

SIMPLY CLEVER

ŠKODA

THE NEW ŠKODA RAPID SPACEBACK

Model shown is not UK specification.

Effective: January 2015

Welcome to the New ŠKODA Rapid Spaceback

The New ŠKODA Rapid Spaceback gives you the unique opportunity to have your style and attitude reflected in your car.

The Rapid Spaceback offers a car that brings you space and the opportunity to express your individuality in it.

When you look at the Rapid Spaceback, in terms of space and with regard to size, this compact hatchback offers rear passengers the most knee space and headroom in its segment. Its luggage compartment is the largest in its class.

We also have an answer when it comes to being environmentally friendly. The GreenLine version has CO₂ emissions of 99 g/km.

Read on to find out more about the Rapid Spaceback's stunning exterior design, ample useable space and abundance of thoughtful features and equipment.

Space is a feeling

The design outside turns heads.
The panoramic glass roof inside lifts them.

Design

The unique character of the Rapid Spaceback is enhanced by design and features elements that are both distinctive and highly functional.

The glass panoramic roof, made entirely of tinted glass, will give all passengers a feeling of space as well as a great view of the sky.

It will change the way you see space.

Model shown is not UK specification.

Panoramic glass roof. Standard on SE Sport is the Style Pack which includes the panoramic glass roof. This offers an enchanting view up and is a unique feature to the Rapid Spaceback. Two manually operated blinds can cover the whole roof if required. Alongside the panoramic glass roof, the Style Pack also includes the black spoiler and extended tailgate glass.

EXTERIOR

- EXTENDED TAILGATE GLASS
- FRONT FOG LIGHTS
- PANORAMIC GLASS ROOF

The Rapid Spaceback is available with two roof options, the standard roof, or on SE Sport a **panoramic glass roof** as part of the **Style Pack** which enhances the design of the already stunning hatchback.

Rear lights. The rear lights wrap around to the sides and are shaped in distinctly ŠKODA "C" shape. As part of the Style Pack on SE Sport the rear lights have a darkened black finish.

Front fog lights. Standard on GreenLine, SE Tech trim or as part of the Style Pack on SE Sport with black fog lights.

Sunset glass Standard on Greenline and SE Sport is Sunset glass from the B-pillar back. Available as an option on SE Tech.

Model shown is not UK specification.

The **dashboard**, which matches the design of the exterior with its clean style, is practically arranged so the driver clearly sees everything at a glance. All the controls on the dashboard and the driver's door are within reach and placed where the driver intuitively expects them to be. With **phenomenal head room** and **outstanding rear knee space**, this car is perfect for both business trips and family time.

INTERIOR

- AMUNDSEN SATELLITE NAVIGATION
- MANUAL AIR CONDITIONING

- DSG
- MAXI-DOT

Amundsen satellite navigation is standard on SE Tech and SE Sport. Amundsen has integrated maps for Western Europe and a 5" touchscreen and comes with **digital radio (DAB)**.

Reflecting the curve of the steering wheel, the **instrument panel** is clearly laid out and provides key driving data. The trip computer on S shows the time, gear change recommendation and fuel gauge. The Maxi Dot computer from SE Tech also shows average fuel consumption and allows the car's electronic system settings to be adjusted.

Manual **air conditioning** is standard on S, from SE Tech climate control air conditioning is standard which will maintain the temperature you select by regulating the fan speed.

The **7-speed DSG** (Direct shift gearbox), supplied with the 1.4 TSI 122PS and 1.6 TDI CR 90PS engine, combines the advantages of mechanical and conventional automatic transmissions.

When changing gear, the DSG is able to keep the engine at optimal revolutions, resulting in **fast and smooth gear change** and improved fuel efficiency.

SPACE

- FRONT CENTRE ARMREST
- CLEVER STORAGE SOLUTIONS
- REAR ARMREST WITH THROUGH LOAD
- VAST BOOT CAPACITY

As well as offering comfort, this armrest opens to offer yet another **clever storage solution**, standard on SE Tech and SE Sport, optional on S and GreenLine.

The **rear seat armrest** with load through function and integrated **holder for two drinks** gives rear seat passengers the opportunity to enjoy the ride with refreshments, optional on SE Tech and SE Sport.

The **Simply clever package** offers a Multimedia holder and door panel waste bin, optional on SE Tech and SE Sport.

The **Boot package**, which consists of two vertical nets and one horizontal net on the floor, enables you to easily secure items so they do not shift while driving (optional).

Glasses storage compartment, standard on SE Tech.

Vast boot capacity

Model shown is not UK specification.

A remarkable 415 litres of storage space (384 litres with a spare wheel or 380 with the optional variable boot floor) is made even more cavernous **with the rear seats down, offering 1,380 litres of space**. Add a wide opening and the Rapid Spaceback really is ready for anything you throw at (or in) it.

ŠKODA Simply Clever Features

At every stage of its production, the Rapid Spaceback's designers have kept the driver and passengers in mind. The result of this thoughtfulness is "**Simply Clever**" features throughout the car. Just little things to help make your life easier.

This handy storage compartment under the front seat easily holds a **safety vest** so if you do need it, it is always close to hand (vests available to purchase through ŠKODA Genuine Accessories).

Ticket holder at A-pillar. Happily holds parking permits and tickets.

Double sided boot floor. This smart feature lets you easily choose between a carpet or rubber boot floor. Taking suitcases to the airport? Go for carpet. Transporting wet wellies and a muddy dog? Flip it to rubber! (Optional)

Every Rapid Spaceback comes with an **ice scraper in the fuel filler cap** for those cold winter mornings.

MDI (mobile device interface) standard on SE Tech and SE Sport, connect your mp3 player through the USB and control the music through your stereo controls. Optional on S.

Variable boot floor. Available as an option on SE Tech and SE Sport.

Smart protection

The Rapid Spaceback has been built with a proven array of safety features. Whilst you hopefully won't need them, you can feel comfortable knowing that should you find yourself in an extreme situation, you can rely on the Rapid Spaceback.

Driver and passenger front, side and curtain airbags. Should an impact occur, large-volume airbags activate in conjunction with the front seat belt pretensioners. This will anchor you in the middle of the seat and cushion you to reduce injury.

Telescopic front headlight washers, optional on SE Tech and SE Sport.

Families that fully occupy the car will certainly appreciate the option of equipping the car with a **third headrest in the rear**, designed for the passenger in the middle seat.

ŠKODA GreenLine Technology

The ŠKODA GreenLine vehicles reflect our continuous effort to reduce CO₂ emission levels. The **Rapid Spaceback GreenLine** features, amongst other modifications, the Start-Stop system and energy recovery functionality. It is powered by the **1.6 TDI CR 90PS**, achieving a CO₂ emission level of a mere **99 g/km**.

The **Start-Stop system** automatically switches off the engine, for example while waiting at the traffic lights or when moving slowly in a queue of cars. By pressing the clutch pedal the engine automatically restarts. The driver can deactivate the Start-Stop system with a button located on the central console. Engine load reduction and more economical running are further assisted by the **energy recovery functionality**, which enables an effective use of the car's kinetic energy for battery recharging.

The GreenLine version has **15" Carme alloy wheels as standard** with low rolling resistance tyres.

The original **GreenLine badge** can be found on the front grille and boot.

Personalisation with ŠKODA Genuine Accessories

Decorative door sill covers with aluminium inserts effectively protect the door sills against damage when getting in and out of the car. **£98**

The **dog guard**, fitted behind the rear seats, prevents luggage from shifting into the crew cabin. This maximises luggage compartment usage or enables a safe transportation of your pets. **£163**

The **Thermoelectric cooler** with a capacity of 15 litres enables you to primarily keep food fresh and refreshing. The cooler can keep items cool up to 20°C below the ambient outside temperature. Switching it to a thermobox gives you heating of 65°C. **£131**

You can securely attach other racks and holders, such as a bicycle carrier, box for skis or snowboards etc. onto the **basic roof rack**. **£174**

17" Ray black alloy wheel **£200** each.

Rear mud flaps protect the chassis from mud and flying stones. **£55**

The **transparent protective rear bumper cover foil** is an essential accessory for those who frequently transport objects that might scratch or dent the rear bumper. **£55**

The **netting programme** reliably prevents the shifting of smaller items and you can also easily see where you put things. **£41**

The **rubber boot mat**, which can be easily cleaned with water, will outstandingly protect upholstery from getting dirty. **£36**

The **plastic boot dish** with raised edges prevents the car upholstery from getting soiled or damaged. The dish can be easily taken out and emptied or wiped clean. **£92**

These products are ŠKODA Genuine Accessories. You can also find information on the complete assortment of accessories and pricing at your authorised ŠKODA retailer.

Price includes fitting.

Power transmission

Clutch Hydraulically-activated single-plate dry clutch with diaphragm spring, asbestos-free coating.

Manual transmission Five-speed manual transmission, fully synchronised with direct gearshift, six speed manual transmission.

7 spd DSG transmission - two coaxial dry multiple-disc clutch, electro-hydraulically operated.

Please note: With all manual gear boxes the clutch needs to be depressed to start the engine.

Number of gears

5 speed manual: 1.2 TSI 86PS,
1.6 TDI CR 90PS,
1.6 TDI CR 90PS GreenLine
1.6 TDI CR 105PS

6 speed manual: 1.2 TSI 105PS

7 speed DSG: 1.4 TSI 122PS
1.6 TDI CR 90PS

Chassis

Front axle/rear axle McPherson axle with the bottom triangular control arms and independent multi-link suspension with one longitudinal and two cross arms and torsion stabiliser.

Suspension Coil springs, telescopic shock absorbers, rear springs located outside the shock absorbers (gas shock absorbers in rear).

Braking system Hydraulic dual circuit brake system with diagonal interconnection, vacuum assisted dual rate brake booster.

Front brakes Disc brakes, with hollow discs, internal cooling and single-piston floating calliper.

Rear brakes Disc brakes with full discs and single-piston floating callipers.

Handbrake Mechanical handbrake operating on rear wheels.

Steering Direct rack and pinion steering with electromechanical power steering.

Turning circle (m) 10.2

Tank

Fuel tank content (litres) 55 litres

Fuel Lead-free petrol with RON 95 or Lead-free petrol with RON 91[†]. Diesel CZ 49.

Body type Five-door, five-seat, double-space steel bodywork, fully galvanized body.

Official fuel consumption for the Rapid Spaceback range in mpg (litres/100km):

urban 38.2 (7.4) - 62.8 (4.5);
extra urban 58.9 (4.8) - 83.1 (3.4);
combined 48.7 (5.8) - 74.3 (3.8).

CO₂ Range 134 - 99 g/km

[†]Using low-octane fuel may affect engine performance.

We measure the maximum power output figures of our engines in PS or Pferdestärke (horse strength in German), which is the metric equivalent of bhp. To convert from metric to imperial horsepower, divide the PS figure by 1.0139.

* Standard EU Test figures are for comparative purposes and may not reflect real driving results. Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the ŠKODA website at skoda.co.uk and at vca.gov.org

All measurements and weights are correct at time of going to print but may be subject to change and may vary according to passengers and load in vehicle.

*Kerb weight is the mass of the vehicle with body work in running order.

**Payload includes driver (at 75kg) & equipment.

ŠKODA Solutions. Your journey, your choice.

ŠKODA Finance like to do things a little differently, that's why for many years we've specialised in providing simple and convenient funding options for ŠKODA drivers. It's what we know.

ŠKODA Solutions, the personal contract plan, is all about you; a flexible, competitive fixed-rate plan designed around you and your budget, putting you firmly in the Rapid Spaceback driving seat.

Solutions is different because you defer a proportion of the car's value until the end of the agreement, giving you significantly lower monthly repayments than if you'd taken out a loan...ever heard of a bank being so imaginative?

Solutions is totally flexible. You get to choose the size of your deposit (from as little as one monthly payment), and a repayment period which suits you and at the end of the term you have 3 options to choose from.

- 1  Part-exchange the car for a new ŠKODA on a new Solutions contract.
- 2  Pay the optional final payment so that you own the car.*
- 3  Circumstances changed? Return the car to us (subject to terms and conditions).

ŠKODA Finance also offers hire purchase, contract hire and service and maintenance plans.

Speak to your ŠKODA retailer for your personalised quotation today

*Subject to payment of the option to purchase fee. An offer of finance depends on certain conditions. Subject to status. Available to 18's and over in the UK only.
ŠKODA Finance. ŠKODA Finance is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

Free Insurance for 3 years.

No-one likes to think about their ŠKODA being damaged in an accident. But if it was you'd no doubt want it repaired to ŠKODA standards, by a ŠKODA trained technician using only ŠKODA genuine parts. Would your motor insurance provider guarantee to do that? We didn't think so...

That's why we came up with Ensurance - ŠKODA's free accident and repair cover.

Ensurance works alongside your existing comprehensive motor insurance policy, no matter who you are insured with, to help get you back on the road as smoothly as possible. Better still, it's free for three years and is available on both new and older models.

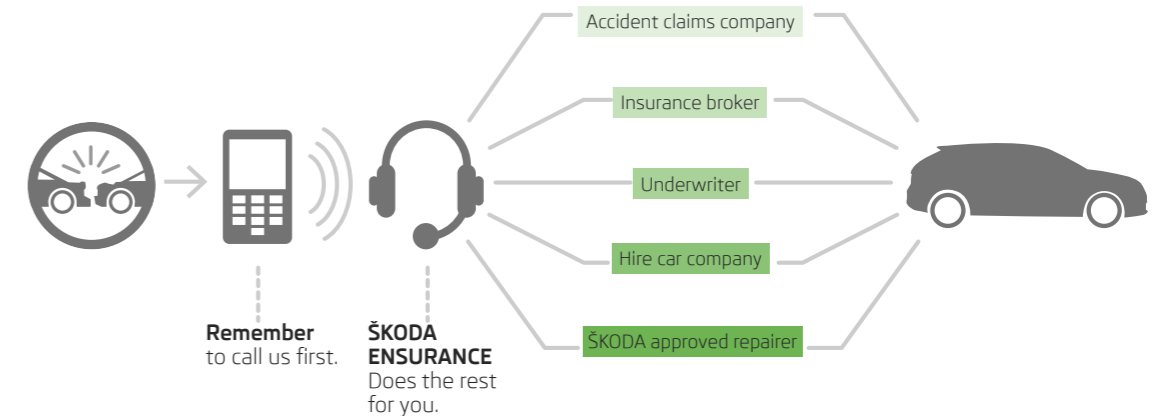

Your free Ensurance cover includes:

- > Guaranteed use of a ŠKODA approved repairer, ŠKODA trained technicians and the use of genuine ŠKODA parts and paints
- > A dedicated Claims Manager who will look after your entire claim from start to finish
- > Help to recover any uninsured losses with our Legal Expenses Cover
- > An Online claims tracker so you can keep up to date with the status of any claim

To benefit from Ensurance you'll need to activate your free cover which takes less than a minute.

We hope you don't ever have to use your policy but it's nice to know it's there - just in case.

Remember to call us first, Ensurance will help deal with the rest...

Your car is **guaranteed** to be repaired by a ŠKODA Insurance approved repairer. Only **genuine** ŠKODA parts **will be used**.

For more information and to take out cover today visit skoda-ensurance.co.uk

ŠKODA Insurance motor insurance is sold, underwritten and administered by Allianz Insurance plc.

Owning a ŠKODA

We make sure it's easy, fun, and stress-free.

ŠKODA customer service is officially award-winning. We have been voted Number 1 in four of the last five Auto Express Driver Power Surveys.

Network capability

You can enjoy our award-winning customer service through our network of around 160 Authorised Repairers.

As a ŠKODA customer, you will be looked after by your retailer from the moment you walk through the door and throughout the life of your ŠKODA. Your new Rapid Spaceback will be serviced and maintained to the highest standards by specially trained ŠKODA technicians. And when you need a spare part, you'll be happy to know that most are held in stock, or can be ordered within 24 hours.

The ŠKODA Customer Promise is a commitment from our retailers to offer:

- > Care and consideration for you and your car
- > A flexible and convenient service
- > Expertise and attention to detail
- > A clear explanation of our work

Roadside Assistance

A three year, European-wide, unlimited mileage ŠKODA Assistance policy comes free of charge with every new ŠKODA.

There's a team of specially trained Technicians who carry the right diagnostic equipment and parts to get you back on the road as quickly as possible in the unfortunate event of a breakdown. They'll even help you if you fill up with the wrong fuel, lose your car keys, or get a puncture.

Warranty

When you buy your new ŠKODA through our authorised retailer network, it is automatically covered by a three year, 60,000 mile manufacturer's warranty.

There's no mileage limit on the warranty in the first two years and for additional peace of mind there's a 12 year body protection warranty.

You can even extend your warranty to four or five years, see the option page for prices and page 47 for further details.

Warranty cover from new			
First 2 years	First 3 years	4-5 years	Up to 12 years
Unlimited mileage	3 years or 60,000 miles, whichever is sooner	Optional Extended Warranty	Body Protection Warranty

Further information

You can find lots of additional information about owning a ŠKODA on our website at skoda.co.uk. Our retailers are always happy to help with any questions, backed up our dedicated Customer Service Centre. We look forward to hearing from you soon.

Technical glossary

ABS: the anti-lock braking system prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable. When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the system reduces brake pressure to that wheel.

Elements of the ABS System :-

- Dual Rate Vacuum Brake Boosters:** increases brake effort under emergency braking conditions.

- EBC:** Electronic brake control. The engine brake torque control regulates the power supply by intervening with the engine management system.

- EBD** (aka EBV): Electronic Brake Distribution automatically distributes different pressures to the front and rear brakes to stop the rear wheels from locking up under heavy braking. It also compensates for loaded and unloaded vehicles therefore doing away with the need for a Load Sensing Valve on the rear axle.

CAN Bus: the CAN Bus is an electronic data bus which links the various different electronic control systems in the car. It ensures ideal co-ordination between systems and reduces the amount of wiring needed in the car.

Fuel cut-out: should one or more of the airbags inflate after an accident, this system automatically cuts out the fuel supply, thus preventing subsequent leakage of the diesel or petrol.

Trip Computer: the trip computer not only features an impressive range of data displays, operating it is simplicity itself. A multifunction touch key enables you to call up all relevant data on the easy-to-read display. Features include external temperature, time, current fuel consumption, average fuel consumption, miles driven and average speed.

DPF: diesel particulate filter is part of the exhaust system responsible for cleaning the engine exhaust gases before they enter the atmosphere. The DPF catches soot particles emitted in the exhaust gas and it works in conjunction with the catalytic converter, which reduces the amount of harmful gases entering the atmosphere. The DPF must periodically be emptied of the soot particles, a process known as regeneration. This involves elevated exhaust system temperatures. A driving style is required during regeneration, where a constant vehicle speed above 37 mph must be maintained. This does not always suit customers who make frequent short journeys or experience stop/start driving or drive within inner-city or urban areas.

CR: the completely new range of diesel engines are built on a system of Common-Rail fuel injection. The diesel engines have a high-pressure common rail direct injection fuel system and four-valve technology. As a result, the new engines are much quieter, more refined in their operation and consume less fuel, compared to the Pump Duse engines and significantly reduce emissions.

HHC: Hill hold control allows for a safe hill start by holding the brake for a small amount of time, reducing the risk of unintentional reversing or roll back.

TPM: Draws the driver’s attention to any pressure loss in any of the tyres. Early warning can prevent damage from occurring as a result of an under inflated tyre or a defect that radically changes the cars behaviour and driveability.

ESC: electronic stability control is designed to stabilise the dynamic handling response of the vehicle by counteracting any tendency towards oversteer or understeer. The ESC constantly compares the actual movement of the vehicle with predetermined values and according to the situation ESC reacts by braking each wheel individually (according to direction of slip) and automatically adjusting the engine’s output.

Elements of ESC system:-

- ASR:** anti-slip regulation traction control ensures the Rapid Spaceback’s stability when pulling away or accelerating. If the engine power or torque being transmitted to the drive wheels is too great, for example on a slippery road surface, engine torque is automatically reduced until optimum road holding returns, thus preventing wheelspin. A light indicates whether the ASR system is on. It can be manually switched off.

- MSR:** the engine torque control system recognises when the wheels are subject to too much slippage and regulates the power supply by intervening in the engine management system. This prevents wheelspin when, for example, changing down on a smooth or wet road surface. MSR is a constituent part of the ASR system.

- EDL:** the electronic differential lock continually compares the rpm of the drive wheels, and if it identifies a difference between them which could lead to an individual wheel spinning, for example if the two wheels are on different types of surface or accelerating on wet leaves, the system brakes the wheel affected until uniform rpm of all drive wheels is restored.

Warranty

Exclusions and limitations

Wear and tear components will only be considered under the terms of the warranty for the first of six months or 6,500 miles, whichever is soonest. These include, but are not limited to brake linings and disc pads, clutch release bearings, clutch pressure plates and centre plates, tyres, wiper blades, seat and backrest covers, floor coverings, spark plugs, batteries for key fobs and alarms, light bulbs and shock absorbers.

Mechanical adjustments including but not limited to adjustments to doors, flaps, boot lids, bonnets and sunroof, brake adjustment, clutch adjustment, v belt adjustment, ignition adjustment, headlight adjustment, steering geometry adjustments and wheel balancing are excluded.

Damage (including but not limited to the following) is excluded:

- Damage caused by your failure to take all reasonable steps to prevent mechanical damage from occurring.
- Damage or defects caused by not having the vehicle serviced in accordance with the manufacturer’s guidelines.
- Damage or defects caused by improper use of the vehicle, neglect or use of the vehicle for motor sports activities.
- Damage caused by an accident.
- Damage to paintwork or chrome caused by external influences, such as climatic, chemical or industrial pollution.
- Damage resulting from the use of non-original replacement parts.

Routine maintenance and servicing is not covered by the warranty. Incidental or consequential costs such as hotel charges, car hire, loss of personal effects or income are not recoverable under the terms of the warranty.

Service Intervals

When you order your Rapid Spaceback, you can choose whether your car is on a fixed or a flexible service regime. Your retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: Service every 10,000 miles or one year (whichever comes first). This is recommended if the vehicle is likely to be used in the following way:

- Driven fewer than 10,000 miles per annum **and/or**
- Mainly short journeys, drive mostly in towns or cities **and/or**
- High vehicle loading/towing and frequent hill climbs **and/or**
- Heavy accelerating and braking, using high revs

Flexible regime: Sensors in the engine detect when a service is needed. You will be informed of this by a service light which will show at any point between 9,000 and 20,000 miles, up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

Motability

People in receipt of the Higher Mobility Component of the Disability Living Allowance receive special help from ŠKODA. Preferential prices on low cost Contract Hire are available through your local approved Motability retailer. For full details, contact your retailer.

ŠKODA Ensurance

Ensurance from ŠKODA Insurance is sold and administered by Lawshield UK Limited, registered in England number: 3360532 (registered office: Lawshield House, 850 Ibis Court, Lakeside Drive, Centre Park, Warrington, Cheshire, WA1 1RL) and underwritten by UK General Insurance Limited on behalf of Ageas Insurance Limited, registered in England number: 354568 (registered office: Ageas House, Tollgate, Eastleigh, Hampshire, SO53 3YA).

For details of our full range of insurance products visit insurewithskoda.co.uk. For a quote call us free on 0800 316 8025. Lines are open Monday to Friday 8am – 9pm and 9am – 5pm on Saturday.

ŠKODA Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, registered in England number: 2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). ŠKODA Insurance motor insurance is sold, underwritten and administered by Allianz Insurance plc, registered in England number: 84638 (registered office: 57 Ladymead, Guildford, Surrey GU1 1DB). Both organisations are authorised and regulated by the Financial Conduct Authority (FCA), whose registration numbers are 311988 and 121849 respectively. Authorisation details can be checked on the FCA’s register at www.fca.org.uk or by contacting the FCA on 0800 111 6768. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.

OTR (Recommended On The Road) Recommended 'On the Road' prices include delivery, 12 months Road Fund Licence, DVLA First registration Fee (at £55), and apply to the United Kingdom only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock. The VED bands are shown in the table opposite.

¹ First year vehicle licence rates for petrol and diesel cars purchased on or after 1st April 2014. First year rate or 'showroom tax' applies to new car purchases only.

² Rate reverts to the Government’s applicable Standard VED rate in subsequent years.

Edition:UK 1st April 2014. VAT is calculated at 20%. Please confirm figures with your ŠKODA Retailer.

Company car tax is based on your cars carbon dioxide emissions. The higher the car’s emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes.

To help you work out your tax liability please refer to page 39.

P11D (Expenses and Benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind) The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2014/2015.

Band	CO₂ (g/km)	First 12 Months¹	Standard VED ²
A	Up to 100	£0	£0
B	101 – 110	£0	£20
C	111 – 120	£0	£30
D	121 – 130	£0	£110
