

ASTRA

2016 Models Edition 2

NOW HERE'S A THING...

There's been some stuff on our minds recently. You see, much as we love cars, we don't pretend your whole life revolves around a Vauxhall.

No, a car shouldn't be a thing to worship. To us, a car should be a great tool for living. That's why we only build them for one pretty good reason. You.

So we create cars not simply to drive, but for something far more important. To live better.

New Astra is no exception. In fact, it proves our rule. It reinvents classic Astra to make it more useful, smart and downright fun to own than ever before.

Now step inside...

A red Vauxhall Astra is shown from the rear left side, driving on a curved road. The road is flanked by a white bridge structure with vertical supports. In the background, there are blurred buildings, suggesting motion. The overall scene is bright and modern.

YES, IT'S AN ASTRA.

Introducing the New Astra and its extra-spacious sibling, the New Astra Sports Tourer. Now in their seventh generation, our iconic Astra models are built by us, but made for you.

Lighter in weight, roomier inside and more compact than ever, the latest editions bring together clever engineering with premium design, powered by a new range of ultra-efficient engines.

On the road, New Astra is a seriously addictive drive, because it's shaped around your life – and living it. So why not see what you make of it?

Company car drivers can experience New Astra through our free 3 Day Test Drive programme.

Please see back cover for more details or visit www.vauxhall3dtd.co.uk

PUT IT TO THE TEST

IT'S LOOKING GOOD.

We designed New Astra to show off its new edge, lightweight build and drop a few hints at all the clever technology inside too.

Those flowing lines and sculpted body, along with the rising curve of its floating roof all come together to give it serious presence, whichever way you look at it.

It's all made to bring out its solid yet sporty character, for a drive as pleasing as it is awesome to look at.

THIS COULD BE THE PERFECT PARTNER.

It gives you space when you need it, it's flexible
and thinks about just about everything.
Have you considered getting hooked up with
the New Astra Sports Tourer?

LET'S LIGHTEN UP.

Smart LED daytime running lights, sharp lines and streamlined curves – the New Astra design has plenty of bright ideas to catch the eye.

1. **LED daytime driving lights and tail lights***. Sharp light design with LED technology so it's easier to be seen.
2. **Elegant floating roof line with chrome highlights**. New Astra gets an uplifting and streamlined roof design that looks great anywhere.
3. **IntelliLux LED Matrix headlights***. Cutting-edge LED headlights – the first time this technology has featured in any car in this class.

*Please note that LED tail lights and IntelliLux LED Matrix headlights are optional at extra cost on SRi and Elite models only.

NICE VIEW IN HERE.

Sit inside and take a look around. Every interior for New Astra is made using high quality materials that go beyond what you might expect.

New Astra has some exciting trim levels to suit all kinds of life, whether it's family, work or play.

But whichever trim you choose, you'll find first-rate design and build matched by standard equipment that's far from standard.

YOU COULD GET USED TO THIS...

We think you'll love the bigger sense of space and all the creature comforts inside the New Astra.

Seat ergonomics and plenty of adjustable settings help you find that perfect driving position (however long your journeys), and you can upgrade to AGR* ergonomic sports-style front seats if you like.

Inside New Astra you'll find it quieter, calmer and larger than ever before. You'll notice higher quality materials, sophisticated colour choices and calm ambient lighting that make New Astra a very nice place to be indeed.

- 1. Are you sitting comfortably?** The ergonomically-designed AGR* approved sports-style front seats feature an adjustable front cushion, seat tilt and power lumbar adjustment. And on Elite models you can even upgrade to include front seat ventilation and a massage facility for some serious pampering while you're on the move.

*AGR seats are certified by the German organisation Aktion Gesunder Rücken (Campaign for Healthier Backs), a European centre of excellence for ergonomic design. AGR seats are standard for both front seats on Elite models and optional for the driver's seat on all other models, except for Energy.

WHEN WE DESIGNED IT, WE WERE ON A BIT OF A POWER TRIP.

Powerful, cleaner and more economical. That was at the front of our minds when we re-engineered New Astra.

So the entire range is powered by a brand new series of lightweight ECOTEC petrol, diesel and turbo engines.

Some of these engines feature super-efficient ecoFLEX technology, but they all deliver higher performance, greater fuel economy and lower CO₂ levels.

IT'S A LIGHTWEIGHT ENGINE THAT'S NO LIGHTWEIGHT.

Made for the twists, turns and quirks of UK roads, we've powered up New Astra with a brand new set of lightweight engines.

New ECOTEC petrol and diesel engines are more efficient in every way. They deliver smooth, ample power in combination with New Astra's lightweight body for an agile and responsive drive.

This is especially true of the ecoFLEX engines. All turbocharged, strong and powerful, they deliver exceptional fuel economy and emissions levels for maximum efficiency with an equally impressive dynamic driving experience.

If you'd like to see why New Astra makes such good business sense for company car drivers, visit www.vauxhall.co.uk/Fleet/NewAstra

- Cutting-edge engineering delivers agility and performance
- Lightweight design ensures improved economy
- A range of new generation ECOTEC engines give you unrivalled efficiency
- Experience New Astra agility. Up to 200PS and a chassis to handle it

#Official Government Test Environmental Data. Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors. *Correct at time of publication.

**Taxation information for guidance only. Please take professional advice on your own tax position. S/S = Start/Stop.

Please note standard and optional alloy wheel sizes can affect fuel consumption and CO₂ emissions, resulting in higher Vehicle Excise Duty and Benefit-in-Kind.

1. Cheers for gears. Five or six gears, automatic or manual, with Start/Stop engine systems or without – all New Astra transmissions are smooth and precise. There's even the choice of an Easytronic transmission for faster and smoother gear changes.

2. Switch to sporty. You can change New Astra's steering feel and throttle response to sporty at the touch of a button – it's a standard feature on New Astra SRi†.

3. Clean yet mean. New Astra ecoFLEX engines are uncompromisingly powerful yet super efficient. For instance, the responsive 1.0 Turbo ecoFLEX petrol engine with Easytronic transmission emits just 96g/km CO₂.

†Not available on 1.4i 100PS models.

SORRY IF WE'RE GETTING AHEAD OF OURSELVES HERE.

Where New Astra leads, we think others are bound to follow.

Take a look inside and maybe you'll see why. Everywhere you look and feel, you'll find premium-class materials and more than a few great ideas that come as standard.

We've built them into New Astra to make driving easier, safer and more fun than ever. It's future thinking we're proud to lead.

3.

1. **IntelliLux LED Matrix headlights***. This super smart LED headlight system automatically adjusts your high beam to dip around other vehicles for a wider, perfectly lit view ahead for safer night driving.
2. **Driving Assistance Pack****. This front camera safety system gives you intelligent assistance like lane departure warning, traffic sign recognition, following distance indication and forward collision alert with automatic city emergency braking.
3. **R4.0 IntelliLink infotainment**. Standard on all New Astra models, you can stay updated and entertained every journey with seamless Bluetooth® integration for Apple and Android devices†.
4. **Luxurious seating**. Relax in stress-relieving comfort with optional in-seat ventilation and massage therapy to keep you alert and refreshed on the road.
5. **Advanced park assist***. Parking is quicker and easier with advanced park assist, which not only finds you a good parking space, but also steers you precisely into the slot – all hands free.

4.

5.

*Optional at extra cost on SRi and Elite models only.

**Standard on SRi, optional at extra cost on all other models.

†Compatibility and certain functions might be a bit different depending on the type of smartphone and operating system you're using.

SOME OF OUR IDEAS ARE **NOT SO DAZZLING.**

New Astra comes with plenty of premium features and bright ideas, like IntelliLux LED Matrix headlights that automatically avoid dazzling other drivers. In fact, it's the first time this technology has featured in any car in New Astra's class.

New Astra

WE'VE THOUGHT ABOUT STUFF SO YOU DON'T HAVE TO...

Here's a not-so bright idea for driving at night. Smart headlights that automatically adjust the shape of your high beam headlights to avoid dazzling other drivers. It's called IntelliLux LED Matrix headlight technology and means you'll never have to switch between high and low beam again. It also gives you more time to react to potential hazards, making for safer driving.

Before. With standard halogen headlights, you have to switch between low and high beam to avoid dazzling drivers in oncoming cars.

After. With IntelliLux LED Matrix headlights, your high beam automatically dips around other vehicles so you enjoy a wider, perfectly lit field of view.

How IntelliLux led matrix works

IntelliLux LED Matrix headlights are made up of 16 separate LED elements.

In a millisecond, each individual LED can detect and react to the presence of moving vehicles to automatically and continuously adjust the profile of the beam. This makes sure that your high beam is always glare-free, whilst wide and long enough for maximum visibility.

This means that you're always using the safest lighting in any situation. In particular, driving at night is safer for other people and more relaxed for you. And the outstanding reliability and longevity of IntelliLux LED Matrix headlights gives you maximum use whenever you need to light your way.

Even more bright ideas

The IntelliLux LED Matrix system* also includes a few other smart lighting options:

- Cornering lights to light the area you're turning into for greater safety
- Country lights adjust automatically for better visibility on dark roads
- Town lights perfectly complement urban conditions that are better lit
- Motorway mode guarantees safe, glare-free travelling at high speeds

*Optional at extra cost on New Astra SRi and Elite models only.

NEVER MIND SIXTH SENSE, THIS IS THE SEVENTH.

Built for the fast-moving demands of the 21st century, the seventh generation New Astra is made for people who love to get behind the wheel, but want the benefits of smart sensing technology.

New Astra's front camera system is an advanced driver assistance system that senses hazards in advance and only gives safety warnings when you need them, while keeping you in full control at the wheel.

JUST LOOKING OUT FOR YOU.

Keeping an ever-watchful, never-tiring electronic eye on the road ahead, New Astra's front camera system supports your own road sense to help prevent scrapes, keep track of speed limits and make life safer for you and your passengers.

Standard with the Driving Assistance Pack on New Astra SRi models, the front camera system is more than a first in a car of this class – it's one of the most sophisticated driver assistance systems ever engineered in a car.

- 1. Forward collision alert.** Gives you an audible and visible signal if you approach slower vehicles too fast from behind. The system will also help avoid low-speed rear-end collisions by automatically braking if it senses a potential impact. The new reflective LED windscreen display provides an extra level of safety to give additional warning in the driver's field of view.
- 2. Lane departure warning with lane assist.** Warning signals protect against unintentional gradual drifting – and the steering wheel even nudges gently if you move out of your lane without signalling. The real genius? It won't sound an alarm when you don't need one. For example, if you need to swerve hard to avoid an obstacle.
- 3. Traffic sign recognition.** This advanced sign-detection system picks up and displays speed limits and other important traffic signs and even recognises temporary electronic signage.

SIT DOWN, STRETCH OUT...

Space and comfort was top of our list when we designed the New Astra's interior, starting with extra room to make yourself nice and comfy in the back, as well as a generous boot for whatever you get up to.

Plenty of room in the back. Check out the boot – it's roomy and flexible with a nice low sill so it's easy to load up.

...AND RELAX.

New Astra is all about setting new standards for comfort and technology. Why? Simply to make life on the road easier, fun and more enjoyable for you.

An electrically adjustable leather front driver's seat memorises your personal settings, with integral massaging and ventilation to keep you relaxed and cool¹.

Heated front and rear seats² are a cosy treat in the chilly months, and the advanced Electronic Climate Control (ECC)³, lets you set different temperatures for areas of the car – handy when you're travelling with friends and family.

You can also choose the Air Wellness system⁴ that airs the cabin with two subtly different herbal scents – Energising Dark Wood or Balancing Green Tea.

1. Power front driver's seat¹.

This category-first driver's front seat option features electric adjustment and is ergonomically certified to help promote a healthy back. It massages, ventilates and memorises personal settings to keep you cool and relaxed.

2. Power tilt and slide sunroof⁵.

Open up a window on the world at the touch of a button.

3. The adjustable Air Wellness scent diffuser.

Freshen up with Energising Dark Wood or Balancing Green Tea.

1. Optional power front driver's seat on Elite models includes a driver's seat massage function, electrically operated adjustment with seat memory function and pneumatically adjustable backrest side bolsters. Both front seats feature active ventilation for the seat rest and seat cushion. 2. Heated front seats are standard with Energy, and come with the Winter Pack, which is optional on SRI models. Heated front and outer rear seats are standard on Elite models. 3. ECC is standard on Elite models, optional on SRI. 4. Air Wellness scent diffuser optional on all models in conjunction with the PowerFlex bar. 5. Optional on all models.

A man in a dark suit and glasses is walking from left to right on a paved sidewalk. He is carrying a large, light-colored canvas bag with both hands. The background shows a modern building with large glass windows and a concrete wall. The scene is brightly lit, suggesting daytime.

TAKE A LOAD OFF.

Remember what we said about the New Astra Sports Tourer thinking about everything? Imagine you've got a few bags to throw in the back. No need to put them down – just waggle your foot under the rear bumper, and hey presto, the tailgate opens itself. To close it, just do the same.

Intelligently controlled by eight sensors, the hands-free system also monitors whether the tailgate is going to be obstructed when it opens or closes, automatically stopping and returning to a safe position.

You can also control the opening angle – handy if there's restricted overhead space when parking. Once you've got used to the optional hands-free power tailgate, you'll wonder what you ever did without it.

SPACE CRAFT.

The sleek lines of the Sports Tourer belies its generous rear space. Made for easy loading, the luggage area has a nice flat floor (with storage space underneath) and a practical rectangular-shaped footprint, with all these features:

- Up to 1,630 litres of space with the rear seats folded down, and 540 litres if there's five on board
- 12-volt socket in the luggage area (ideal for those electrical accessories)
- FlexFold rear seats are a quick and easy way to release and fold the rear seats when you need that extra space*
- Optional Flex Organiser® rails support a range of tailored storage solutions
- Hands-free power tailgate system so you can open and close the tailgate with just a wave of your foot**

*Standard on leather-trimmed Elite Sports Tourer models only.

**Optional on SRi and Elite Sports Tourer models and only available in conjunction with optional keyless entry and start.

†Flexible 40/20/40 split-folding rear seats are standard on leather-trimmed Elite models only. All other models feature a conventional 60/40 split-folding rear seat arrangement.

How do you want to split it?

Get the space you want with two split-folding rear seat solutions[†]

1. Use the 60/40 fold when you need more space for large or awkward loads.
2. On Elite models use the 40/20/40 facility for greater flexibility[†]. The centre folding section creates a useful opening for longer loads while keeping two full-size rear seats.

LET'S STAY IN TOUCH.

Smartphone or tablet, Android or Apple iOS – our ingenious R4.0 IntelliLink infotainment system connects with your dashboard touch-screen and audio system to access apps and give you music, phone and sat nav on the go.

What's also nice is that IntelliLink is yet another top-class standard feature you'll find across the entire New Astra range.

BECAUSE NOTHING BEATS GOOD CONNECTIONS.

Wherever you go, IntelliLink keeps you in touch and entertained.

Now there's no excuse not to call home. Every New Astra features our R4.0 IntelliLink infotainment system with Bluetooth® and USB connectivity for all Android or Apple iOS smartphones.* And digital radio comes as standard too.

Once it's connected to your device, IntelliLink lets you project selected functions from your smartphone to the large colour touch-screen display.

R4.0 IntelliLink comes as standard in nearly every New Astra:

- 7-inch colour touch-screen display
- Digital radio
- Bluetooth®, USB and aux-in socket
- Hands-free phoning
- Smartphone projection
- Supports Apple CarPlay
- Supports Android Auto

Navi 900 IntelliLink system, standard on Tech Line, SRi Nav and Elite Nav models, gives you a slightly larger touch-screen, and also includes sat nav, voice control and a sleek, shark-fin antenna:

- 8-inch colour touch-screen display
- Built-in navigation system
- Hands-free phoning with voice control
- Shark-fin antenna
- Smartphone projection
- Supports Apple CarPlay

*Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the IntelliLink systems.
Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries.

YOUR PERSONAL ON BOARD ASSISTANT.

Many car brands talk about innovation as soon as they improve their cup holders, but this one-of-a-kind system is revolutionary: 24/7, 365 days a year, Vauxhall OnStar puts you in touch with an individual, not a machine.

With Vauxhall OnStar you have access to a host of innovations, from Vehicle Diagnostics and Smartphone Function to a fully integrated Wi-Fi Hotspot. In the event of an accident, Vauxhall OnStar even automatically calls for help¹.

Best of all, OnStar services are free of charge on New Astra SRi and Elite models* for the first 12 months!

What's more, this unique service doesn't stop at national borders. You can access it virtually anywhere in Europe².

Motoring re-imagined.

WHAT ONSTAR CAN DO FOR YOU¹

Automatic Crash Response.

We hope, this won't ever happen to you, but in the event of a crash, built-in vehicle sensors automatically alert an OnStar advisor. The expert will be immediately connected to your car to assess the situation and, if needed, notify the emergency services, providing them with your exact GPS location.

Wi-Fi Hotspot².

Cyberspace now comes on wheels. Thanks to the extra powerful OnStar aerial, you have a stable and quick Internet connection. Your Vauxhall Astra creates a mobile Wi-Fi Hotspot for up to seven devices.

Smartphone App.

Referring to Murphy's Law your car keys will be in the locked car at least once in a lifetime. No problem, just start the OnStar app and remotely lock/unlock your door with your smartphone. Or use the remote control to sound the horn and flash the lights. The app also checks the oil life by the touch of a button.

Stolen Vehicle Assistance.

"Where is my...? NO WAY!?!?" A stolen car is a nightmare – but from now on you can call our Vauxhall OnStar advisors to track and recover it together with the police.

Vehicle Diagnostics.

Hey Astra, how are you doing today? You can ask OnStar to remotely check some of the key systems of your car, like engine, transmission, emissions or airbags. If you prefer a newsletter, Vauxhall OnStar will automatically send you a monthly e-mail with this key data.

Destination Download.

Hungry? Thirsty? Need an alternative route? Just Press the Service Button and our advisors will provide you with the information and locations you need. No need to waste time searching: OnStar automatically downloads the location to your Vauxhall's navigation system².

^{*}Optional on all other Astra models.

¹The Vauxhall OnStar services rely on wireless communication networks and satellite positioning systems.

²Some features may not be available in certain foreign countries. Please check www.vauxhall.co.uk/onstar for a current overview of potential restrictions.

³In events such as a crash or if your vehicle is stolen.

YOUR PRIVACY. YOUR CALL

One person alone decides what Vauxhall OnStar can and cannot do: YOU.

- Once you've registered and activated OnStar, you can access every OnStar Service. To ensure security, several services will ask for your PIN. For example, Remote Door Lock/Unlock or Stolen Vehicle Assistance.
- Press and hold the Privacy Button for approximately five seconds to mask your car's location at any time. If you change your mind, press the Privacy Button again for approximately five seconds to reveal your location. Only in emergencies³ can OnStar override this.

OnStar Europe Ltd t/a Vauxhall OnStar will never sell your information on. Your information will only be disclosed to OnStar and GM Holdings LLC (USA), its affiliate companies (i.e. Adam Opel AG and General Motors UK Limited), your selected/preferred retailers, companies involved in providing or carrying out the OnStar Services and, at your request, to other service companies.

Privacy Policy – General Motors UK Ltd, General Motors Holdings LLC (Michigan, USA) and OnStar Europe Ltd may process your data for marketing, market research, tracking sales data and to contact you. On request, you can stop the processing of your personal data for marketing at any time.

Your personal details may be shared within the General Motors Group and suppliers, retailers and agents for the above purposes – we will not share your personal details with third parties for their independent use. The data may be transferred outside the European Economic Area ('EEA'). All steps reasonably necessary will be taken to ensure that your data is treated securely and in accordance with applicable laws. Please read our privacy policy – www.vauxhall.co.uk/privacy for more detail.

HOW CAN I GET ONSTAR?

Vauxhall OnStar is standard on Astra SRi and Elite and is available as an option on all other models.

To get it:

1. Request OnStar when you order your new Vauxhall Astra.
2. OnStar will send you an e-mail invitation so you can activate your account.
3. Complete your registration and set up your preferences.
4. OnStar is ready to go!

After the 12-month free trial period, you can decide to order a continuation of the OnStar services. This will be subject to a fee.

To find out more, visit www.vauxhall.co.uk/onstar

HOW MY VAUXHALL SERVICES DO MORE FOR YOU.

My Vauxhall is your one-stop shop to manage everything to do with your Vauxhall – from your Vauxhall OnStar account to organising your vehicle's next service to rewards and exclusive offers. Everything is targeted to you and the Vauxhall you drive.

- Manage your Vauxhall – take care of your Vauxhall online, book a service
- Access your Vauxhall OnStar services – get diagnostics reports, manage your subscription and more
- Exclusive offers – stay up to date on special offers, latest news and current events
- Dealer locator – find your nearest Vauxhall retailer

If you already are a Vauxhall OnStar customer, you can access all the My Vauxhall services.

Otherwise, you can register for My Vauxhall by following these easy steps:

1. When you order your car, your retailer will go through a simple pre-registration with you.
2. We will send you an e-mail invitation so you can activate your account.
3. Complete your registration.
4. My Vauxhall is ready to go!

To easily access My Vauxhall from your smartphone, just download the app from the Google Play Store or from Apple iTunes App Store.

ONE CAR. FIVE CHARACTERS.

From the entry-level Astra Design to the top-of-the range Astra Elite, the five New Astra trim levels give you a choice of style and technology you've never experienced in this category of car.

Each and every New Astra begins with this superb list of standard equipment:

- R4.0 IntelliLink infotainment system with colour touch-screen and digital radio
- Bluetooth® connectivity and USB facility
- Air conditioning
- Cruise control with speed limiter
- Multi-function trip computer
- Electrically operated front and rear windows
- LED daytime running lights
- Six airbags

Moving through each trim level, each New Astra adds its own unique features to give each model its own little something special...

DESIGN. MAKE IT YOURS.

Well-equipped and affordable to run. A perfect start for just about everyone, and great for company car drivers, as it'll save on your tax too. Savvy.

Engine availability	Insurance groups (ABI)
5-door Hatchback/Sports Tourer	
1.4i 100PS	8E
1.0i 105PS Turbo Start/Stop ecoFLEX	12E
1.0i 105PS Turbo Start/Stop ecoFLEX Easytronic	11E

1.6CDTi 110PS Start/Stop ecoFLEX	13E
1.6CDTi 136PS Start/Stop	19A
1.6CDTi 136PS automatic	19A

Company car drivers can experience New Astra Design through our free 3 Day Test Drive programme. Please see back cover for more details www.vauxhall3dtd.co.uk

Design standard features include:

- 16-inch alloy wheels*
- LED daytime running lights
- Air conditioning
- R4.0 IntelliLink audio system with digital radio
- 7-inch colour touch-screen
- USB and aux-in
- Bluetooth® connectivity
- Smartphone projection
- Multi-function trip computer
- Steering wheel mounted audio controls
- Cruise control with speed limiter
- Electrically operated front and rear windows
- Six airbags
- Black roof rails (Sports Tourer)
- 12-volt accessory power socket located in luggage area (Sports Tourer)

Model illustrated features 17-inch alloy wheels and Summit White brilliant paint, optional at extra cost.

**The standard 16-inch alloy wheels for Design models will not be available until late Summer 2016. Therefore, until then, models will be supplied with a 16-inch structure wheel design. A 17-inch alloy wheel is optional at extra cost.*

TECH LINE. SMARTEN UP.

Ramps up the on board technology and comfort options, while still saving tax for company car drivers. Looking very good.

SEE ANYTHING YOU LIKE?

If you have a taste for fine furnishings, New Astra interiors are a special treat.

OK LET'S ROLL.

New Astra's contours and colours are sure to catch the eye, now why not let the wheels do the talking?

1. **16-inch alloy wheels***. With 205/55 R 16 tyres (Design and Tech Line).
2. **16-inch structure wheels***. With 205/55 R 16 tyres (no-cost option on Design and Tech Line).
3. **17-inch alloy wheels**. Elegant 10-spoke design, with 225/45 R 17 tyres (Energy, optional at extra cost on Design and Tech Line).
4. **17-inch alloy wheels**. Five twin-spoke design with 225/45 R 17 tyres (SRi).
5. **17-inch alloy wheels**. Multi-spoke design, with 225/45 R 17 tyres (Elite).
6. **18-inch alloy wheels****. Bi-colour 10-spoke design, with 225/40 R 18 tyres (optional on SRi and Elite models).

*The standard 16-inch alloy wheels for Design and Tech Line models will not be available until late Summer 2016. Therefore, until then, both models will be supplied with a 16-inch structure wheel.
**Not available with 1.4i 100PS, 1.0i Turbo 105PS or 1.6CDTi 110PS ecoFLEX engines.

Please note: An emergency tyre inflation kit is standard on all New Astra models in lieu of a spare wheel. An emergency steel spare wheel and tyre is available on all models as an extra-cost option. Fitting this spare wheel and tyre will reduce luggage capacity.

WHATEVER YOU WANT, YOU'VE GOT IT MADE.

There's only one thing more satisfying than a new car that does everything just as you always wanted – customising it with accessories until it matches your personal needs exactly – like a new car always should.

- 1.-6. FlexConnect® system.** A flexible system of holders that attach to the headrests of the front seats for gripping tablets, shopping bags, jackets and drinks.
- 2. Roof base carrier and Thule attachments.** Ideal for carrying big boxes, camping gear and sports equipment like surfboards, skis, bikes and kites.
- 3. Reversible hard cargo tray.** A tough, anti-slip tray that's rubberised one side and carpeted the other. Perfect for protecting your loads and keeping your boot clean and tidy whatever you throw in.
- 4. Stainless steel sports pedal kit.** For added grip with a stylish sheen.
- 5. Branded Vauxhall illuminated sill plates.** Protect the sill paint, and give your admirers a tempting glimpse of the premium interior.

NOW YOU'VE SEEN IT. TIME TO FEEL IT.

This car brochure can only ever be a prelude to the show. A little taster before the main event.

And, well, you just can't drive this brochure, can you?

So if you like what you've seen of New Astra so far, we think you need to drive it soon.

7

Why the seventh generation of the Astra is the best yet

The Astra is now in its seventh generation, and features a total redesign inside and out, class-leading innovation throughout and a brand new series of lean, efficient engines all just waiting to be discovered. So here are seven excellent reasons why New Astra just has to be experienced.

REASONS TO GET EXCITED ABOUT THE NEW ASTRA

- State-of-the-art British engineering
- Seductive sports styling and dynamic design
- Premium interior trims and features
- New performance engines with greater efficiency
- Sophisticated driver assistance and safety systems
- Class-defining connectivity and infotainment
- Vauxhall OnStar

Trust Vauxhall

Company Car Driver 3 Day Test Drive

Our free* 3 Day Test Drive programme is open to all Company Car Drivers which allows you to choose any model in the current Vauxhall line-up (excluding all VXR models and Commercial Vehicles), with full insurance cover provided, to give you a meaningful length of time to make an informed decision about your next company car.

To book your free* test drive just log on to www.vauxhall3dtd.co.uk or call **0870 240 4848****

Fleet Customer Services

Our dedicated support services for fleet decision makers include factory demonstrators and information on whole life costs, company car taxation and finance.

For further information please call **0870 010 0651**.

E10 Fuel

E10 fuel is cleared for use in all petrol-engined Vauxhall vehicles excluding models with the 2.2 litre direct injection petrol engine (code Z22YH) used in Vectra, Signum and Zafira models. Owners of these vehicles should continue to use regular unleaded or premium unleaded petrol.

Proud Sponsor of Home Nations Football

OnStar Europe Ltd t/a Vauxhall OnStar will never sell your information on. Your information will only be disclosed to OnStar and GM Holdings LLC (USA), its affiliate companies (e.g. Adam Opel AG and General Motors UK Limited), your selected/preferred retailers, companies involved in providing or carrying out the OnStar Services and, at your request, to other service companies.

Privacy Policy – General Motors UK Ltd, General Motors Holdings LLC (Michigan, USA) and OnStar Europe Ltd may process your data for marketing, market research, tracking sales data and to contact you. On request, you can stop the processing of your personal data for marketing at any time. Your personal details may be shared within the General Motors Group and suppliers, retailers and agents for the above purposes – we will not share your personal details with third parties for their independent use. The data may be transferred outside the European Economic Area (EEA). All steps reasonably necessary will be taken to ensure that your data is treated securely and in accordance with applicable laws. Please read our privacy policy – www.vauxhall.co.uk/privacy for more detail.

*The free 3 Day Test Drive programme is open to Company Car Drivers and excludes fuel and lubricants, congestion charges, parking and speeding fines and the £250 insurance excess (if applicable). It features a wide selection of models from the Vauxhall range (excluding all VXR models and Commercial Vehicles and subject to availability). Drivers must be aged 25 years or over, have held a full driving licence for at least a year and hold a major credit card. You will need to have your driving licence (and proof of identity (i.e. passport) where the driving licence is not a photocard licence) when your car is delivered. While every effort will be made to ensure that at least 3 days are provided for the test drive, this cannot always be guaranteed due to delivery and collection dates and timings. Available for UK Mainland only. Terms and conditions apply. **Telephone lines open Monday-Friday 9.00am to 5.00pm excluding Bank Holidays. Calls may be recorded or monitored for quality and/or training purposes.

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of publication (March 2016). Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. The Company reserves the right to alter specifications and withdraw products from sale without notice. Any such alterations will be notified to Vauxhall retailers at the earliest opportunity, please consult your local retailer for the latest information. The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website. Please note that Vauxhall retailers are not the agents of General Motors UK Limited and are not authorised to bind the Company by any specific or implied undertaking or representation. It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories. Please note accessories shown are for illustrative purposes only. As part of Vauxhall's policy of environmental care, this brochure is printed on paper manufactured using Elemental Chlorine Free pulps from specially farmed, sustainable timber resources.
