

SCALA

ŠKODA

Effective: April 2019

TIMELESSLY NEW

The all-new SCALA strikes just the right balance between boldly new and timeless. Its taut, sophisticated five-door profile encompasses a host of unique new features and intuitive technology. Sporty, generously spacious and versatile, it adapts to go wherever life takes you. Unmistakably ŠKODA yet fresh from bumper to bumper, the SCALA moves you seamlessly into the next era.

**STRIKINGLY
VERSATILE**

You know it's a ŠKODA because of the iconic styling cues. But with the SCALA, a stronger, sharper shoulder line, sleeker LED headlights and a deep lower grille mark new territory. For the first time ever, the ŠKODA name is positioned proudly across the boot, while the dimensions combine stability, safety and space efficiency. In the SCALA, substance and style live happily together.

FULL LED REAR LIGHTS

These LED rear lights incorporate animated indicators. A first for ŠKODA, the indicators sweep sideways whenever you signal your intention to turn.

PANORAMIC ROOF

Enhance your travel experience by lighting up the interior and, on sunny days, prevent dazzling passengers with the electric sun blind. From the outside, every inch of the roof is covered with the black design detailing.

EXTENDED TAILGATE GLASS

Personalise your SCALA by extending the tailgate glass down beyond the lettering. The look is further enhanced with full LED rear lights and animated indicators in the tailgate design pack.

INNER STRENGTHS

The inside story is inspiring. Bright, airy, spacious and a quality feel are ŠKODA trademarks, but there is much more to explore. New tactile trim and materials are complemented by next-generation driver assistance, comfort and safety systems – while ambient lighting creates a subtle welcome. Once inside, the Virtual Cockpit incorporates a host of online services, extra functionality and plenty of scope for personalisation. More than ever, this is your space.

VIRTUAL COCKPIT

10.25" digital display replaces the traditional instrument dials and can be customised with five views (Classic, Basic, Extended, Modern and Sport).

AMBIENT LIGHTING

Tailor your space to be more comfortable with subtle ambient lighting running along the dashboard.

CLIMATE CONTROL AIR CONDITIONING

Whether keeping you cool in the summer or cosy in the winter, this electronic system provides year-round comfort. It's also fitted with a humidity sensor to reduce windscreen misting.

REAR PASSENGER COMFORT

The knee and head room in the rear is exceptional, and includes heated rear seats that are regulated by a separate control on the rear side of the front armrest. Two USB-C slots enable convenient universal media charging.

THE WORLD AT YOUR FINGERTIPS

Connectivity shouldn't stand still – it should go wherever you go. With ŠKODA Connect you're fully online all the time, with easy access to a world of entertainment, useful information and 24/7 assistance. Making the best use of your connectivity is simple, with touch or gesture. Everything helps to forge an even closer bond between driver and car.

SMARTLINK

From taking calls to switching between your favourite playlists, SmartLink enables you to safely use your smartphone through the infotainment system.

NAVIGATION SYSTEM

The Amundsen satellite navigation system with 9.2" colour touchscreen display will happily get you from A to B, but why stop there? With its Bluetooth®, DAB and SmartLink capability, it offers more connectivity on the go.

INFOTAINMENT

The SCALA features the latest generation of infotainment system offering greater connectivity and personalisation than any other ŠKODA, allowing you to set your favourites for easy access every time.

STAY CONNECTED

The new ŠKODA Connect system turns the SCALA into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates.

CAR

As you would expect from ŠKODA, SCALA features one of the largest luggage compartments in its class. Combined with a roomy interior, it makes all passengers, front and rear, feel comfortable even on long journeys.

SPACE TO SAVOUR

You'd expect the SCALA to provide plenty of user-friendly space, simple controls and a quality feel. But we've taken the interior to a whole new level. Now there's more space for everyone and their belongings, with an impressively vast luggage compartment and a cabin that really lets everyone relax. When you glance at the sharp, compact exterior, you wouldn't believe how accommodating the SCALA can be.

JUMBO BOX

The Jumbo Box is extremely handy for holding cups, as well as storing your gadgets, house keys and books.

ELECTRICALLY-ADJUSTABLE DRIVER SEAT

We go to great lengths to put comfort firmly in the driving seat. Quite literally in this case, as the driver's seat can be electrically adjusted including the lumbar support to suit your needs.

SPACIOUS STORAGE

Several storage compartments have been included in the interior to help you keep it looking its best. Some can also be air-conditioned, making it perfect for storing chilled refreshments.

FOLDABLE TABLES

Built into the backrests of both front seats, the foldable tables with drink holders can be used for more than just your refreshments.

ELECTRICALLY OPERATED BOOT

The boot can be opened and closed at will with a quick touch of a button on the remote control or in the driver's door. A button for closing the boot is also located on the boot door itself.

IT'S ALL IN THE DETAIL

Thoughtful, simple details count. So we've added a whole host of them to the SCALA. These are the features that make everyday trips and longer journeys effortless. There are lots of optional touches to choose from too – covering entertainment, communication, storage and much more.

ELECTRICALLY FOLDING TOW BAR

Activated by a switch in the boot, the SCALA's foldable tow bar ensures it is safely hidden when not required.

ICE SCRAPER

Mounted out of sight inside the fuel cap, this handy ice scraper is ideal for those frosty mornings.

REAR-VIEW CAMERA

Hidden under the boot handle, the rear-view camera makes light work of reverse parking, with an integrated washer to keep obstacles visible.

UMBRELLA STORAGE

A spot of rain will never dampen your spirits again thanks to the umbrella located in the driver's door.

HIDDEN PROTECTION

Cleverly concealed under the steering wheel column, the knee airbag is designed to protect your joints and shins in the event of a collision. This ingenious safety feature is available as an option on both SE and SE L models.

SAFE TO THE CORE

The safety of you and your passengers is built into every part of the SCALA. It starts at the very heart of the car – with a strong, rigid body, a finely tuned chassis and carefully designed crumple zones. We've added a range of clever electronic features and advanced driver assistance technology, so everyone on-board enjoys reassuringly advanced protection.

LANE CHANGE ASSIST

In another ŠKODA first, SCALA features Lane Change Assist. Not only does it use road markings to help keep you in lane by gently intervening with the steering, but it also uses different radars to monitor a longer area behind the car to help you safely change lanes.

REAR TRAFFIC ALERT

Included as part of the Blind Spot Detection system, this assistant helps you reverse safely from a parking space when visibility is restricted. It can also activate the brakes automatically if an imminent collision is detected.

ADAPTIVE CRUISE CONTROL

Adapt your speed automatically with Adaptive Cruise Control, which uses the radar in the front grille to maintain a constant distance from the vehicle in front at speeds of 15mph or more.

AUTO LIGHT ASSIST

Automatically turns the full beam on and off depending on the current lighting conditions and traffic.

EAGER AND EFFICIENT

Every option in the SCALA engine range brings you a balance of strengths. So whether you go for our petrol or diesel version, you'll enjoy refined accessible power and real efficiency.

DRIVE SELECT MODE

Allows you to select the car's parameters and behaviour featuring Normal, Sport and Eco mode, plus Individual mode to truly meet all your needs.

DIRECT SHIFT GEARBOX (DSG)

The seven-speed DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

SPORT CHASSIS CONTROL

A system of adjustable shock absorbers to improve ride and handling. With Normal mode for everyday travelling and long journeys, and Sport mode which improves the road grip in more dynamic driving conditions.

SCALA SE

There's nothing standard about the host of features on SE models. We've included numerous elements that define the SCALA's exceptional levels of comfort and advanced driver assist technology.

FRONT FOG LIGHTS

CRUISE CONTROL

GLASSES STORAGE

STANDARD EQUIPMENT

WHEELS

- > 16" ORION ALLOY WHEELS

SAFETY AND SECURITY

- > ALARM
- > RAIN AND LIGHT ASSIST WITH AUTO-DIMMING REAR-VIEW MIRROR
