

NEW PEUGEOT 308 SW

PEUGEOT

Welcome to the world of PEUGEOT, a world of innovative French manufacturing tradition. Our journey started over 200 years ago with a steel foundry producing a diverse range of products from coffee grinders to saws. Our pursuit for innovation led to the production of our first motorised vehicle in 1889, the Serpollet-Peugeot

– a steam-powered three-wheeler. Our quest for perfection is what drives us, just as it did over 200 years ago. All of our expertise gained through the years has led to this point, introducing the striking new PEUGEOT 308 SW, over 200 years in the making.
