

NEW LEON

ENJOYNEERING

TECHNOLOGY TO ENJOY

Getting you to your destination isn't the end of the journey for our cars. It's just the beginning. We want them to inspire you as well. So we engineer them with your enjoyment in mind. It's this philosophy that lies behind everything we do as a company. We call it: **ENJOYNEERING.**

LEON ST

MORE SPACE MORE LIFE

We can never be sure what life has in store for us, that's why we built the **new SEAT Leon ST** with versatility at its heart. It's our first Leon estate, so naturally we wanted it to be first class. That's why along with all the other great features of the Leon 5dr, we packed it full of space. It comes with an impressive boot of 587 litres of capacity that can easily turn to 1470 litres at a push of a button thanks to the innovative Easy Rear Seat-back Release mechanism*. The boot has a chrome loading sill* for added protection and offers endless possibilities thanks to its double boot floor design.

If that's not enough, add to it the optional Adaptive Cruise Control (ACC) that automatically adjusts your speed to keep you safe and panoramic sunroof that gives your view a fresh new perspective. Now that's the new Leon ST. Never again will you have to decide between style and versatility.

* Standard on SE and FR models.

LEON ST

WE GIVE DESIGN A PURPOSE

The new SEAT Leon family has been redesigned from the ground up. Quality engineering and technology ensure the new Leon is a driving experience like no other. With iconic angular design at its heart, the Leon benefits from sporty, streamlined proportions that make it responsive at every turn. The sharp angles merge seamlessly with fluid curves and flowing lines to ensure a bold exterior. One that truly sparkles in sunlight and embraces the warmth you have come to expect from a SEAT. Without light there is no design and that has driven this car, from conception to completion.

The new Leon is more confident, more dynamic and filled with some of our brightest ideas yet. Like the EasyConnect System, which controls the entertainment, communications and car functions via a touchscreen. And the SEAT Drive profile which is standard on FR models, allowing you to select different driving modes depending on what driving mood you're in. Available with a range of powerful but efficient engines, you'll wonder why all cars aren't engineered like the SEAT Leon. After all, every detail has a higher purpose. Put simply, this is a car to enjoy.

LEON 5DR

LEON 5DR

FUNCTIONALITY MOVES US

When we designed the new SEAT Leon, we wanted it to be practical as well as beautiful. The kind of car that everyone could enjoy every day. That's why we gave it five doors. By integrating them into the design we've made the generous cabin easily accessible for everyone travelling, without losing any of the car's fluid good looks.

And, because more people often means more stuff, the new Leon 5dr and Leon SC come with 380 litres of boot space. This way it can accommodate a whole family and their bags without compromising its cool styling.

In the **new SEAT Leon**, form and function live together. Comfortably.

LEON SC

DYNAMIC DRIVING FOR A DYNAMIC LIFE

And for the sportier amongst us, look no further than the **new SEAT Leon Sports Coupé**. The new Leon SC has everything the new Leon 5dr has and more, with a specific focus on agility to provide a dynamic driving experience. Being agile allows you to rapidly respond to change. It is the skill of movement – the combination of balance, coordination, speed, reflexes, strength and endurance. We can think of no better place for those attributes than in your car. That's why the new Leon SC is fitted with a shorter wheelbase than the Leon 5dr, resulting in a more dynamic chassis and a more responsive drive.

Just like the Leon, the new Leon SC benefits from the option of one of the best Sound Systems with built-in subwoofers in its class, and has a Tiredness Recognition System that will alert you if you lose concentration, which is part of the optional Safety Pack. But if you still want more, there's also a Direct Shift Gearbox with steering wheel paddles that puts sporty driving at your fingertips.

Welcome to the bright side of driving.

LEON SC

THE POWER TO STEER YOUR EMOTION

The new Leon looks powerful even when it's standing still. Start the engine, and you'll discover it's a car that also keeps its promises, without sacrificing control and agility. Choose from the formidable but efficient 1.6 litre TDI; the lean, mean 1.2 litre TSI; or go all out with our most powerful engines– the 1.8 TSI and the 2.0 TDI.

All our engines are efficient powerful and responsive. Thanks to their innovative fuel economy, performance won't come at a price. These are a new generation of engines with lower emissions and petrol consumption than ever before.

And, with a more evenly balanced suspension, the new Leon offers more than just raw power; it connects you to the road through a drive that's sporty, dynamic and comfortable. Add to the mix the options of a DSG gearbox with gearshift paddles mounted on the steering wheel and driving the Leon will ensure you have all the power and control right at your fingertips.

THE NEW SEAT LEON RANGE

The character of an icon

LEON 5DR

Giving design a purpose

LEON ST

An estate to fall in love with

WE CARRY THE BEST OF US INSIDE

We wanted the new Leon to be more than a car. We wanted it to be an experience. That's why every feature and fitting is made to such exacting standards. From the ergonomic seats and moulded instrument clusters, to the chrome door handles and leather steering wheel; everything in the new Leon breathes an air of quality.

The new Leon SC is also fitted with a shorter wheelbase for more impressive design proportions, without losing any space in the back. There's also a range of upholstery choices, including Alcantara, beige leather*, black, and grey. An extra touch of distinction is provided by the optional LED Interior Illumination Pack, which includes courtesy lights (front and rear), footwell (front and rear on FR) and vanity mirror lights, all with bright LED technology. And you'll find sophisticated infotainment systems that will keep you up-to-date and entertained.

The new Leon SC comes with sport seats standard in all trims. Perfectionism can be seen and felt in every detail of the new Leon's construction. And that's before you've even turned the key.

* Not available for Leon SC.

DON'T LEAVE ANYTHING BEHIND

Everything in the new SEAT Leon ST has been designed to make the most of its 587 litres of boot space.

The boot has a double-floor that can be easily adjusted using both the tray and boot liner underneath. When not in use, the boot tray can be easily stored under the liner, increasing the capacity of available space to 687 litres.

The wide opening makes it easy to store or transport long objects. And if further space is needed, the Easy Rear Seat-back Release mechanism allows you to fold one or more of the rear seats flat in seconds. An optional net will ensure that your belongings are secured in place. Now you can have full use of 1470 litres of boot space.

There is no item big enough to beat the versatility of the new Leon ST.

1470L CAPACITY WITH DIVIDER NET.

OPTIONAL FOLDABLE FRONT PASSENGER SEAT.

1470L CAPACITY.

DRIVING PLEASURE IS ABOUT ENJOYING THE DETAILS

Look deep into the new Leon's sculpted front and rear lights, and you'll see the future: SEAT Full LED headlights. A unique feature that brings the benefits of daylight to nighttime driving.

LED lights are smarter and more efficient than their halogen equivalents. With pure white 'daylight' at the front for improved vision and faster response lighting at the back to give drivers behind you more time to react when you brake. Not only do they make you more visible, they also give the new Leon a sleek look that's sure to be admired.

With futuristic lights outside, we had to create the optimum experience inside too.

Why not combine the full LED headlights with two more convenient features of navigation system and DAB digital radio. The Technology Pack combines all three of the most popular options and offers great value.

TECHNOLOGY PACK

DIGITAL AUDIO BROADCASTING (DAB) RADIO TUNER.
Enjoy listening to your favourite radio station with complete clarity, in addition to FM and MW frequencies.

NAVIGATION SYSTEM.
Let it guide you to your destination with its 7 digit post code functionality, 3D map display and navigation via voice command.

FULL LED HEADLIGHTS.
The new Leon is the first car in its segment to offer full LED headlights. They make use of LED technology both in the main and dipped beams, but also the daytime running lights. They also give the new Leon a sleek, contemporary look.

THE WORLD RIDES WITH YOU

The SEAT Sound System and radio, navigation system, Bluetooth® and more, are all controlled through our very own EasyConnect entertainment system, which is standard on all models. This allows you to manage the new Leon's large array of infotainment options through a single touchscreen mounted on the dashboard. In addition, the entire console is driver-oriented for easier control.

A substantial 5" screen comes as standard, with the option to upgrade to a larger size, customised trim colours and specific system upgrades that meet your needs. However, you control the three-dimensional button designs, razor-sharp display and logical interface, all of which will keep you connected to the world and your inner-child.

SEAT DRIVE PROFILE.

Change the Leon's driving mode on the SEAT EasyConnect. Choose from Normal, Sport, Eco or Individual to vary the engine responsiveness and sound, power steering and door lighting. This is standard on FR.

NAVIGATION SYSTEM.

Driving is less stressful when you can see where you need to go, effortlessly.

BLUETOOTH®.

Control the Bluetooth® function and dial directly via the touchscreen display and voice command. This is standard on all models.

TRIP COMPUTER.

Displays relevant information about the status of the car, divided into three menus; driving data, eco and vehicle status. Within these menus you will find information relating to fuel consumption, speed and journey times.

OPTICAL PARKING SYSTEM DISPLAY.

The Optical Parking System display allows you to see a moving image of the car as you park, and helps you to avoid any obstacles. For cars with front and rear parking sensors, standard on FR optional on SE.

SEAT SOUND SYSTEM.

The Leon's optional sound system is easy to use and with 9 speakers and a built-in subwoofer in the boot, it also leaves a big impression, wherever it goes.

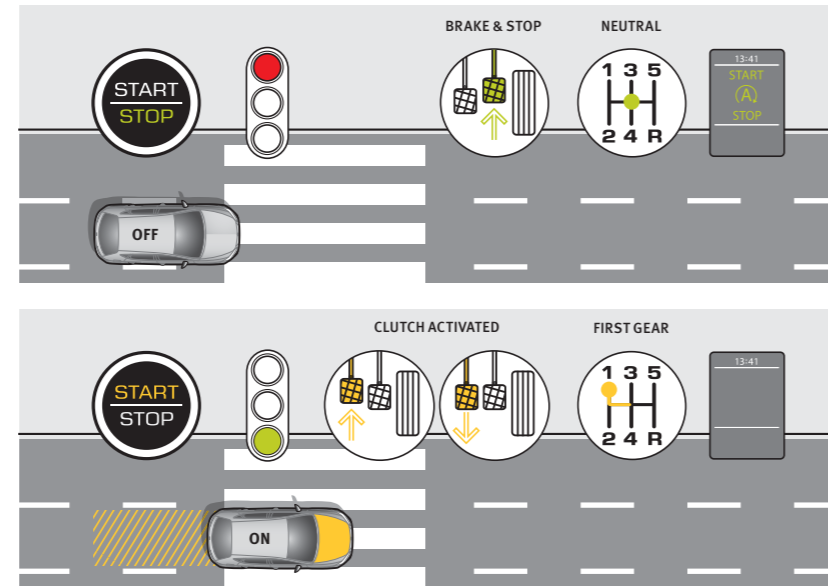

THE ENVIRONMENT ALSO DESERVES TO ENJOY THE RIDE

Bold, powerful and agile, the new SEAT Leon is a natural athlete. But it's also a bit of an eco-warrior too.

This is thanks in part to something known as the Start/Stop system, which is standard on all models. This innovative technology limits the amount of time that the engine spends idling, shutting down when you're at a standstill. So if you spend a lot of time in traffic, it cuts down your emissions and your fuel bills.

To give you an example, the most efficient Leon model is the 1.6 TDI CR 110 PS, which emits only 87 CO₂ g/km of emissions and has a fuel consumption of 85.6 mpg.

So while the new Leon might make a big impression on you, the environment will hardly know it's there.

START/STOP SYSTEM.

This system allows you to save fuel and cut down on CO₂ emissions.

Start/Stop System activates when you are in a neutral gear position. The engine turns off completely and remains stopped until you put the foot on the clutch.

To be on the move again, you only need to step on the clutch, shift into first gear and the engine will start automatically, which is standard on all models.

TECHNOLOGY TO DRIVE WITH PEACE OF MIND

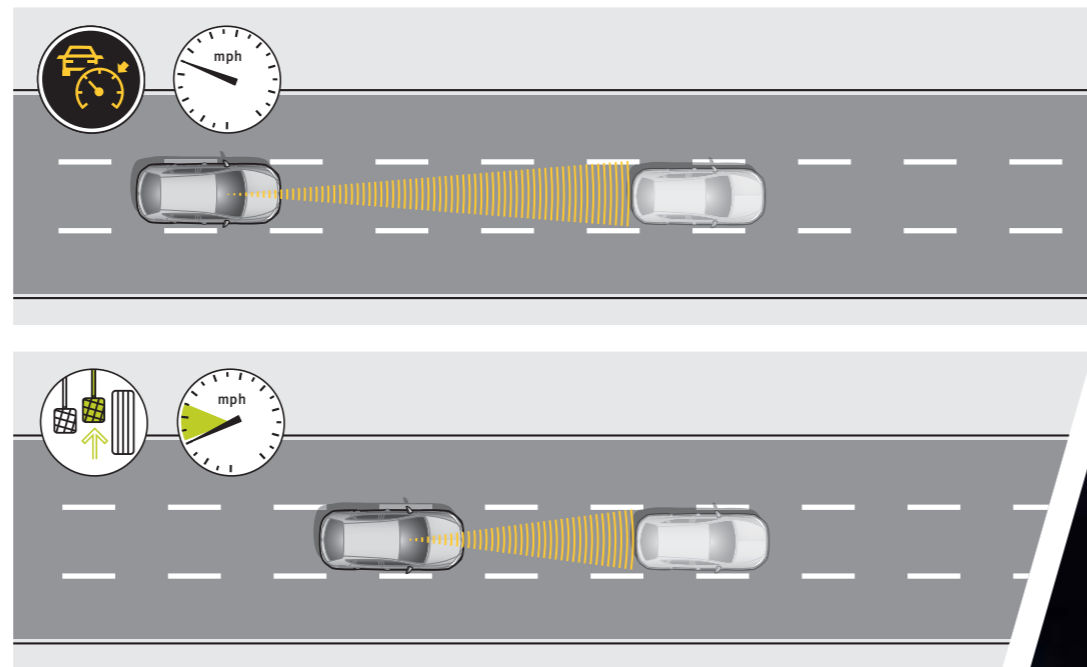

The most important things that go into the new Leon are you and your passengers. That's why we've designed it to be one of the safest places you can be on the road. For starters it comes with built-in XDS* – a clever piece of technology that improves the car's traction when accelerating through curves. Not to mention Hill Hold Control* for smoother hill starts.

The new Leon also looks out for you in other ways. With the aid of a mono-video camera installed on the windshield, the High Beam Assist automatically alters the intensity of the headlights when faced with oncoming traffic. Lane Assist warns you if you unintentionally drift into another lane and automatically corrects the car's trajectory. There's even a Tiredness Recognition System that measures your fatigue and helps to keep you alert at the wheel. And even in the event of an accident, the Automatic Post-Collision Braking System prevents any further impact by applying a secondary braking system, on top of triggering the hazard and brake lights.

Seven airbags come as standard, including knee airbag. And in the rear seats there's an iSOFIX system to keep the smallest passengers safe and sound. And with the new Leon being awarded the maximum 5-star Euro NCAP** safety rating. Wherever you sit in the new Leon, you'll always be on the safe side.

*Standard on SE and FR trim.

**For detailed information go to www.euroncap.com, the 5 star EuroNCAP rating was awarded to the SEAT Leon 5dr in 2012 and the Leon ST in 2013.

ADAPTIVE CRUISE CONTROL (ACC) WITH "FRONT ASSIST".

A sensor installed on the front of the car measures the distance and speed relative to vehicles up to 200 metres ahead, and automatically adjusts your speed to maintain a safe breaking distance.

Front Assist: including Safety Assist

Audio and visual alerts notify you when danger of a head on collision is detected. If you don't react the system briefly applies the brakes, before automatically applying the emergency braking system to minimise or avoid collision. Adaptive Cruise Control (ACC) with Front Assist is available as an option on SE and FR.

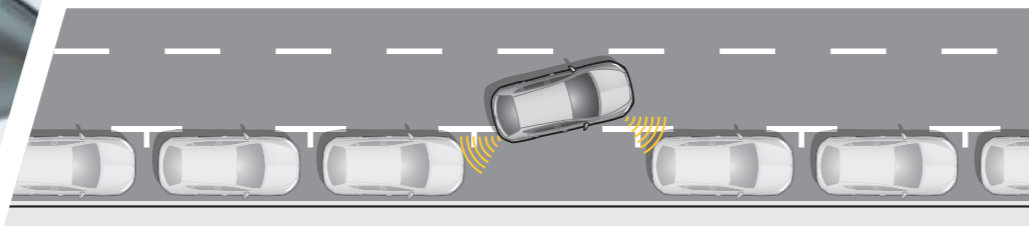

LEON SC

SYSTEMS THAT CAN FORESEE YOUR REACTION

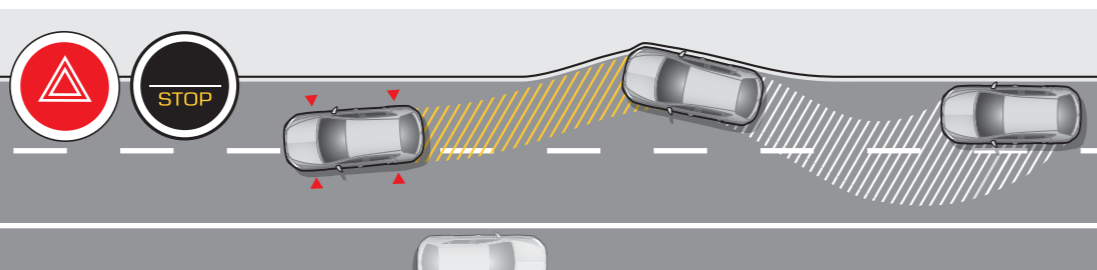

FRONT & REAR PARKING SENSORS.

These intelligent sensors help guide you into a parking space without incident, warning you if you are too close to the kerb, or another car. Standard on FR optional on SE.

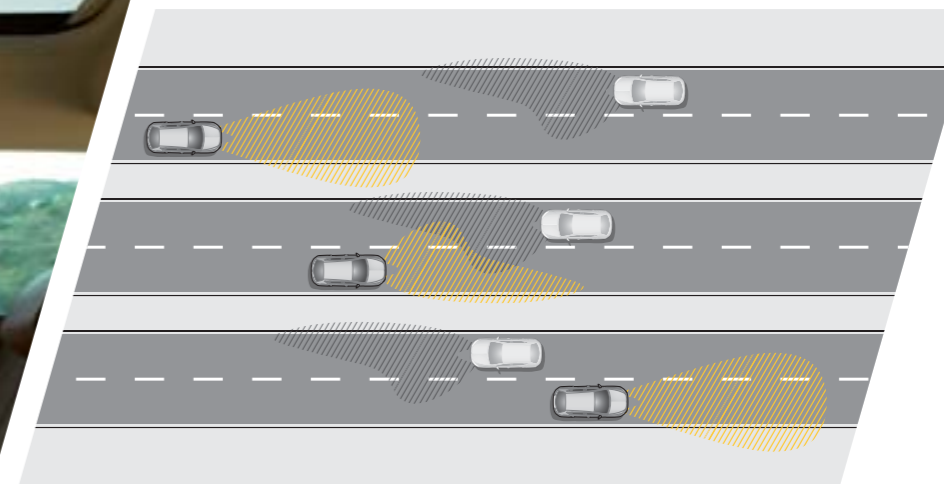

AUTOMATIC POST-COLLISION BRAKING SYSTEM.

In the unlikely event of an accident, when the airbags have been deployed this innovative new braking system will slow the vehicle to avoid any further collisions, keeping you and your passengers safer than ever. Standard on all models.

HIGH BEAM ASSIST.

Where necessary, the new Leon switches from high to low beam settings automatically so as not to dazzle oncoming traffic. And it leaves you free to concentrate on the road ahead. Available as part of the optional Driver Assist Pack.

TIREDNESS RECOGNITION SYSTEM.

By dynamically analysing your driving decisions, this system can detect if you're losing concentration and will suggest taking a rest. It warns you with a sound and visually by displaying an icon on an instrument panel for 5 seconds, repeating itself if necessary. Available as part of the optional Safety Pack.

ATTENTION TO DETAIL IS WHAT MAKES US STAND OUT

The new SEAT Leon leaves no stone unturned. From start to finish it is a thing of beauty; with groundbreaking design, dynamism, and engineering at the root of its brilliance.

And as much as this car is about stunning features like the SEAT Full LED headlights and SEAT Drive Profile, that doesn't mean there's been any less focus on functionality and safety. Details like our Automatic Post-Collision Breaking System, Lane and High Beam Assist all ensure the new SEAT Leon is one of the safest cars we've ever built. A fact backed up by our 5-star EuroNCAP* safety rating. The new SEAT Leon truly is a car that is as practical as it is beautiful.

So now we've done the engineering, you just need to pick your trim, colour, upholstery, wheels, paint, and add the joy.

*For detailed information go to www.euroncap.com, the 5 star EuroNCAP rating was awarded to the SEAT Leon 5dr in 2012 and the Leon ST in 2013.

³Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated within this standard.

TAKE YOUR WORLD WITH YOU

Make your New Leon as individual as you are. From sporty extras to stylish features, you decide which accessories are perfect for you and your New Leon. Every accessory is designed specifically for SEAT and is fully tested to our high quality standards. All accessories come with a two-year warranty unless stated otherwise, and what's more they can be fitted by SEAT-trained technicians. For the complete range of New Leon accessories, go online at www.seat.co.uk/accessories and download the brochure.

'Click + go' is the quick, simple way to order our most popular SEAT accessories online or at your SEAT dealer. Where you see the symbol , the 'fitted' price is all you pay. So you know what you're paying up front, with no hidden extras! With easy steps to follow it really is straightforward and, of course, you can 'click + go' any time, 24/7. Just visit www.seat.co.uk/accessories

AERODYNAMIC ROOF BARS.
Aerodynamic and lockable roof bars with anti-theft system.

REAR PARKING SENSORS.
Park with confidence and avoid any parking mishaps – full rear coverage from 160 cm to as close as 30 cm.

REVERSIBLE BOOT MAT.
Tailored reversible boot mat, one side finished in carpet and the other in rubber, to protect the boot floor from dirt and spillages.

VEHICLE SAFETY KIT.
Complete SEAT safety kit which includes these essential items: warning triangle, high-visibility vest, first aid kit and torch. The kit comes in a red SEAT branded bag which velcros safely into the boot of your car. Essential item when travelling abroad.

AUTOGLYM LIFESHINE.
An advanced system of bodywork, glass and interior treatments used to give your car maximum protection to maintain showroom appearance. Applied by trained staff at your SEAT dealer. Includes complimentary aftercare kit and lifetime treatment warranty.

BIKE HOLDER.
Aerodynamic aluminium frame for transporting a bicycle. With anti-theft locking device. Used together with roof bars*.

450L LUGGAGE BOX.
Double plastic weather resistant walls. Weight: 18 kg. Maximum load: 50 kg. Used together with roof bars*.

18" SEAT ANTHRACITE/ 18" BLACK.
18" alloys add a sporty and purposeful stance to your New Leon – for maximum Personalisation*.

GARMIN NÜVI 52LM PORTABLE SAT-NAV WITH BLUETOOTH®.
This slim-line portable satellite navigation features a 5.0 inch dual-orientation touchscreen display and is pre-loaded with maps for the UK and Ireland. The Nüvi 52LM comes with 1 year warranty from the point of purchase and a travel pack including a luxurious custom fit carry case to provide protection for your navigator, plus free lifetime maps.

* Not Click + go.

LOVE YOUR SEAT

At SEAT we give you more

We know how important your SEAT is to you and that when it's being serviced or repaired you want to make sure your car is in safe hands. At SEAT, we are committed to delivering a quality service at a competitive price, so you can rest assured that your car will benefit from all the care and expertise that only a SEAT dealer can deliver. **At SEAT we give you more.**

SEAT-trained technicians using specialist equipment employing the latest SEAT technology.

Reset interval display with a service.

Our Master Technicians have over 250 hours of specialist training. Re-accreditation every three years keeps them up to date.

Serviced to manufacturer's recommendations and committed to the Motor Industry Code of Practice.

Only SEAT-approved parts fitted with two-year parts warranty.

No additional work will be carried out without your approval.

Check for outstanding vehicle safety, software and product enhancements on SEAT's database.

SEAT stamp in service book.

Free Vehicle Health Check.

Convenience options including loan cars, collect and delivery or courtesy lift, online service booking available.

Wash and vacuum with every service.

IT'S FIXED!

Fixed-price servicing and maintenance for SEAT cars 1-15 years

At SEAT we want to make it easy for you to know what your servicing costs will be up front so that you can keep a tight rein on your budget. That's why we have introduced transparent fixed prices on a whole range of services and maintenance jobs for SEAT cars.

Book a fixed-price service or maintenance job online by following six simple steps. Offering genuine value for money and our commitment to delivering quality service, with convenience options available, at SEAT we give you more.

Plus when you book your first year service online, we'll give you a **1 LITRE CASTROL TOP-UP KIT.**

BOOK ONLINE

Visit www.seat.co.uk/serviceoffers to book and for further information including any special offers and terms and conditions.

LOCAL PRICE PROMISE

EXTENDED WARRANTY

Extend your peace of mind

It's reassuring to know you're covered for the cost of unexpected car repairs. And you can enjoy this feeling for up to two years longer with a SEAT Extended Warranty.

When you buy a new SEAT from a SEAT dealer, your new car is covered by a three-year/60,000 miles manufacturer warranty. And if you take out a SEAT Extended Warranty before your new car is registered, you'll get exactly the same level of cover for up to five years, at extremely competitive prices.

You can choose a SEAT Extended Warranty to last until the end of the 4th year/up to 75,000 miles or until the end of the 5th year/up to 90,000 miles, whichever is soonest. Plus it's fully transferable to the new owner (and subsequent owners) should you sell your car – enhancing the resale value of the car.

For further information and full terms and conditions, go to www.seat.co.uk/extended-warranty-for-new-cars

ENSURANCE

Three years FREE cover for new and used SEATs

- / One-stop SEAT accident management.
- / Dedicated Incident Manager.
- / Guarantee that repairs are undertaken by participating SEAT-approved repairers.
- / Online claim notification and repair tracking.
- / Guarantee that only genuine SEAT parts and paints are used.
- / Legal expenses cover.
- / Courtesy car where applicable.

Ensurance works alongside your main motor insurance policy no matter who it's from, giving you and your car additional protection.

For further information and to activate SEAT Ensurance, go to www.seat-ensurance.co.uk. After activation, you'll receive a confirmation email and Cover Booklet PDF with full terms and conditions.

WOW, NOW.

With **Solutions** from SEAT Finance the buzz of owning your dream SEAT is closer than you think.

Solutions is a flexible finance plan that's built around you. From your deposit and monthly repayments to what you decide to do with the car at the end of the agreement, you can choose what's right for you and your budget. A proportion of the car's value is left to the end, which acts as a guaranteed minimum future value, taking away the worry of depreciation and allowing you to get a higher specification car or just simply reduce your monthly repayments.

And at the end of the agreement, you'll have three options. You can part-exchange your SEAT for one that suits you better on a new Solutions agreement. To keep your SEAT, just pay the optional final payment and it's yours. Or if circumstances have changed, you have the option to hand the car back and walk away. Terms and conditions apply

A great finance package, designed to impress. To see our latest Solutions offers, scan in the QR code or visit your local SEAT Dealer.

COST OF YOUR CAR

- Deposit**
As little as one repayment
- Amount to finance**
Divided into any choice of 18 to 42 fixed repayments
- Additional final payment**
You have three choices at the end of your agreement

SEAT EXTENDED WARRANTY

THE SEAT WARRANTY

THREE-YEAR WARRANTY.

All new SEATs registered in the UK come with a three year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 (whichever is soonest) Dealer Warranty. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised SEAT dealer or repairer, however, this additional warranty must be purchased before the mileage reaches 60,000. Cover is subject to the car being serviced and maintained according to the manufacturer's technical guidelines. Full details of the three-year warranty are available from your SEAT dealer or repairer.

SEAT EXTENDED WARRANTY.

If you take out a SEAT Extended Warranty before your new car is registered, you'll get exactly the same level of cover, as the three year warranty, but for up to five years. You can choose a SEAT Extended Warranty to last until the end of the 4th year/up to 75,000 miles or until the end of the 5th year/up to 90,000 miles, whichever is soonest. SEAT Extended Warranty products are only available at the time of ordering your new SEAT.

THREE-YEAR PAINT WARRANTY.

The paintwork of the Leon is covered against manufacturing defects for a period of three years. Naturally, the Leon must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

TWELVE-YEAR BODY PROTECTION WARRANTY.

The internal body sections and panels of the Leon is covered against rusting through from the inside for a period of twelve years. Naturally, the Leon must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

SEAT PARTS WARRANTY.

SEAT parts and accessories supplied after new vehicle delivery are covered by our 24 months parts warranty.

SEAT ACCESSORIES.

Every accessory is designed specifically for SEAT and is fully tested to our high quality standards. All accessories unless otherwise stated come with a two year warranty, extended to three years when purchased and fitted prior to delivery of a brand new vehicle, and what's more, they can be fitted by SEAT approved technicians. Where you see the 'Click & go' icon , the price you see is what you'll pay including fitting, upfront and with no hidden extras! You can order at your SEAT dealer or online at seat.co.uk/accessories.

SEAT ENSURANCE.

Ensurance works alongside your existing your main motor insurance policy no matter who it's from, giving you three years FREE cover on all new and used SEATs. Activate your policy at seat-ensurance.co.uk and get one-stop accident management in the event of an accident or theft. After activation, you'll receive a confirmation email and Cover Booklet PDF with full terms and conditions.

FIXED-PRICE SERVICING AND MAINTENANCE FOR SEAT CARS 1-15 YEARS.

Fixed prices on a whole range of services and maintenance jobs for SEAT cars are now available at participating SEAT dealers. Visit seat.co.uk/serviceoffers for further information and to book online.

SPECIFICATIONS.

Specifications for the Leon refer to Model Year 2014. While SEAT makes every effort to make sure that specifications are accurate at time of going to press (**November '13**), you should always check details with your SEAT dealer as there may have been changes in view of SEAT's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this brochure can therefore be given as guidance only.

SEAT ASSISTANCE (INCLUDING EUROPEAN COVER).

Any new SEAT purchased and registered in the UK from an authorised SEAT dealer, is covered free by SEAT Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of two years. Your member of the SEAT authorised network will ensure that all servicing and repairs are carried out in accordance with the manufacturer's instructions. Terms and conditions apply.

SEAT FINANCE.

SEAT Finance specialises in providing funding solutions for SEAT drivers. Whether your SEAT is for private or business use, you can choose from a range of funding options.

Here is our full range of finance products.

- / Solutions – a personal contract plan
- / Hire purchase
- / Finance lease
- / Lease purchase
- / Contract hire

With all of our finance products you can choose one of our fixed-cost maintenance plans designed to help you budget accurately. No matter what finance product you choose, your local SEAT dealer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. SEAT Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

TEST-DRIVE A SEAT.

To arrange a test drive at your nearest dealer, or for any questions you may have about SEAT, visit our website at seat.co.uk or call us on FREEPHONE 0500 22 22 22.

FUEL CONSUMPTION INFORMATION.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The individual vehicles have not been tested and there are inevitable differences between individual examples of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driving style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption.

VEHICLE EXCISE DUTY AND CO₂ EMISSIONS.

All vehicles first registered on or after 1st March 2001 are subject to a form of Vehicle Excise Duty (Road Fund Licence) based on the type of fuel the vehicle uses and its carbon dioxide (CO₂) emission level, measured in grammes per kilometre (g/km).

OPTIONAL EQUIPMENT.

Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. Any vehicle ordered with optional equipment (other than metallic paint) will be subject to a 12 week minimum delivery period.

SEAT BUSINESS SALES.

SEAT Business Sales is committed to meeting all your fleet requirements and driver needs. For Fleet & Small Businesses please call our Fleet Business Centre directly to speak to our business advisors on 0800 096 2328 or email us at businesscentre@seatfleet.co.uk. SEAT recommends  **EDGE** PROFESSIONAL

SEAT is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. Some illustrations in this brochure may depict left-hand drive models. Consequently, controls and some items of equipment may differ or not appear on UK models. The information in this brochure can therefore be given as guidance only. While SEAT makes every effort to ensure that specifications are accurate at the time of publication, you should always check with your authorised SEAT dealership for the latest information. Due to limitations of the printing process the colours reproduced in this brochure may vary slightly from the actual paint colour and material. These vehicles and all their parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled/recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality. SEAT UK has made provision for the correct disposal and recycling* of all SEAT Vehicles when they are delivered by the customer to its national network of Environment Agency authorised treatment facilities. This service is offered at no cost to the last holder and applies to SEAT vehicles of any age which are substantially complete. The service is provided by Cartakeback.com and to find your nearest facility contact 0845 257 32 33 or browse to www.cartakeback.com.

*Since 2006 all vehicles returned to SEAT were certified by UK Government to be recycled to 85%. This brochure has been produced from Hello Silk paper which is Forest Stewardship Council certified.
