DIMENSIONS

Every angle and detail designed with the best driving experience in mind. Whether parked kerbside, on the driveway or in the garage, our size guide will help you plan for work, rest, and play.

POWERFUL, DYNAMIC AND FUN

Wherever your next journey takes you, you'll enjoy the drive with Torres. Its direct injection turbo petrol engine and smooth, efficient transmission responds quickly from the start, demonstrating excellent performance under real driving conditions. Feel the fun driving and the control you get from the optimised normal, sport and winter driving mode with the automatic transmission.

1.5 GDI turbo petrol engine

With the global trend for high-performance downsized engines, this unit delivers maximum torque from a low of 1,500rpm, for dynamic driving in everyday life.

Max Power	Max Torque
163PS	260Nm
5,000-5,000rpm	1,500-4,000rpm

'Shift by wire' toggle switch

A 'shift-by-wire' toggle switch replaces the gear shift, making it easier to operate, reduce space, and minimise cabin noise without sacrificing control and convenience.

Idle stop & go system (isg)

When the vehicle is stationary (and the brake pedal is pressed), the engine automatically stops running. This prevents it idling and improves fuel economy.

Driving mode system

Select drive using electronic control which gives direct response in an intuitive and safe manner.

POWERED BY TOUGHNESS

Taking its design cues from the original and authentic SUV, this new car reinterprets the spirit and heritage of KGM. By blending the elements of the original design into a bold, confident look fused with innovative technology and functionality – this is Torres.

Clear lens, full LED headlights / 6 vertical grille castellations

For those who want to see and be seen. Sparkling high beam and low beam LED headlights will turn heads and light your way on the darkest nights.

Flag style exterior door mirrors

The energetic, purposeful side silhouette is enhanced by the sleek door mirrors. The multi-function door mirrors can fold in when you step out.

Combination LED rear lights

Alloy wheels

The K30 Torres comes with 18" diamond-cut finished alloy wheels the K40 and K40 AWD come with 20" diamond-cut finished alloy wheels.

WHERE WILL YOU GO?

Drawing on the spirit of the Torres del Paine paradise deep within South America, Torres gives you the confidence to go wherever you choose, inspiring you to explore higher and further to savour new horizons.

FOR A WORLD OF ADVENTURE

To the coast

Off the beaten track

Take the dog

To the mountains

INTERIOR & CONNECTIVITY

SMART, DIGITAL AND INTUITIVE

Integrated seamlessly into the harmonious and ergonomic interior design, Torres minimises the use of physical controls while ensuring clear communication, ease of operation and convenience by presenting information on two separate 12.3-inch displays that are intuitive and easy to use.

STYLE YOUR WAY

For a cohesive aesthetic, the black interior colourway is standard across all trims, and adjust your seat position and other features to achieve exactly the right level of convenience, comfort and relaxation.

FEEL SAFE, SECURE, AND COMFORTED

STRETCH YOUR LEGS

While the exterior of Torres imbues a rough, tough vibe, the interior is intended to portray a more delicate, comfortable and contemporary space.

Power seats with lumbar support

Find your perfect position. Electrically adjust height, and lumbar positioning until you're sitting comfortably.

Reclining rear seats

Sit back, settle down and enjoy the ride. The rear seats recline, so adjust your seat position to achieve the right level of comfort and relaxation.

Heated seats, front and rear*

When there's a chill in the air, a warm, welcoming heated seat creates the perfect environment for you to enjoy the ride.

Ventilated front seats*

When the temperature's rising, a gentle stream of refreshing chilled air will help you keep your cool.

STACKS OF SPACE

Golf clubs? No problem. Suitcases? Bring them on. You can adjust the rear load space by folding all or part of the rear seats - surf board, no problem!

The load area has the best-in-class capacity from 703litres – 1,662litres. A large luggage space befitting a mid-size SUV. There is also a discrete and hidden space under the load floor for even greater space efficiency and security. This huge and usable space will become part of your new way of living.

SAFETY IN NUMBERS

Torres delivers best-in-class safety – no compromise. With a best-in-class 8 airbags and the highest utilisation of high-tensile steel plate, the safety of driver and passengers is assured.

And there is a seatbelt reminder alert for all five seating positions to ensure every journey is safe from the moment the car starts.

78%

High-Tensile Steel

The rigidity, integrity and safety of the bodyshell have been strengthened by using high-tensile steel in 78% of its construction while also utilising Hot Press Forming.

8 AIRBAGS

Torres has 8-airbags for the greatest possible protection in the event of a sudden stop.

- 1** Driver's airbag
- 2** Driver's knee airbag
- 3** Passenger's airbag
- 4/5** Driver's & passenger's side airbags
- 6/7** Curtain airbags
- 8** Seat centre airbag

SMART SAFETY

AEB (Autonomous Emergency Braking)

Helps avoid or minimise the risk of collision by detecting slower moving or stalled vehicles and warning the driver in advance.

LDW (Lane Departure Warning)

Notifies the driver when the forward camera module detects an unintended lane departure.

Smart High Beam

Automatically lowers the high beams when an approaching vehicle is detected, making night-driving easier.

Safety Distance Alert

Detects the distance to the vehicle ahead and warns the driver when a safe distance is not properly maintained.

FVSA (Front Vehicle Start Alert)

Attracts driver's attention with a visual pop-up alert and audible sound when the vehicle directly in front is pulling away.

Blind Spot-Detection

Detects vehicles rapidly approaching from behind and flashes a warning light on the outside mirror, to alert the driver.

LKA (Lane Keeping Assist)

LKA uses a front camera to monitor the painted lane markers. On detecting an attempt to change lane without prior signalling, it automatically corrects the electric power steering to keep the vehicle within the intended lane.

Rear Cross Traffic Assist

When reversing and an approaching vehicle is detected in its path, RCTA sounds an alarm and automatically applies the brakes to stop the vehicle and minimise the risk of collision.

SEW (Safety Exit Warning)*

Warns of the risk of collision with vehicles in the blind spot when an occupant opens a door to get out of the vehicle once stationary.

*K40 only

DAA (Driver Attention Alert)

If the DAA system senses the driver's attention level has been significantly reduced, it will give an audible warning and display a graphic on instrument cluster.
