

SEAT **ibiza**

SEAT

Designed to delight...

You instinctively know when something
is right.

It feels right.

It looks right.

It makes you feel good.

That's the SEAT Ibiza.

'We love the SEAT because it looks good, goes well and is fun to drive, the whole feel of the car exuding the kind of spirit you'd expect from a dynamically appealing hatch which, albeit in highly tuned petrol engined form, has three years of successful Formula Two rallying under the belt'

Bob Cooke, Diesel Car.

Road testing the Ibiza 1.9TDi

The start of your most enjoyable journeys...

You should expect a lot from your car. You should expect to travel in comfort and to arrive relaxed. So why do so few cars deliver? The Ibiza does... and more. Journeys are more enjoyable because of SEAT's determination to maximise roominess and comfort. And to reduce noise levels.

Quieter cars are more relaxing. So the Ibiza has had vibration designed-out - through the precise fit of the body panels and the outstanding workmanship of the interior. More quality, less noise. The interior is designed to enhance your driving pleasure. Exceptionally durable upholstery is combined with high quality surfaces. And the height of the steering wheel is adjustable.

Keeping you informed

The instrument panel is the result of the principles of ergonomics - the instruments are grouped around the three spoke steering wheel so that they are simple to read; information is communicated to you through a variety of visual and acoustic indicators. The controls are located so that they can be operated with minimum effort.

A multifunctional screen is standard on all models. The digital screen displays settings for air conditioning, external temperature, clock and audio information. The Autoclima air conditioning system enables you to maintain your chosen temperature inside the vehicle. It includes a filter which keeps out pollen and other unwanted particles, creating a better internal environment.

We all know those times when extra power can mean safer driving. Timely overtaking for example. So SEAT has made the Ibiza a small car that's a pleasure to drive, whatever the traffic conditions.

There's a choice of five engines - three petrol and two diesel - to suit a wide range of driving styles. Whichever is right for you, it'll have low fuel consumption, low pollution levels, exceptional durability and high torque.

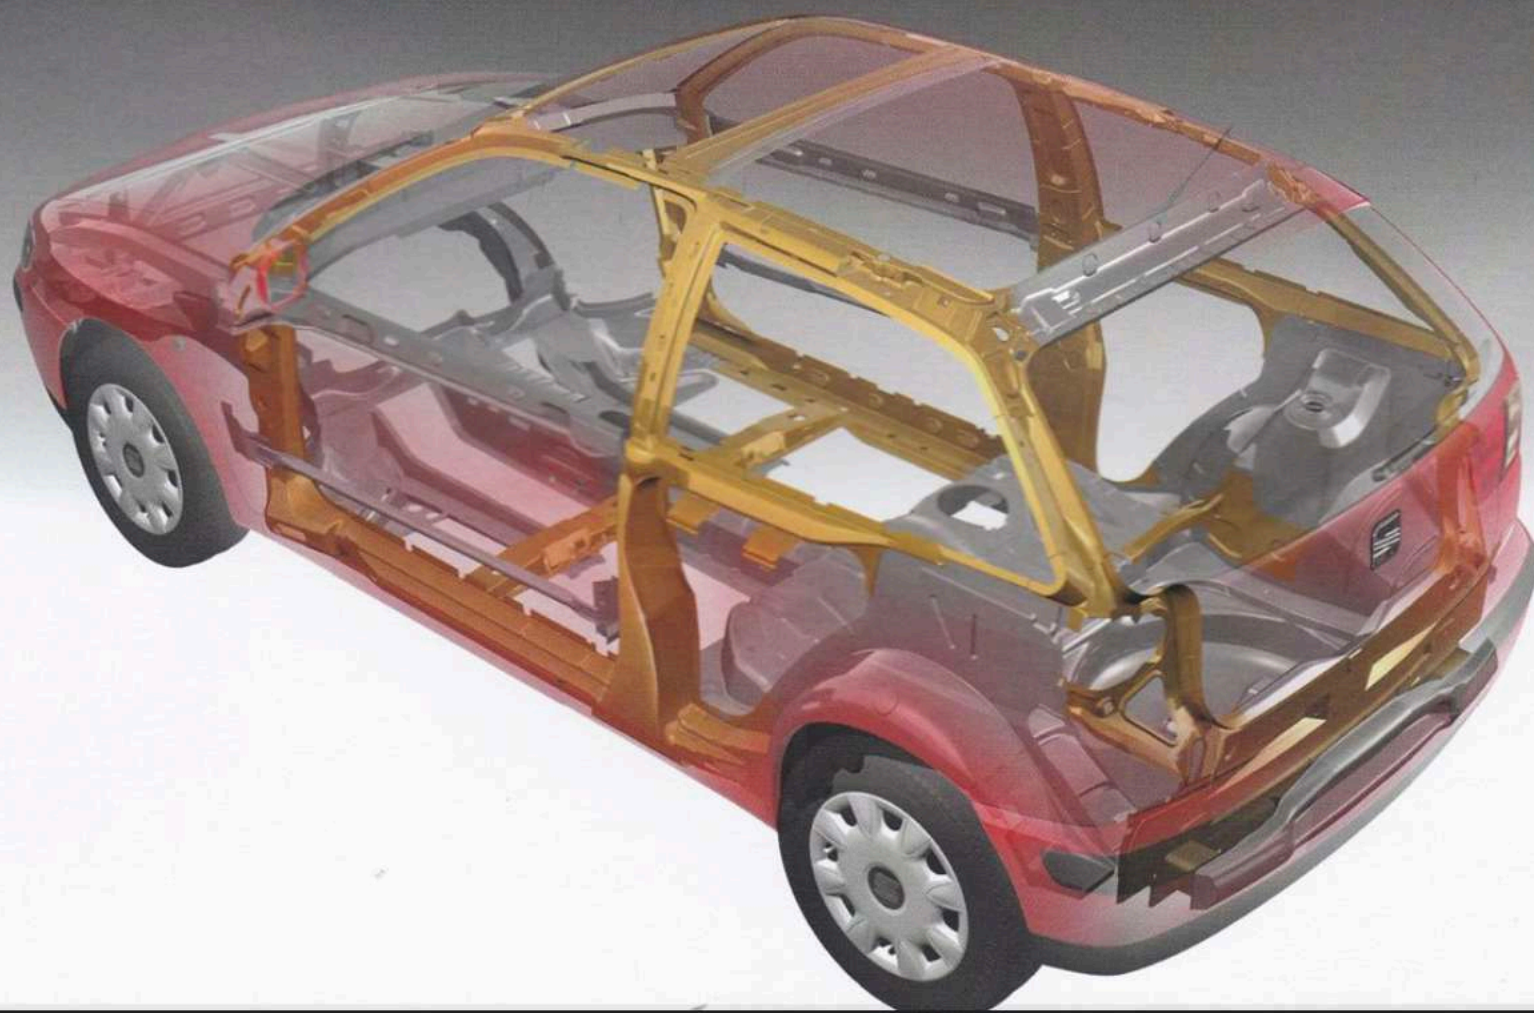

The 1.4 and 1.6 petrol engines combine power with economy, while the 1.9SDi and sportier 1.9TDi prove that frugal diesel engines can be fun to drive. The remaining engine, the 1.8 20V T, is specified on the Ibiza Cupra - the description's opposite.

A driver's airbag is standard across the Ibiza range; Front passenger's and side airbags are standard on the Sport and Cupra models. ABS anti-lock brakes are specified on the 1.9TDi model as well as the Sport and Cupra models.

The Ibiza has a rigid bodyshell, with three crumple zones. This 'safety cage' prevents more crash energy being transferred to the passenger compartment.

Power when you need it,
safety all the time

The hot hatch redefined

Cupra stands for Cup Racing - a clear indication of SEAT's sporting pedigree. SEAT's latest hot hatch is powered by a 1.8 litre turbocharged 20 valve 4 stroke unit, delivering a muscular 156Bhp. From a standing start it'll take you to 62mph in 7.9 seconds and on to a top speed of 135mph where law permits.

Handling matches performance. It's crisp, well weighted, with a sure grip that effortlessly guides the Cupra through corners.

The Traction Control System (TCS) prevents loss of traction under hard acceleration. And the Electronic Differential System (EDS) prevents loss of traction in the drive axle caused by the skidding of one of the tyres. ABS anti-lock braking is also standard. The wheels are 16" titanium-coloured alloys.

The Ibiza Cupra also looks the part. At the front, the grille is honeycombed and there are rounded fog lamps. At the rear, there are twin exhaust pipes. Inside, the white-faced dials are clustered within the span of the three-spoke leather steering wheel. The gearshift is leather with a titanium gear knob and the pedals are dark titanium colour. The sport front seats are part leather-upholstered and provide the grip you need plus long-journey comfort.

The Cupra has a specification that you would expect of a car built around the driver. Naturally, air conditioning is standard; there are airbags for both front seat occupants as well as side airbags. A journey computer feeds you with the information that adds to the satisfaction of your drive. For a complete specification, see overleaf.

*Where law permits

**Urban: An engine started from cold in laboratory conditions operated at varying speeds, maximum 31mph, average 12mph over a theoretical distance of 4km (2.5 miles).

**Extra Urban: Conducted immediately after the urban cycle, it consists of half steady speed driving and half varying speed driving, maximum 75mph over a distance of 7km (4.3 miles).

**Combined: This is an average of the two parts of the test, weighted by the distances covered in each part.

This test is in accordance with European directive 93/116/EC as amended and must be complied with by all manufacturers. Please also refer to the notes on the rear cover.

SEAT Warranty

As from July 1st 2000, any new SEAT purchased and registered in the UK from an authorised SEAT dealer and supplied by SEAT UK is covered by a warranty lasting three years from the date of first registration, or 60,000 miles, whichever occurs first.

First year manufacturer's warranty

The one year manufacturer's unlimited mileage warranty protects your vehicle against the failure of all components due to manufacturing defects, excluding only service and normal wear and tear items.

Second and third year dealer warranty

The second and third year SEAT dealer warranty, covering electrical and mechanical items against manufacturing defects, is valid upon:

- 1) the completion of the manufacturer's warranty and the vehicle not having covered more than 60,000 miles, and
- 2) the vehicle being serviced and maintained at an authorised SEAT dealer according to the manufacturer's recommendations.

Paint and Bodywork Guarantee

Ibiza models benefit from a one year warranty against paintwork manufacturing defects.

The bodywork of all Ibiza models benefits from a 6 year anti-perforation warranty.

Specifications

Specifications for the Ibiza refer to Model Year 2001. While SEAT makes every effort to make sure that specifications are accurate at time of going to press (10/00), you should always check details with your SEAT dealer as there may have been changes in view of SEAT's policy of continuous product improvement. The right is reserved to change specification and colour at any time.

Service Intervals

- A major service is required only at 20,000 miles.
- An inspection service (which includes an oil change) is required once every 12 months for cars with an annual mileage of under 10,000 miles.
- An oil change service is required every 10,000 miles.

SEAT Assistance

Your new SEAT purchased and registered in the UK from a SEAT dealer and supplied by SEAT UK, is covered free on SEAT Assistance and recovery to a SEAT dealer for a term of three years, providing all servicing and repairs have been carried out by an authorised SEAT dealer, in accordance with the manufacturer's recommendations.

SEAT Accessories

SEAT accessories and styling options are designed to add an extra touch of individuality. All SEAT accessories supplied before delivery of a new vehicle purchased in the UK and supplied by SEAT UK, are covered for the duration of the three year/60,000 mile SEAT dealer warranty. SEAT accessories supplied after new vehicle delivery are covered by our 12 months parts warranty. SEAT accessories are available from your SEAT dealership, along with a line of top quality SEAT clothing.

Motability

Every SEAT dealer participating in the Motability programme has been approved as a Motability First Class Supplier.

SEAT Finance Solutions

SEAT Solutions enables you to drive away a new SEAT at a more affordable cost than you previously thought possible. SEAT Finance is a trading name of VOLKSWAGEN FINANCIAL SERVICES (UK) LIMITED.

Test-Drive a SEAT

To arrange a test drive at your nearest dealer, or for any questions you may have about SEAT, call us on FREEPHONE 0500 22 22 22.

Government fuel figures

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitable differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption.

Optional Equipment

Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. Any vehicle ordered with optional equipment (other than metallic paint) will be subject to a 12 week minimum delivery period.

Print processes do not allow exact reproduction of colour.

Some illustrations in this brochure depict left hand drive models. Consequently, controls and some items of equipment may differ on UK models.
