42	Owning your new Land Cruiser V8

Land Cruiser V8's distinctive looks feature a sculpted front grille, powerful xenon headlights with daytime running lights and redesigned rear light clusters.

Go anywhere, with innovative 4-wheel drive technology that makes this lavish SUV king of any road.

Travel everywhere in luxury with supreme comfort levels and versatile seating options.

Land Cruiser has over 60 years' heritage as an off-road legend.

Land Cruiser V8.

A legend from day one.

The ultimate Land Cruiser

The Land Cruiser is already legendary for its all-road, go-anywhere capability, and the Land Cruiser V8 is the most powerful, most capable and most comfortable Land Cruiser yet. With a refined yet incredibly

robust diesel V8 engine, there is ample power for almost any situation, whether it's a muddy, steep incline or a tough, rutted track. And when it comes to precise, expert off-road driving, it's bristling with intelligent features that make the seemingly impossible easy. Put simply, there's never been a Land Cruiser like this.

Robust body on frame

High tensile sheet metal is used to maintain a lightweight design and ensure strength and rigidity. Sound-absorbing and noise-cancelling materials contribute to a peaceful drive.

Adaptive Variable Suspension (AVS)

Continuously adapts shock absorber damping in response to the road conditions and automatically selects the most appropriate ride mode: Comfort, Normal or Sport.

On-road refinement

Smooth. Rugged. Slippery. Straight. Twisting. It's incredible how the world's roads – and even the roads of your home country – vary. And once you really get out and start exploring, it's an unavoidable daily challenge.

Hill-start Assist Control (HAC)
Helps to ensure a smooth start on steep inclines by applying the brakes for up to 2 seconds after the brake pedal is released. This prevents the vehicle from rolling back.

Front and rear suspension
Land Cruiser V8 is fitted with a suspension system that maximises off-road capabilities while delivering ride comfort and superior handling on-road. Double-wishbone suspension is used at the front, with 4-link coil suspension at the rear.

Kinetic Dynamic Suspension System (KDSS) On-road
Highly responsive suspension with conventional anti-roll bars provides unrivalled on-road steering agility and ride comfort.

Hydraulic lines are used to connect the front and rear stabilisers. KDSS electronically controls a set of valves connected to accumulators to optimally balance the effect of the front and rear stabilisers and absorb surface irregularities.

But the Land Cruiser V8 is ready for every road you take, thanks to its range of active driving features. The result is unfailingly precise and accurate handling and control at all times.

Active Traction Control (A-TRC)

Designed for on- and off-road, A-TRC helps to keep you moving in the most adverse conditions. This intelligent traction control applies brake force to one wheel that may be slipping, while distributing power evenly between the three that are not.

4-wheel Active Height Control (AHC)

4-wheel AHC adjusts your Land Cruiser V8's ground clearance. When lowered, stability at speed and cabin access is improved. Raising it, meanwhile, boosts off-road ground clearance. Automatic levelling means your vehicle's height stays constant, regardless of the load.

Tyre Angle Display

In uneven off-road conditions it is often difficult to determine your exact steering direction. The multi-information display shows the tyre angle guide lines to give you confidence in these situations. When Multi-Terrain Select is in use, the tyre angle guidelines let you know your predicted path.

Off-road precision

River crossings. Tricky, slippery climbs. Rutted, dry and seemingly impassable tracks. They all require power, and the Land Cruiser V8 has it in plentiful supply. But there's a lot more to it than brute strength. That's why the Land Cruiser V8 is equipped with a stunning array of

Multi-Terrain Select (MTS)
Tackle any situation with a choice of five terrain modes – 'Rock', 'Rock & dirt', 'Mogul', 'Loose rock' or 'Mud & sand'. The vehicle's throttle, braking and traction control systems are automatically modified to suit the off-road conditions, providing maximum traction and control.

Multi-Terrain Monitor (MTM)
MTM allows you to see the road around, helping you stay on your intended course and avoid potential danger. The screen displays a choice of six live images from four exterior cameras. By simply pressing the multi-function switch on the steering wheel, you'll have an instant understanding of your surroundings.

Off-road Turn Assist
The Off-road Turn Assist function enhances drivability on tight corners. The turning performance is enhanced in accordance with the driver's steering wheel operation, while maintaining a constant low speed thus reducing the number of 3-point turns.

Kinetic Dynamic Suspension System (KDSS) Off-road
Drive off-road and the wheels remain firmly on the ground and provide greater traction. The stabiliser is disconnected. With the fluid now allowed to flow freely through the system, each wheel can move with much more independence on uneven ground. The resulting longer wheel travel provides uncompromised traction and stability on the roughest terrain.

driving technologies to give you unprecedented control and precision. They optimise your suspension for different driving surfaces. They deliver an extra-tight turning circle when you need it. They even provide a 360-degree view of your surroundings, to allow you to choose the perfect path, and protect your paintwork. Whatever the situation, the Land Cruiser V8 is equipped. Bring it on.

Refined comfort

Beating off-road obstacles and on-road challenges requires a clear head, so the focus inside the Land Cruiser V8 is firmly on sustained comfort and refined luxury. Materials of only the highest quality are

used, and the attention to detail is unsurpassed. As for your passengers, there's comfortable space for seven in total, along with generous storage including a cool box and double-layered glove compartment.

You're in control

Seven seats. Five seats with a large luggage space. Two seats with a massive luggage space. And every point in between. Whatever your journey, and the demands that it will place upon your vehicle's

interior, the Land Cruiser V8 gives you the flexibility you need, with seats that fold and move according to your requirements.

Controlled power

Whether it's beating a tough off-road climb, pulling a stubborn low-speed load or simply overtaking motorway traffic quickly, the Land Cruiser V8 has the power to beat challenges with ease. The powerful V8 diesel engine delivers go-anywhere potential and an impressive 650 Nm of torque.

Multi-Terrain Anti-lock Braking System (ABS)

When driving with Multi-Terrain Select, Multi-Terrain ABS automatically detects terrain conditions and ensures the best possible braking performance.

Crawl Control

Maintains constant and stable low-speed off-road progress. The driver doesn't have to worry about controlling the throttle and brake, and can instead concentrate on steering.

Brake Assist (BA)

If you attempt an emergency stop, BA will detect this and instantly apply additional brake pressure. This enables ABS to work to its maximum potential and bring you to a stop more quickly.

Vehicle Stability Control (VSC)

VSC automatically activates each individual brake as needed and controls engine output to help maintain stability and prevent skidding when turning sharply or cornering on slippery road surfaces.

Protection when it matters

Slippery roads, sudden obstacles and unpredictable conditions. They all require quick thinking and precise control. But with the Land Cruiser V8, you also have ample assistance from an array of onboard safety systems. The result is surefooted handling at all times, and a better driving experience all round.

Details and features

Main features

- Damping force selector
- Multi-information display
- JBL 14 speakers
- Rear-view camera
- Chrome finishes
- 4 x Camera Multi-Terrain Monitor
- Crawl Control with Off-road assist

Main features and key specifications

Headlamps

Powerful new xenon headlamps with LED daytime running lights make Land Cruiser V8 more stylish as well as safer.

Damping force selector

This switch allows you to influence the suspension damping to ensure a smooth and comfortable ride across a particular terrain.

Multi-information display

Sitting comfortably at driver eye-level, the multi-information display provides all relevant vehicle information such as speed, steering wheel angle or Multi-Terrain Select display.

JBL 14 speakers

This premium sound system gives you superior, immersive acoustics specially calibrated for Land Cruiser V8's interior cabin.

Rear-view camera

Easily reverse anywhere, by seeing not just the space behind you but helpful graphic lines showing your projected rearward path and obstacles less than 50 cm away.

Chrome finishes

Eye-catching and superb quality chrome inserts make Land Cruiser V8's interior appearance even more stylish.

Option pack – rear entertainment system

Rear entertainment packs

A new rear-seat Toyota entertainment system that you can configure for complete flexibility – featuring a multi-purpose docking station that is compatible with a 7" DVD player and iPad® holder. The DVD player can be configured in a master/slave arrangement, where one DVD plays on both screens, or as master/master, where each screen can play a different DVD. The iPad® holder can be mounted either landscape or portrait, to exactly match your requirements. The dock itself provides all the power to the attachments, with no visible wires and does not affect anti-whiplash head restraints for those sitting in the front seats.

DVD player (shown left)

- Features a 7" screen with stereo sound and a remote control, so children can watch without adjusting their seat belts.
- Can be combined as either master/master or master/slave configurations.
- Compatible with wireless headphones for superb stereo sound.
- Can be removed from car and used at home.

iPad® holder (shown above)

- Clips into docking station for a secure holder for your iPad®.
- Charges your iPad® while docked.
- Can be combined with WiFi hotspot (sold separately) to allow your iPad® to connect to the internet.

Optional wireless headphones (shown above left)

- Superb stereo sound.
- Independent volume control.
- Automatically shut down to preserve battery life.

Security

- DVD and iPad® holder easily removed for security when not in use.

Safety

- Meets European crash and impact testing standards.
- Does not affect anti-whiplash seat head restraints.
- Integrated installation with no trailing wires or cords.

Compatible with iPad® generation 2, 3 and 4 only. iPad® is a trademark of Apple Inc., registered in the US and other countries.

For the best in life

Toyota Land Cruiser V8 is ready for the best that life can offer. Its high levels of on-road refinement and superb off-road ability ideally balance luxury, strength, sophistication and versatility wherever you go. Genuine Toyota accessories remain true to this even further. Each item is made to the highest standards, as you would expect.

Options

Towing

Tow bar – detachable and fixed

Toyota tow bars are available with a flanged, flanged with ball and bin or detachable hook.

Features

- 1500–2000 kg towing capacity depending on engine type (the tow bar is designed for your car's maximum towing capacity).
- Supplied with a protective tow-ball cap bearing the Toyota logo.
- With the detachable tow bar, a smart plastic cover is supplied to place over the base when the hook is removed.
- On the detachable tow bar, the hook attaches or removes by means of a turning knob that also incorporates a security lock.

Tow bar wiring harness

Safety for you and your car is at the heart of the Toyota tow bar wiring harness. Individually designed for each Toyota model, the harness seamlessly integrates your car's lights and signals with those on a towed trailer or rear bicycle holder.

Features

- The harness has independent circuitry and a fused module to eliminate the risk of overloading your car's existing electrical system.
- The fused module prevents a fault in the trailer's circuitry affecting your car's systems. For instance, your car's indicators will continue working even if those on the trailer fail.
- Toyota specialists designed the cable route to safely avoid contact with moving car parts, heat, irregular surfaces and metal edges.
- There are no loose or hanging cables that could catch on road obstacles or interfere when loading or unloading the boot.
- Strategic reinforced cable protection guards against accidental damage and the consequent risks of lighting failure or fire caused by electrical shorting.
- Available with a 7 or 13 pin socket.

Socket adapters

If you have an existing trailer or rear bicycle holder, or perhaps you want to hire a trailer when you travel in another country, you may find that the plug socket is different to that on your new car. Such a problem is easily resolved! A Toyota socket adapter enables you to safely and securely connect your car's tow bar wiring harness to that of a trailer or bicycle holder even if the plugs don't match.

Toyota adapters are designed to provide a durable connection between different types of plug sockets. They are available in three versions:

- 7 pin (car) to 13 pin (trailer).
- 13 pin (car) to 7 pin (trailer).
- 13 pin (car) to 12N-12S double socket (trailer).

Storage

Toyota accessories are immensely practical. They help store personal possessions safely while also keeping them tidy to complement the Land Cruiser's immaculate interior.

Consider the boot space for example. The accessory range includes horizontal, vertical and side nets* that firmly restrain smaller objects to stop them moving around as you drive. Each net is made of strong woven black nylon with elasticised fixing loops for easy attachment to pre-fitted hooks in the boot.

01 Vertical cargo net

02 Horizontal cargo net

* Not illustrated.

Extra care

Reassuringly, you have accessory choices for increasing comfort and care for younger passengers and for protecting the car itself.

The Duo Plus child restraint seat is for children between 9 kg and 18 kg (approx. 8 months to 4 years). It anchors directly to the car body by locking into ISOFIX bars plus a top tether for added stability or can be secured with seatbelts in cars without ISOFIX locks. The Babysafe protects babies from birth to around 15 months (to 13 kg). An integral canopy guards against the sun and wind. The Kid seat for children between 15 kg and 36 kg (approx. 3 to 12 years) has an adjustable headrest and is designed to ensure correct seatbelt positioning for optimum impact protection.

Some 2 million vehicle-related thefts take place each year. By fitting a TRACKER Stolen Vehicle Recovery system* you will have a better chance of getting your vehicle back. Choose either the TRACKER Monitor system or the Horizon system, which has the added benefit of GPS. Ask your Toyota Centre for full details.

02

03

Practicality

Toyota offers a great selection of practical accessories to enhance the enjoyment of your Land Cruiser V8.

The family-sized universal cool box plugs in to your car's 12V accessory socket and can be relied on to keep a generous supply of food and drinks either hot or chilled.

Equally practical is the boot liner. It is custom-shaped to fit your Land Cruiser's boot and made of ultra-tough rubber to protect the carpet with an anti-slip surface pattern to help stop luggage sliding.

You can also protect your paintwork against scratches with transparent adhesive door handle protection film.

01 Cool box

02 Boot liner

03 Door handle protection film

04

Care for your carpets is provided by Toyota tailored floor mats. You can choose from ultra-tough rubber mats* or high quality velour mats.

If you prefer to drive with the windows or sunroof open, aerodynamically designed wind deflectors match the Land Cruiser's contours and divert airflow.

06

Touring and towing

Combine Toyota accessories with the Land Cruiser's famous go-anywhere capability and the result is maximum freedom to explore life's special adventures.

A choice of fixed, flanged or detachable tow bars with optional wiring kit enables you to take full advantage of the Land Cruiser's strength and stability. All three bars have anti-corrosion surface treatments and provide the capability to tow anything from a trailer to a horsebox, boat or a caravan. The 2-positioned flange ball tow bar is also compatible with a ball and pin for alternative towing applications.

Increasing flexibility even further is the Toyota roof rack or, if fitted with accessory roof rails, a two or three crossbar system.

Each is fully lockable, easy to install and can be extended with a superb range of optional attachments. The attachments include a load platform and truly cavernous yet streamlined central locking luggage box. There are holders for boats* and a surfboard and mast.

And, for winter sports, you have a choice of two sizes of lockable ski or snowboard holders* and an aerodynamic central locking ski box. To carry bicycles securely, the Barracuda attachment has a unique anti-theft system and moulded profiles that grip the wheels firmly.

Touring

03 Luggage box

Thule Pacific 200 – silver grey

Just right for holidays

For jackets and dresses, shorts, shoes and playthings: a Thule luggage box is perfect to carry all you need for those big holidays and weekends away.

Thule Pacific 200

Dimensions: 175 cm L x 82 cm W x 45 cm H

Internal volume: 410 litres

Maximum content weight: 50 kg[§]

Weight: 14 kg

Features

- Opens from both sides for convenient loading and unloading.
- High security multi-point central locking system.
- Grip-friendly key cannot be removed until all the locking points are closed.
- Fits the Toyota roof rack and Toyota crossbars on roof rails.
- Internal straps for securing the box contents.
- Made of colour-fast UV-resistant ABS plastic.

04 Ski boxes

Thule Motion 800 – gloss black (also in gloss silver)

Thule Pacific 700 – silver grey

For those big snow holidays

Thule ski boxes have been custom-designed to exactly the right length, shape and capacity for securely carrying all your winter sports accessories.

Thule Motion 800

Dimensions: 205 cm L x 84 cm W x 45 cm H

Internal volume: 460 litres; maximum content weight: 75 kg[§]

Holds: 5–7 pairs of skis, 4–5 snowboards; weight: 21 kg

Thule Pacific 700

Dimensions: 232 cm L x 70 cm W x 40 cm H

Internal volume: 420 litres; maximum content weight: 50 kg[§]

Holds: 6 pairs of skis, 4 snowboards; weight: 15 kg

Features

- Opens from both sides for easy loading and unloading.
- High security multi-point central locking system.
- Grip-friendly key cannot be removed until all the locking points are closed.
- Fits the Toyota roof rack and Toyota crossbars on roof rails.
- Internal straps for securing the box contents.
- Made of colour-fast UV-resistant ABS plastic.

Owning your new Land Cruiser V8

Servicing your Toyota

Toyota Fixed Price Servicing means you will be sure to know the cost of your service up front. Expertly trained technicians using only genuine Toyota parts will carry out your service at one of over 200 Authorised Toyota Service Centres. The technicians will advise you on the correct service for your car based on the car's age, mileage and service history.

For more information visit toyota.co.uk/service

Service Plans

Inflation-proof pricing with a monthly or one-off payment plan means one less thing to worry about. With Toyota Service Plans the price you're quoted is guaranteed for the duration of your plan. The service, parts and labour are all paid for either in monthly instalments or as a one-off payment at the beginning of your plan.

For more information visit toyota.co.uk/service

Toyota Fixed Price Repairs using Genuine Parts

We offer fixed prices on a number of repair items for your Toyota giving you peace of mind when it comes to managing costs. Also don't forget we only use genuine Toyota parts, all of which come with at least 12 months' warranty (some even offer unlimited mileage warranties); and your car will always be dealt with by a trained Toyota Technician.

For more information visit toyota.co.uk/repairs

MyToyota

This is a new and unique online Toyota customer portal that keeps track of everything you need to know about your car. You can sign up to **MyToyota** at toyota.co.uk/mytoyota. Once you're up and running you can benefit from MOT and service reminders, access your car's service history and obtain details for your Toyota Roadside Assistance alongside much more information about your car.

Toyota Rewards

Another benefit of signing up to **MyToyota** is access to Toyota Rewards. We've teamed up with big brands such as Virgin Holidays, Ticketmaster, Superbreak and many more to give you special offers on things you'll like doing and places you'll like going to in your Toyota.

Toyota Accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort and practicality. Also, because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has a 5-year warranty when purchased together with the vehicle.

For more information visit toyota.co.uk/accessories

Toyota Roadside Assistance

When you buy a Toyota you will automatically receive 12 months' AA Roadside Assistance in the UK and Europe, free of charge; after the first year the cost of Toyota Roadside Assistance is £6 per month when paid by monthly Direct Debit, £68 per annum if paid by annual Direct Debit or £72 per annum when paid by all other payment methods.

For full terms and conditions please visit toyota.co.uk/roadsideterms

5-Year Toyota Warranty

Every new Toyota comes with a 5-year/100,000-mile (whichever comes first) manufacturer's warranty, covering you against the unlikely event of a manufacturing defect causing a mechanical fault.

For full details, please ask your official Toyota Centre or visit toyota.co.uk/5yearwarranty

Corrosion Cover

The 12-year unlimited mileage cover protects against rust perforation affecting sheet metal body panels as a result of a manufacturing fault. This warranty can also be transferred to any future owner throughout the 12-year period.

Rust and Paint Cover

The 3-year unlimited mileage cover protects against defects and surface rust as a result of a manufacturing fault.

Toyota Extended Warranty

You have the choice of either the unlimited mileage cover or the low-user option that restricts you to 10,000 miles per year. You also have a choice between 12 and 24 months' cover (subject to vehicle eligibility). The 24-month option will show a saving over two 12-month Toyota Extended Warranty policies and is available with the low-user option at 10,000 miles per year over 24 months.

The Toyota Extended Warranty can be renewed until the vehicle is eight years old, and if a part covered by the Toyota Extended Warranty suffers electrical or mechanical failure at any time during the term, Toyota is committed to fixing it. You don't pay for replacement parts or labour.

For more information visit toyota.co.uk/extendedwarranty

Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Flexible Finance from Toyota Financial Services

All our plans offer easy budgeting and peace of mind and **AccessToyota** brings these benefits together in one flexible package.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

BETTER WAY

To experience the Land Cruiser V8 or for more information on the vehicle, Toyota and the Environment or our latest offers, please contact your local centre or visit our website **toyota.co.uk/landcruiser**

Whilst every effort is made to reproduce accurate information, we reserve the right to change specifications, equipment and availability without prior notice. This brochure cannot be regarded as infallible (some of the vehicles shown may not be to exact UK specification), and as such does not constitute an offer for sale of any particular vehicle or specification. Fuel-consumption values quoted throughout this brochure are determined according to EC Directive 1999/100/EC. The results do not express or imply any guarantee of actual fuel consumption. For the latest specification and availability, we ask that you contact your local Toyota Centre.

The use of the term 'Toyota Accessories' should not be taken to imply that the products on the accessory pages are actually manufactured by the Toyota Motor Corporation or Toyota (GB) PLC. The After Sales Division is continually updating and changing specifications of accessories and reserves the right to do so at any time without prior notice.
