Scala

Strikingly versatile

You know it's a Škoda because of the iconic styling cues. But with the Scala, a stronger, sharper shoulder line, sleeker LED headlights and a deep lower grille mark new territory. The Škoda name is positioned proudly across the boot, while the dimensions combine stability, safety and space efficiency. In the Scala, substance and style live happily together.

 Build your own

Extended tailgate glass

Personalise your Scala by extending the tailgate glass down beyond the lettering.

Panoramic roof

Enhance your travel experience by lighting up the interior and, on sunny days, prevent dazzling passengers with the electric sun blind. From the outside, every inch of the roof is covered with the black design detailing.

Full LED headlights

These LED headlights use diode technology and incorporate dynamic headlight range control, cornering and side lights. The lights also feature another interesting detail – the Škoda CRYSTAL LIGHTING inscription – in reference to the tradition of Bohemian glass-making, which is an important element in the design of Škoda cars.

Models shown are not UK specification. Some of the equipment shown is optional.

Inner strengths

The inside story is inspiring. Bright, airy, spacious and a quality feel are Škoda trademarks, but there is much more to explore. New tactile trim and materials are complemented by next-generation driver assistance, comfort and safety systems – while ambient lighting creates a subtle welcome. Once inside, the Virtual Cockpit incorporates a host of online services, extra functionality and plenty of scope for personalisation. More than ever, this is your space.

Virtual cockpit
10.25" digital display replaces the traditional instrument dials and can be customised with five views (Classic, Basic, Extended, Modern and Sport).

Ambient lighting
Tailor your space to be more comfortable with subtle ambient lighting running along the dashboard.

Climate control air conditioning
Whether keeping you cool in the summer or cosy in the winter, this electronic system provides year-round comfort. It's also fitted with a humidity sensor to reduce windscreen misting.

Rear passenger comfort
The knee and head room in the rear is exceptional, and includes heated rear seats that are regulated by a separate control on the rear side of the front armrest. Two USB-C slots enable convenient universal media charging.

Models shown are not UK specification. Some of the equipment shown is optional.

Models shown are not UK specification. Some of the equipment shown is optional.

Eager and efficient

Every option in the Scala engine range brings you a balance of strengths and you'll enjoy refined accessible power and real efficiency.

Drive mode select
Allows you to select the car's parameters and behaviour featuring Normal, Sport and Eco mode, plus Individual mode to truly meet all your needs.

Direct Shift Gearbox (DSG)
The seven-speed DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

Sport chassis control
A system of adjustable shock absorbers to improve ride and handling. With Normal mode for everyday travelling and long journeys, and Sport mode which improves the road grip in more dynamic driving conditions.

Innovation at every turn

The world at your fingertips

Connectivity shouldn't stand still – it should go wherever you go. With Škoda Connect you're fully online all the time, with easy access to a world of entertainment, useful information and 24/7 assistance. Making the best use of your connectivity is simple, with touch or gesture. Everything helps to forge an even closer bond between driver and car.

Stay connected

The new Škoda Connect system turns the Scala into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates. [Click here to go to Škoda Connect.](#)

Smartlink

From taking calls to switching between your favourite playlists, SmartLink enables you to safely use your smartphone through the infotainment system.

Navigation system

The Amundsen satellite navigation system with 9.2" colour touchscreen display will happily get you from A to B, but why stop there? With its Bluetooth®, DAB and SmartLink capability, it offers more connectivity on the go.

Infotainment

The Scala features the latest generation of infotainment system offering greater connectivity and personalisation than any other Škoda, allowing you to set your favourites for easy access every time.

Images shown may not be UK specification. Some of the equipment shown is optional.

Space to savour

You'd expect the Scala to provide plenty of user-friendly space, simple controls and a quality feel. But we've taken the interior to a whole new level. Now there's more space for everyone and their belongings, with an impressively vast luggage compartment and a cabin that really lets everyone relax. When you glance at the sharp, compact exterior, you wouldn't believe how accommodating the Scala can be.

As you would expect from Škoda, Scala features one of the largest luggage compartments in its class. Combined with a roomy interior, it makes all passengers, front and rear, feel comfortable even on long journeys.

Jumbo box
The Jumbo Box is extremely handy for holding cups, as well as storing your gadgets, house keys and books.

Electrically adjustable driver seat
We go to great lengths to put comfort firmly in the driving seat. Quite literally in this case, as the driver's seat can be electrically adjusted including the lumbar support to suit your needs.

Spacious storage
Several storage compartments have been included in the interior to help you keep it looking its best. With optional Climate Control, the glove compartment can be air-conditioned, making it perfect for storing chilled refreshments.

Foldable tables
Built into the backrests of both front seats, the foldable tables with drink holders can be used for more than just your refreshments.

Images shown may not be UK specification. Some of the equipment shown is optional.

It's all in the detail

Thoughtful, simple details count. So we've added a whole host of them to the Scala. These are the features that make everyday trips and longer journeys effortless. There are lots of optional touches to choose from too – covering entertainment, communication, storage and much more.

Electrically operated boot

The boot can be opened and closed at will with a quick touch of a button on the remote control or in the driver's door. A button for closing the boot is also located on the boot door itself.

Umbrella storage

A spot of rain will never dampen your spirits again thanks to the umbrella located in the driver's door.

Ice scraper

Mounted out of sight inside the fuel cap, this handy ice scraper is ideal for those frosty mornings.

Rear-view camera

Hidden under the boot handle, the rear-view camera makes light work of reverse parking, with an integrated washer to keep obstacles visible.

Electrically folding tow bar

Activated by a switch in the boot, the SCALA's foldable tow bar ensures it is safely hidden when not required.

Images shown may not be UK specification. Some of the equipment shown is optional.

Safe to the core

The safety of you and your passengers is built into every part of the Scala. It starts at the very heart of the car – with a strong, rigid body, a finely tuned chassis and carefully designed crumple zones. We’ve added a range of clever electronic features and advanced driver assistance technology, so everyone on-board enjoys reassuringly advanced protection.

Hidden protection

Cleverly concealed under the steering wheel column, the knee airbag is designed to protect your joints and shins in the event of a collision. This ingenious safety feature is available as an option on SE and SE L models.

Auto light assist

Automatically turns the full beam on and off depending on the current lighting conditions and traffic.

Adaptive Cruise Control

Adapt your speed automatically with Adaptive Cruise Control, which uses the radar in the front grille to maintain a constant distance from the vehicle in front at speeds of 15mph or more.

Rear parking sensors

The sensors integrated in the rear bumper monitor the car’s distance from any obstacles. Acoustic and visual signals are activated when parking or prompted by the driver.

Lane assist

This system is designed to keep the vehicle in its lane and, if necessary, alert the driver of an unwanted lane change.

Images shown may not be UK specification. Some of the equipment shown is optional.

Models shown are not UK specification. Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

Scala SE

There's nothing standard about the host of features on SE models. We've included numerous elements that define the Scala's exceptional levels of comfort and advanced driver assist technology.

Standard equipment

Wheels

- > 16" Orion alloy wheels

Safety and security

- > Alarm
- > Rain and light assist
- > Front assist
- > Lane assist
- > Emergency call and proactive services
- > Temporary space saver spare wheel

Exterior

- > Basic LED headlights
- > Front fog lights

Interior

- > 2-spoke leather steering wheel, gear and handbrake lever
- > Chrome inner door handles

Entertainment and communication

- > Bolero radio with 8" glass touchscreen display with eight speakers, bluetooth and smartlink
- > Two USB-C ports

Comfort and convenience

- > Rear parking sensors
- > Manual air conditioning
- > Electrically adjustable and heated door mirrors
- > Height adjustable front seats
- > Hill hold control
- > Cruise control and speed limiter

Dual-zone climate control

Scala SE

Recommended options

17" Stratos alloy wheels

Including anti-theft wheel bolts.

Privacy glass

On the rear passenger windows, privacy glass not only adds a sporty look, but also offers protection from the sun.

Front and rear parking sensors

The sensors produce an acoustic sound when reversing towards objects to inform the driver of the distance between the car and the object.

Rear-view camera

When reversing, use the camera to help manoeuvre the car. The camera is displayed on the infotainment display so you can quickly and easily check the camera and the mirrors.

Dual-zone climate control

Control heating and ventilation for driver and passenger individually.

Rear-view camera

Privacy glass

Models shown are not UK specification. Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

Scala SE L

Adding depth to the generous SE specification, SE L brings technological and material refinements that really make your journey.

Standard equipment (over SE)

Wheels

- > 17" Stratos alloy wheels

Exterior

- > Cornering front fog lights
- > Privacy glass
- > Electrically folding door mirrors
- > Rear LED lights with dynamic indicators

Interior

- > Fabric/Microsuede upholstery
- > Chrome on gear and handbrake lever
- > Chrome strip on dash and door panels

Entertainment and communication

- > Amundsen satellite navigation with 9.2" glass colour touchscreen with Web Radio
- > Virtual cockpit

Comfort and convenience

- > Climate control air conditioning
- > Colour multifunction trip computer
- > Keyless entry and start/stop
- > Rear centre armrest

Virtual cockpit

Keyless entry and start/stop

Models shown are not UK specification. Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

Scala SE L

Recommended options

18" Vega Aero polished black alloy wheels
Including anti-theft wheel bolts.

Adaptive Cruise Control
Adapt your speed automatically with Adaptive Cruise Control, to maintain a constant distance from the vehicle in front.

Electrically operated boot
Gain instant entry to the boot by simply pressing the button on the remote control, inside the cabin or directly on the boot.

Chrome window surround
Add a touch of chrome to accentuate the exterior window design.

Simply Clever Pack +
Make use of clever Škoda features like 12V socket in the luggage compartment, storage boxes under front seats, tablet holders and door edge protection.

Models shown are not UK specification. Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

Scala Monte Carlo

A celebration of Škoda's success at the legendary Monte Carlo Rally, this premium level combines luxury and glamour with pulse-racing sports styling. The meticulous design touches and high-quality materials make the Monte Carlo truly stand out from the crowd and give you that lively motorsport feeling.

Models shown are not UK specification. Some of the equipment shown is optional. Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

Pricing valid as of 4th April 2023.

* The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2023. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2023.

** Only available from stock. Please check the availability with your local Skoda retailer.

From 6 April 2020, the official CO₂ emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

L	226-255	£2,220	£2,605	£2,210
M	over 255	£2,605	£2,605	£2,595

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current Škoda UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards.
** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £390 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

Benefit in Kind example

Based on Scala SE 1.5 TSI 150PS		
P11D value		£22,810.00
Company car BiK tax based on CO ₂ emission level		30%
Taxable BiK (for 2023/2024 tax year):	30% of £22,810.00	£6,843.00
Annual company car tax (2023/24)		
20% income tax	20% of £6,843.00	£1,368.60
40% income tax	40% of £6,843.00	£2,737.20
Monthly company car tax (2023/24)		
20% income tax	£1,368.60 divided by 12 months	£114.05
40% income tax	£2,737.20 divided by 12 months	£228.10

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2023/2024.

Technical specification

	CO ₂ emissions WLTP -Combined* - (g/km)	Standard Euro Emissions	AdBlue tank capacity - Litres	Transmission	Acceleration 0 - 62 mph - secs	Engine Torque - Nm	Max Speed - MPH (Km/h)	WLTP* - Combined mpg (l/100km)

Information regarding tyre technical specifications can be found by visiting the Škoda car configurator **here**.

* Only available from stock. Please check the availability with your local Skoda retailer.

** Please note, if a tow bar or tow bar preparation is not fitted on the car, the VIN plate may not show any towing weights and the car will never be eligible for towing.

As such it may not be possible to retrospectively fit a tow bar if the car is not fitted with tow bar preparation at Factory. Please speak to your Retailer to confirm the exact towing eligibility.

Additional information

Škoda Financial Services

Škoda Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car’s value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new Škoda on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

Škoda Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your Škoda Retailer for your personalised quotation today.

T&Cs apply, ŠKODA Financial Services.

ŠKODA Car Insurance

Complimentary Škoda Drive Away Insurance

Every new and Approved Used Škoda comes with five days’ complimentary insurance cover, getting you on the road quickly and easily so you can enjoy the things that matter. Škoda Drive Away Insurance is designed specifically for your Škoda and guarantees that your car will be repaired in a Škoda Approved Repairer. Speak to your Škoda Retailer for more details.

Subject to eligibility.

We will also provide you with an annual quote, with no additional questions asked, so you can continue to enjoy all the benefits Škoda Car Insurance offers.

Read on for more details.

Škoda Car Insurance

Škoda Car Insurance offers quality service and support when you need it most, with a policy tailored specifically for your Škoda. Just as you’d expect from Škoda, our annual car insurance provides comprehensive cover, with lots of benefits included at no extra cost.

Insure your car with Škoda and relax knowing we only use Škoda trained technicians, who know your car inside out, and Škoda genuine parts*, giving you the peace of mind that your Škoda will be repaired to the same high standards as before and to original manufacturer specifications.

*Excludes windscreen claims.

There's a lot to like about being a Škoda driver.

Alternatively, call us on **0345 246 9091**. Lines are open 8am-8pm Monday to Friday and 9am-5pm Saturday.

Škoda Car Insurance is underwritten by U K Insurance Limited. Calls may be recorded.

Škoda Financial Services is a trading name of Volkswagen Financial Services (UK) Limited (“VWFS UK”), registered in England and Wales No.2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). Until 31st October 2022 Volkswagen Insurance Service (Great Britain) Ltd operates as an appointed representative of VWFS UK, after this date all references to Volkswagen Insurance Service (Great Britain) Ltd should instead be read as VWFS UK. VWFS UK is authorised and regulated by the Financial Conduct Authority. VWFS UK and U K Insurance Limited are not part of the same corporate group.

Škoda Gap Insurance

What is Škoda Gap Insurance?

If your Škoda is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new Škoda or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

Škoda Gap Insurance

This pays the difference between the write off settlement from your motor insurer and the price you paid for your Škoda or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, Škoda Gap Insurance will cover the difference between the write off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit up to £2,000.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

Škoda Gap Insurance Plus

In addition to all the benefits of Škoda Gap Insurance, the Škoda Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written off during the additional 12-month fixed benefit period of insurance, Škoda Gap Insurance will pay a fixed sum of £2,500.

Why choose us?

Škoda Gap Insurance gives you the financial protection your Škoda deserves. So you can relax knowing that if you need to make a claim, we could help you get back into a replacement Škoda.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

For more information about Škoda Gap Insurance, please speak to your nearest participating Škoda Retailer or go online www.insurewithskoda.co.uk/gap-insurance

Škoda Financial Services is a trading name of Volkswagen Financial Services (UK) Limited (“VWFS UK”). Registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR.

Škoda Gap Insurance is administered by Car Care Plan Limited and underwritten by Motors Insurance Company Limited. VWFS UK is not part of the same corporate group as Motors Insurance Company Limited and Car Care Plan Limited.

Service and maintenance

Our range of servicing and maintenance plans will help to keep your Škoda in prime condition. Plus, the price is fixed so you won’t be caught out by any unbudgeted costs.

All our service plans use genuine Škoda approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

Service Plan for cars under a year old

This covers your first 2 services for a fixed payment, protecting you from inflation. You can choose to pay upfront or monthly across 24 monthly payments. The service plan includes a maximum of one oil service and one oil and inspection service with pollen filter change. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your Škoda Retailer to create a more tailored service plan.

Exclusions, terms and conditions apply. Servicing must be carried out in line with the requirement of the service schedule. All work must be carried out at a Škoda Authorised Repairer. Additional work, including wear and tear, is excluded. Freepost Škoda Financial Services.

Škoda Financial Services is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR Registered in England number 2835230.

Service intervals

When you order your Scala, you can choose whether your car is on a fixed or a flexible service regime. Your Škoda retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.
