear seats back to create more legroom and bask in the light of the glassroof*.

*Interior trim and specification varies by grade. Please contact your local dealer for more information.

DIG-S ENGINE. Offering the eco performance of a diesel engine without the price tag, Note's 1.2L 98 PS supercharged petrol engine with manual transmission incorporates innovative technologies that reduce the amount of power lost through heat, pumping and friction losses, improving fuel consumption through optimised energy management.

ECONOMICAL ENGINES and class leading technology designed to generate excitement whilst minimising costs. Lightweight & clean cut. Note produces low CO₂ emissions (from 93 g/km*) which has an impact on both the environment and your wallet. *Based on 1.5dCi engine

ECO METER. Note's crystal clear display features two new eco indicators, an eco-pedal dial that rates throttle impact and an eco-drive indicator that evaluates efficiency. Check your eco-score after each trip.

ECO MODE BUTTON. Instantly transform your combimeter into a real guardian of consumption (and therefore CO₂ emissions) with this little button.

STOP/START TECHNOLOGY FOR ALL. Standard on all models, your Stop/Start ignition system reduces pollution and your consumption in city traffic. The engine automatically turns off when your Note is at a standstill (in traffic jams for example) to save on energy and emissions and then smoothly restarts as soon as you prepare to move away.

ENGINE VIEW. Its compact, lightweight 1.2L DIG-S 98 PS engine with super-charged technology achieves excellent economy and low emissions. 1.2L DIG-S engines come with dynamic suspension and 16" alloy wheels.

PURE POWER

MAXIMUM PLEASURE. With CO₂ emissions as low as 93 g/km*, Note is light on the environment as well as your wallet. Its economic engine and class leading technology generate excitement while minimising costs.

ENGINE/ TRANSMISSION	SIZE (L)	OUTPUT (ps)	TORQUE (nm)	CO ₂ EMISSIONS (g/km)	FUEL CONSUMPTION COMBINED (mpg)

NissanConnect

Bluetooth

NISSANCONNECT *

INNOVATION THAT KEEPS YOUR WORLD WITHIN REACH

SMART AND FUNCTIONAL. NissanConnect is incredibly easy to use thanks to the high resolution 5.8" anti-glare touchscreen. It comes equipped with a rich range of features including audio, navigation and communication functions as well as cutting edge connectivity and smartphone integration features.

CONNECTED WHEREVER YOU GO. NissanConnect offers Smartphone integration. Enjoy an ever evolving list of applications* from the comfort of your Nissan's display screen, all tailored to enhance your overall driving experience in a safe way.

INTELLIGENT DRIVER ASSISTANCE and navigation functions support you in all kinds of traffic situations with motorway exit views, lane guidance and dynamic re-routing.

STREAMING AUDIO VIA BLUETOOTH®. Enjoy digital radio, Over The Air internet radio, or stream music from your mobile phone.

IPOD/ USB INPUT. Plug in your iPod or MP3 player to access your entire music library while you're on the road.

*Driving is a serious business. Only use NissanConnect services when safe to do so. Some applications shown are not yet available and more will be available at a later date. NissanConnect service subscription required but is available on a complimentary basis for 2 years from purchase. Service and applications only available in select European countries and on select Nissan models. Services and applications may be provided by third parties outside Nissan's control and are subject to change without notice or liability to Nissan or its agents (including, without limitation, services cancelled/suspended by third parties.) Certain remote functions require compatible phone or device, not included with vehicle. Cellular networks are provided by cellular companies, and are not within Nissan's control. Cellular networks not available in all areas. Roaming charges and/or data usage charges may apply. Nissan is not responsible for any equipment replacement or upgrades or associated costs that may be required for continued operation due to service changes.

NISSAN AROUND VIEW MONITOR 4 CAMERAS. 360° VISION.

DELUXE PARKING AID. Nissan's advanced Around View Monitor (AVM) delivers a bird's eye view of your car and its surroundings directly to your 5.8" touchscreen. It makes reversing and parallel parking so much simpler and stress-free.

BIRD'S EYE VIEW. Using 4 separate cameras, AVM displays an image of your vehicle from above. All you have to do is position your Note within the guidelines and enjoy a perfect parking moment.

COMPLETE THE PICTURE. Located under your driver's side mirror, this camera helps round out your virtual 360° birds-eye view whether you're in drive or reverse.

DON'T SCRATCH YOUR WHEELS. In drive or reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the kerb.

LOOK OUT BELOW. In reverse, the display helps you see what's directly behind you, while the overhead view helps with shorter objects otherwise hidden below your window.

NISSAN SAFETY SHIELD PHILOSOPHY

SURROUND YOURSELF WITH CONFIDENCE

The Nissan Safety Shield technologies* are a comprehensive approach to safety that guides the engineering and development of every vehicle we make. The features described here are just some of many on your Nissan, helping to protect you and yours by focusing on three key areas: keeping an eye on your vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident.

BLIND SPOT WARNING* What you can't see, the Blind Spot Warning System can. If there's a vehicle in the blind spot area on either side of Note, a discreet light will illuminate the wing mirror to let you know. If you're indicating to change lanes and a vehicle is dangerously close, that same light will start flashing and you'll hear a warning signal too.

LANE DEPARTURE WARNING*

Concentrate... no nodding off! The Lane Departure Warning System will warn you if you start drifting out of lane. It can detect the faintest of road markings and unless you're indicating, it'll quickly remind you to straighten up. Cleverly, it automatically adjusts its sensitivity on rural roads to allow for the different driving style required.

MOVING OBJECT DETECTION* Meet your digital co-pilot. The Moving Object Detection function lets you know if anything is approaching the path of your reversing Note. While conventional parking aids warn you of objects in the way, it gives you an audible and visual alert should anything or anyone be moving behind the car, like a small child for example. Very reassuring.

SECURITY MEASURES

RELAX. It's difficult to go wrong with Nissan Note, but 6 airbags as well as ABS, ESP/TCS are standard on all models just to be extra sure.

TPMS. The Tyre Pressure Monitoring System warns you if your tyres are low in pressure. Keeping them at the right level is not just safer, it keeps your fuel consumption down too.

6 AIRBAGS. Front, side and curtain airbags offer maximum protection to all passengers at all times.

ABS. If you ever have to push down hard on the brakes, the anti-lock brake system limits wheel lock up to help you maintain control and stability.

ESP/TCS. The 9th generation Bosch Electronic Stability Program controls brake pressure to individual wheels and reduces engine torque to maximise

traction and help stabilise the vehicle's direction if tyre adhesion limits are accidentally exceeded.

FLEXIBLE IDEAS

ANYTHING GOES. Bikes, bags and any other bulky goods: they're all welcome in Note. The seats fold down in four different ways and the Flexiboard makes the boot storage area even more versatile.

FLEXIBOARD

Light enough to lift with one hand, the Flexiboard allows you to create different luggage compartments quickly and easily. It's even got a waterproof side so you can keep muddy kit separate too. Place the Flexiboard in the upper position to create a secure space below. Split it in two to create a small compartment behind the rear seats and a taller one at the tailgate. Put both parts on the boot floor to create one large space.

FOLDING SEATS. Make more room. At the flick of a switch you can fold the seats down to create space of various shapes and size. The rear seats split 60:40 and with the front passenger seat fully forward, you can pile in items up to 1.7 m long.

EXPRESS YOURSELF

IT'S A MATTER OF TASTE. Why not add some extra character to your Note with a choice of unique colours, finishers and accents.

Optional equipment. This price list features a selection from the full range of optional equipment, be they standard, dealer fit or factory options.

For further information and details of the full range, please contact your local Authorised Nissan Dealer.

Nissan's commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:

Manufacturer's warranty – Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer. Petrol and diesel engine cars - Three-year/60,000 miles. Petrol and diesel engine LCVs and Navara - Five-year/100,000 miles.

LEAF and e-NV200 – Nissan LEAF and e-NV200 offer a 5-year / 60,000 mile warranty on all EV dedicated components, including the lithium-ion battery, and a 3-year / 60,000 mile warranty on standard components. The Nissan LEAF and e-NV200 lithium-ion battery state of health guarantee protects against battery capacity loss (less than 9 bars out of 12) as shown on LEAF and e-NV200's capacity gauge for a period of 5 years / 60,000 miles. For LEAF and e-NV200 flex customers, the battery state of health guarantee applies for the duration of the battery lease.

FURTHER INFORMATION
