More power. More performance. More pulse.

It is easy to consider the status quo and say: the optimum has been achieved and the maximum reached. Yet, if you look at every detail with as much passion as you do the bigger picture, you discover subtle nuances which offer thousands of new possibilities.

As with everything you love, there is never enough. It is never finished. And can never be stopped. A brilliant idea calls for us to think ahead. To never weaken. And to achieve more.

Fascination wants to be experienced. To always adopt a more exciting form. Which was precisely the inspiration for the new Porsche Cayenne GTS models. We have honed its design once again. Improved its agility. Increased its sportiness. With even more passion and precision.

In other words: we have fitted the Cayenne models with even more Porsche. For longer-lasting goosebumps. More butterflies in your stomach. And greater amazement. Because 'enough' is far too little.

More of what you love.
The new Porsche Cayenne GTS models.

Vehicles pictured: Cayenne GTS and Cayenne GTS Coupé

**More muscles.
More curves.
More looks.**

Simply climb in – and go. Pure, thrilling and straightforward – the new Cayenne GTS creates even more pleasure in driving a sports car.

Its unique proportions are more defined, clearer; and the tingling V8 excitement gets right under the skin. Enhanced by the striking front apron, sideskirts and the aerodynamic roof spoiler of the SportDesign package. Close to the tarmac, the combination of optimised sports suspension and 21-inch RS Spyder Design wheels in satin black confidently defines the wide track. GTS-specific brake calipers in red add a further highlight to the stylistic ideal line.

Black refines the appearance and is particularly eye-catching, both in the logos as well as the distinctive sports exhaust system. The new Cayenne GTS thus skilfully fuels not only the desire to get going, but also to just keep on driving.

Vehicle pictured: Cayenne GTS

**More athleticism.
More expression.
More appeal.**

The new Cayenne GTS Coupé presents itself not only as a modern fusion of proven strength and sports car zeitgeist, but also as an enduring workout for the cheek muscles.

Even before climbing in, the iconic 911 flyline and the distinctive rear section will make you smile. The adaptive rear spoiler provides more attraction in both senses of the word. When driving at 55mph or above, it extends out automatically by 135mm, therefore increasing tyre contact pressure on the rear axle.

The panoramic fixed glass roof is a crystal-clear statement. Harmoniously embedded in the contour of the Coupé, it also directly complements your broad smile with radiant views.

More sprints. More cornering dynamics. More heart racing.

Big dreams of endless roads and unlimited freedom – the new Cayenne GTS has the potential to bring previously unattained dreams to life. The proof: the return to eight cylinders. With 338kW (460PS) and 620Nm of torque, the 4.0-litre twin-turbo V8 engine exudes a vibrating drive to achieve your goals.

Supported by the even sportier setup of Porsche Active Suspension Management (PASM), the 20mm-lowered steel spring suspension steers this power down exciting tracks. Moreover, Porsche Torque Vectoring Plus (PTV Plus) ensures dynamic cornering manoeuvres and driving stability. Meanwhile, the 4D Chassis Control monitors the ideal coordination of all chassis systems. Nothing comes close to the way the new Cayenne GTS makes a driver's heart beat faster.

For fuel consumption and CO₂ emissions, please refer to page 40.

Vehicles pictured: Cayenne GTS Coupé and Cayenne GTS

**More buzzing.
More roar.
More grinning.**

As soon as the engine is started, you will feel the tiny hairs on the back of your arms stand up – and a broad smile appear on your face. This is followed by the powerful V8 symphony from the unique harmony of speed, sound and self-confidence. Perfectly accentuated by the unmistakable timbre of the sports exhaust system. Ever faster, more powerful and passionate, the composition culminates in an emotional crescendo. Then: pause. Breathe. Get ready for the encore – and start again.

Vehicles pictured: Cayenne GTS and Cayenne GTS Coupé

A detailed view of the interior of a Porsche Cayenne GTS Coupé. The image shows the driver's side with the steering wheel, dashboard, and front seats. The seats are black leather with red stitching and 'GTS' logos on the headrests. The dashboard and center console also feature red stitching. A man is visible through the open driver's side door, talking on a mobile phone. The overall atmosphere is one of luxury and performance.

More fine-tuning. More head turning. More sparkling eyes.

The Cayenne GTS models make it incredibly easy to shift into driving pleasure virtually from a standing start. Open the door, take your seat, close the door. Thanks to the leather interior package, including the extensive GTS Alcantara® package, you'll be amazed in seconds just by looking around. The rev counter with the 'GTS' logo shows how enthusiasm goes into every detail. Complemented by the GTS interior package with 'GTS' logos on the headrests and decorative stitching in contrasting colours, Carmine Red or Crayon. The brushed aluminium interior package in black is also available, exclusively for the GTS models.

You can feel the long-distance comfort and lateral support of the electrically adjustable, adaptive eight-way Sports seats. And even in the second row of the Cayenne GTS, your passengers sit in first-class: both on the spacious rear bench seat and on the rear seats of the Coupé with two individual seats. Enjoy more happiness per kilometre.

Vehicle pictured: Cayenne GTS Coupé with lightweight sports package, black

The lightweight sports packages.

Lightweight sports packages.

The lightweight sports packages provide a more athletic overall impression. These are available exclusively for the Coupé in three versions. All three include a contoured carbon roof, the SportDesign package with carbon diffuser trim, 22-inch GT Design wheels and a sports exhaust system with central tailpipes. The carbon interior package awaits you in the black interior: four Sports seats in (partial) leather interior in black with seat centres made of fabric with a traditional diamond pattern. The roof lining and steering wheel are trimmed in black Alcantara®.

Lightweight sports package, black.

The lightweight sports package in black with the rear apron, wheel arch mouldings, 22-inch GT Design wheels in satin black, sideskirts, door sidebars, front apron, air intake grilles and airblades painted in matt black is available as an option.

Porsche Exclusive Manufaktur

Lightweight sports package, carbon.

The lightweight sports package, carbon, adds airblades, exterior mirror upper trims in carbon, as well as 22-inch GT Design wheels in satin platinum. Both the air intake grilles and the mirror lower trims and base have a black high-gloss finish.

Porsche Exclusive Manufaktur

Drive and chassis.

Cayenne GTS and Cayenne GTS Coupé.

- 4.0-litre twin-turbo V8 engine
- Maximum power output: 338kW (460PS)
- Maximum torque: 620Nm
- From 0 to 62mph in 4.5 seconds¹⁾
- From 0 to 124mph in 17.6 seconds¹⁾
- Brake disc diameter, front: 390mm
- Brake disc diameter, rear: 358mm

For fuel consumption and CO₂ emissions, please refer to page 40.

¹⁾ In conjunction with Sport Chrono Package. Standard in the Cayenne GTS Coupé.

The new Cayenne GTS models offer even more opportunities to fully dedicate yourself to the moment. To enjoy driving pleasure in its purest form. And to let the desired route be the destination at the same time. In the background, environmental data are continuously recorded and the chassis systems are synchronised with each other in real time. In addition, the new Cayenne GTS models follow the steering movements more precisely than ever before – while the sporty 8-speed Tiptronic S transforms the output of the powerful V8 engine into enduring propulsion. So that the passion for sports cars is always exactly where it belongs – in first place.

Sport Chrono Package.

In addition to the analogue stopwatch on the dashboard, the Sport Chrono Package includes a mode switch on the multifunction sports steering wheel. Its four modes prime the engine and transmission for maximum responsiveness: Normal, Sport, Sport Plus and Individual. In addition, the Sport Response button trims the entire drivetrain to maximum acceleration for 20 seconds. The information on longitudinal and lateral acceleration can be found in the display in the instrument cluster, along with a performance display for lap times in Porsche Communication Management (PCM).

8-speed Tiptronic S.

The extent of your Cayenne model's athleticism is totally up to you – all that matters is that the 8-speed Tiptronic S keeps up with you. In addition, the consumption is lowered and the comfort is increased.

Coasting.

To save fuel, the so-called coasting function is possible in certain situations. The engine is simply decoupled. For even more efficiency.

Porsche 4D Chassis Control.

Porsche 4D Chassis Control adds a new dimension to suspension control. It analyses the current driving situation based on longitudinal, lateral and vertical acceleration. It calculates the best driving conditions and synchronises all the chassis systems in real time: the fourth dimension. For an optimised overall performance.

Porsche Torque Vectoring Plus (PTV Plus).

PTV Plus is a system intended to improve driving dynamics and stability, especially for lateral acceleration. Depending on the steering angle and steering speed, the accelerator pedal position plus the yaw rate and speed, PTV Plus improves the steering behaviour and precision. It works by precisely applying brake pressure to the inside rear wheel and an electronically regulated rear differential lock. This generates optimum vehicle traction when accelerating out of curves.

Wheels and brakes.

Porsche Ceramic Composite Brake (PCCB).
The cross-drilled ceramic brake discs of the Porsche Ceramic Composite Brake (PCCB) ensure optimum braking performance even in the toughest conditions – and therefore a shorter braking distance thanks to excellent fade resistance. The ceramic brake discs are approximately 50% lighter than comparable cast-iron discs and therefore have a positive impact on driving dynamics. With brake calipers painted in yellow and a brake disc diameter of 440mm at the front and 410mm at the rear, the brakes are a guarantee of performance. Another benchmark in performance and design is the Porsche Surface Coated Brake (PSCB). Easily recognised by its white calipers, it combines a cast-iron brake disc with a ceramic coating (tungsten carbide). The result: direct responsiveness, combined with an exclusive and attractive appearance.

A wide range of attractive 21-inch and 22-inch wheels gives your personal style an even sportier look. At the same time, the wheels ensure a complete and agile driving experience – especially on the racing line.

- 1 21-inch Cayenne Turbo Design wheel in satin platinum
- 2 21-inch Cayenne Exclusive Design wheel
Porsche Exclusive Manufaktur
- 3 21-inch Cayenne Exclusive Design wheel painted in Carmine Red¹⁾
Porsche Exclusive Manufaktur
- 4 21-inch RS Spyder Design wheel in satin black
- 5 22-inch Cayenne Sport Classic wheel painted in Crayon¹⁾
Porsche Exclusive Manufaktur
- 6 22-inch Cayenne Sport Classic wheel in black (high-gloss)
Porsche Exclusive Manufaktur
- 7 22-inch GT Design wheel in satin platinum^{2), 3), 4)}
Porsche Exclusive Manufaktur
- 8 22-inch 911 Turbo Design wheel
- 9 22-inch RS Spyder Design wheel⁴⁾

21 and 22-inch wheels including painted wheel arch extensions and wheel centres with full-colour Porsche Crest.

1) Available in further exterior colours.
2) Only available in conjunction with the lightweight sports package and lightweight sports package, carbon.
3) Also available in satin black in conjunction with the lightweight sports package, black.
4) Only available for Cayenne Coupé derivatives.

Lighting, sound and assistance systems.

Vehicle pictured: Cayenne GTS

Automatic distance control (ACC).

Depending on the distance from the vehicle ahead, the system controls the speed of your Porsche completely independently. Radar sensors in the front apron monitor the area in front of your vehicle. If you have selected a cruising speed and begin to gain on a slower vehicle ahead of you, the system reduces and stops your speed until your chosen distance to the vehicle in front is restored. If the vehicle in front continues to decelerate, the automatic distance control will continue to reduce your speed – to a standstill if necessary. Thanks to the stop-and-go function, the vehicle is able to start up automatically again afterwards.

Head-up display and other assistance systems.

With the new, full-colour head-up display, you have all the relevant driving information freely configurable in your direct line of vision, without being distracted. Other assistance systems, such as Night Vision Assist, Lane Change Assist with traffic sign recognition, Lane Keeping Assist or ParkAssist including Surround View, increase comfort and safety.

LED main headlights with matrix beam including Porsche Dynamic Light System Plus (PDLS Plus).

84 LEDs can be adjusted to the current traffic situation, by switching or dimming. This means that vehicles ahead and oncoming traffic are no longer dazzled and, at the same time, the areas in between and next to them are still fully illuminated. Allowing you to fully concentrate on the road ahead. Porsche Dynamic Light System Plus (PDLS Plus) also includes dynamic cornering lights and an intersection light based on navigation data. As you approach an intersection or junction, the beam of light becomes shorter, more intensely illuminating the left and right-hand side of the road instead.

BOSE® Surround Sound System.

The BOSE® Surround Sound System features 14 amplifier channels. The total output: 710 watts. 14 loudspeakers including a separate subwoofer ensure a balanced, faithfully reproduced acoustic pattern. BOSE® SoundTrue enhancement technology delivers even better audio quality and dynamics for compressed file formats such as MP3. The AudioPilot Noise compensation technology compensates for static noise.

Burmester® 3D High-End Surround Sound System.

The system offers a total output of 1,455 watts, 21 individually controlled loudspeakers including an active subwoofer with 400-watt class D digital amplifier, two-way centre system and a total diaphragm surface area of more than 2,500cm². The special air motion ribbon tweeters ensure unmistakably fine, clear and undistorted high-frequency sound reproduction with excellent level stability. All loudspeaker housings are perfectly matched and deliver superior bass foundation, definition and impulse accuracy. The result is a natural and richly textured spatial sound, even at full volume. Particularly impressive is the new 3D sound experience, created by the loudspeakers integrated into the A-pillars and by the use of a special Auto 3D® algorithm. The sound enhancer also optimises the tone of data-compressed music files.

Porsche Connect.

Note: The Porsche Connect services come with an inclusive period of 24 months, excluding the Car Connect (Remote)/Car Remote Services where the included period is 12 months. Safety and Security/Car Security Services attract an additional subscription. An integrated SIM card – including data – is also included in the price, for the use of selected Porsche Connect services. A WiFi data package can also be purchased in the Porsche Connect Store to use the WiFi Hotspot and remaining Porsche Connect services, such as Music Streaming, via the integrated SIM card. Alternatively, you can use your own SIM card to establish a data connection. Further information about the free inclusive period of use and any subsequent costs as well as more information on the individual services is available online at www.porsche.co.uk/connect (<http://www.porsche.co.uk/connect>) or from your Porsche Centre.

Vehicle pictured: Cayenne GTS Coupé

Porsche Connect.

More time for the essential things in life: use the services and the Porsche Connect app. Synchronise destinations and your calendar entries with your Porsche via your smartphone. Start route guidance even before turning on the engine, and plan your trips with Real-time Traffic Information. You can listen to music via various music streaming services. With the remote services, you always have an overview of your Cayenne GTS: location, trip statistics and car status can be viewed easily in the Connect app.

My Porsche.

The My Porsche portal is the central platform for your Porsche Connect. In addition to configuring the services and getting an overview of the current car data, you can also plan routes using My Porsche and send them directly to your sports car.

Equipment highlights.

Cayenne GTS and Cayenne GTS Coupé:

- 4.0-litre twin-turbo V8 engine
- Maximum power output: 338kW (460PS)
- Maximum torque: 620Nm
- From 0 to 62mph in 4.5 seconds¹⁾
- Sports exhaust system in black (high-gloss)

Design:

- SportDesign package
- Lightweight sports packages (Cayenne GTS Coupé) including central sports exhaust system
- Tinted LED main headlights including Porsche Dynamic Light System (PDLS) and tinted LED taillights and light strip
- Exterior package black (high-gloss)
- GTS-specific calipers in red
- Interior with Porsche Advanced Cockpit and Direct Touch Control

Interior:

- GTS Sports seat (eight-way, electric) with GTS logo²⁾ on the headrests and rear Sports seats for three or two in the Coupé
- Leather interior package with decorative stitching in Carmine Red or Crayon and leather interior package with extensive Alcantara® package
- Brushed aluminium interior package in black
- Rev counter with 'GTS' logo and contrasting colours
- Adaptive Sports seats, front (18-way, electric)
- Door sill guard in brushed aluminium in black with 'Cayenne GTS' logo
- Panoramic fixed glass roof including sunblind (Cayenne GTS Coupé)
- Comfort seats, front (14-way, electric) for Cayenne GTS Coupé with 2+1 rear comfort seats
- Ambient lighting
- Four-zone automatic climate control
- Ioniser for improved interior air quality

Lighting and assistance systems:

- LED main headlights with matrix beam including PDLS Plus
- Collision and brake assist
- Night Vision Assist
- Head-up display
- ParkAssist (front and rear) including Surround View

Connectivity and Infotainment:

- Porsche Communication Management (PCM) including online navigation with 12.3-inch full-HD touchscreen display, numerous interfaces and voice control system with online connection
- Connect Plus including Apple CarPlay, LTE communication module with SIM card reader and integrated SIM card
- Numerous Porsche Connect services
- Porsche Connect app
- BOSE® Surround Sound System
- Burmester® 3D High-End Surround Sound System

Driving dynamics:

- Porsche 4D Chassis Control
- Porsche Traction Management (PTM)
- Steel spring suspension with ride height lowered by 20mm and even sportier Porsche Active Suspension Management (PASM) setup
- Rear-axle steering
- Adaptive air suspension with ride height lowered by 10mm and even sportier Porsche Active Suspension Management (PASM) setup
- Porsche Torque Vectoring Plus (PTV Plus)
- Porsche Dynamic Chassis Control (PDCC)
- Power steering Plus
- Sport Chrono Package

Porsche Exclusive Manufaktur.

Our wealth of experience goes back a long way. Since the very beginning, we at Porsche have been dedicated to realising customer wishes. Known until 1986 as the Porsche Sonderwunschprogramm, then Porsche Exclusive – and now Porsche Exclusive Manufaktur.

We love what we do. We love our work. Every seam, every square inch of leather, and every single other fine detail receives the same devotion. We transfer our experience and passion together with your inspiration to the car – and that's how we bring dreams to life. Directly from the factory.

None of this would be possible without originality, enthusiasm and attention to detail, beginning as early as the consultation stage. That's because we keep in mind one thing above all else: your particular wishes and requirements, turning 'a' Porsche into 'your' Porsche.

And how do we turn your dreams into reality? With composure and meticulous care, by means of precision handcrafting and the use of exquisite materials such as leather, Alcantara®, carbon, fine wood or aluminium. Added value is achieved through dedication and finesse. Or to put it another way: the intersecting of sporty performance, comfort, design and your personal taste. A Porsche with your signature touch.

We offer a wide range of personalisation options. With visual and technical enhancements. For the interior and exterior. From a single alteration to extensive modifications. Your inspiration is our passion.

Be inspired by our examples on the following pages and www.porsche.co.uk/exclusive-manufaktur to learn everything you need to know about configuring these extraordinary vehicles.

Your inspiration. Our passion.

Passion takes many forms. This is yours.

A configuration example from the Porsche Exclusive Manufaktur.

- 1 'PORSCHE' logo and model designation painted in matt black, tinted LED taillights and light strip, lightweight sports package, carbon, door handles painted in black (high-gloss), sports exhaust system including centrally positioned sports tailpipes in black¹⁾, 22-inch GT Design wheels in satin platinum
- 2 Roof spoiler painted in black (high-gloss)
- 3 'PORSCHE' logo LED door projectors, door sill guards in carbon, illuminated
- 4 Interior package with decorative stitching in contrasting colour Speed Blue, seat belts in Crayon, roof lining grab handles in Alcantara®
- 5 Interior trim package with decorative stitching in contrasting colour Speed Blue, lightweight sports package, carbon, Sport Chrono stopwatch dial in Crayon, instrument cluster dial in Crayon, Exclusive Design gear selector, door handles trim package in leather, centre console armrest front with Porsche Crest

¹⁾ Provisionally available from 08/2020.

Enhanced personalisation.

Interior trim package with decorative stitching and seat centres in leather in contrasting colour.

How about even more design freedom in the vehicle interior? The interior packages with decorative stitching and seat centres in leather in contrasting colour from Porsche Exclusive Manufaktur make it possible to configure your Cayenne to meet your individual needs, while lending additional accents to the interior. These packages are available in all standard, special and club leather colours.

Whether used individually or in combination – the result is always a harmonious overall image that makes your Cayenne one thing above all else: one-of-a-kind. Just like you.

Be inspired by our colour combinations. Or visit www.porsche.co.uk to access the Porsche Car Configurator.

1) Data determined in accordance the Worldwide Harmonized Light Vehicles Test Procedure (WLTP) as required by law. You can find more information on WLTP at www.porsche.com/wltp. For Plug-in Hybrid Electric Vehicle (PHEV) range and Equivalent All Electric Range (EAER) figures are determined with the battery fully charged, using a combination of both battery power and fuel. Values are provided for comparison only. To the extent that fuel and energy consumption or CO₂ values are given as ranges, these do not relate to a single, individual car and do not constitute part of the offer. Optional features and accessories can change relevant vehicle parameters such as weight, rolling resistance and aerodynamics which may result in a change in fuel or energy consumption and CO₂ values. Vehicle loading, topography, weather and traffic conditions, as well as individual driving styles, can all affect the actual fuel consumption, energy consumption, electrical range, and CO₂ emissions of a car.

Technical data.

Tyre type	Size	Fuel efficiency class/ rolling resistance	Wet grip class	External rolling noise ¹⁾ (class)	External rolling noise (dB)
Cayenne GTS and Cayenne GTS Coupé					
Summer tyres	285/40 ZR 21	C–B	A	–	74–70
	315/35 ZR 21	C–B	A	–	74–70
	285/35 ZR 22	C	B–A	–	75–68
	315/30 ZR 22	C	B–A	–	75–70

For logistical and technical reasons relating to the production process, we are unable to accept orders for a particular make of tyre.
1) Quiet rolling noise, Moderate rolling noise, Loud rolling noise.
