

1997 MODELS EDITION NUMBER 1

Vauxhall **RANGE
PROFILE**

VAUXHALL

Whatever your new car preference, you'll find it in the Vauxhall range – one of the UK's widest model choices. For 1997, Vauxhall continues to set new standards with a steady stream of technical improvements and exciting new models that lead the field in areas like safety, security, efficiency, environmental awareness and value-for-money. Every Vauxhall is also backed by a comprehensive customer care programme. So you can be sure that you are dealing with an organisation that puts total customer satisfaction above everything else.

New updates for 1997

Continuous product improvement is central to Vauxhall's philosophy of total customer satisfaction. So each year, we monitor, upgrade and enhance our range to ensure it remains ahead of the field. Here are a few of the 1997 highlights.

New Vectra estate

The dynamic new Vectra estate matches the best of Vauxhall technology with a commitment to versatility and individual flair. A choice of three highly efficient ECOTEC petrol engines and a new 2.0Di 16-valve diesel combine power and refinement with outstanding fuel economy.

Vectra's double-isolated, fully independent suspension provides superlative ride comfort and driver reward. Advanced occupant safety and sophisticated security measures offer complete peace of mind.

Vectra estate brings new levels of capacity and function to the established Vectra package with features such as a retractable load area cover, luggage restraining net, underfloor storage area, integrated roof rails and the option of self-levelling rear suspension on most models.

Yet closer examination also reveals an elegance, sophistication and attention to detail that sets it well apart from traditional 'load carriers'.

With superb levels of comfort, convenience and control, Vectra estate is the perfect addition to your lifestyle. And its unique mix of estate car versatility and real driving pleasure is yet another triumph for Vectra technology.

Affordable air-conditioning

For cold air on hot days, and easier demisting in winter, air-conditioning is standard on many Vauxhall models. But now it is also available at a highly affordable price in lieu of a sunroof on many Astra, Vectra and Omega models. If you prefer to retain your sunroof, air-conditioning can still be specified in its own right and is now available for the first time on Frontera.

More technology for Vectra

Vectra drives into 1997 with a list of valuable new developments. In addition to the highly versatile new Vectra estate, there are new 2.0i 16v LS and sporting V6 SRI models, plus a range of new diesels powered by Vauxhall's state-of-the-art new 2.0Di 16v direct injection turbo diesel engine. All Vectras benefit from a newly optimised driving position for 1997 with specially lowered front seats and five-position tiltable steering column on all models except Envoy.

Vectra's reputation for safety is enhanced with a high-level centre brake light on all models, and a three-point inertia reel centre rear seatbelt (not Envoy). Front seat side impact airbags can be specified (from February '97) at extra cost on all Vectra models. The innovative Trafficmaster Oracle system is now standard on many models, giving early warning of possible traffic delays, while Vectra CDX adds a new CCR 600 stereo radio/cassette/multiplay CD player and electronic climate control.

Frontera – new style, new diesel

The 1997 Frontera Sport and Estate models are better looking and easier to drive than ever before. A new, more rounded facia (above) matches flowing lines with easy-to-use controls. A new 2.5TDS diesel with advanced, electronic engine management improves efficiency and driveability and also allows the use of Vauxhall's latest electronic engine deadlock immobiliser.

Extra comfort is provided by new extra cost options – a driver's seat height adjuster and heated front seats. And there's added safety with the option of driver's and front passenger's full-size airbags. Two additional audio speakers, a new silver-coloured spare wheel disc replacing the previous fabric cover, and a fresh choice of exterior colours will help Frontera retain its position as one of Europe's best-selling recreational vehicles.

New Sintra from Vauxhall

The all-new Vauxhall Sintra (interior illustrated above) is a new kind of Vauxhall that will challenge your ideas about the future of family transport. Available in '97, it is previewed fully on page 24.

Calibra

Calibra is a car designed to stir the emotions. A triumph of form over function, it is in every way the classic coupé, matching dramatic style with sporting performance and surprising practicality.

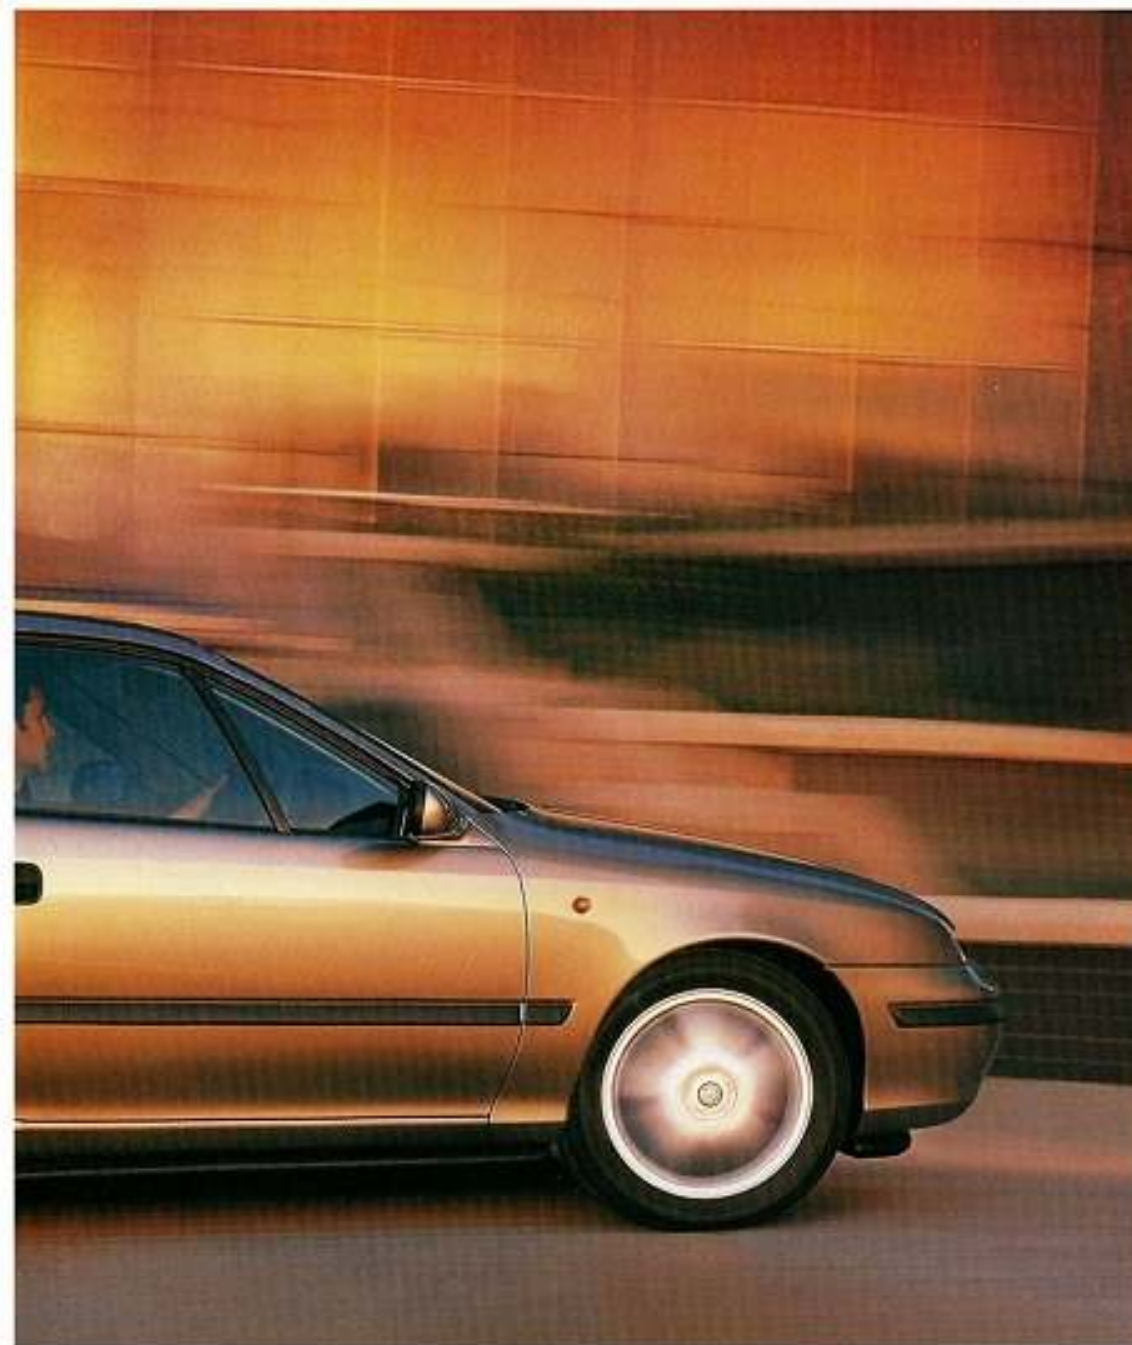

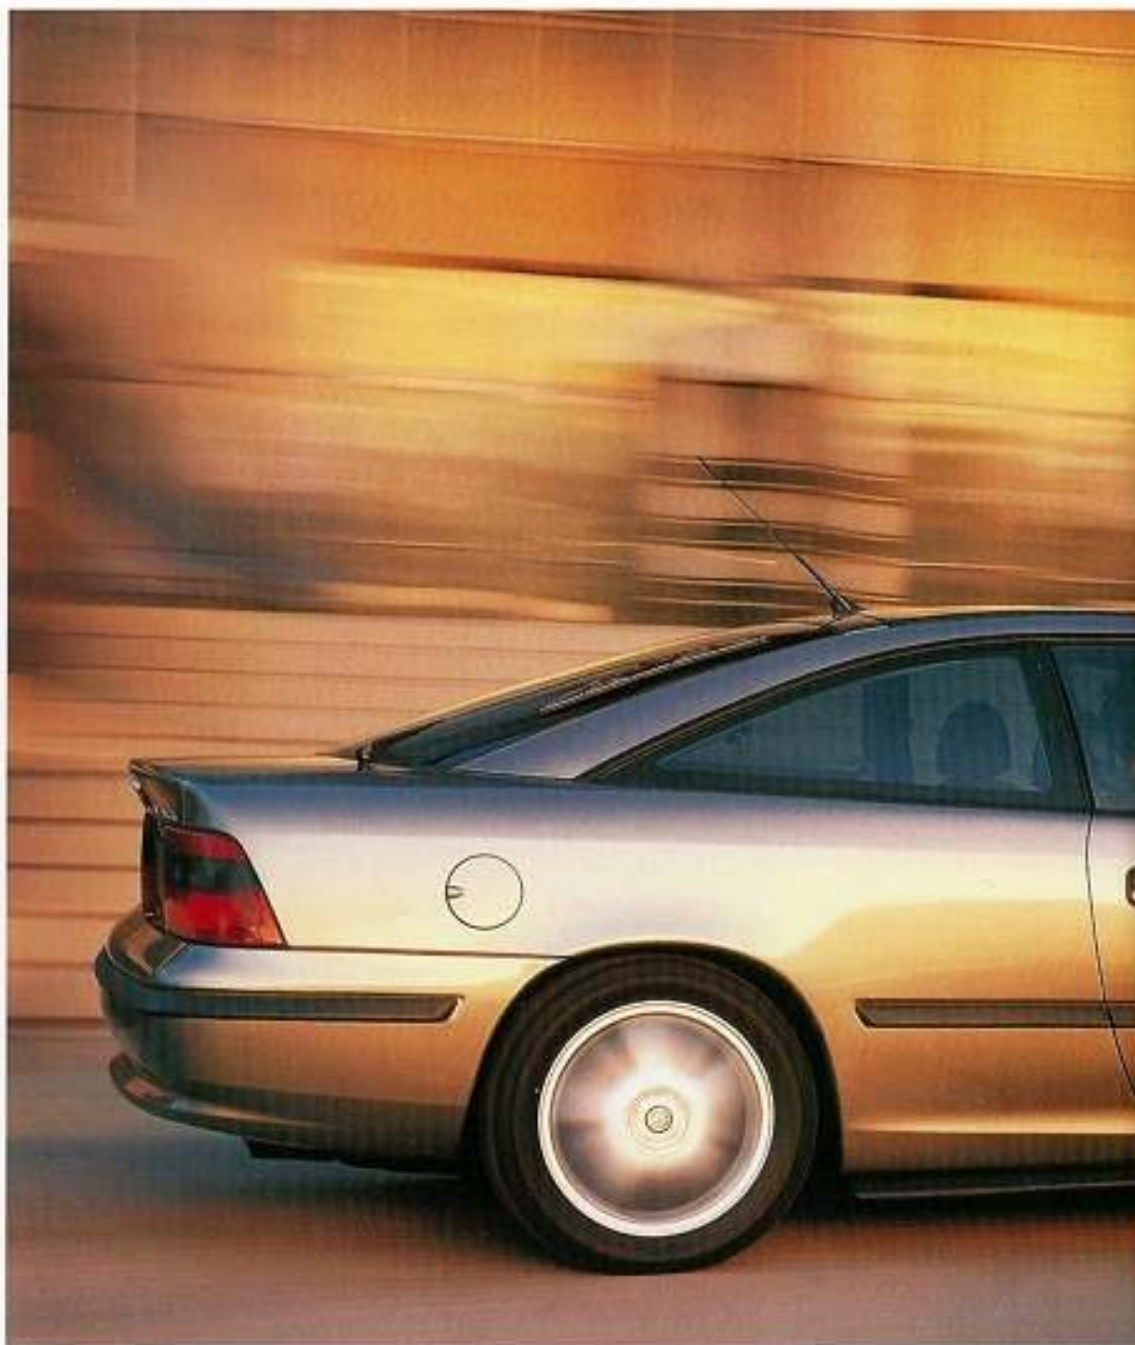

Standing still, Calibra's distinctive curves project a breathtaking profile. On the road, those aerodynamic lines contribute to improved fuel efficiency, minimal road noise and superb high-speed stability.

At the same time, Calibra drivers are rewarded with powerful 2.0i 16v or 2.5i V6 engines, finely tuned suspension, power assisted steering, electronic ABS braking and traction control on V6 models.

Yet for all its bravado, Calibra is also a car that takes its responsibilities seriously. An impressive list of safety features helps protect the driver and passengers. Modern catalytic converters help both engines respect the environment. And triple-protection by deadlock central locking, an electronic engine deadlock immobiliser and an ultrasonic security alarm system helps deter the undesirable element.

Calibra practicality also extends to comfortable interior space for four and high value features such as quality, six-speaker audio, electrically operated front windows and sunroof, and soft anthracite leather trim.

But that's Calibra all over. Full of excitement, exhilaration and driver reward. And packed with efficiency, versatility and good sense. What better combination of art and science?

3-dr Coupé	Insurance Group
2.0i 16v	14
2.5i V6 24v	17

Insurance groups as recommended by the Association of British Insurers.

Please note:
Certain cars illustrated have equipment which is optional at extra cost. For full specifications, please refer to the specific model brochure and colours leaflet available from your Vauxhall dealer. Alternatively, phone free on 0800 455466.

Accessories

Every Vauxhall driver can enhance their ownership experience with Vauxhall Approved accessories. From towing equipment to audio upgrades, the extensive range is designed to help you get the most from your Vauxhall.

Vauxhall approval is your personal guarantee of quality and value. Each accessory is designed, tested and manufactured to the same exacting standards as the cars themselves and carries a full 12 month, unlimited mileage warranty against defect.

VAUXHALL LINE

Designed exclusively to complement your car's unique lines, Vauxhall styling products are the perfect way to enhance and personalise your vehicle and add that extra hint of individuality. In the same way, Vauxhall suspension lowering kits are engineered to work perfectly with each Vauxhall model.

Every item has been developed in conjunction with Vauxhall design teams and each carries the Vauxhall Approved quality guarantee.

- Front air dam with integrated bumper, radiator grille and fog lamps
- Front, rear and roof spoilers
- Side sills
- Sports exhaust tailpipe
- Suspension kits*
- Alloy wheels
- Wood or leather-covered steering wheels
- Wood trim kits
- Wood gear knobs

** Suspension parts cannot be used with towing equipment.*

Accessories

A wide range of Vauxhall Approved accessories are available. For more information, please visit your nearest Vauxhall dealer shop and ask your Vauxhall dealer for the latest Car Range Accessories brochure.

Security

Alarm systems
Vehicle tracking systems
Steering wheel security bar
Locking wheel bolts

Protection

Mat sets

The Vauxhall Experience

Choose Vauxhall and you have the confidence of knowing your car is backed by a unique package of benefits we call the Vauxhall Experience.

The reassurance begins the moment you select your new car. Order a new Vauxhall for build in the current model year (as confirmed by your dealer) and we guarantee that the price you are quoted will be the price you pay – irrespective of any increases that may occur prior to delivery. We simply ask that you place your order no more than three months ahead of the required delivery date and take delivery of your new car as soon as it becomes available. Regrettably, Vauxhall Price Protection does not cover Government-imposed tax changes.

No hidden extras

To avoid any confusion about 'hidden' costs, Vauxhall also quotes a recommended price for an on-the-road package. This includes number plates and delivery to the dealer. You'll find full details in the Vauxhall Price Guide or ask your dealer.

Peace of mind

Having taken delivery of your car, you'll be pleased to know Vauxhall continues to safeguard your interests. The Vauxhall new car warranty, for example, provides comprehensive cover for the first 12 months of ownership, with no mileage restrictions. Then there's Vauxhall's body panel anti-perforation warranty, offering six years' full cover. Both are transferable if the car is sold. Furthermore, in the unlikely event that you experience persistent problems which prevent your new Vauxhall being driven, then you may exchange the vehicle up to 12 months after taking delivery. Your statutory rights are not affected, and certain conditions apply, which your dealer will take you through at the time of purchase.

As the owner of a new Vauxhall, you also benefit from Vauxhall Security. Should your new car be stolen within the first 12 months of registration, simply call the Vauxhall Assistance Security hotline – after informing the police, of course – and you'll be entitled to the free loan

of a car for up to three days (excluding fuel and insurance).

Vauxhall Aftersales

Vauxhall has one of the largest franchised networks in the UK, with over 500 dealers, each committed to providing the best in customer care. Vauxhall Aftersales combines the Customer Assistance Centre, Service, Parts and Accident Repair operations into one integrated customer focused organisation, providing back-up to our dealer network to support you throughout your period of ownership.

The central parts warehouse is one of the most sophisticated in the industry, with daily deliveries to the dealer network from a stock of around 24 million parts, which helps to maintain the Vauxhall reputation for low running costs and minimal servicing requirements.

If you are looking for the ease and convenience of drive-in maintenance,

MasterFit provides fast and friendly fitting of Vauxhall replacement parts by Vauxhall-trained technicians at extremely competitive prices.

Should you be unlucky enough to be involved in an accident, Vauxhall Accident Support will take care of the hassle, with one phone call. Our national network of Vauxhall Approved Accident Repair Centres are independently assessed on a regular basis to ensure that rigorous operating standards are maintained. They offer the highest levels of workmanship and outstanding value.

And finally...

The advantages of buying Vauxhall are even apparent when you come to sell your car. Indeed, the success of Network Q – Vauxhall's fully-warranted pre-owned car operation – ensures that there is now even more of a demand for high quality used Vauxhalls.

Vauxhall Assistance

Complete peace of mind, whatever Vauxhall you drive

Vauxhall Assistance is one of the most comprehensive motoring assurance packages in the UK. It is automatically extended to every new Vauxhall car for the first 12 months warranty period.

Designed to keep Vauxhall drivers mobile following an accident or other roadside incident, the cover extends to almost any journey interruption, whether it is due to mechanical breakdown, a flat tyre, illness while driving – or even the loss of keys. Drivers are allocated a special Vauxhall Assistance Emergency Contact Number. Among its wide-ranging list of benefits are:

- **Full rescue service** – includes roadside assistance round-the-clock, 365 days a year
- **Recovery** – if a problem cannot be solved at the roadside, or if someone is taken ill while driving, the driver, vehicle and passengers are transported to their nearest Vauxhall dealer or to any British destination
- **'At home' service** – if there is a vehicle problem at the driver's home, help will be sent

- **Accident assistance** – if a vehicle is immobilised by a roadside accident, Vauxhall Assistance can help the driver (and passengers) reach their destination

- **Overnight hotel accommodation or loan car** – may be provided when a vehicle is immobilised through major breakdown or accident*

The Vauxhall Assistance package also comprises European Cover and a helpful Accident Management Service that relieves members of much of the paperwork – and a lot of the worry – that follows a road accident. You will also be entitled to

many other benefits including free technical advice on all aspects of motoring, holiday discounts, free legal advice and support, and a full European travel insurance and booking service. Ask your dealer for full details.

*Subject to certain limitations

Vauxhall Finance

No-nonsense funding from the people who understand your needs

From hire purchase to leasing, Vauxhall Finance offers a full range of finance packages to help you acquire a new or used vehicle through your Vauxhall dealer. With more than 75 years

experience in automotive funding, who could be better to advise you on financing your vehicle?

For further information or a written quotation on the vehicle of your choice, please contact Vauxhall Finance, Wesley House, 19 Chapel Street, Luton LU1 2SE.

Security may be required.

Vauxhall Sureguard

Protection for up to three years beyond your first year warranty

Offering mechanical and breakdown protection for one, two or three years beyond your first year

warranty, Sureguard is the new vehicle mechanical insurance available from Vauxhall.

One of the most comprehensive policies offered by any manufacturer, Sureguard not only provides protection against the costs of mechanical failure, but also offers other benefits such as extending Vauxhall Assistance cover for the duration of the policy.

There is a range of policies to suit all types of driver. Ask your local Vauxhall dealer for more information on Sureguard – or telephone free of charge on 0800 413816.

Vauxhall Motability

The specialist approach to assisted mobility

People in receipt of the Higher Mobility Component of the Disability Living Allowance receive special help from Vauxhall.

Attractive preferential prices or the advantages of low cost contract hire are available on many Vauxhall models through your local Vauxhall Motability Registered Dealer. In addition, Orange Badge holders also qualify for preferential prices through our own Motability Plan.

For full details contact your local Vauxhall dealer, whose fully trained Motability staff will help you, or ring the Vauxhall Motability Helpline on 01582 861888.

Vauxhall Master Hire Leasing

The locally available contract hire service

A nationwide network of selected Vauxhall dealers provides competitively priced, service oriented car contract

hire to business, professional and local authority users. And the full service is based at a nearby Vauxhall dealership. Vehicle leasing has many advantages, not least being the reduced burdens on company finances. Call Master Hire Leasing on 01926 452557 for the location and telephone number of your nearest Master Hire Leasing specialist. Their Master Hire specialist will outline the advantages.

Vauxhall Insurance

A comprehensive plan for new and used cars

The Vauxhall Insurance Plan (VIP) is a quality policy with wide cover and many attractive features. With a VIP policy, you do not get caught out by hidden policy excesses and limitations of cover. Remember, all comprehensive policies are not the same. VIP could also bring you substantial savings because, by using a specially selected panel of insurers – including Lloyds syndicates – it can offer a very competitive quotation regardless of the model or vehicle, new or pre-owned.

For further details of the Vauxhall Insurance Plan ring the VIP quotation and instant cover hotline on 01705 650850.

Vauxhall Tax Free Sales

A professional service to HM Forces and Diplomatic Corps

Vauxhall Tax Free Sales offers a specialist service for diplomatic staff and members of the armed forces serving or being posted overseas. Along with a network of specialist dealers throughout the UK, five Vauxhall showrooms located in Germany provide a class-leading service to British Forces Germany personnel. For further information please

ring our UK hotline on 01582 864410.

Vauxhall Car & Van Rental

Quality rental with the accent on value

Vauxhall Car & Van Rental offers an extensive range of vehicles from a network of over 200 registered dealers. Only Vauxhall dealers offer Vauxhall Car & Van Rental, so you can be confident that the vehicle you select will be clean, well prepared and maintained and offered at competitive rates.

Ring Vauxhall Car & Van Rental Headquarters on 01582 861800 for details of your nearest dealer.

From Corsa, Tigra, Astra and Astra Convertible to Vectra, Calibra, Omega, Elite, Frontera, Monterey and the new Sintra, Vauxhall offers a range of cars to suit all tastes, all pockets and all requirements. For a brochure on any of our models (Sintra brochure available in 1997), call free on

0800 455466

It swipes pounds off a new Vauxhall

Start using a GM Card and we could be paying hundreds or even thousands of pounds towards your next Vauxhall.

How does it work? Simple.

Every time you use your GM Card you're credited with 3% worth of your purchase price in Rebate Points. Then later, when you buy your new Vauxhall, every Rebate Point you've earned will give you a £1 saving on the cost of your new Vauxhall, up to a limit of £2500.

What's more, if you use your GM Card at one of our GM Card Partners – Avis, Comet, Best Western Hotels or Going Places shops – you accumulate a further 3% worth of Points, known as Partner Points, with no upper limit. Together these give you a potential return of 6% on your GM Card purchases.

And you still get the benefit of any other offers from Vauxhall or your local dealer at the time you buy your car.

In addition, The GM Card itself has no annual fee and an attractive APR of 20.99%. It's available as either Visa or MasterCard, which means it's welcomed at over 12 million outlets worldwide, providing superb flexibility and convenience.

So there's every reason in the world to switch to a GM Card. And the sooner you do, the sooner you start cutting the price of your next Vauxhall.

For more information, or to request an application form, please call us on 0345 GM APPS (0345 46 27 77), quoting F02.

Going Places

COMET

AVIS

Best Western

*Written quotation available on request from The GM Card, P.O. Box 311, Birmingham B1 9PL. Credit is available to persons aged 18 and over and resident in the UK, or 21 and over in the Channel Islands and is subject to status and conditions. APR of 20.99% for purchases and Balance Transfers. A handling fee of 3.5% (or maximum £3.50) will be made on the amount of each Cash Advance other than Balance Transfers. APR of 12.99% for Cash Advances other than Balance Transfers. Credit charges and the APR may vary. No interest on purchases if balance is paid in full by due date, otherwise interest payable from date of purchase, interest payable on Cash Advances and Balance Transfers from date of transaction. Monthly minimum payment required is 5% of the outstanding balance (minimum £5.00 or the balance if less). Rebate Points are earned on purchases using the GM Card. Additionally, Partner Points are earned on such purchases at the UK outlets of Going Places through its Travelers Cheques and currency exchangers, UK Best Western Hotels through its Passenger Cheques and vouchers and cash withdrawals, but excluding non-commercially endorsed, or group bookings, where booked centrally through Best Western Conference/Trade Office and guaranteed with The GM Card. Comet Electrical Stores in the UK (except for gift vouchers) and Avis outlets in the UK, France, Germany, Italy, Spain, Monaco and Austria. You can earn up to 2,500 Rebate Points, and extended Partner Points, which are redeemable at discounts on new Vauxhall vehicles and used for reduced rates on hire cars. Rebate Points are also earned on Balance Transfers and other Cash Advances. The Rebate Points Programme (including Partner Points) is the sole responsibility of Vauxhall Motors Ltd, and is subject to the Rebate Points Programme Rules. The GM Card is issued by BPC Bank plc. Details always correct at time of going to press.

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (October 1996).

Vauxhall cars are equipped with components manufactured by various General Motors operating units and outside suppliers. In line with Vauxhall's policy of continuous product improvement, the company reserves the right to change specifications and make modifications to the vehicles described and illustrated at any time.

Any such modifications will be notified to Vauxhall dealers at the earliest opportunity; please consult your local dealer for the latest information.

The colours reproduced in this brochure may vary slightly from the actual paint colour or trim material due to the limitations of the printing processes. However, all Vauxhall dealers have a comprehensive colour and trim album, with highly accurate exterior colour samples and actual interior trim samples, available for customer inspection.

Please note that Vauxhall dealers are not the agents of Vauxhall Motors Limited and are not authorised to bind the company by any specific or implied undertaking or representation.

It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted accessories.

As part of Vauxhall's philosophy of environmental care, this brochure is printed on chlorine-free paper that has been made using only specially farmed, sustainable timber resources.
