Model shown is new Jetta GT with optional 18" 'Charleston' alloy wheels and metallic paint.

Turns heads. Wins hearts.

Meet the new Jetta. Sleek, stylish and more efficient than ever. With its revised front and rear design, enhanced features, luxurious interior and wealth of standard equipment, it's refined, comfortable and spacious. Not to mention practical, powerful and extremely frugal thanks to the latest engines and BlueMotion Technologies. Elegant and economical, dynamic and dependable, the new Jetta delivers all round, offering real value for money and allowing you to think with your head as well as your heart. Family car or business vehicle, nothing makes more sense.

Model shown is new Jetta GT with optional metallic paint.

01

The timeless appeal of classic design.

Models shown are new Jetta GT with optional 18" 'Charleston' alloy wheels and metallic paint.

02

01 Classic design is timeless, with form and function working perfectly together, as the new Jetta demonstrates. The **restyled black radiator grille** with chrome trimmed louvres and reprofiled body-coloured bumper creates an elegant front design. This is enhanced by the modified front air intake grille and integrated new front fog lights with static cornering function, which add character as well as aid aerodynamics. Range adjustable halogen headlights with daytime running lights provide clear illumination, adding to the stylish front design.

Front fog lights are standard on GT and optional on S and SE models.

02 The story continues to the rear, where the **redesigned boot lid** incorporates an aerodynamically efficient lip which sits above the **new rear light clusters** and the revised bumper with diffuser and reflectors. The new profile is sleeker and more streamlined than previously, aiding performance and creating a distinctive look.

Interior shown is new Jetta SE with optional climate control – 2Zone electronic air conditioning, multifunction colour display and metallic paint.

An inner world of peace and order.

No question about it, the world is moving faster, life is more pressured and it's hard to stay in control. Unless you're sitting in the new Jetta. Here, everything is exactly where you would expect it to be, ergonomically arranged and intuitively to hand, providing a stress-free haven of tranquillity and order. The large high definition screen of the multifunction computer displays important driving information, such as current or average fuel consumption and the status of your connected mobile phone.

The **large 3.5" TFT colour screen of the multifunction computer** displays important driving information such as journey time, outside temperature, range left in the fuel tank, total driving time and the status of your connected mobile phone. Standard on GT and optional on SE models.

Sit back, relax and enjoy the drive.

Interior shown is new Jetta SE with optional RNS 315 navigation/DAB radio system, climate control – 2Zone electronic air conditioning, multifunction colour display and metallic paint.

Who doesn't occasionally long to sit back, relax and catch breath? Thanks to the new Jetta's comfortable interior and exciting new trim levels, you can do this while on the road. Take for example the SE model, everything has been designed for your total comfort and relaxation, from the **'Sienna' cloth upholstery** in Titanium Black, Ceramique/Titanium Black or

Corn Silk Beige and **'Zebrano' decorative inserts** in the dash and door panels to the revised dashboard instrumentation and new steering wheel design. Stylish, refined and practical, it all makes for a pleasant journey, ensuring you arrive at your destination refreshed, replenished and re-energised.

Busy day? No problem.

01 The new Jetta is not only spacious, it's also well organised. High quality **integrated bag hooks** help keep everything conveniently to hand, ensuring you can find exactly what you're looking for. Standard on all models.

02 The innovative **leather trimmed three-spoke multifunction steering wheel** enables you to control a whole range of functions, including the radio or optional navigation system, telephone and in-car entertainment, without taking your hands off the wheel, enhancing safety and ensuring a more comfortable driving experience. Standard on SE and GT and optional on S models.

03 Front comfort seats in stylish **'Sienna' cloth upholstery** feature height and lumbar adjustment to ensure optimum comfort while you travel. Standard on SE models. Image shown features Ceramique/Titanium Black upholstery.

Technology that entertains, navigates and keeps you connected.

01 The **RCD 310 DAB radio system/MP3 compatible CD player** provides excellent acoustics via eight speakers with an output of 4 x 20 watts. The radio system displays DAB digital information transmitted by the radio station, track display, song titles and artists. It also features an AUX-in socket for connection to an external multimedia source, such as an iPod or MP3 player. Standard on all models.

02 The **RNS 315 touch-screen navigation/DAB radio system** features a 5 inch colour screen, MP3 compatible CD player with eight speakers, SD card reader and AUX-in socket for connection to an external multimedia source, such as an iPod or MP3 player. Optional on all models.

Bluetooth telephone connection for HFP (Hands Free Profile) enabled telephones (not shown), allows you to make and receive phone calls via the audio system or multifunction steering wheel. The phone book and call information is displayed on the audio system's display and on the multifunction computer. Standard on SE and GT and optional on S models.

Phones must be Bluetooth compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

03 The **Multi Device Interface (MDI)** with USB and iPod cables enables you to connect and charge a compatible device, while track selection is viewed and selected via the vehicle's radio system. Standard on SE and GT models and optional on S models.

Intelligent driver's assistance systems do the hard work for you.

01 **Side scan with blind spot monitor** makes motorway driving safer by assisting when you want to change lanes. A radar sensor controlled warning system monitors your blind spot and should it detect a potentially hazardous situation, it warns you by means of flashing warning lights in the door mirror housing. Optional on SE and GT models.

02 The **Parking sensor pack** comprises **front and rear parking sensors** and **reverse activated kerb-view adjustment on the passenger's side door mirror**. The parking sensors assist in parking manoeuvres by emitting ultrasonic, audible and visual signals, alerting the driver to any obstacles in the way. In addition, an optical parking display extends the functions of the parking sensors by indicating your position, either in monochrome on the standard RCD 310 DAB radio system or colour on the optional RNS 315 navigation/DAB radio system, on the vehicle's audio display during parking. Optional on all models.

03 The **Driver Alert system** monitors driver behaviour. As soon as it detects unusual driving patterns, such as lane deviation or erratic steering movements, it recommends taking a break via visual and acoustic signals. Standard on GT models.

04 The **rear-view camera** helps you reverse park by giving you a clear view to the rear of your vehicle via the display of your radio/navigation system, featuring auxiliary lines to help you park and enabling you to recognise even small obstacles such as kerbs. Optional on all models in conjunction with the optional RNS 315 touch-screen navigation/DAB radio system.

05 **High Beam Assist including Convenience pack** senses the lights from oncoming vehicles and switches between dipped and main beam accordingly. It also senses vehicles you are approaching from the rear and ensures dipped beam is selected in order to avoid dazzling vehicles in front, ensuring better vision, comfort and safety when driving at night. Optional on all models.

‘**Charleston**’ 7½J x 18" alloy wheels with 225/40 R18 tyres and anti-theft wheel bolts. Optional on GT models.

Model shown is new Jetta GT with optional 18" ‘Charleston’ alloy wheels and metallic paint.

Add a touch of individuality with a stylish choice of wheels.

6½J x 16" **steel wheels** with 205/55 R16 low rolling resistance tyres and full size wheel trims. Standard on S models.

‘**Atlanta**’ 6½J x 16" alloy wheels with 205/55 R16 low rolling resistance tyres and anti-theft wheel bolts. Standard on SE* and optional on S models.

‘**Lancaster**’ 7J x 17" alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts. Standard on GT and optional on SE models.

‘**Perth**’ 6J x 16" alloy wheels with 205/55 R16 low rolling resistance tyres and anti-theft wheel bolts. Optional on S and SE* models.

‘**Queensland**’ 7J x 17" alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts. Optional on SE and GT models. SE models include sports suspension (lowered by approx. 15mm).

‘**Queensland Black**’ 7J x 17" alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts. Optional on GT models.

‘**Porto**’ 7J x 17" alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts. Optional on SE and GT models. SE models include sports suspension (lowered by approx. 15mm).

‘**Charleston**’ 7½J x 18" alloy wheels with 225/40 R18 tyres and anti-theft wheel bolts. Optional on GT models.

* Low rolling resistance tyres are not fitted to models with 1.4 TSI 150 PS or 2.0 TDI 150 PS engines.

Think Blue.

Sustainability + Ingenuity.

‘Think Blue’ is Volkswagen’s promise to create progressive, environmentally friendly products and processes. So, from our concepts to our designs, from our fabrics to our machines, from our buildings to our water supply and from our engines to the open road, we can help shape a more sustainable future. We have already started by creating electric vehicles, BlueMotion models and efficient BlueMotion Technologies that save you money and reduce emissions.

*BlueMotion Technologies are available on all Volkswagens, excluding Phaeton, and vary between models.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the up! and fuel-efficient BlueMotion Golf, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, take a look at the selection below to see what else we have. There are 21 models in our range, so there's bound to be at least one that catches your eye.

Sporty

Golf: As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD and R. Or for something more refined and elegant, there's the Eos too.

Efficient

Our **BlueMotion** models benefit from innovative energy-saving technology that helps you optimise fuel consumption and reduce harmful emissions. This includes low rolling resistance tyres and improved aerodynamics, accompanied with advanced engines and gearboxes. Choose from the BlueMotion Polo, Golf, Golf Estate and Golf SV.

However, BlueMotion Technology can be found across our range where automatic Start/Stop technology and brake energy recuperation is standard on the majority of our engines, helping you to save more money by being more efficient.

Spacious family cars

Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and new Passat Estate.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider Beetle Cabriolet, Golf Cabriolet or Eos.

City run around

up!: The ideal city car. Efficient, fun and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around efficiency with more versatility and even more space can be found on the iconic Golf – winner of 'World Car of the Year 2013'.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the top of the range Phaeton, and executive comfort in the new Passat, new Passat Estate and Jetta.

4x4

New Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it. Features four wheel drive technology, '4MOTION', as standard for optimum road grip, stability and control.

Go anywhere, do anything in our four wheel drive alternatives: Tiguan and new Passat and Estate 4MOTION models.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

Technology and Dimensions.

Technical specification notes

- 01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02) Figures are calculated in accordance with manufacturer’s criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- 03) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04) The use of 100% RME and FAME (bio diesel) is not possible. Forecourt diesel with up to 7% bio diesel content, adhering to standard BS EN 590, can be used in diesel engines. The use of ethanol in forecourt petrol meeting BS EN 228 is allowable.
- 05) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 06) Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in ‘real world’ driving conditions. More information is available on the Volkswagen web site at www.volkswagen.co.uk and at www.vca.gov.org.
- 07) The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂.

Transmission

- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism. Five or six speed manual, six or seven speed automatic DSG gearbox with double joint half axles (wet clutch on six speed DSG models)
- Electronic differential lock, combined with a hydraulically operated single-plate dry clutch with asbestos-free lining via a six speed automatic DSG gearbox
- Five speed manual: 2.0 litre TDI 110 PS
- Six speed manual: 1.4 litre TSI 125 PS, 1.4 litre TSI 150 PS, 2.0 litre TDI 150 PS
- Six speed auto DSG: 2.0 litre TDI 150 PS
- Seven speed auto DSG: 1.4 litre TSI 150 PS, 2.0 litre TDI 110 PS

Running gear

- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock), Traction Control (ASR) and Countersteer Support
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- Front and rear anti-roll bar

Steering

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

Brakes

- Electronically controlled Anti-lock Braking System (ABS) – includes HBA (Hydraulic Brake Assist) and Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with front disc brakes (inner-ventilated) and rear disc brakes
- Asbestos-free brake pads
- Brake energy recuperation

Engines

- Front transverse-installed engine
- 1.4 litre/125 PS ⁽⁰¹⁾ (92 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual transmission
- 1.4 litre/150 PS ⁽⁰¹⁾ (110 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission
- 2.0 litre/110 PS ⁽⁰¹⁾ (81 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a five speed manual or a seven speed automatic DSG transmission
- 2.0 litre/150 PS ⁽⁰¹⁾ (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual or a six speed automatic DSG transmission

Volkswagen service.

Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

Body Protection Warranty

The internal body sections and panels of the Jetta are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Three-year Paintwork Warranty

This latest warranty, pioneered by Volkswagen, really provides you with the widest possible cover on a new car. There are no special conditions attached and paintwork manufacturing defects will be rectified without charge. Naturally, during the warranty period the car must be cared for in compliance with the operating instructions.

Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended Warranty

If you order the Volkswagen Extended Warranty as an option when buying your new Jetta then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

Service Intervals

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000³ and a maximum of 20,000³ miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

Volkswagen Insurance⁴

We want you to start enjoying your new car from day one and thanks to Volkswagen Insurance complimentary seven day cover, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Volkswagen Ensurance⁵

Get three years' Volkswagen Ensurance cover for free. Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired in a Volkswagen Insurance approved repairer, by Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit volkswagen-ensurance.co.uk

Volkswagen Finance⁶

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

CO₂ Emissions

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Volkswagen Roadside Assistance

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg and Phaeton which are registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer.

Tax Free Sales

For full details, please contact your authorised Volkswagen retailer.

Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK. The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering. Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.

1 All warranty work must be completed by an authorised Volkswagen retailer or repairer.
2 The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.
3 The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.
