## EXTERIOR.

01

With its distinctive shape, sculpted bodylines and refined design, the new Tiguan is unmistakably Volkswagen, while the restyled front incorporates two designs: elegant and sporty or rugged and powerful, depending whether you require on- or off-road capability.

02

The electrically operated panoramic glass sunroof gives an extra dimension of light and space and comes equipped with a retractable blind to prevent glare from the sun. The front area of the sunroof can be adjusted to a number of positions to provide optimum ventilation. Optional on all models.

03

Optional Bi-Xenon headlights are equipped with automatic range adjustment, dynamic curve lighting and LED daytime running lights ensuring optimum illumination whilst driving. Optional on all models.

Front fog lights improve your visibility in adverse weather conditions and mounted in the front bumper, reduce the amount of light reflected from fog, rain and snow. Standard on all SE, Sport and Escape models. Optional on all S models.

04

Sturdy black roof rails are integrated into the design of the new Tiguan, featuring as standard on all S models. Not only are roof rails extremely practical, they can also be fitted with various carrier systems for transporting bulky items.

05

Heat insulating tinted glass from the B pillar back is 65% light absorbing, reduces exposure to the sun's rays and gives a sporty look. Standard on all SE, Sport and Escape models and optional on all S models.

06

An automatic coming/leaving home lighting function illuminates the surrounding area making it safer to exit your new Tiguan at night. Standard on all SE, Sport and Escape models and optional as part of the mirror pack on all S models.

07

The retractable towbar enables you to tow loads of up to 2.5 tons. Fully retractable, it can easily be stored behind the bumper and folded out when required. Optional on all models.

Please note, there is no functionality to power interior caravan lighting, fridge or charging of a caravan auxiliary battery.

Interior shown is new Tiguan Sport with optional 'Vienna' leather upholstery and panoramic sunroof.

## INTERIOR.

01

The highest quality materials combine with ergonomic styling to bring you an interior that is as comfortable and refined as it is well designed and practical. Thanks to the flexible seat system, the new Tiguan is as adaptable as you like, offering many different seating and stowage arrangements, and enabling you to transport long and bulky items with ease. This, combined with a wealth of equipment designed to provide both comfort and convenience, creates the perfect environment for any journey.

The interior of the new Tiguan can be specified in optional luxurious and extremely durable **'Vienna' leather upholstery**, which includes the driver's seat with electric 12-way adjustment (in lieu of driver's under seat drawer) and lumbar support. Heated front seats and heated windscreen washer jets are also included to make cold mornings just that little bit easier to bear. The leather trimmed three-spoke multifunction steering wheel and gear knob are standard on all SE, Sport and Escape models and optional on all S models.

Please note, some parts of leather interior will contain artificial leather.

02

The **'Climatic' semi-automatic air conditioning** system is extremely user-friendly, providing your required cabin temperature quickly and efficiently, while maintaining your selected temperature. Standard on all S, Sport and Escape models.

03

The **electronic tyre pressure monitoring system** informs you via the multifunction display of any loss in tyre pressure. Not only does permanent monitoring ensure a high degree of safety, but correct tyre pressure also extends the life of the tyres and reduces fuel consumption. Standard on all SE, Sport and Escape models and optional on all S models when specifying 'Tunis' or 'Sierra' alloy wheels.

04

**Bluetooth telephone preparation** allows you to use your mobile phone without taking it out of your pocket. The phone book and call information is displayed on the multifunction computer and the system can be easily operated using the multifunction steering wheel. Standard on all SE, Sport and Escape models and optional on all S models.

Phones must have HFP (Hands Free Profile), please contact your Volkswagen retailer for phone compatibility.

05

The **RCD 310 DAB radio/MP3 compatible CD player** features eight speakers with an output of 4 x 20 watts delivering crystal clear digital sound. It also features an AUX-in socket for connection to an external multimedia source (e.g. iPod or MP3 player). Standard on all S models.

06

The **multifunction leather trimmed steering wheel** enables you to control the radio, multifunction computer and Bluetooth telephone preparation without taking your hands off the wheel, thanks to the intuitively positioned buttons. Standard on all SE, Sport and Escape models and optional on all S models.

**01**  
The **front centre armrest** provides a handy storage compartment, keeping all those useful items at easy reach. It also has two rear air vents and two rear cup holders. Standard on all SE, Sport and Escape models and optional on all S models.

**02**  
The **net partition** can be pulled out when the rear seats are folded down, keeping luggage or pets securely in the boot area and helping to protect occupants in the event of an emergency stop. Optional on all models as part of the storage pack.

**03**  
Forming part of the **storage pack**, additional storage compartments in the roof console ensure items such as sunglasses can easily be reached. Optional on all models.

**04**  
The **electrically operated panoramic glass sunroof** provides an extra dimension of space and light. If it gets too hot or too cold, simply close the roof at the touch of a button using the control panel in the roof console above. As well as tinted glass to minimise glare, there's also an electric sunblind that can be closed while the roof is still open, enabling you to enjoy the sunshine without fear of sunburn. Optional on all models.

**05**  
Thanks to its **exceptional flexibility**, the new Tiguan provides exactly the seating or stowage arrangements you require. The rear seats split 60:40 and each side can be moved lengthways, while all but the driver's seat can be folded flat, providing a massive loading volume of up to 1,510 litres.

Please note, passenger seat on S models cannot be folded flat.

Panoramic sunroof and Storage pack cannot be specified in conjunction with each other. Models shown are for illustration purposes only and may not necessarily reflect UK specification.

# FOUR DIFFERENT MODELS. FOR ALL LIFE'S EVENTUALITIES.

Model shown is new Tiguan S with optional 18" 'Sierra' alloy wheels, Bi-Xenon headlights and metallic paint.

## S AND S BLUEMOTION TECHNOLOGY.

**01** The impressively equipped entry level new Tiguan includes a host of features fitted as standard, including 'Climatic' semi-automatic air conditioning and an RCD 310 DAB digital radio/MP3 compatible CD player, to make driving so much more relaxed. The restyled front, with its prominent radiator grille with double chrome louvres and sleek front bumper, gives a dynamic, characteristically Volkswagen look.

The seats are finished in contemporary 'Pakata' upholstery, and the interior enhanced by 'Steel finish' air vent surrounds and 'Anthracite metallic' decorative inserts. Front seats feature height adjustment and the steering wheel is height and reach adjustable for maximum driving comfort.

**02** The electronic parking brake with auto hold function secures the vehicle automatically via a toggle switch when you come to a stop on a hill, and is automatically released when pulling away.

**03** 16 inch 'Portland' alloy wheels with 215/65 R16 tyres add a touch of style to the exterior of the S and S BlueMotion Technology.

Interior shown is new Tiguan SE.

01

02

03

## SE AND SE BLUEMOTION TECHNOLOGY.

01

Elegant and luxurious, the new Tiguan SE is equipped with a wealth of advanced features, such as the innovative Driver Alert system, which monitors driving behaviour, and 2Zone electronic climate control which allows you and your passengers to travel in total comfort. The chrome trimmed front air intake, chrome-plated roof rails and chrome side window surrounds add a particularly refined look to the exterior.

02

'Pandu' upholstery, 'Silver metallic' decorative inserts and a leather trimmed multifunction steering wheel and gear knob give the interior a subtle, refined feel.

03

The RCD 510 touch-screen DAB radio/dash-mounted MP3 compatible six CD autochanger features a large 6½ inch colour display, with intuitive menu navigation and touch-screen operation. It also features an AUX-in socket for connection to an external multimedia source (e.g. iPod or MP3 player), an SD memory card slot and crystal clear DAB digital reception.

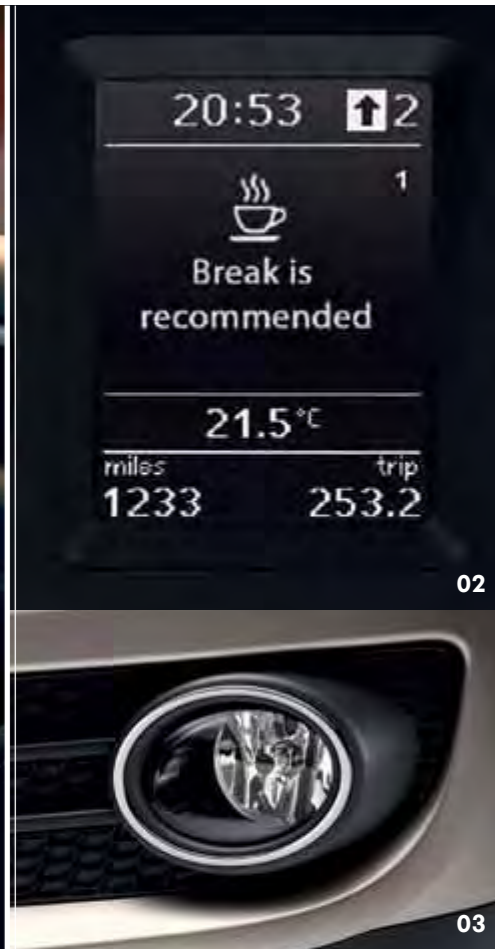

Bluetooth telephone preparation allows you to use your mobile phone without taking it out of your pocket. The phone book and call information is displayed on the multifunction computer and also the radio system, and can be easily operated using the multifunction steering wheel.

Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your Volkswagen retailer for phone compatibility.

Interior shown is new Tiguan Sport.

01

02

03

## SPORT AND SPORT BLUEMOTION TECHNOLOGY.

01

Charismatic and exciting, the new Tiguan Sport is designed to perform. Sports suspension and front sport seats with height and lumbar adjustment ensure a more responsive drive, while advanced features include the Driver Alert system, automatic coming/leaving home lighting function and automatic dimming interior rear-view mirror.

02

The passenger compartment of the new Tiguan Sport is both stylish and refined, with luxurious Alcantara upholstery featuring 'Milan' side bolsters, 'Silver metallic' decorative inserts, carpet mats front and rear, and a leather trimmed multifunction steering wheel and gear knob.

The Driver Alert system detects when the driver is becoming tired and recommends taking a break. This is achieved by monitoring driving behaviour closely, noting any erratic steering wheel movement or lane deviation and alerting the driver via a visual and audible warning.

03

Front fog lights including static cornering function which illuminate when indicating or turning at low speed. Not only do they improve safety in the event of poor visibility, but with a chrome trimmed surround, they also provide a sporty finish.

01

Interior shown is new Tiguan Escape.

03

## ESCAPE BLUEMOTION TECHNOLOGY.

01

Robust and rugged, the off-road design of the new Tiguan Escape features a 28° angle of approach, front underbody protection and a side and rear protection pack, allowing it to take steep inclines in its stride, while the refined interior offers a wealth of advanced features, ensuring you travel in the lap of luxury.

02

The off-road setting, which includes hill descent assist combined with ABSPlus adjusted to suit braking on loose ground, enables the new Tiguan to manage difficult terrain at the press of a button.

03

The exterior of the new Tiguan Escape features tinted glass from the B pillar back, which reduces sunlight by up to 65%, helping to ensure a pleasant temperature in the passenger compartment and also providing additional privacy. Chrome-plated roof rails are also a handy and practical addition allowing various carrier systems to be easily utilised.

The luxurious passenger compartment is fitted with front comfort seats, attractive 'Pandu' upholstery, an RCD 510 touch-screen DAB digital radio/dash-mounted MP3 compatible six CD autochanger, and a leather trimmed multifunction steering wheel and gear knob, while useful extras include a tyre pressure monitoring system and compass in the multifunction computer's (Highline) display.

Model shown is new Tiguan Escape with optional Bi-Xenon headlights and metallic paint.

**LET THE ADVENTURE BEGIN.**

Model shown is new Tiguan Escape with optional 18" 'Sierra' alloy wheels, parking sensors, Bi-Xenon headlights and metallic paint.

## ALLOY WHEELS.

01

'Portland' 6½J x 16 alloy wheels with 215/65 R16 tyres. Standard on all S models.

02

'Philadelphia' 7J x 17 alloy wheels with 235/55 R17 tyres and tyre pressure monitoring system. Standard on all SE models.

03

'Sierra' 7J x 18 alloy wheels with 235/50 R18 tyres and tyre pressure monitoring system. Standard on all Sport models and optional on all other models.

04

'Tunis' 7J x 17 alloy wheels with 235/55 R17 tyres and tyre pressure monitoring system. Standard on Escape BlueMotion Technology models and optional on all S models.

05

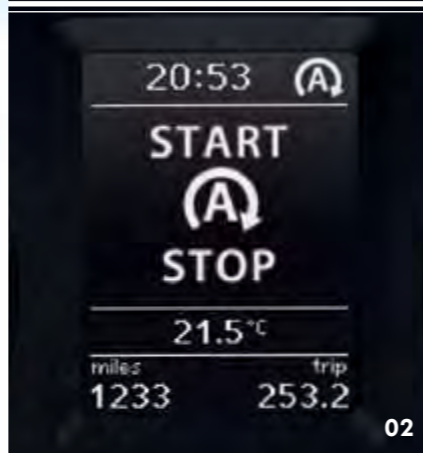

'Savannah' 9J x 19 alloy wheels with 255/40 R19 tyres and tyre pressure monitoring system. Optional on all Sport models.

## Think Blue.

BlueMotion Technologies is our contribution to sustainable motoring. This means we offer optimum solutions for every demand, which makes driving more fuel efficient. Lower fuel consumption and lower emission diesel engines allied with BlueMotion Technologies are friendlier to the environment and your wallet, without having to give up everyday practicality and comfort.

We've also designed a range of other energy-saving technologies to work in synergy with our advanced engines and gearboxes. BlueMotion Technologies such as a multifunction computer including visual gear change recommendation for optimum fuel consumption, recuperation (battery regeneration during braking) and a Start/Stop function that can cleverly switch the engine off when your vehicle is stationary and in neutral and start it again as you depress the clutch, all combine to aid increased efficiency.

Externally, Volkswagen's 'BlueMotion Technology' badging identifies the cleanest, most energy-efficient cars in our range. So when you see this logo you'll know we're talking about ways to cut emissions and the cost of your motoring.

## BLUEMOTION TECHNOLOGIES

01

The **multifunction computer (Highline)** provides useful statistics about your journey, such as exterior temperature, average and current fuel consumption, average speed and estimated distance to refuelling. It also includes a visual gear change recommendation for optimum fuel consumption.

02

The **Start/Stop function** momentarily switches off the engine when the vehicle is stationary, in neutral and the clutch disengaged. The 'Start Stop' symbol is then displayed on the multifunction computer (Highline). When the engine automatically restarts after depressing the clutch to resume driving, the multifunction computer then returns to the previous display.

## ENGINES, CHASSIS AND GEARBOXES.

01

**Powerful, latest generation engines and modern gearbox technologies deliver the ultimate in refinement and innovation, ensuring the new Tiguan more than meets your expectations. A combination of direct fuel injection and intelligent turbocharging technology ensure TSI petrol engines offer high performance, high torque and reduced fuel consumption; while TDI diesel engines, equipped with common rail technology, ensure low consumption, high torque and amazingly quiet performance.**

Image shown is for illustration purposes only and may not necessarily reflect UK specification.

02

**Intelligent 4MOTION** four wheel drive distributes power to all four wheels as required, and ensures optimum traction on almost every surface, even in adverse weather conditions.

**Adaptive Chassis Control (ACC)** adapts the damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. At the touch of a button, you can decide how firm or comfortable you wish to set the suspension, with a choice of three settings: Sport, Comfort or Normal. Optional on all models.

03

The **dual clutch DSG (Direct Shift Gearbox)** shifts smoothly and imperceptibly into the next pre-selected gear within a few hundredths of a second, without disrupting traction, enabling you to change gear faster than a manual and more smoothly than a conventional automatic – making dynamic acceleration twice as much fun.

## SAFETY.

**01** From its elevated driving position and ergonomic design to the latest active and passive intelligent safety features, the new Tiguan provides the highest levels of protection for you and your passengers, ensuring you're well prepared for any adventure and creating a calm, relaxed driving experience.

01

**02** Lane assist is a camera controlled lane tracking aid which warns you by vibrating the steering wheel if your vehicle drifts out of its lane at speeds of 40 mph and above. It operates via a camera located between the roof console and rear-view mirror. This option also includes cruise control. Optional on all SE, Sport and Escape models.

Not in conjunction with cruise control.

Includes Traffic Sign Recognition when ordered in conjunction with RNS 315 or RNS 510 navigation systems.

02

**04** **ABSP**lus, Anti-lock Braking System (ABS) together with EBD (Electronic Brake-pressure Distribution) help to deliver exceptional handling and braking. When driving straight ahead on loose surfaces, the system will briefly lock the front wheels which enables them to dig into the surface and help reduce the stopping distance. When the wheels are turned, the normal ABS is activated.

03

The **Electronic Stabilisation Programme (ESP)** utilises sensors to detect critical situations at an early stage, reacting within milliseconds by controlling the speed of individual wheels, helping to bring the vehicle under control.

04

The **airbag system** includes driver's and front passenger's airbags with passenger deactivation switch, front seat side impact airbags, and curtain airbag system, with optional rear side airbags available upon request. On deployment of the airbags, the doors are simultaneously unlocked, hazard warning lights and inside lights switched on and the fuel pump deactivated.

Image shown is for illustration purposes only and may not necessarily reflect UK specification.

## OPTIONAL EQUIPMENT.

**01** The **Park Assist system** not only makes parallel parking significantly easier, but now has the added functionality to help you reverse park into a space at 90 degrees to the kerb. The driver activates the system by pressing a button on the centre console and, using ultrasonic parking sensors, Park Assist will then detect a parking space large enough for either reverse or parallel parking. Once the vehicle is in reverse, all the driver has to do is operate the accelerator and brake, and keep a good lookout, while the new Tiguan steers itself into its chosen space. Improvements to the system mean Park Assist can now manoeuvre into spaces 1.1 m longer than the vehicle. Optional on all S, Sport and Escape models and standard on all SE models.

01

02

**High Beam Assist** ingeniously senses the lights from oncoming vehicles and switches between main and dipped beam accordingly. It also senses vehicles you are approaching from the rear and ensures dipped beam is selected in order not to dazzle vehicles in front. Optional on all SE, Sport and Escape models.

03

An **automatic coming/leaving home lighting function** illuminates the surrounding area making it safer to exit your new Tiguan at night. Optional as part of the mirror pack on all S models and standard on all SE, Sport and Escape models.

04

**Cruise control** can be set at speeds of over 19 mph to maintain a constant speed. Once set to your desired speed, all your concentration can be focused on the road ahead creating a more relaxed drive. Optional on all models.

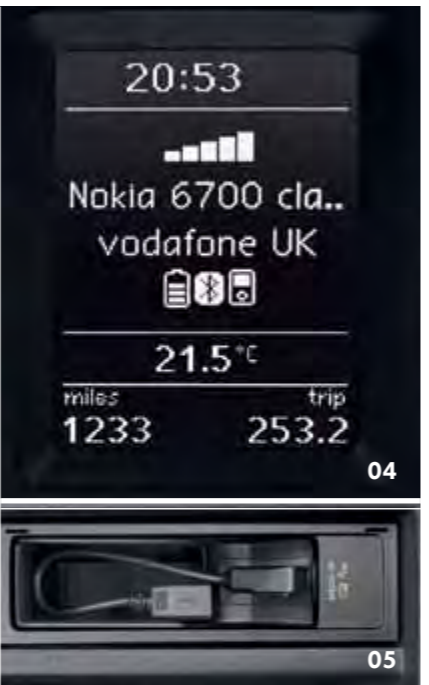

Cruise control cannot be specified in conjunction Lane Assist.

01

03

04

06

07

09

01

The **RCD 510 touch-screen DAB digital radio/dash-mounted MP3 compatible six CD autochanger** features a large 6½ inch colour display, with intuitive menu navigation and touch-screen operation. It also features an AUX-in socket for connection to an external multimedia source (e.g. iPod or MP3 player) and an SD memory card slot. Optional on all S models, and standard on all other models.

02

The **RNS 315 touch-screen navigation/radio system** with MP3 compatible CD player features a 5 inch colour display with clearly arranged map navigation to guide you to your destination. Also featured is an SD card reader and practical AUX-in socket for connecting external audio devices such as an iPod or MP3 player. Optional on all models.

03

The **RNS 510 touch-screen navigation/DVD radio system with rear-view camera** responds to spoken voice commands for navigation, CD and radio functions, and features a 6½ inch colour screen which also displays a live image from the rear-view camera, 30 GB hard drive with preloaded navigation data, SD card reader, compatibility with MP3, WMA and DVD video data files, and AUX-in socket for connection to an external multimedia source such as an iPod or MP3 player. Optional on all models.

04

**Bluetooth telephone preparation for HFP (Hands Free Profile) enabled telephones, with multifunction leather trimmed steering wheel**, allows you to make and receive phone calls via the audio system or multifunction steering wheel. The phone book and call information is displayed on the audio system's display and on the multifunction computer (Highline). Optional on all S models, and standard on all other models.

Phones must have HFP (Hands Free Profile), please contact your Volkswagen retailer for phone compatibility.

05

The **Multi Device Interface (MDI)** with iPod and USB cables enables you to connect and charge a compatible device, while track selection is viewed and selected via the vehicle's radio system. Specify this option on all S models and you also get a handy front centre armrest. Optional on all S, Sport and Escape models and standard on all SE models.

06

The **electric panoramic glass sunroof** is just as eye-catching from the outside as it is from the inside. Adding light and space, it fills the interior with additional natural light, providing an uninterrupted view of the sky overhead. The front area of the sunroof can be adjusted to a number of positions to provide optimum ventilation. Optional on all models.

07

The **rear-view camera** provides a clear view to the rear of your vehicle, transmitting an undistorted live image to your radio or navigation system display, enabling you to manoeuvre quickly and easily into the most difficult parking space. Optional on all models. Must be ordered in conjunction with optional RCD 510 radio system or RNS 315 navigation system on S models.

08

**Bi-Xenon headlights** with automatic range adjustment and dynamic curve lighting continually follow steering movements, ensuring optimum illumination, particularly on bends and when turning. New integrated LED daytime running lights ensure the vehicle can be seen better during the day and headlight washers improve safety in rain, snow and poor road conditions. Optional on all models.

09

The **Winter pack** in conjunction with cloth upholstery includes heated front seats with three preset temperature settings and heated windscreen washer jets, ensuring you are fully prepared to face any cold spell. Optional on all models.

# TECHNOLOGY.

## Technical specification notes

- 01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68 kg) and luggage (7 kg) in line with EU directive 95/48.
- 03) With increasing altitude the engine performance diminishes. From 1,000 m above sea level and for every 1,000 m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04) Thanks to the knock control, unleaded four star (at least 95 RON) can be used instead of unleaded Super plus. In order to achieve maximum fuel consumption benefits on the TSI engine, Ultra Low Sulphur Petrol (ULSP) must be used.
- 05) Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- 06) The weight of a vehicle will influence the level of CO<sub>2</sub> emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO<sub>2</sub>.
- 07) The use of RME and FAME (bio diesel) is not possible.

## Exterior dimensions

Length, mm (Escape)	4426 (4433)
Width – including door mirrors, mm	2041
Width – excluding door mirrors, mm	1809
Height, mm	1703
Height – opened bonnet/floor, mm	1868
Height – opened tailgate/floor, mm	2043
Wheelbase, mm	2604
Turning circle, m	12.0 approx.

## Interior dimensions

Effective headroom, front, mm (with sunroof)	992 (1007)
Effective headroom, rear, mm (with sunroof)	991 (963)
Legroom, front, mm	1018
Legroom, rear, mm	910
Elbow width, front, mm	1482
Elbow width, rear, mm	1459

## Engines

### Front transverse-installed engine

- 1.4 litre/160 PS<sup>(01)</sup> (118 kW) petrol engine. TSI engine with dual-charging, double injection catalytic converter heating, turbocharger with waste gate, additional mechanical supercharger, intercooler, maintenance free timing chain, continuous inlet camshaft timing adjustment, grey cast iron cylinder block, steel crankshaft, duo-centric oil pump, dual-circuit cooling system, fuel system regulated according to requirements, high pressure fuel pump with a delivery pressure of up to 150 bar, four valves per cylinder. The 1.4 TSI engine is the first to use a combination of supercharger and turbocharger. That means the engine is charged by a supercharger in addition to the turbocharger depending on the torque requirements
- 2.0 litre/180 PS<sup>(01)</sup> (132 kW) petrol engine. TBA
- 2.0 litre/210 PS<sup>(01)</sup> (155 kW) petrol engine. Four cylinder in-line engine, aluminium cylinder head, four valves per cylinder with roller rocker finger valve drive, electronic direct injection, variable inlet valve timing, programmed ignition with cylinder-selective anti-knock control, four single spark ignition coils, longlife spark plugs, exhaust gas turbocharger, three-way close-coupled pre-catalyst and underbody catalyst, lambda control
- 2.0 litre/110 PS<sup>(01)</sup> (81 kW) Common rail diesel engine. EU5 emissions standard
- 2.0 litre/140 PS<sup>(01)</sup> (103 kW) Common rail diesel engine. EU5 emissions standard, four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, reduced piston crown volume (improves swirl generation in the cylinder), toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection fuel system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, low temperature exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF)
- 2.0 litre/170 PS<sup>(01)</sup> (125 kW) Common rail diesel engine. EU5 emissions standard, four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, reduced piston crown volume (improves swirl generation in the cylinder), toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection fuel system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, low temperature exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF)

## Brakes

- Diagonal twin-circuit brake system with inner-ventilated front disc brakes and rear disc brakes
- Electronically controlled Anti-lock Braking System (ABSPlus) and Electronic Brake-pressure Distribution (EBD)
- Electronic parking brake – with auto hold function
- Battery regeneration (recuperation – energy recovery during braking)

## Steering

- Maintenance-free rack and pinion steering rack with speed related, electronically controlled servo assistance
- Height and reach adjustable and collapsible safety steering column

## Transmission

### Front wheel drive

- Six speed manual gearbox: 1.4 litre TSI 160 PS, 2.0 litre TDI 110 PS, 2.0 litre TDI 140 PS

### Four wheel drive

- Six speed manual gearbox: all models
- Seven speed auto DSG gearbox: 2.0 litre TSI 4MOTION 180 PS, 2.0 litre TSI 4MOTION 210 PS, 2.0 litre TDI 4MOTION 140 PS

## Running gear

- Front suspension: McPherson strut, one-piece aluminium subframe, decoupled spring and shock absorber mounting, anti-roll bar
- Rear suspension: multilink, anti-roll bar
- ESP (Electronic Stabilisation Programme) – includes EDL (Electronic Differential Lock) and ASR (Traction Control)

# VOLKSWAGEN SERVICE FOR YOUR PEACE OF MIND.

The Volkswagen Warranty.

Three-year Warranty.

All Volkswagen new Tiguan come with a three-year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised Volkswagen retailer or repairer; however, this additional warranty must be purchased before the mileage reaches 60,000\*. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

\* All warranty work must be completed by an authorised Volkswagen retailer or repairer.

Three-year Paint Warranty.

The paintwork of the new Tiguan is covered against manufacturing defects for a period of three years.

Naturally, the new Tiguan must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

12-year Body Protection Warranty.

The internal body sections and panels of the new Tiguan are covered against rusting through from the inside for 12 years. Naturally, the new Tiguan must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Approved Accessories.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended Warranty.

You may purchase additional protection from your authorised Volkswagen retailer or repairer, or contact 0870 9000 115.

Tax Free Sales.

For full details, please contact your authorised Volkswagen retailer.

Service Intervals.

Volkswagen are pleased to offer you a choice on how your new Tiguan is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Time and Distance Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Time and Distance Service are as follows:

- Oil change service  
Every 10,000 miles/1 year (whichever is soonest).
- Interval service  
Every 20,000 miles/2 years (whichever is soonest).
- Inspection service  
Every 40,000 miles/3 years (whichever is soonest).

The LongLife Service is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

With the LongLife Service the vehicle can cover anywhere between 10,000<sup>†</sup> and a maximum of 18,000<sup>†</sup> miles or 24 months (whichever is soonest) between oil changes. Inspection service is typically in the third year of ownership and thereafter every second year, for vehicles with an approximate annual mileage of 10,000 miles.

<sup>†</sup> Please note that mileages are approximate as the service indicator system uses kilometres as the distance measurement.

Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Volkswagen Insurance<sup>‡</sup>.

We want you to start enjoying your new car from day one and thanks to Volkswagen Insurance complimentary seven day cover, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8 am – 9 pm and Saturday 9 am – 5 pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Visit [www.insurewithvolkswagen.co.uk](http://www.insurewithvolkswagen.co.uk) for details of the full range of insurance products available.

Here you can also get a quote for your annual car insurance and buy it online too. All of our insurance products are designed to ease the pain of making a claim.

<sup>‡</sup> Volkswagen Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Volkswagen Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.

Volkswagen Finance<sup>‡</sup>.

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs.

No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

<sup>‡</sup> Volkswagen Finance is a trading name of Volkswagen Financial Services (UK) Limited.

An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Volkswagen Roadside Assistance.

Every new car is registered for Volkswagen Roadside Assistance for one year. This provides vehicle home and roadside recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer or repairer.

CO<sub>2</sub> Emissions.

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO<sub>2</sub> emissions produced.

The CO<sub>2</sub> and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Please Note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK.

The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering.

Note: We would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.

Model shown is new Tiguan Escape with optional metallic paint.
