

VAUXHALL
CALIBRA

TURBO 4x4

VAUXHALL

Discretion being the better part of valour, the only clues to the astounding capabilities of this new high performance coupé are the discreet 'turbo'

...and do it in style

badge, a distinctive exhaust tailpipe and a set of unique design-alloy wheels.

Rejecting any bolt-on fripperies from the outset, the development team responsible for Calibra Turbo retained the purity of line of the original, concentrating instead on the unseen.

Why embellish unnecessarily a style that moved the motoring weekly *Autocar & Motor* to comment: 'It never looks less than stunning...'

It's a shape that has redefined the classic coupé, finely tuned to exploit

every nuance of aerodynamics. No other production car comes close to cutting the air like a Calibra, bringing benefits in performance and fuel consumption, minimising wind noise with not even a hint of sacrifice in straight-line stability.

Inside, the Calibra Turbo has all the styling hallmarks of a true thoroughbred performer. Leather seat trim, body-hugging sports front seats, leather covered steering wheel and gearknob all help set the tone of the luxury interior.

Instrumentation and equipment, including a 7-function trip computer, are nothing short of comprehensive. Indeed, the level of equipment on this flagship Calibra is so complete that optional extras are unnecessary.

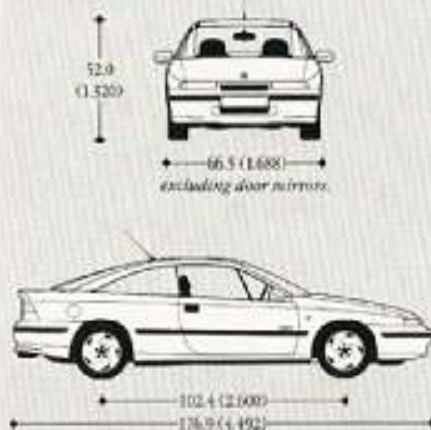

Ultimate performance. Ultimate style. The ultimate Calibra.

Specifications

DIMENSIONS inches (metres)

NB: overall width including door mirrors is 75.0 (1.906),
overall height with roof antenna is 65.1 (1.654)

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (March 1992). However, with Vauxhall's policy of continuous product improvement, the Company reserves the right to change specifications and make modifications to the vehicles described and illustrated at any time.

Vauxhall cars are equipped with components manufactured by various General Motors operating units and outside suppliers.

Any alterations affecting the description and illustrations in this publication will be notified to Vauxhall dealers at the earliest opportunity. Please consult your Vauxhall dealer for the latest information.

The colours reproduced may vary slightly from the actual paint colour or material due to the limitations of the printing process.

It should be noted that Vauxhall dealers are not the agents of Vauxhall Motors Limited and are not authorised to bind the Company by any specific or implied undertaking or representation.

DEALER

STANDARD FEATURES

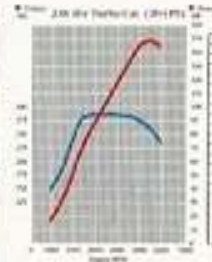

Interior

- Anthracite leather seat trim (Mexico cloth trim available at reduced cost)
- Heated front seats
- Fully reclining sports front seats
- Closed-type front seat head restraints
- Front seats with height adjustment
- Height adjustable inertia reel front seat belts
- Two rear inertia reel seat belts
- 60/40 split-folding rear seat
- Rev counter
- Instrument panel light dimmer
- Check control warning panel
- Seven function trip computer
- Leather covered 4-spoke steering wheel
- Leather covered gear knob
- Tilt/telescopic steering column
- Cigar lighter
- SC 804 stereo radio/stereo cassette player with removable display & 6 speakers
- Security code protection for audio equipment
- Radio data system (RDS) with travel information service
- Cassette storage facility
- Roof mounted rod aerial with integral tailgate wash nozzle
- Illuminated load area and glovebox
- Underbonnet lamp
- Twin sun visors with passenger vanity mirror
- Colour keyed velour carpet.

Exterior

- 6-speed close-ratio gearbox
- Power assisted steering
- Halogen double ellipsoid headlamps
- Lights-on warning buzzer
- Twin reversing lights
- Twin rear foglamps
- Front halogen fog lamps integrated into headlamp units
- Electric headlamp levelling
- High pressure headlamp washers
- Laminated windscreen with graduated tint shadeband
- Green tinted glass
- Electrically operated front windows with one-touch operation and safety auto reverse facility
- Central door locking (doors, tailgate, fuel flap) with security deadlock and torch key
- Ultrasonic security alarm system
- Electrically operated sliding/tiltable steel sunroof
- Heated rear window with automatic timed cut-off
- Intermittent tailgate wash/wipe
- Twin electrically adjustable/heated door mirrors
- Twin jet washer nozzles
- 2-tone horn
- 2-coat metallic/pearlescent paint at no extra cost.

ENGINE

2.0i 16v Turbo Cat. 1998cc

Max. Power = 204 PS (150kW) @ 5600rpm
Max. Torque = 206.5 lb.ft. (280Nm) @ 2400rpm
4-cylinder, double overhead camshafts and 16 valve alloy cylinder head, hydraulic tappets, electric cooling fan and thermostatically controlled engine oil cooler. Integral water cooled turbocharger with intercooler. Motronic M2.7 engine management system. Sequential port fuel injection with knock control and air mass metering. 3-way closed loop catalytic converter. Compression ratio 9.0:1. This engine runs on unleaded petrol only.

TRANSMISSION

6-speed close-ratio gearbox. Permanent 4-wheel drive with viscous coupling for variable torque split.

PERFORMANCE

(Manufacturer's figures)

Maximum speed	152mph
Acceleration 0-60mph	6.4secs
Acceleration 30-50mph (5th gear)	5.5secs

FUEL CONSUMPTION DATA mpg (litres/100km)

Fuel consumption data officially certified by the United Kingdom Government as required by the Passenger Car Fuel Consumption Order 1983.

Simulated Urban Driving	24.4 (11.6)
Constant 56 mph	40.9 (6.9)
Constant 75 mph	34.0 (8.3)

FUEL CAPACITY

14.0 Imp. gallons (63 litres)

BODY

All steel 3-door body with extensive anti-corrosion protection. Safety crumple zones, front and rear. Rigid passenger safety cell. Recessed windscreen wipers. Flush fitting front and rear screens, semi-flush fitting side window glass. Flush door handles. Polypropylene front bumper and rear bumper capable of withstanding minor impacts of up to 2.5mph without permanent damage. Aerodynamic drag coefficient = 0.29

WEIGHTS (kg)

Kerbweight	1374
Gross vehicle weight	1735
Max. towing weight	1300
Max. noseweight	75

LOAD CAPACITIES litres (cu.ft.)

VDA method

	Rear seat up	Rear seat down
	300* (10.6)	980 (34.6)

*Volume under load cover

SUSPENSION

Front: Independent. MacPherson struts with coil springs and uprated gas pressure damper cartridge. Anti-roll bar. Negative scrub and anti-dive geometry.

Rear: Independent with semi-trailing arms, progressive rate miniblock springs and uprated gas pressure dampers. Anti-roll bar.

STEERING

Power assisted rack and pinion. Energy absorbing tiltable steering column.

Turning circle - 10.6m (34.8ft.). 3.3 turns locks-to-lock.

BRAKES

Dual circuit, diagonally split system with direct servo.

Front: 11.2in. dia. ventilated disc brakes with floating calipers.

Rear: 10.6in. dia. disc brakes with fixed calipers.

Electronic anti-lock braking system (ABS). Asbestos-free friction material.

ELECTRICS

12 volt negative earth system.

70 amp alternator.

55Ah maintenance-free battery.

WHEELS AND TYRES

Specific 6J x 16 alloy road wheels with 5 bolt fixing.
205/50 ZR 16 ultra-low profile tyres.
