TECHNOLOGY TO ENJOY

INSIDE SEAT

In 1953, with the very first SEAT, the dreams of one country started to move forward. Today, more than 60 years later, our technology has evolved with a very focused aim: to make beautiful things happen every day in the world...

Engineers get inspiration from all they see and experience. SEAT is inspired by Barcelona, where design goes through the essence of beauty. And we combine our design, with the top technology and quality standards of the Volkswagen Group.

Our history is built by the stories of millions of people. And we will always be driven by our customers, because all that we want to do is to provide technology to be enjoyed by you.

SEAT TOLEDO

Full of the joys
of family life.

SPENDING TIME WITH FAMILY IS SOMETHING WE ALL TREASURE and having the ability to turn any idea into an adventure makes it all the more exciting. If you're going to the beach for the day or even just spending an afternoon shopping, with the latest technology and space to keep everyone content, the SEAT Toledo is the perfect place to start all your outings. With great comfort, safety features and an impeccable design, you can guarantee everyday will be an adventure.

TECHNOLOGY & CONNECTIVITY

The modern family.

THE TOLEDO IS PACKED WITH SEAT'S LATEST TECHNOLOGY.

The Navigation system combined with Media System Plus offers a 6.5" colour touchscreen, 3D map display, Bluetooth® audio streaming and hands-free calling. Standard on the Style and Style Advanced models. In addition why not take technology one step further, with optional Full Link, to bring smartphone connectivity to the road in a whole new way.

The SEAT Toledo also comes with all the technology needed to keep those closest to you safe. The optional Front Assist helps reduce the chance of a collision and with the Multi-Collision Braking System, in the unlikely event of an accident, it will help prevent any further incidents by automatically applying the brakes. What's more, the Tiredness Recognition System monitors driver movements and alerts you when it's time to take a break.

10 REASONS

Ten out of ten.

THERE ARE MANY REASONS to choose the SEAT Toledo and here are just ten of them!

- 1 Room for All**
We have combined the elegance of a saloon with the practicality of a hatchback, giving you 550 litres of boot space. Meaning the SEAT Toledo has enough room to cater to almost anything.

- 2 Comfort and Convenience**
The interior of the SEAT Toledo has been ergonomically designed to offer comfort to the driver and all the passengers. Comfort and convenience extend outside the car in the form of KESSY Keyless Enter and Go, allowing you to open the car door without even taking the keys from your pocket. Standard on the Style Advanced trim.

- 3 Elegant Design**
The inside and out have both been finished to the highest of standards with only the best materials to ensure a sophisticated overall look. The Full LED headlights also add some elegance to the front of the car. Optional on Style and Style Advanced Models.

- 4 Smarter Safe and Comfort**
For a family car, the SEAT Toledo really is in a higher class when it comes to technology. With safety enhancing features such as Tiredness Recognition and an optional Rear View Camera, state of the art technology helps keep everyone safe and happy.

- 5 Feeling Good**
Every little detail inside helps to give a feeling of elegance and comfort. The decorative dashboard mouldings show the passion that's gone into the finishing touches and the Alcantara upholstered seats offer quality that not only feels great but can also take all the thrills and spills of family life.

- 6 Focused**
There's something about spending time with family that makes everyone happier. With all that you need, the SEAT Toledo is the perfect car to take on any family outing.

- 7 Safety**
The Multi-Collision Braking System will automatically apply the brakes in the unlikely event of an accident to avoid further collisions. The optional Front Assist technology ensures your car remains a safe distance from any vehicles in front.

- 8 Keeping Connected**
A modern family is a connected family and that's why the SEAT Toledo comes with optional Full Link Technology. This allows you to safely bring the smartphone experience into the car and keep in touch with your loved ones no matter where you are.

- 9 Family value**
With the SEAT Toledo you don't just get what you pay for but a whole lot more. With a superior finish using only the best materials, and the latest in safety, entertainment and connectivity technologies you can guarantee happiness for all passengers.

- 10 Your choice of engines**
The Toledo offers one petrol and two diesel engines, all including Start/Stop technology to improve efficiency. So however you plan to use your Toledo, you can choose the engine that suits you.

The SEAT Toledo is the best combination of understated elegance and versatility. It is packed with technology but still leaves space for comfort and little luxuries. Plus it's fully transferable to the new owner (and subsequent owners) should you sell your car – enhancing the resale value of the car.

Taking out a SEAT Extended Warranty is easy, you can choose the warranty to last until the end of the 4th year/up to 75,000 miles or until the end of the 5th year up to 90,000 miles (age or mileage, whichever comes soonest).

You'll enjoy all the following:
/ Exactly the same cover as the original manufacturer warranty.

/ No limit to the number of claims, no excess and no need to pay and reclaim (within the UK).

/ Repairs carried out by a member of the SEAT authorised network using SEAT genuine parts.

/ Simple process to have the repairs done. Just contact your SEAT Dealer and take your policy with you when you drop your car in.

SOLUTIONS PERSONAL CONTRACT PLAN (PCP)

Making your budget go the extra mile

Solutions (PCP) is a flexible finance package that really puts you in the driving seat.

Solutions offers flexibility – from your deposit and monthly repayments to what you do with your SEAT at the end of the agreement.

By paying a small deposit (as little as a single month's repayment) over a repayment period from 18 months up to four years, you can enjoy a plan individually suited to your needs and monthly budget.

Solutions takes away the worry about depreciation because a proportion of the value is left until the end of the agreement (the optional final payment), which acts as a guaranteed minimum future value. By doing this, you can lower your monthly repayments or make your budget go even further with a higher spec.

The options are wide open with Solutions.

DECISION TIME

1. Choose a repayment period and annual mileage.
2. Pay your deposit which can be made up of cash or a part exchange.
3. Agree the number of repayments.

Setting the deposit and repayment term helps create the right combination for a monthly payment budget.

AT THE END OF YOUR AGREEMENT YOU HAVE 3 OPTIONS

1. Part exchange your existing car for a new SEAT.
2. Pay the optional final repayment and keep your SEAT.
3. Hand the car back (subject to terms and conditions).

IMPORTANT INFORMATION TO CONSIDER

/ You may end your agreement earlier than the full term. However, depending how far you are in to your agreement will affect the final amount left to pay.

/ If you exceed the anticipated mileage agreed at the start of your agreement and intend to return the vehicle then excess mileage charges will apply.

/ It is important to keep the vehicle in good condition as this will affect the value of the vehicle. If returned you may be charged for any damage that goes beyond fair wear and tear, if you choose to return your vehicle.
