THE SEAT ALHAMBRA

The perfect fit for your family. Designed to help you enjoy the very best of family life, the SEAT Alhambra offers all the space and versatility you need along with a stylish, distinctive design. There is also lots of clever technology and entertainment to keep everyone happy. So whether you're taking the whole family on a weekend trip to the countryside or just doing the school run, the SEAT Alhambra is perfect for any adventure.

THE SEAT ALHAMBRA COLLECTION

Luckily the SEAT Alhambra is available in 3 different trims; allowing you to choose the perfect Alhambra.

The S model will provide everything you need for you and your family with a range of options so you can really make it perfect for you.

The elegant and capable SE is stylish and packed with technology to enjoy. It's an MPV that blends supreme style with serious capability.

For families who want more, opt for the luxurious XCELLENCE with more features, more safety and more fun. The XCELLENCE trim gives the SEAT Alhambra an unmatched superior finish.

Model shown: Alhambra SE in optional Romance Red metallic paint.

10 REASONS

GO FOR IT IN 10, 9...

YOU PROBABLY DON'T NEED ANY MORE REASONS TO LOVE THE SEAT ALHAMBRA.
But here are ten of them anyway.

1

It fits with your family
Families come in all shapes and sizes. That's why the SEAT Alhambra is versatile enough to adapt to all your needs.

2

Exceptional design
The LED taillights are just one design feature that will leave everyone envious. But it's not only about appearances: LEDs keep you more visible to other cars and therefore safer on the road.

3

The car that adapts to your driving mood
With the SEAT Drive Profile you can adjust your SEAT Alhambra's settings to three different functions: Normal, Comfort or Sport. Just another example of how the SEAT Alhambra adapts to the needs of your lifestyle.

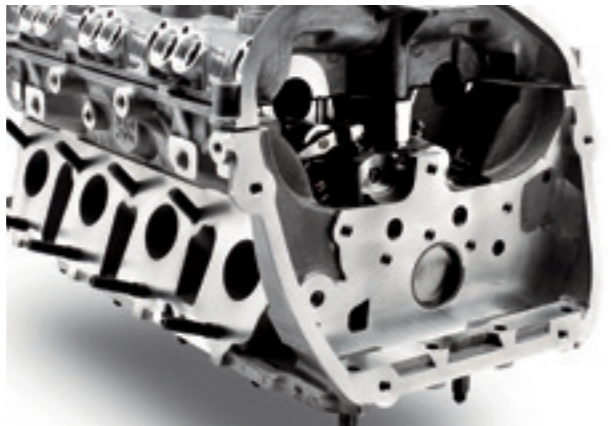

4

At the touch of a button
Your kids will think it's magic. You'll think it's incredibly convenient. The SEAT Alhambra's Automatic Sliding Doors open at the touch of a button. Because life can be magical and convenient at the same time.

5

Massive space, more options
Imagine how much you can fit into 2297 litres of interior space? But space isn't just about size, it's about knowing how to get the most out of it. With Easy Fold you can individually fold down any of the seven seats to accommodate cargo and passengers as well.

6

Latest generation of engines
The range of Alhambra engines are as environmentally friendly as they are economical. The new Alhambra allows you to carry the whole family without losing the dynamism or driving pleasure.

7

Comfort and quality
You and your family will feel at home inside the SEAT Alhambra. Furnished with new upholsteries that exude quality and are built to last, the SEAT Alhambra makes every journey a comfortable experience. Add the luxurious Massage Seat for extra comfort and relaxation in your SEAT Alhambra.

8

Make sure everyone is safe
There are many ways that the SEAT Alhambra can keep you safe. One of them is with Blind Spot Detection, a safety technology that helps you to spot oncoming vehicles in your door mirror, even when they're in your blind spot.

9

Connected driving
With Full Link Technology, everything is mirrored on the screen of your SEAT Alhambra's dashboard making driving a more connected experience.

10

Family friendly
We know the SEAT Alhambra will not only serve as a great vehicle, but will also become a member of your family. With Top tether rear seatbelts that protect passengers by securing the upper body and reducing the forward rotational motion associated with front impacts.

TRIM

S

DESIGNED FOR TODAY'S FAMILIES.

Model shown: Alhambra S in optional Atlantic Blue metallic paint.

- 16" 'Design' alloy wheels with 215/60 R16 95H self-sealing tyres

The Recommended 'On The Road' price includes delivery charge to dealer and number plates, one year's Road Fund Licence at the First Year Rate (£0 – £2,000 depending on the CO₂ output of the vehicle), and the new vehicle registration fee (£55). VAT is calculated at 20.0%. *For full details on fuel consumption, CO₂ figures and VED bands (Vehicle Excise Duty) please see page 20. Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. Optional wheels may affect emissions and fuel consumption figures. More information is available on the SEAT website at www.seat.co.uk and at www.dft.gov.uk/vca.

For detailed information go to www.euroncap.com.

ADBLUE

The use of AdBlue helps the environment by reducing the number of harmful emissions created by diesel engines.

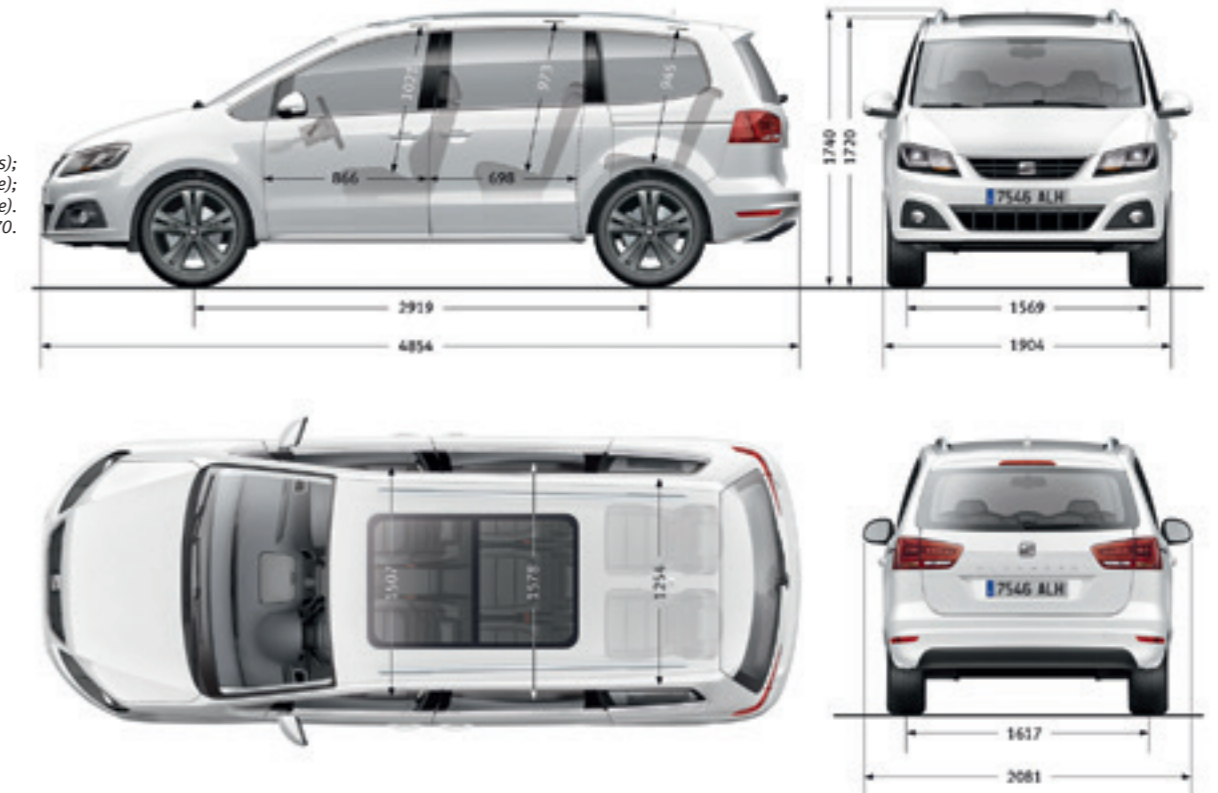

¹ The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS by 1.0139.

² Where law permits.

³ Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated within this standard.

Fuel tank capacity (l): 70.

VEHICLE EXCISE DUTY

All new vehicles are subject to a form of vehicle excise duty based on the type of fuel the vehicle uses and its carbon dioxide (CO₂) emission level, measured in grammes per kilometre (g/km). To help you identify the duty you will pay, the DVLA has created thirteen bands. The table below shows the 12 month RFL rate for petrol and diesel cars: *Effective from 1st April 2017 until 31st March 2018.*

CO ₂ g/km	Band	1st Year Rate	Standard Rate
0	A	£0	£0
1	B	£10	£140
51	C	£25	£140
76	D	£100	£140
91	E	£120	£140
101	F	£140	£140
111	G	£160	£140
131	H	£200	£140
151	I	£500	£140
171	J	£800	£140
191	K	£1,200	£140
226	L	£1,700	£140
256	M	£2,000	£140

FUEL CONSUMPTION AND CO₂

Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the SEAT website at www.seat.co.uk and at www.vca.gov.uk.

How is the fuel consumption test conducted?

- The test is outlined in Directive 93/116/EC as amended by Regulation (EC) 692/2008, and provides results that are more than representative of actual average on-road fuel consumption than previous tests. There are two parts: an urban and an extra-urban cycle. The cars tested have to be run-in and must have been driven for at least 1,800 miles (3,000 kilometres) before testing.
- Urban Cycle.** The urban test cycle is carried out in a laboratory at an ambient temperature of 20°C to 30°C on a rolling road from a cold start, i.e. the engine has not run for several hours. The cycle consists of a series of accelerations, steady speeds, decelerating and idling. Maximum speed is 31mph (50km/h), average speed 12mph (19km/h) and the distance covered is 2.5 miles (4km).
- Extra-Urban Cycle.** This cycle is conducted immediately following the urban cycle and consists of roughly half steady-speed driving and the remainder accelerations, decelerations, and some idling. Maximum speed is 75mph (120km/h), average speed is 39mph (63 km/h) and the distance covered is 4.3miles (7km).
- Combined Fuel Consumption Figure.** The combined figure presented is for the urban and extra-urban cycle together. It is therefore an average of the two parts of the test, weighted by the distances covered in each part.

Additional information can be found at: www.vca.gov.uk.

CO₂ BENEFIT IN KIND (BIK) TAX

How to calculate your liability

The BIK value is calculated by taking the On The Road (OTR) price of the vehicle, less the RFL and first registration fee. This figure, known as the P11D value, is then multiplied by a percentage value based on the CO₂ emissions of the vehicle.

- For tax year 2017/18, the banding starts at 9%, applicable to cars which emit between 0 and 50 g/km (a 3% surcharge exists on all diesels that emit less than 180 grammes of CO₂ per kilometre).
- Cars which emit between 95 and 99 g/km attract a charge of 18%.
- Cars which emit between 100 and 104 g/km attract a charge of 19%. Every 5 g/km increase from 105 g/km adds 1% to the banding.
- The maximum charge is 37%.
- The exact CO₂ figure is always rounded down to the nearest 5 g/km (e.g. emissions of 139 g/km would be charged at the rate for 135 g/km).

To find out how much you will pay, simply multiply the BIK value by 20% or 40% depending on the level of income tax that you pay.

BIK calculation example – Alhambra SE 2.0 TDI Ecomotive 150PS	
P11D value (OTR price less RFL and first registration fee)	£29,355.00
CO ₂ emissions (g/km)	132
Company car BIK tax based on CO ₂ emission level	28%
Taxable BIK (for 2017/18 tax year): 28% of £29,355.00	£8,219.40
Annual company car tax (2017/18)	
20% income tax: 20% of £8,219.40	£1,643.88 per annum
40% income tax: 40% of £8,219.40	£3,287.76 per annum
Monthly company car tax (2017/18)	
20% income tax: £1,643.88 divided by 12	£136.99 per month
40% income tax: £3,287.76 divided by 12	£273.98 per month

Fuel benefit charge

If your employer provides you with free fuel, this is treated as an additional taxable benefit. The charge for the 2017/18 tax year is based on a set figure of £22,600.00, and uses the same percentage figure used to calculate your company car BIK value.

Fuel benefit charge example – Alhambra SE 2.0 TDI Ecomotive 150PS

The percentage used to calculate the BIK value for the Alhambra SE 2.0 TDI Ecomotive 150PS is 28%.

If free fuel is supplied with this car for the 2017/18 tax year, the fuel benefit will be:

£22,600.00 x 28% = £6,328.00

At 20% income tax: £6,328.00 x 20% = £1,265.60

At 40% income tax: £6,328.00 x 40% = £2,531.20

Effect of Wheel Size on CO₂

Choosing larger wheels than standard as options may result in increased fuel consumption as well as higher CO₂ emissions and consequently increased Vehicle Excise Duty (VED) and BIK rates. This is due to larger wheels having both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance. As a result, the VED band that the vehicle falls into may increase. In some instances, the 'On the Road' price for the vehicle may increase as a result of the increased VED rate. No Alhambra models are affected by this regardless of the optional wheel chosen.

SEAT INFORMATION

The SEAT Warranty

Three-year Warranty. All new SEATs registered in the UK come with a three year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 (whichever is soonest) Dealer Warranty. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised SEAT dealer or repairer, however, this additional warranty must be purchased before the mileage reaches 60,000. Cover is subject to the car being serviced and maintained according to the manufacturer's technical guidelines. Full details of the three-year warranty are available from your SEAT dealer or repairer.

SEAT Extended Warranty.

If you take out a SEAT Extended Warranty before your new car is registered, you'll get exactly the same level of cover as the three year warranty, but for up to five years. You can choose a SEAT Extended Warranty to last until the end of the 4th year/up to 75,000 miles or until the end of the 5th year/up to 90,000 miles (whichever is soonest). PLEASE NOTE: SEAT Extended Warranty products are only available at the time of ordering your new SEAT.

Three-year Paint Warranty.

The paintwork of all models featured in this price list is covered against manufacturing defects for a period of three years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook.

Please consult your authorised SEAT dealer or repairer for full warranty details.

Twelve-year Body Protection Warranty.

The internal body sections and panels of the models featured in this price list are covered against rusting through from the outside for twelve years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

SEAT Parts Warranty.

SEAT parts and accessories supplied after new vehicle delivery are covered by our 24 months parts warranty.

Specifications.

Specifications refer to Model Year 2018. While SEAT makes every effort to make sure that specifications are accurate at time of going to press **(05/17)**, you should always check details with your SEAT dealer as there may have been changes in view of SEAT's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this price list can therefore be given as guidance only.

SEAT Insurance.

Insurance works alongside your existing main motor insurance policy no matter who it's from, giving you three years FREE cover on all new and used SEATs. Activate your policy at seat-insurance.co.uk and get one-stop accident management in the event of an accident or theft. After activation, you'll receive a confirmation email and Cover Booklet PDF with full terms and conditions.

SEAT Assistance (including European cover).

Any new SEAT purchased and registered in the UK from an authorised SEAT dealer, is covered free by SEAT Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of two years. Your member of the SEAT authorised network will ensure that all servicing and repairs are carried out in accordance with the manufacturer's instructions. Terms and conditions apply.

Model shown: Alhambra XCELLENCE with optional Romance Red metallic paint.

We are Spanish and German. We are passionate perfectionists. We are emotional technologists. Everything we know, is everything you feel. We give design a purpose. We bring technology to life. We call it TECHNOLOGY TO ENJOY.
We are SEAT.

SEAT

TECHNOLOGY TO ENJOY

SEAT is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. The information in this brochure can therefore be given as guidance only. While SEAT makes every effort to ensure that specifications are accurate at the time of publication, you should always check with your authorised SEAT dealership for the latest information. The information in this document refers to model year 18 vehicles. Due to limitations of the printing process the colours reproduced in this price list may vary slightly from the actual paint colour and material. These vehicles and all their parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled/recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality. SEAT UK has made provision for the correct disposal and recycling* of all SEAT Vehicles when they are delivered by the customer to its national network of Environment Agency authorised treatment facilities. This service is offered at no cost to the last holder and applies to SEAT vehicles of any age which are substantially complete. The service is provided by Cartakeback.com and to find your nearest facility contact 0845 257 32 33 or browse to www.cartakeback.com.

**Since 2006 all vehicles returned to SEAT were certified by UK Government to be recycled to 85%. This price list has been produced from Satimat paper which is Forest Stewardship Council certified.*

05/2017 Printed in the UK.
