

The Eos

Das Auto.

The earth has a circumference of nearly 25,000 miles. Fancy going on a trip?

The Eos combines the dynamic power of a coupé with the freedom of a cabriolet to give you the ultimate driving experience. At the push of a button, the folding hardtop lowers automatically, allowing you to be at one with nature and enjoy the pure exhilaration of open-top driving. What better way to explore the world.

Sunlight travels 93 million miles to reach you...

...give it a warm welcome.

Model shown is Eos Sport with optional leather upholstery, Bi-xenon headlights and Pure White non-metallic paint.

Sunlight in the atmosphere creates twilight's golden colours.
Enjoy it in all its glory in the Eos.

Interior shown is Eos Sport with optional climate control – 2Zone electronic air conditioning system and leather upholstery.

There's nothing better than an empty road...

...for putting your Eos through its paces.

Exterior

Elegant, stylish and charismatic, the Eos creates a lasting impression at the very first glance. And it's not just the exterior that's impressive either. Inside, the story is one of stylish design, high quality materials and a host of high specification features all fitted as standard, including sports seats, manual air conditioning and a leather trimmed three-spoke multifunction steering wheel. Combining the ultimate in comfort and innovation with striking design and elegant detail, the Eos makes every journey one of luxury, excitement and sheer driving pleasure.

01

01 The front of the Eos is unmistakably Volkswagen, yet thanks to the distinctive **grille with chrome detailing** and headlights with permanent running lights, it retains its own distinctive character. A sculpted bumper with a large air intake and front fog lights with chrome surround gives it wide, powerful features, enhancing the overall look. Model shown features optional Bi-xenon headlights with LED daytime running lights and headlight washers.

02 **Two-piece rear lights incorporating 3D LED technology** give the Eos a distinctive and stylish look at the back, not only emphasising the strong rear bodylines, but also producing clear, bright illumination. Indicator and brake lights also benefit from LED technology, ensuring they can easily be seen even in bright daylight, enhancing safety for vehicle occupants and other road users.

03 The **front fog lights with static cornering function** illuminate when turning at low speeds to provide improved visibility. Its chrome trimmed surround adds a striking look to the front of the vehicle and also provides additional safety in bad weather or in poor visibility.

04 **Rear parking sensors** assist in parking manoeuvres by emitting an audible warning alerting the driver to any obstacles in the way: the closer you are to an obstacle the faster the sound frequency. An optical parking display via the vehicle's audio display is also a handy addition.

05 The **body-coloured door mirrors** with integrated indicators utilise LED technology and feature a one-touch operation to provide added safety when overtaking.

02

03

04

05

06

07

06 The **electric slide/tilt glass sunroof** can be tilted upwards by 35 millimetres, letting light and fresh air into the passenger compartment regardless of the weather. Tinted glass provides protection against the sun, and if you'd like more fresh air, the sunroof slides open towards the rear. Image shown features optional leather upholstery.

07 **Controls for the CSC roof system** and slide/tilt glass sunroof are easy to reach, located within the front centre armrest.

08 If you are travelling with the hardtop down, wind buffeting can be reduced by the **wind deflector**, it can be fitted in seconds to reduce air turbulence. Image shown features optional leather upholstery.

08

09 The innovative five-section folding **CSC roof system** combines the characteristics of a coupé, sliding glass sunroof and convertible roof – all-in-one. At the push of a button, the hardtop lowers automatically into the boot in just 25 seconds and, thanks to its compact dimensions, there's still 205 litres of luggage space. When the roof is up, a generous 380 litres of boot space is available. Model shown is Eos Sport with optional leather upholstery, Bi-xenon headlights and metallic paint.

09

Evolution really is worth waiting for.

Classic coupé or sporty cabriolet, the choice is yours. That's the beauty of the Volkswagen Eos, enabling you to be at one with nature whenever you wish. Stylish headlights with permanent running lights and a wide grille with chrome detailing give the front an elegant look, while the interior features a host of superior equipment all fitted as standard. Awe-inspiring, spellbinding, breathtaking, the Eos is truly an irresistible force.

The Eos Sport and Sport BlueMotion Technology

This is a car that doesn't just look good, it feels good too – as you'll discover when you slip into the driving seat of the Eos Sport or Sport BlueMotion Technology.

01

05

01 The **automatic dimming interior rear-view mirror** which darkens when a following car's headlights are too high, and rain sensor which automatically activates and controls the windscreen wipers when it detects moisture on the windscreen, provide extra safety and comfort.

02 **18 inch 'Kansas' alloy wheels with 235/40 R18 self-sealing tyres** help to provide an even more dynamic look to the exterior, sports suspension, lowered by approximately 15mm provides a more sporty ride for your Eos, improving handling and roadholding to create an even more impressive drive.

03 The **electrically heated, adjustable and foldable body-coloured door mirrors** with integrated indicators utilise LED technology and feature a one-touch operation to provide added safety when overtaking. The driver's door mirror also automatically dims should the following vehicle's lights be too high.

04 The **MDI (Multi Device Interface)** with iPod and USB cables enables you to connect and charge a compatible device, while track selection is viewed and selected via the vehicle's radio system. MDI (Multi Device Interface) and six CD autochanger cannot be specified in conjunction with each other.

05 **Bluetooth telephone connection¹** for HFP (Hands Free Profile) enabled telephones allows you to use your mobile phone without taking it out of your pocket. Operation can take place via the **RCD 310 DAB radio system**, with settings and functions easily read on the multifunction computer which now also displays a Bluetooth symbol to inform you of your phone's continuous pairing with the vehicle.

¹ Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility. Multifunction steering wheel features telephone control button. This feature will not work on UK models.

02

03

04

Interior shown is Eos Sport with optional leather upholstery and Pure White non-metallic paint.

Dramatic, inspirational, magical.

The Eos Exclusive and Exclusive BlueMotion Technology

Opposites unite in the Eos Exclusive, a car uniquely designed to satisfy both heart and head in one exceptional package. Technical capability is enhanced perfectly by aesthetic refinement and attention to detail.

01 The **Eos Exclusive** interior offers stylish heated sports seats finished in contemporary two-tone 'Nappa' leather¹ upholstery in Pepper Beige/Titanium Black with beige piping. The seat centre sections contrast with the side bolsters and head restraints, creating an exclusive look, while stylish elements such as 'Silver metallic' decorative inserts and contrasting beige stitching on the leather trimmed three-spoke sports steering wheel, gear knob gaiter and handbrake grip add a touch of refinement, finishing the interior ambience perfectly.

01

02

03

04

05

02 The **climate control – 2Zone electronic air conditioning system** divides the passenger compartment into two climate zones, for the driver and front passenger, enabling front occupants to adjust settings of temperature, air supply and ventilation to their individual preference. The temperature is controlled electronically and shown on the display to within one degree accuracy. An air quality sensor monitors the exterior air, activating the automatic air recirculation if necessary, helping prevent outside odours from entering the interior.

03 The distinctive **beige contrast stitching** theme is continued on the gear knob gaiter.

04 The **leather trimmed multifunction sports steering wheel**² is exceptionally user-friendly, enabling you to control a whole host of functions, such as the radio or multifunction computer display, without taking your hands off the wheel. Finished in high grade leather, it is pleasant to hold, as well as providing excellent grip and adding a touch of elegance to the interior.

05 **18 inch 'Vicenza' alloy wheels**³ with **235/40 R18 self-sealing tyres** add the finishing touch to the dynamic exterior of the Eos Exclusive.

¹ Some parts of leather interior will contain artificial leather.
² Multifunction steering wheel features telephone control button. This feature will not work on UK models.
³ 'Vicenza' alloy wheels include a tyre repair kit, in lieu of temporary steel space saver spare wheel.

Think Blue.

Sustainability + Ingenuity.

'Think Blue' is Volkswagen's promise to create progressive, environmentally friendly products and processes. So, from our concepts to our designs, from our fabrics to our machines, from our buildings to our water supply and from our engines to the open road, we can help shape a more sustainable future. We have already started by creating electric vehicles, BlueMotion models and efficient BlueMotion Technologies that save you money and reduce emissions.

Think Blue.
Smart ideas for sustainable driving.

Start/Stop technology saves fuel and therefore cuts emissions by automatically switching off the engine when the car isn't in motion.

Brake energy recuperation system saves fuel by making the most of energy that's usually lost when you brake.

Turbocharged engines deliver more power when you need it and use less fuel when you don't.

Low rolling resistance tyres save you fuel by reducing the friction between the tyre and the road, meaning it takes less energy – and less fuel – to go further.

Purpose-built BlueMotion cars include the full range of BlueMotion Technologies as well as an aerodynamically optimised design to reduce wind resistance and increase efficiency.

Electric vehicles comprise both hybrid and fully electric vehicles, offering all the features of their regular counterparts combined with the ultimate in driving efficiency and low operating costs. The ultimate way to Think Blue.

*BlueMotion Technologies are available on all Volkswagens, excluding Phaeton, and vary between models.

BLUEMOTION
TECHNOLOGIES

01

02

03

01 The unique 'BlueMotion Technology' badging displays the environmental credentials of the Eos BlueMotion Technology and makes it instantly recognisable.

02 The **Start/Stop function** turns off the engine when the vehicle is stationary, in neutral and the clutch disengaged, this is notified via a symbol on the multifunction computer display. This occurs when the engine is idle, such as at traffic lights, thereby saving fuel – then restarts when you put the vehicle back in gear or drive.

03 The **multifunction computer** provides useful statistics about your journey, such as exterior temperature, average and current fuel consumption, average speed and estimated distance to refuelling. On all manual models, it also includes a visual gear change recommendation for improved fuel consumption.

Engines and gearboxes

Powerful engines and modern gearbox technologies ensure every mile you travel in the Eos is an absolute joy. Exceptional pulling power combines with ease of running and unbelievable fuel efficiency to deliver uncompromising levels of responsiveness, performance and driving fun.

01

02

01 The dual clutch **DSG (Direct Shift Gearbox)** represents a milestone in the development of the latest gearbox production. This innovative automatic gearbox shifts smoothly and imperceptibly into the pre-selected next gear within a few hundredths of a second, without disrupting traction – making dynamic acceleration twice as much fun. Specify the optional paddle shift with the DSG gearbox and rapid gear changes can be made without taking your hands off the steering wheel.

02 The **six speed manual gearbox** transmits power with short, accurate shifts and very smooth handling, making it easy to drive at the right engine speed.

03 The combination of direct fuel injection and intelligent turbocharging technology enables petrol engines with **TSI technology** to work particularly efficiently, offering such advantages as high performance, high torque and reduced fuel consumption.

04 Thanks to direct diesel injection technology, **TDI engines** combine impressive pulling power and smooth running with exceptional economy and reduced emissions, while the latest turbocharging technology ensures even smaller capacity engines deliver optimum performance.

03

04

Safety

A wealth of advanced safety features provides maximum protection for you, your passengers and other road users, regardless of whether you're driving with the top open or closed.

01

01 **Driver fatigue** is a major cause of road accidents, accounting for up to 20% of serious accidents on monotonous roads, such as motorways, in Great Britain. Fatigue related crashes are often more severe than others because the driver's reaction times are delayed or they have failed to make any manoeuvres to avoid a crash. With these facts in mind, Volkswagen has developed the **Driver Alert system** which gives an early warning of when you need to take a break on long and tiring journeys, making motorway driving safer. The system works by monitoring driver behaviour closely, noting any erratic steering wheel movements and lane deviations. If the system detects an erratic or unusual driving pattern, it will alert you with a visual display on the dashboard and an audible warning sound, and if you haven't taken a break within 15 minutes, it will repeat the warnings. The Driver Alert system is just one of a number of Volkswagen's innovative driver assistance systems, designed to make driving easier, more comfortable and, above all, safer. Optional on all models.

02 The **ESC (Electronic Stability Control)** recognises critical driving situations and reacts in milliseconds by targeting brake and engine management systems, controlling the speed of individual wheels and helping to bring the vehicle under control. As a result, the vehicle achieves maximum directional stability. However, a careful driving style is essential, as even ESC cannot extend beyond the laws of physics.

02

03 **Park Assist system** has long made parallel parking significantly easier. However, this parking assistant now combines conventional Park Assist with the added functionality of reverse parking into a space at 90 degrees to the kerb. The driver activates the system by pressing a button on the centre console. Using ultrasonic and audible parking sensors located at the front as well as the rear, Park Assist will detect a large enough parking space for either reverse or parallel parking and then, the assisted parking process can begin. Having put the vehicle into reverse, all the driver has to do is operate the accelerator, clutch and brake, while keeping a good lookout. The Eos then takes care of the steering into its chosen space. Further improvements mean Park Assist can now parallel park in particularly small spaces. Optional on all models.

04 **Rear parking sensors** assist in parking manoeuvres by emitting both audible and visual signals, alerting the driver to any obstacles in the way: the closer you are to an obstacle the faster the sound frequency. In addition, an optical parking display extends the functions of the parking sensors by indicating your position, either in monochrome on RCD 310 DAB radio system or colour on the optional RCD 510 touch-screen DAB radio system, RNS 315 touch-screen navigation/DAB radio system or RNS 510 touch-screen DVD navigation/DAB radio system.

03

04

05

05 **Four airbags** are fitted as standard in the Eos. Driver's and front passenger's airbags also include a passenger's airbag deactivation switch, while the combined curtain and side impact airbag system protects both front and rear seat passengers. When an impact is registered, the airbag control unit ignites the gas generator, which then inflates the airbags in less than 40 milliseconds, helping to significantly reduce the risk of injury.

06 **Active rollover bars** are located behind the rear backrests. Through intelligent electronic sensors, the possibility of a rollover or impact will be detected and immediate action taken. Within milliseconds the rollover bars will eject and, together with the reinforced windscreen frame, provide protection to passengers.

07 The driver's and front passenger's **safety-optimised head restraints** not only ensure additional comfort, but following an impact from the rear, also provide particularly effective support for the head and spine in the event of a collision.

08 Fitted as standard are **disc brakes** front and rear, the front discs are ventilated which ensure exceptional thermal performance, even when the temperature of the brakes rise to extreme levels. In addition, a brake pad wear indicator advises the driver via the instrument panel if the brake pads are worn.

09 Two-piece **rear lights with integrated indicators incorporating 3D LED technology** enhance the rear styling, adding contemporary style and giving the Eos its distinctive identity. The high level third brake light is harmoniously integrated into the boot lid and provides additional warning to other road users.

10 The **tyre pressure loss indicator** (not shown) will alert you to any change in tyre pressure via a warning in the multifunction display, advising you to rectify the situation.

08

09

06

07

Comfort

Driving the Eos is all about fun, enjoyment and relaxation. Whether you decide on a Eos Sport or Exclusive, you have a choice to enhance it even further from our wide range of optional equipment.

01

02

01 Optional **Bi-xenon headlights** incorporate a variety of functions, designed to provide a clearer, brighter light and give you a better view of the road ahead. Automatic range adjustment, for example, provides wider or longer beams of light depending on your speed, while dynamic curve lighting ensures the headlights follow your steering movement, providing better illumination on bends. Headlight washers help keep your headlights free from dirt, ensuring maximum visibility, and LED daytime running lights not only give your Eos its characteristic elegant look, but also ensure your vehicle is more visible during the day. Optional on all models.

02 The **climate control – 2Zone electronic air conditioning system** with automatic air recirculation divides the passenger compartment into two climate zones, for the driver and front passenger, enabling front occupants to adjust settings of temperature, air supply and ventilation to suit their individual preference. Standard on all Exclusive models and optional on all Sport models.

03 Heated front seats, along with heated windscreen washer jets and headlight washers form the **Winter pack**, which provides safety and comfort during cold spells. Optional on all Sport models.

03

04 The optional **keyless entry/locking and starting system** enables you to open and close your vehicle, and even start your vehicle using a button conveniently located on the steering column, all without taking the key out of your pocket. You can even remotely open or close the CSC roof system. Optional on all models.

05 **Cruise control** maintains your chosen speed over 19mph. When the brake or clutch are depressed, the speed control system automatically switches off again. At speeds of over 19mph, cruise control keeps your selected speed constant, enabling you to relax on longer journeys, without having to keep an eye on your speedometer. Optional on all models.

06 **Front seats with electric 12-way adjustment**¹ include electrically operated lumbar support on easy entry sliding seats, for access to rear seats. Optional on all models. Image shown features optional leather upholstery.

07 With the choice of leather upholstery available in both the finest, sumptuous **'Vienna'** and **'Nappa' leather**², you can enjoy your Eos in a very special and exclusive atmosphere. Not only does leather have a unique, luxurious fragrance, it has practical benefits too. It's extremely durable, easy to clean and has breathable qualities to help your interior stay fresh. Optional on all Sport models.

¹ Front seats with electric 12-way adjustment and underseat drawers cannot be specified in conjunction with each other.
² Some parts of leather interior will contain artificial leather.

04

05

06

07

Multimedia

Touch-screen navigation, state-of-the-art audio equipment and the latest multimedia systems add a whole new dimension to the driving experience, guiding you to your destination with the greatest of ease, letting you enjoy the very best sound quality and even speak with friends as you travel.

01 The **RCD 510 touch-screen DAB radio/dash-mounted MP3 compatible six CD autochanger**¹ features a large 6½ inch colour display, with intuitive menu navigation and touch-screen operation. It also features an AUX-in socket for connection to an external multimedia source such as an iPod or MP3 player, and an SD card reader. The **DAB digital radio receiver** allows you to listen to all digital stations available in crystal clear sound. Optional on all models.

02 The optional **RNS 315 touch-screen navigation/DAB radio system with MP3 compatible CD player**¹ features a 5 inch colour display with clearly arranged map navigation, as well as an SD card reader and AUX-in socket for connecting external audio devices such as an iPod or MP3 player. Optional on all models.

03

03 The **RNS 510 touch-screen DVD navigation/DAB radio system**^{1,2} with integrated voice control will guide you to your destination and includes a 6½ inch colour display. This state-of-the-art system responds to spoken voice commands for navigation, DVD, CD and radio functions. The 30 GB hard drive is preloaded with navigation data and it also plays DVDs (when the vehicle is stationary) and music from the DVD drive, 30 GB hard drive or via an SD card reader. Also featured is an AUX-in socket for connection to an external multimedia source, such as an iPod or MP3 player. Optional on all models.

04

04 The **rear-view camera** provides a clear view to the rear of your vehicle, transmitting a live image to your radio or navigation system's display, enabling you to manoeuvre quickly and easily into the most difficult parking space. Optional on all models. Available in conjunction with the optional RNS 315 touch-screen navigation/DAB radio system or RNS 510 touch-screen DVD navigation/DAB radio system. Also available as a no cost option when ordered in conjunction with the optional RCD 510 touch-screen radio system³.

05

06

05 In addition to your RNS 315 touch-screen navigation/DAB radio system or RNS 510 touch-screen DVD navigation/DAB radio system you can also specify an **armrest-mounted six CD autochanger**, in lieu of MDI (Multi Device Interface), allowing you hours of uninterrupted listening pleasure. Optional on all models.

06 The optional **'Dynaudio' soundpack**⁴ produces phenomenal sound, ensuring complete musical enjoyment. A ten channel digital amplifier delivers 600 watts through ten speakers located around the vehicle at optimum distances from one another, ensuring unique sound quality in every position. Optional on all models.

1 RCD 510 touch-screen DAB radio system, RNS 315 touch-screen navigation/DAB radio system and RNS 510 touch-screen DVD navigation/DAB radio system cannot be specified in conjunction with each other.
 2 DVD playback will not function whilst the navigation system is in use, or the vehicle is in motion.
 3 Rear-view camera will be fitted in lieu of DAB digital radio receiver on RCD 510 touch-screen DAB radio system.
 4 Not in conjunction with RCD 310 DAB radio system or RNS 315 touch-screen navigation/DAB radio system.

Model shown is Eos Sport BlueMotion Technology DSG with optional leather upholstery, Bi-xenon headlights and metallic paint.

Alloy wheels

01 'Kansas' 8J x 18" alloy wheels with 235/40 R18 self-sealing tyres help to provide an even sportier and dynamic look to the exterior of your Eos. Standard on all Sport models.

02 'Vicenza' 8J x 18" alloy wheels with 235/40 R18 self-sealing tyres add an extra touch of elegance to your Eos. Standard on all Exclusive models and optional on all Sport models. 'Vicenza' alloy wheels include a tyre repair kit, in lieu of temporary steel space saver spare wheel.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the up! and fuel-efficient BlueMotion Golf, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, take a look at the selection below to see what else we have. There are 21 models in our range, so there's bound to be at least one that catches your eye.

Efficient

Our BlueMotion models benefit from innovative energy-saving technology that helps you optimise fuel consumption and reduce harmful emissions. This includes low rolling resistance tyres and improved aerodynamics, accompanied with advanced engines and gearboxes. Choose from the BlueMotion Polo, Golf, Golf Estate, Passat or Passat Estate.

However, BlueMotion Technology can be found across our range where automatic Start/Stop technology and brake energy recuperation is standard on the majority of our engines, helping you to save more money by being more efficient.

Spacious family cars

Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and Passat Estate.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider Beetle Cabriolet, Golf Cabriolet or Eos.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the top of the range Phaeton, and executive comfort in the Passat Saloon and Jetta.

4x4

Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it. Features four wheel drive technology, '4MOTION', as standard for optimum road grip, stability and control.

Go anywhere, do anything in our four wheel drive alternatives: Tiguan and Passat Alltrack.

Sporty

Golf: As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD and R. Or for something more refined and elegant, there's the Eos too.

City run around

up!: The ideal city car. Efficient, fun and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around efficiency with more versatility and even more space can be found on the iconic Golf – winner of 'World Car of the Year 2013'.

Technology

Technical specification notes

- 01 The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02 Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- 03 With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04 The use of 100% RME and FAME (bio diesel) is not possible. Forecourt diesel with up to 7% bio diesel content, adhering to standard BS EN 590, can be used in diesel engines. The use of ethanol in forecourt petrol meeting BS EN 228 is allowable.
- 05 The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 06 Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen web site at www.volkswagen.co.uk and at www.vca.gov.org.
- 07 The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂.

Maximum luggage capacity, litres VDA measuring

method using 200 x 100 x 50mm blocks

As coupé	380
As cabriolet	205

Exterior dimensions

Interior width – rear, mm	1070

On illustrations, where arrows and figures are shown inside of the vehicle, the measurements are for interior dimensions. Where arrows and figures are shown outside of the vehicle, the measurements are for exterior dimensions.

Engines

1.4 litre/160 PS ⁽⁰¹⁾ (118 kW) petrol engine: EU5 emissions standard, four cylinder in-line direct injection twin-charged engine with four valves per cylinder, a supercharger and a turbocharger. Available with a six speed manual transmission

2.0 litre/210 PS ⁽⁰¹⁾ (155 kW) petrol engine: EU5 emissions standard, four cylinder in-line direct injection turbocharged engine. Fitted with four valves per cylinder and a turbocharger. Available with a six speed manual or a six speed automatic DSG transmission

2.0 litre/140 PS ⁽⁰¹⁾ (103 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line common rail diesel engine with four valves per cylinder. Available with a six speed manual or a six speed automatic DSG transmission

Transmission

- Six speed manual: 1.4 litre TSI 160 PS, 2.0 litre TSI 210 PS, 2.0 litre TDI 140 PS
- Six speed auto DSG: 2.0 litre TSI 210 PS, 2.0 litre TDI 140 PS

Running gear

- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock) and ASR (Traction Control)

Steering

- Electro-mechanical steering rack, height and lengthways adjustable
- Collapsible safety steering column

Brakes

- ABS (Electronically controlled Anti-lock Braking System) with EBD (Electronic Brake-pressure Distribution)
- HBA (Hydraulic Brake Assist)

At one with nature, at the push of a button.

Model shown is Eos Sport with optional leather upholstery, Bi-xenon headlights and metallic paint.

Volkswagen service

The Volkswagen Warranty

Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

Body Protection Warranty

The internal body sections and panels of the Eos are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Three-year Paintwork Warranty

This latest warranty, pioneered by Volkswagen, really provides you with the widest possible cover on a new car. There are no special conditions attached and paintwork manufacturing defects will be rectified without charge. Naturally, during the warranty period the car must be cared for in compliance with the operating instructions.

Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended warranty

If you order the Volkswagen Extended Warranty as an option when buying your new Eos then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

Service Intervals

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000³ and a maximum of 20,000³ miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

Volkswagen Insurance⁴

We want you to start enjoying your new car from day one and thanks to Volkswagen Insurance complimentary seven day cover, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Volkswagen Ensurance⁵

Get three years' Volkswagen Ensurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired in a Volkswagen Insurance approved repairer, by Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit volkswagen-ensurance.co.uk

Volkswagen Finance

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

CO₂ Emissions

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Volkswagen Roadside Assistance

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg and Phaeton which are registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer.

Tax Free Sales

For full details, please contact your authorised Volkswagen retailer.

Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available.

In particular, controls and some items of equipment are positioned differently for the UK.

The specifications contained in this brochure are for information purposes only and are subject to change.

If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering.

Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet OfTel regulations.

1 All warranty work must be completed by an authorised Volkswagen retailer or repairer.
2 The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.
3 The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.
4 Volkswagen Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Volkswagen Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.
5 Ensurance from Volkswagen Insurance is sold and administered by Lawshield UK Limited, registered in England number: 3360532 (registered office: Lawshield House, 850 Ibis Court, Lakeside Drive, Centre Park, Warrington, Cheshire WA1 1RL) and underwritten by UK General Insurance Limited on behalf of Ageas Insurance Limited, registered in England number: 354568 (registered office: Ageas House, Tollgate, Eastleigh, Hampshire SO53 3YA).
