- Prices

The Amarok pick-up is smart enough to do everything better than its rivals. Clever, or what? After all...

Knowledge is power

Not only is the award-winning Amarok strong, powerful and agile, it also has something else you might not expect in a pick-up – intelligence. Every last inch has earned its place – from the compact yet powerful and efficient engines, through to the class-leading cargo space. ‘Amarok’ is the Inuit word for ‘wolf’, and it’s just as smart, robust and sure-footed as its namesake, having been honed in the mountains, deserts and pampas plains of Argentina and Chile in its role as official support vehicle on the gruelling 2010 and 2011 Dakar Rallies. Meanwhile, its car-like cabin means you won’t be left wanting for luxury fittings. Praised by judges from 23 countries who recently voted it International Pick-up of the Year for 2011, the Amarok sets new standards in its class for power, economy, load space and versatility.

You don't need to compromise on luxury – the Amarok's car-like interior is available with leather seats

Meet the Amarok

Twin-turbo BiTDI 163PS, or TDI 122PS engine

Best-in-class cargo area of 2.5m² – can take a Euro-pallet sideways between the wheel arches, vastly increasing load space and versatility

Selectable 4MOTION or the category-first permanent 4MOTION option

Three trim levels available:
Amarok Startline
Amarok Trendline
Amarok Highline

Up to 1,119kg payload and 2,800kg towing capacity

A powerful contender

Size can be deceptive. The twin-turbo 2.0-litre BiTDI engine delivers 163PS of power and 400Nm of torque, so it's more than a match for rivals with larger 2.5-litre engines. Payloads of up to 1,119kg, and towing loads up to 2,800kg, are no problem at all. Meanwhile, the economical single-turbo option has 122PS of power.

Economical thinking

If you're thinking all that power has to come at a price (for your wallet or the planet), don't worry – the Amarok is one of the most fuel-efficient pick-ups on the market, with CO₂ emissions from 199g/km, and fuel economy of 37.2mpg*. So, with its 80-litre fuel tank, your Euro V-compliant Amarok is easily capable of a 600-mile range.

*Based on 2.0-litre TDI 122PS Selectable engine, combined fuel figure

Luxurious interior

The Amarok's interior sets it apart. It has all the comfort and luxury you'd expect in a Volkswagen, including standard-fit electric windows on all models, and Climatic air-conditioning in the Startline, Climatronic air-conditioning in the Trendline and Highline, and cruise control, leather and heated front seats – among many other features – also in the Highline. Off-roading has never been so comfortable.

Truly versatile drive

A choice of two different drive packages means the Amarok is ready for any conditions. Using Volkswagen's advanced 4MOTION technology, the selectable all-wheel-drive configuration lets you switch between two-wheel and all-wheel drive depending on the driving conditions – perfect for difficult off-road trails. The Amarok is the first pick-up with permanent 4MOTION – offering maximum comfort and exceptional cross-country mobility without you having to do a thing.

Which drive option?

4MOTION Selectable

Switch between rear-wheel drive, four-wheel drive and 4x4 low range, for more extreme conditions. Available on all Amaroks, it comes with Heavy Duty suspension.

4MOTION Permanent

You don't need to switch four-wheel drive on or off as the 4x4 mode is permanently engaged. Power is always transferred to the wheels with the most grip, so everything's sorted, whether you're driving on- or off-road. Available only on the Amarok Highline, this configuration comes with Comfort suspension.

The Amarok's suspension ensures a comfortable ride wherever you go, while features like Hill Descent Control make tricky slopes easy (below)

Rough with the smooth

Two suspension configurations mean the Amarok is ready – wherever you take it. Models with 4MOTION Selectable have Heavy Duty leaf-spring suspension, giving you robust performance for off-road driving and heavy loads. Meanwhile, the Highline 4MOTION Permanent all-wheel-drive has Comfort leaf-spring suspension, for an even more refined ride.

Tackle any terrain

When the going gets steep, the Amarok just keeps on going. Hill Hold Assist keeps the vehicle stationary for a few seconds while you engage the gear you need, and it helps you maintain control even on the steepest inclines. On your way down, just take your feet off the pedals and steer, and Hill Descent Control will do the rest.

Spotlight on...

4MOTION

Volkswagen's 4MOTION all-wheel-drive system helps you maintain optimum traction in adverse conditions. If a wheel loses traction, the 4MOTION system reacts in milliseconds to send power to the wheels with the most grip.

Rear load bay

With 1.22m between the wheel arches, this rear cargo bay is wider than any other in its class, and there's an impressive 2.52m² of load space, and a low load height of 0.78m for easy access. You can even fit a Euro-pallet sideways between the wheel arches, making your Amarok an ultra-versatile vehicle.

Hill Hold Assist/ Hill Descent Control

Hill Hold Assist means you'll be able to carry a 1,000kg payload up a 45-degree incline with ease – your Amarok will keep stationary for a few seconds while you change gear. And with Hill Descent Control you just take your feet off the pedals as you go down the hill and the vehicle does the rest.

High-spec interiors

The Amarok's high-level cabin spec means it's just as comfortable as an urban cruiser, while the bench seats in the rear make it a fully fledged five-seater. And, with advanced air-conditioning, cool leather trim and a state-of-the-art sound system, it's as much your home for the day as it is your off-road office.

Make a style statement

Personalise your Amarok by dipping into a great range of accessories

Soft tonneau cover

Protect your load with an easily fitted, aluminium-framed tonneau cover. Aluminium and hard ABS-plastic tonneau covers are also available.

Twin-pipe styling bar

These polished-stainless-steel styling bars are mounted on the edge of the cargo bay, so they don't restrict the load area. They also work brilliantly with the three-piece hard tonneau cover.

Load-floor liner

Protect your cargo bay with this high-quality scratch- and dirt-resistant polyethylene cover. It's also available in a rugged aluminium finish.

19" Aragonit alloy wheels

Add more sparkle to your Amarok with the 19" Aragonit alloy wheel set, in a brilliant silver finish. Alternatively, a 16" Amazonit alloy wheel is available.

Side bars with step pads

Getting into your Amarok is even easier when you add a pair of these stainless-steel side bars with step pads. They're not only practical but look great too.

Hardtop

The lightweight hardtop clamps easily into the rear load bay with a perfect fit, and keeps your load safe and secure.

**Full list
and prices
on p18**

Maximum control

The Amarok is packed with the kind of advanced features you'd expect from a Volkswagen, allowing you to head further off-road in the safest way possible. It's the only pick-up in its class to offer Electronic Stabilisation Programme (ESP) as standard, incorporating Anti-lock Brake System (ABS), off-road ABS, Brake Assist System (BAS), Traction Control System (TCS), Electronic Differential Lock (EDL), Hill Hold Assist, Hill Descent Control and Trailer Stability Control.

More versatility

The Amarok also has the widest load area in its class, which means it's a much more versatile vehicle than its peers. So it's ideal for whatever you're carrying, either for work or play. And when you're loading up, the low tray height and sturdy tailboard make it easy to get your stuff in and out.

On the Dakar Rally

The Amarok was the official support vehicle on the Dakar Rally in 2010 and 2011, each vehicle covering 5,600 miles of the toughest terrain in South America. Back-up teams in the fleet of 35 Amaroks finished all 14 legs of the race, something only half of all competitors are normally able to boast. Unsurprisingly, the pick-up turned some heads out there.

“The Amarok makes quite a statement. It just looks cool. I was positively surprised by the overall appearance, the off-road mobility and agility and acceleration. One thing's for sure: the Amarok will be a welcome addition to the Stuck household.”

Hans-Joachim Stuck
Race-driving legend

What people say...

The award-winning Amarok is getting plenty of praise from the experts

“The Amarok boasts the build quality the German firm is famous for, allied to a sophisticated four-wheel drive system, ample load bed and a spacious cabin.”

“The market for luxurious pick-ups is a growing one – and VW is set to take a big slice of the action.”

 **Winner of the International Pick-Up Award 2011**

“The six-speed manual 'box is great; muscular enough to remind you you're driving a truck, but way slicker and more precise than any rival we've tried.”

“Amarok is easily as good as anything Volkswagen's rivals have to offer and in many respects significantly better given some of its intelligently-thought-out features. If you're in the market for a new pick-up then you've got to check Amarok out the first chance you get.”

WHAT VAN?

“It's a tribute to the designers that, apart from climbing rather than lowering yourself into the driver's seat, there's nothing to betray the vehicle's utilitarian nature until you look closely at the 4WD buttons around the gearlever.”

“The Amarok's most impressive quality is its range. We managed 500 miles (on one tank) despite the off-roading and some sustained 100mph-plus running over the plains.”

“New VW cabin has usual great build quality feel that the Japanese pick-ups simply can't match.”

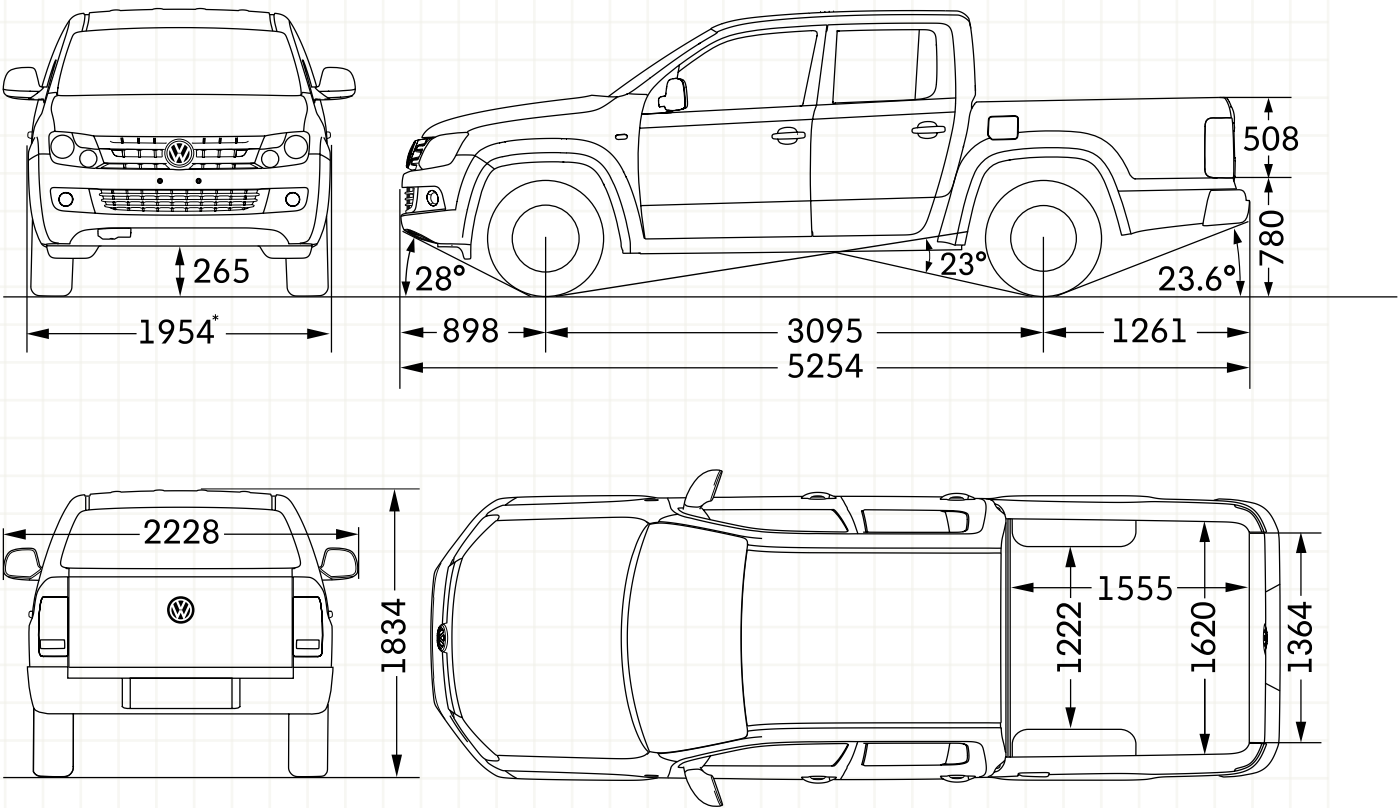

Now find out all the details and prices...

The Amarok range

All the details you'll need to choose your vehicle

Dimensions and weights

Dimensions in mm unless otherwise indicated.
4MOTION Selectable ground clearance is 249mm and ramp angle 21.4°.
* Startline models are 10mm narrower (1944mm) than Trendline and Highline models, which have wheel-arch extensions.
Highline features side bars as standard, which are not represented in the line diagrams above.
Please note: vehicle drawings are not to scale.

Standard features

Startline 4MOTION Selectable

Interior
Electric front and rear windows
Climatic – semi-automatic air-conditioning system
3-seat rear bench, folding with ISOFIX points in outer seats
RCD 210 single CD / radio with 2 speakers
Spacer cloth upholstery
12V socket in centre console
Rubber flooring in cab
Grab handle on A-pillar (passenger side only)
Exterior
16" x 6.5J Taruma alloy wheels fitted with 245/70 R16 tyres, and an alloy spare wheel
Door mirrors – electrically adjustable and heated
80-litre fuel tank
Body-coloured front bumper
Black painted rear bumper with integrated step
Black plastic door mirrors and handles
Trailer hitch preparation
Load compartment light
Safety and security
Mechanical rear differential lock (Startline models only)
4MOTION Selectable – choose between rear-wheel drive, 4-wheel drive and 4-wheel drive with low range selected via a button on dashboard (not applicable to Highline 4MOTION Permanent)
Heavy duty suspension – 3 + 2 leaf-spring system (not applicable to Highline 4MOTION Permanent)
Airbags – driver, front passenger (including de-activation switch) and front side / head on both front seats
Remote central locking with interior locking switch and two remote folding keys
4x lashing rings in load compartment
Thatcham Category 1 alarm and immobiliser
Electronic Stability Programme (ESP) incorporating: Anti-lock Brake System (ABS), off-road ABS, Brake Assist System (BAS), Traction Control System (TCS), Electronic Differential Lock (EDL), Hill Hold Assist, Hill Descent Control and Trailer Stability Control
Tool kit and jack
Emergency stop signal

At a glance ...

Electronic Stability Programme (ESP)
Nothing is more important than your safety, and the Amarok is the only pick-up in its class to offer this raft of safety features as standard

Climatic: semi-automatic air-conditioning
Makes sure the cabin is supplied with air at a pleasant, consistent temperature of your choice, so you can travel in complete comfort

Taruma alloy wheels
These sporty seven-spoke 16-inch alloys come as standard on the Startline – and there's a matching alloy spare

Trendline 4MOTION Selectable

In addition to, or upgrading, Startline standard specification
17" x 8J Aldo alloy wheels fitted with 245/65 R17 tyres, and an alloy spare wheel
Cruise control
Trip computer with multi-function display including chrome detailing in instrument cluster
Climatronic – 2-zone automatic air-conditioning system
RCD 310 single CD / radio with 6 speakers
Leather on steering wheel, gear knob and hand-brake handle
Silver inlay around gear-shift console
Front centre armrest
Trail cloth upholstery
Three 12V sockets – dashboard, centre console and load compartment
Body-coloured door mirrors and handles, wheel arch extensions and front bumper, including chrome detailing in upper grille
Storage drawers under front seats
Front fog lights
Carpet flooring in cab
Grab handles on A-pillar and B-pillar on driver and passenger sides
2x multi-use mounting points. Several attachments are available as accessories, including cupholder, note clip and magnet
Silver interior door handles

At a glance ...

Cruise control
Set your speed, take your feet off the pedals – and the speedometer will stay steady until you press either the brake or accelerator

Climatronic: automatic two-zone air-conditioning
Air conditioning that constantly assesses and corrects the cabin air temperature to keep your vehicle's environment just how you want it

Aldo alloy wheels
The Trendline comes with these six-spoke 17" Aldo alloys as standard – with a matching alloy as a spare

Standard features (continued)

Highline 4MOTION Selectable

In addition to, or upgrading, Trendline 4MOTION Selectable
18" x 7.5J Durban alloy wheels fitted with 255/60 R18 tyres, and an alloy spare wheel
Privacy glass
Vienna leather upholstery
Heated front seats
Dimmable dashboard illumination
Chrome rear bumper with integrated step
Chrome / body-coloured door mirrors
Body-coloured front bumper, including chrome detailing in lower and upper grille
Polished-stainless-steel side bars
Parking sensors – rear

At a glance ...

Rear bumper with integrated step
Safety, practicality and good looks. The step helps loading, and the classy chrome finish is a real eye-catcher

RCD 310 radio/CD player with six speakers
With an AUX-IN socket so you can plug in your phone or music player and play music files through the six-speaker audio system

Durban alloy wheels
The Highline comes with these ten-spoke 18" Durban alloys as standard – with a matching alloy as a spare

Which drive option?

4MOTION Selectable

You have rear-wheel drive (4x2) until you press the button by the gear shift to select 4x4. Press it again to select 4x4 low-gear range for more extreme conditions. In 4x4 mode, your Amarok takes account of the driving conditions and automatically transfers power to the wheels with the most grip, ensuring reliable traction on varying surfaces.

Highline 4MOTION Permanent

In addition to, or upgrading, Highline 4MOTION Selectable
4MOTION Permanent
Comfort suspension – 2 + 1 leaf-spring system

At a glance ...

Vienna leather upholstery
Leather gives you that top-of-the-range luxury-car feel – and the seats are hard wearing and easy to clean

Privacy glass – rear
Looks great and keeps prying eyes away. It also helps to keep you cool and shaded when the sun beats down

Side bars – polished stainless-steel
These mirror-finish stainless-steel side bars enhance the sporty style of the Amarok and can be combined with the rear styling bar to complete the look

Which drive option?

4MOTION Permanent

You don't need to switch the 4x4 mode on or off because your Amarok has four-wheel drive permanently engaged. Power is transferred to the wheels with the most grip – the vehicle automatically chooses which wheels get the power depending on their grip levels and the driving conditions. Which means everything's sorted, whether you're driving on- or off-road.

Alastaro alloy wheels
Give your Trendline a cool look at the kerb with these five-spoke 19" alloys as a factory option. The set comes with an alloy spare

Satellite Navigation RNS 315
Navigates across Western Europe, connects with your phone via Bluetooth, lets you plug in an iPod – and can take SD cards, too

Exterior

Rear styling bar – stainless steel
Polished stainless-steel finish. Mounted on the edge of the cargo area so it doesn't restrict load area and can be used in conjunction with the three-piece hard tonneau cover.
Fitted price ex VAT £574.17
Fitted price inc VAT £689.00

Side bars with step pads – stainless steel
Polished stainless-steel with two rubber step pads on each tube. These side bars not only look great, they make it easier to get in and out of your vehicle.
Fitted price ex VAT £452.92
Fitted price inc VAT £543.50

Exterior decal set
High-quality decal set running along the side doors. Available in silver or black (shown), with lettering showing the vehicle's body colour.
Fitted price ex VAT £132.50
Fitted price inc VAT £159.00

Side bars – polished stainless-steel
These mirror-finish stainless-steel side bars enhance the sporty style of the Amarok and can be combined with the rear styling bar to complete the look.
Fitted price ex VAT £352.92
Fitted price inc VAT £423.50

Front bumper trim
Two-tone front bumper trim that further enhances the striking front end of the Amarok.
Fitted price ex VAT £317.08
Fitted price inc VAT £380.50

16" Amazonit alloy wheel
A great option which adds a touch of style to an Amarok Startline. The existing tyre from the steel wheels can be used with the Amazonit alloys. Rim size: 6.5J x 16.
Fitted per wheel ex VAT £186.04
Fitted per wheel inc VAT £223.25
Prices do not include tyre

19" Aragonit alloy wheel
Alloys for the ultimate kerb appeal, in a brilliant 'silver' finish. Rim size: 8J x 19.
Fitted price per wheel ex VAT £285.21
Fitted price per wheel inc VAT £342.25
Prices do not include tyres

Hardtop
In lightweight body-coloured ABS plastic, the hardtop clamps easily to the body. With a fold-out passenger-side window, and dual driver's-side sliding window. Can be used with bed liners.
Fitted price ex VAT £1,916.67
Fitted price inc VAT £2,300.00

Towing ball and electrics
Removable ball-head tow bar for 2,800kg trailer loads. With 13-pin electrics that work with features such as Trailer Stability Assist.
Fitted price ex VAT £343.75
Fitted price inc VAT £412.50

Protection and security

Side wind deflectors
Allows you to lower the window and improve air circulation without letting the rain in. They'll also help keep the sunlight out of your eyes. Available as a front-and-rear set, or for the front only.
Full set – fitted price ex VAT £55.83
Full set – fitted price inc VAT £67.00
Front only – fitted price ex VAT £37.50
Front only – fitted price inc VAT £45.00

Under-ride guard for gearbox
Helps protect your gearbox when you leave the road and tackle rougher tracks and trails.
Fitted price ex VAT £180.00
Fitted price inc VAT £216.00

Hard tonneau cover (1-piece)
Lockable, weather-resistant lid in durable PC/ABS plastic. Opens on two compressed-gas struts and covers the whole rear load area. Available pre-painted in six Amarok colours.
Fitted price ex VAT £1,240.00
Fitted price inc VAT £1,488.00

Aluminium tonneau cover
Lockable tonneau cover made of sturdy aluminium; protects the load area and its cargo against the elements and provides a secure load area. Loading and unloading is made easy with the cover supported on two compressed-gas struts. Cannot be used with the rear styling bar.
Fitted price ex VAT £858.33
Fitted price inc VAT £1,030.00

Soft tonneau cover with aluminium frame
Waterproof cover with an aluminium mounting to secure it to the cargo bay, protecting your load from the elements. Can be rolled back and held in place with two belts when not required. Cannot be used with the rear styling bar.
Fitted price ex VAT £299.17
Fitted price inc VAT £359.00

Hard tonneau cover (3-piece)
Lockable, weather-resistant lid in durable PC/ABS plastic. Opens on two compressed-gas struts. Three-piece must be combined with the rear styling bar. Available pre-painted in six Amarok colours.
Fitted price ex VAT £1,240.00
Fitted price inc VAT £1,488.00

Load-floor liner, plastic
Fits perfectly to the load floor, protecting the front wall, cargo area, rear hatch and side walls against scratches and other damage. Made from high-quality, durable polyethylene.
Fitted price ex VAT £219.17
Fitted price inc VAT £263.00

Mud flaps
Pairs available for front (F) and rear (R), with or without flared wheel arches, to protect your Amarok from whatever the road throws your way.
Fitted price ex VAT £78.75 (F), £78.75 (R)
Fitted price inc VAT £94.50 (F), £94.50 (R)

Rear cabin grid
For transporting long objects without scratching the roof. Made of black powder-coated steel, it mounts on the rear panel. Cannot be used with tonneau covers, hardtop or styling bars.
Fitted price ex VAT £178.33
Fitted price inc VAT £214.00

More reasons to buy a Volkswagen Amarok

1.

Warranties for peace of mind

It's great to know that if the worst should happen (and that's pretty rare), it'll get sorted without a fuss.

3-year warranty

All Volkswagen Amaroks come with a three-year/ 100,000-mile warranty, which includes a two-year unlimited mileage warranty, plus a third-year warranty up to a maximum of 100,000 miles (whichever is soonest). Should the mileage exceed 100,000 within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or a higher mileage is required, it may be purchased from an authorised Volkswagen Van Centre or Van Service Centre. However, this additional warranty must be purchased before the mileage reaches 100,000.

3-year paint warranty

The paintwork is covered against manufacturing defects for a period of three years. Naturally, the vehicle must be cared for in compliance with the operating instructions found in your owner's handbook. ¹

Six-year body protection warranty

The internal body sections and panels are covered against rusting through from the inside for six years. Naturally, too, the vehicle must be cared for in compliance with the operating instructions. ¹

Accessories warranty

At Volkswagen Commercial Vehicles, we take just as much pride in our accessories range as we do in our vehicles. They're developed and tested to ensure they're fit for purpose and meet the standards you would expect of a Volkswagen accessory. Therefore, we're pleased to offer a two-year warranty on all of our accessories. ²

In addition, if you order and purchase your accessories at the same time as you order your new vehicle, we will increase this warranty period to three years, in line with your vehicle warranty.

2.

TAKES A LOAD OFF...

We can help with vehicle finance

Volkswagen Commercial Vehicle Finance offers a dedicated service to ensure that we can meet your exact needs. Your local Van Centre can help you choose the right type of finance package to meet your specific requirements. Please ask them for full details. ³

3.

Volkswagen servicing

It's called the LongLife Service regime because there are no set intervals between services.

Service intervals for Diesel Engines

Intervals between services will vary depending on how you drive your vehicle and the conditions of use. Maximum time/distance parameters are set, and the service light will only come on when either the maximum mileage or time limit is met. ⁴

The maximum mileage/time parameters vary from model to model; for more detailed information on LongLife Service regimes and their suitability for your requirements please contact your local Van Centre.

If you'd like a more traditional service regime, the vehicle can be adapted by your Volkswagen Van Centre or Van Service Centre to the Time/Distance regime. This can be done at the point of vehicle sale or when an inspection service is carried out.

High quality parts

When you fit replacement parts to your vehicle, you need to know that they'll stand the test of time. Volkswagen Original Parts® are constructed to the highest standards, are cheaper than you might think, and can be purchased and fitted by any Volkswagen Van Centre.

4.

Volkswagen Roadside Assistance

Every new Volkswagen Amarok comes with a comprehensive unlimited mileage recovery and assistance package that's available across the UK and Europe for a full three years, operating 24 hours a day, 365 days a year.

Fully trained technicians will diagnose and repair most problems at the roadside, using Volkswagen equipment and parts. For more details ask your nearest Van Centre for a Volkswagen Roadside Assistance handbook or visit our website.

5.

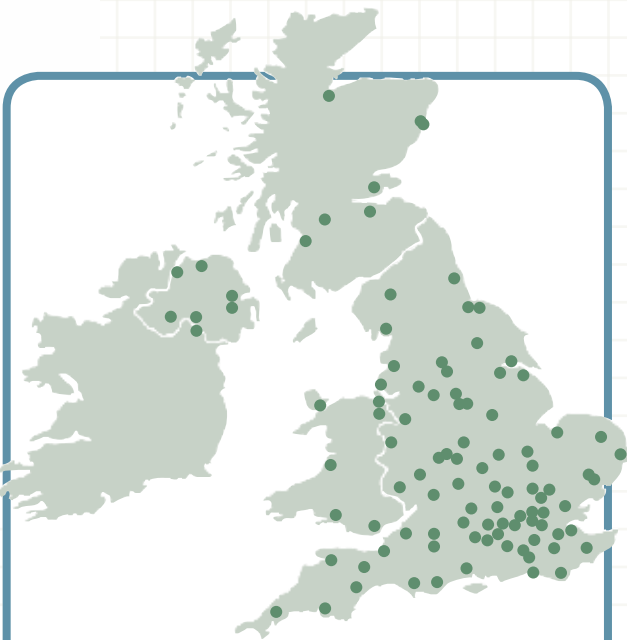

Vehicle insurance gets you covered

We want you to enjoy your new Amarok from day one, and thanks to the complimentary seven-day cover from Volkswagen Commercial Vehicle Insurance, you can.

Call free on 0800 316 7896 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your Van Centre. They will then tax your vehicle and you can drive it away. Visit insurewithvvcv.co.uk for details to see all our insurance products, get a quote or buy online. All of our insurance products are designed to ease the pain of making a claim.

1 Full details of Volkswagen warranties are available from your authorised Volkswagen Van Centre or Van Service Centre.
2 Unless otherwise stated. Some accessories come with a manufacturer warranty only.
3 Volkswagen Commercial Vehicle Finance is a trading name of Volkswagen Financial Services (UK) Limited. Subject to status. Finance available to over 18s only.
4 All mileages are approximate as the system uses kilometres as the distance measure. Please consult your authorised Volkswagen Van Centre or Van Service Centre for full details. Indemnities may be required.

Bringing it all together

Our UK-wide network of Van Centres is the backbone of everything that Volkswagen does for its customers. All the staff are specially trained, which means you can benefit from know-how built up over 60 years of experience. The network covers the whole country, and offers a wide range of products and services.

If you want advice or more information, call your nearest Van Centre on **0800 717 131**

The small print for this brochure

Some of the vehicles shown are fitted with optional equipment at extra charge. All data given and specifications are in accordance with information available at the time of going to print and are subject to change without notice. Vehicles not in current UK stock and customer order vehicles may take a number of weeks for delivery. Certain combinations of vehicle specifications and factory-fitted extras are not compatible and therefore all orders received are subject to confirmation. Models, factory-fitted options and paint and upholstery options are subject to availability. Please check details and availability with an appropriate authorised Volkswagen Van Centre at the time of ordering.

Volkswagen Commercial Vehicle Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Volkswagen Commercial Vehicle Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.
