It's our DNA on display.

The beautifully sculpted sheet metal on the Audi TT isn't just a work of art—it's a science. Each line carries with it our commitment to bold design, the evolution of an iconic legacy, marking it as a daring presence on the road. But the lines simply connect and build off an array of striking details, stretching across the profile to enhance the visual tension while connecting the standard LED headlights to our equally distinctive LED taillights. From the marque that sits proud on the hood crowning the Singleframe® grille, to the stylish fuel door, to the twin exhaust tips, this is a showcase of our DNA, the design heritage of Audi performance.

2017 Audi TT Coupe shown in Florett Silver metallic.

It's our DNA on display.

2017 Audi TT Coupe shown in Florett Silver metallic with available equipment.

It's our DNA on display.

// Powerful design elements

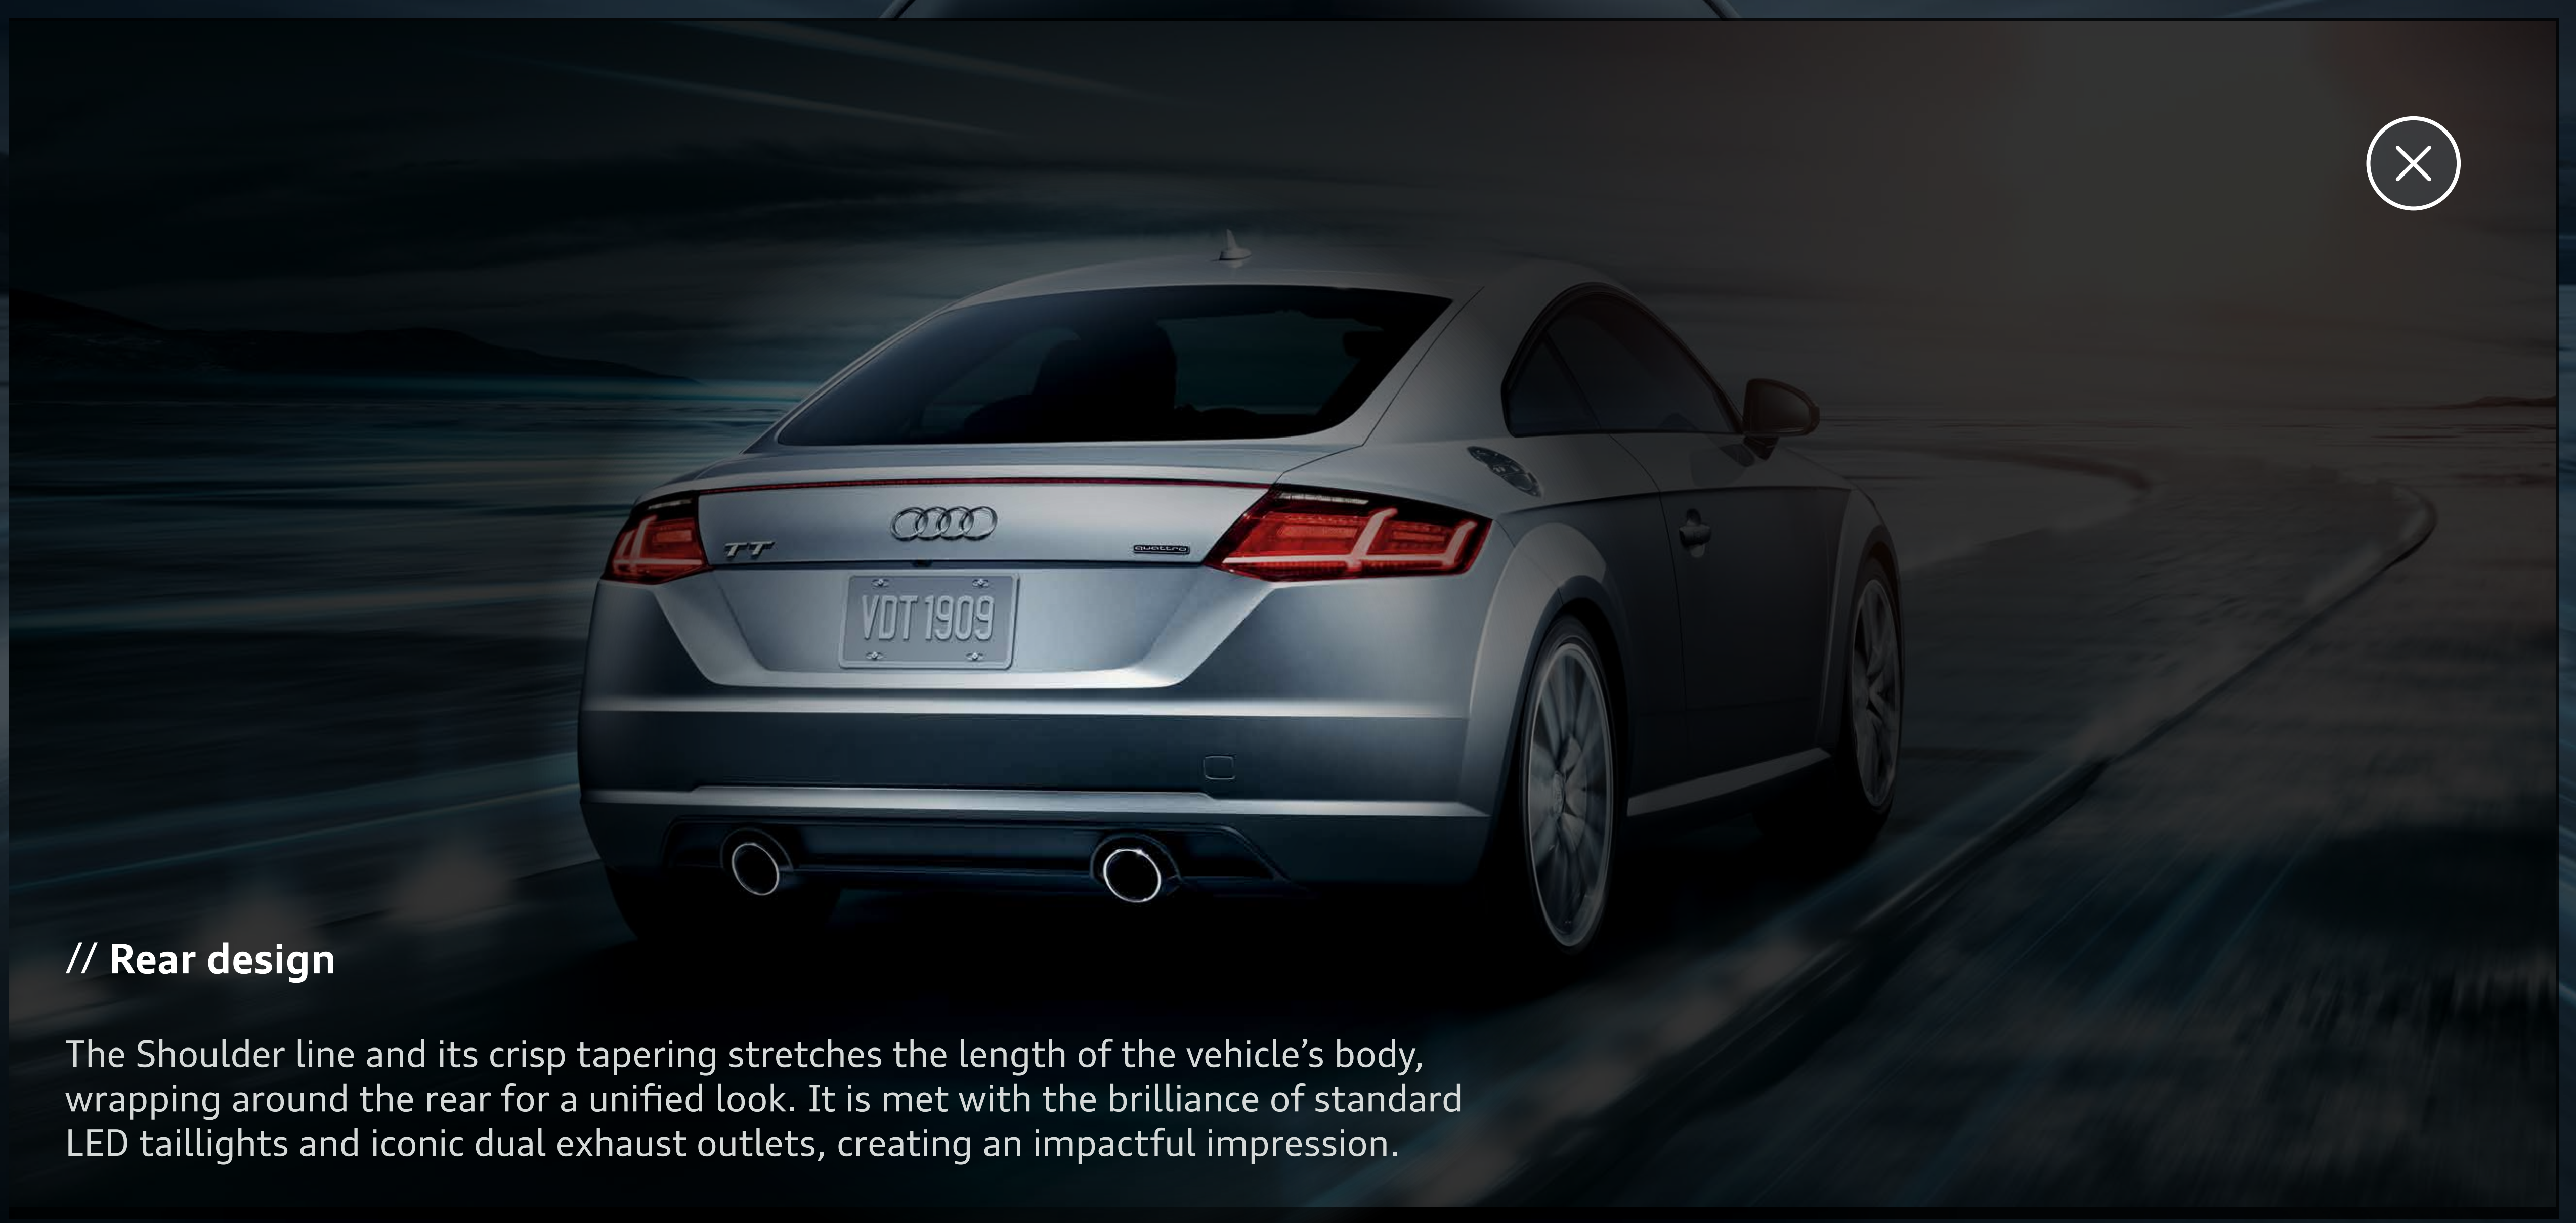

The gracefully sloping Roof line, striking silhouette and double wheel arch lines together say as much about the power of the TT as they do its poise.

2017 Audi TT Coupe shown in Florett Silver metallic with available equipment.

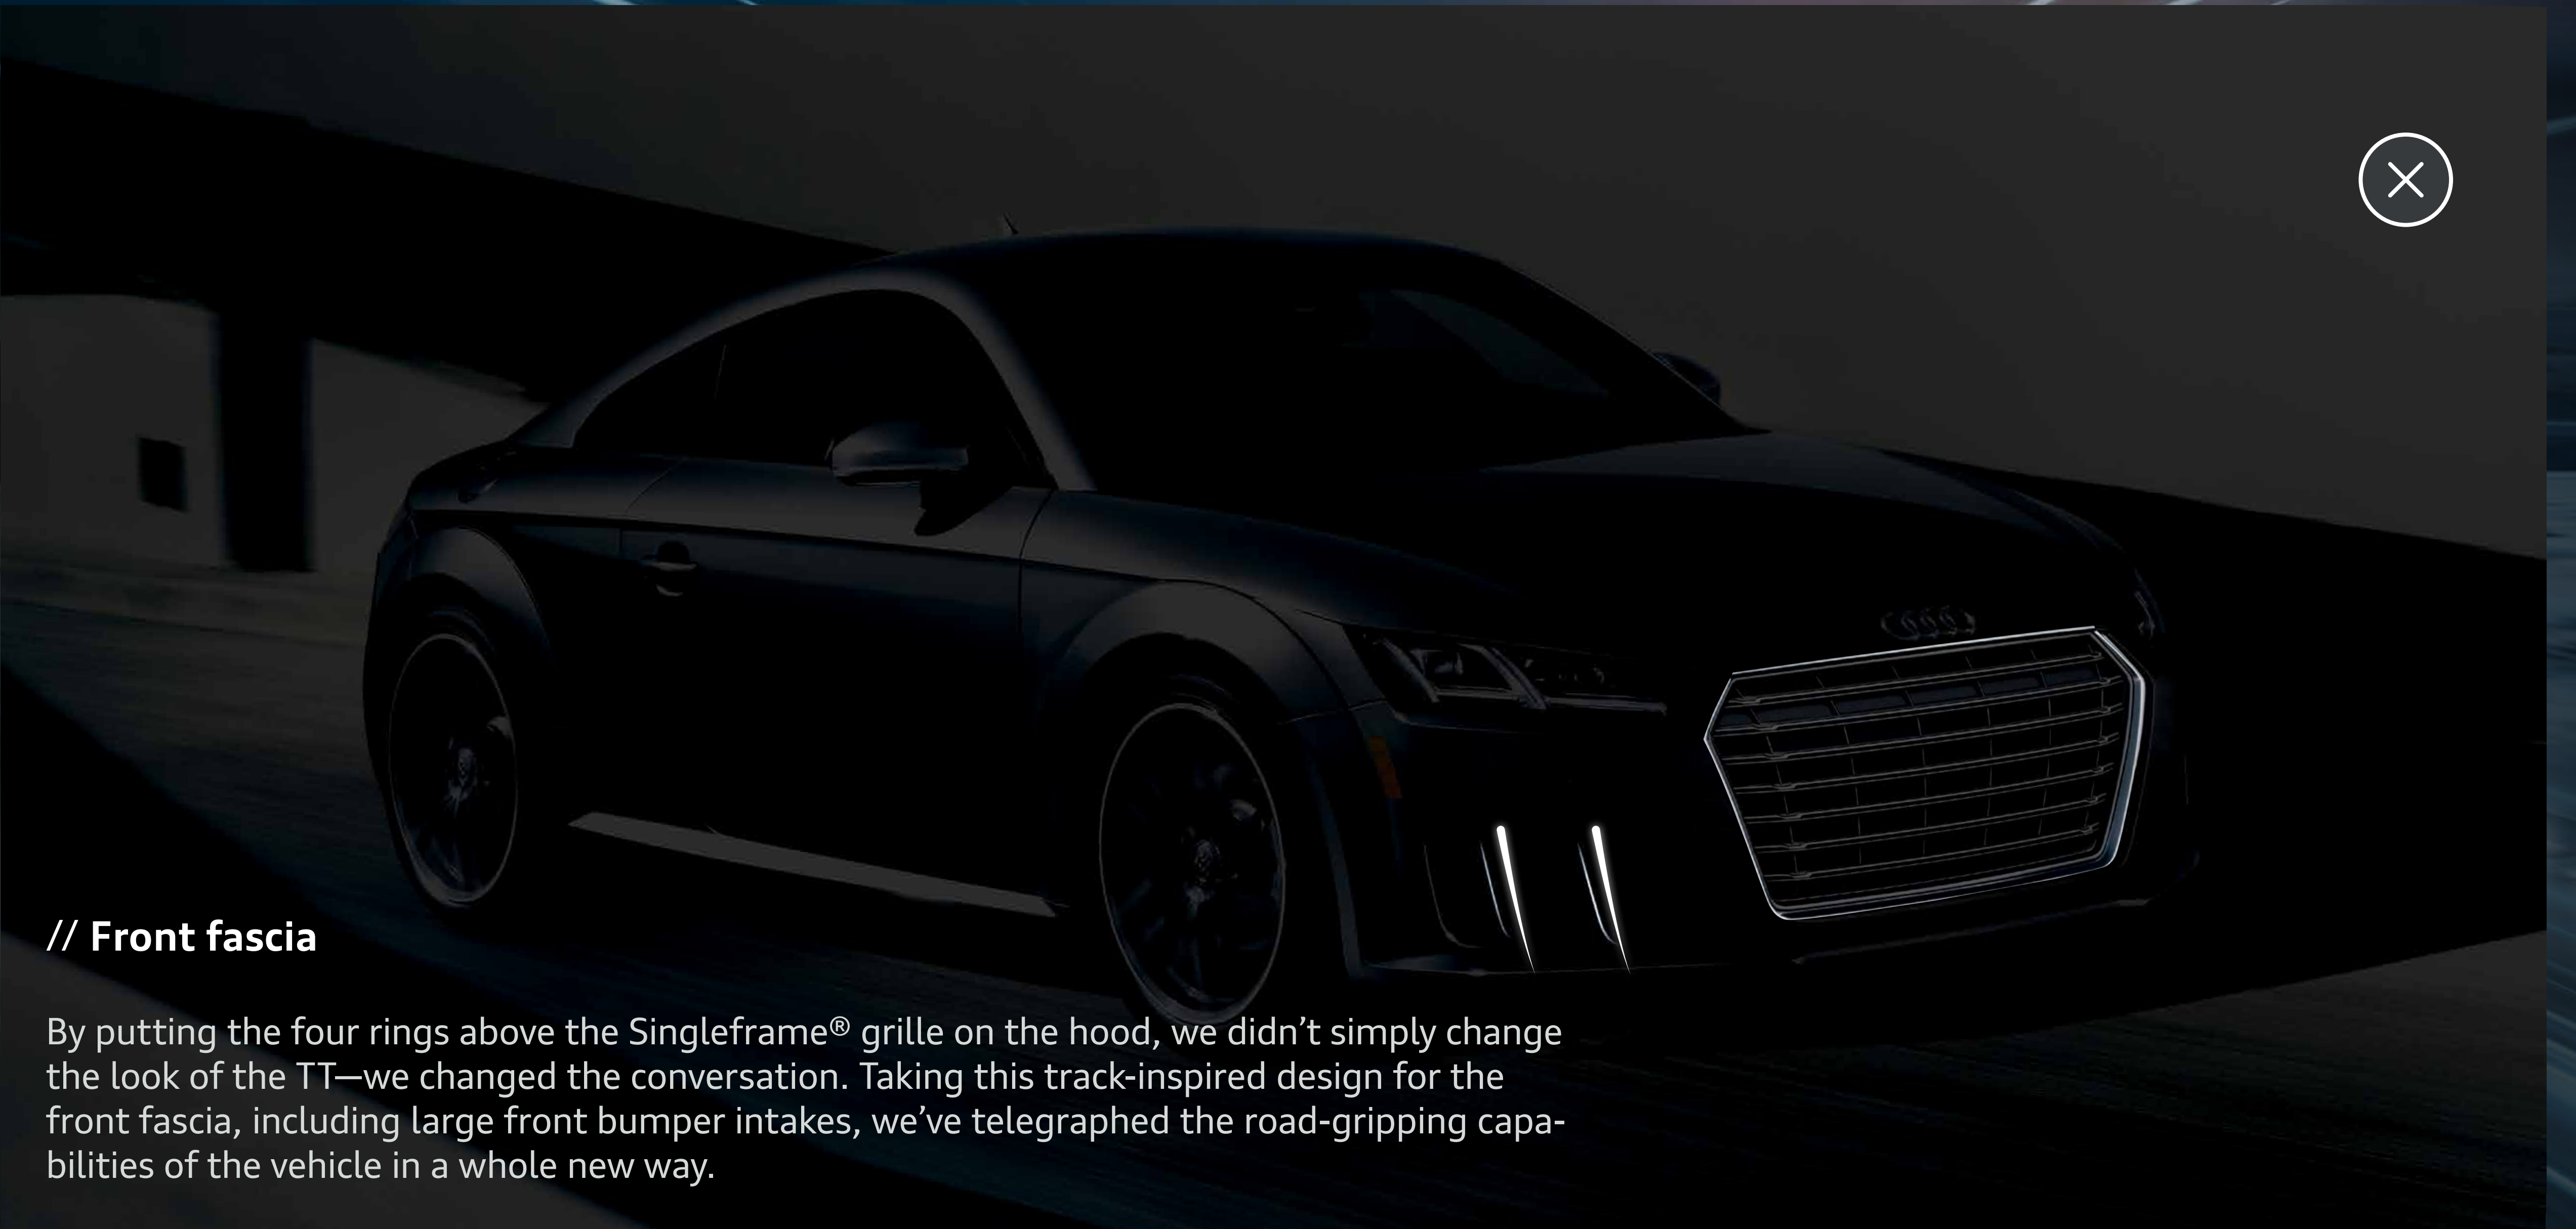

// Rear design

The Shoulder line and its crisp tapering stretches the length of the vehicle's body, wrapping around the rear for a unified look. It is met with the brilliance of standard LED taillights and iconic dual exhaust outlets, creating an impactful impression.

2017 Audi TT Coupe shown in Florett Silver metallic with available equipment.

// Front fascia

By putting the four rings above the Singleframe® grille on the hood, we didn't simply change the look of the TT—we changed the conversation. Taking this track-inspired design for the front fascia, including large front bumper intakes, we've telegraphed the road-gripping capabilities of the vehicle in a whole new way.

Details are not just details.

Swipe to scroll >

// Full LED headlights

Full LED headlights provide daylight-like illumination, and the evolved design adds a layer of seriousness. Add to that an LED daytime running light signature that forms a precise outline, creating a striking, unmistakable look.

// LED taillights

LED taillights help provide not only a faster reaction time than traditional bulbs but a high degree of visibility. Dynamic turn signals enhance the intelligence of the design with a sweeping pattern of illumination.

// Singlef

Allow yourself to bask in the glow.

2017 Audi TT Roadster shown with Palomino Brown leather and available equipment.

The image shows the interior of a luxury car, likely a Bentley Continental GT. The front seats are upholstered in tan leather with a quilted diamond pattern. The dashboard and center console are finished in black with silver accents. The steering wheel is a three-spoke flat-bottom design. The car is parked in a scenic location with mountains and water visible through the windshield. The text "Allow yourself to bask in the glow." is overlaid at the top in white, underlined font.

Allow yourself to bask in the glow.

// Driver-centric interior design

On the inside, you will experience a visually striking, luxurious cabin. A wing-inspired dashboard design and intuitive air outlets with integrated controls both welcome you and help you settle in. Then it becomes a matter of touch, as you feel the high-performance leather/Alcantara® or available Fine Nappa leather. Once you engage the three-spoke flat-bottom multifunction steering wheel with shift paddles, you'll feel that you aren't simply at the center of our world—but basking in the glow of being put there.

Your search engine for curves.

Schedule a Test Drive [↗](#)

// Flat-bottom sport steering wheel

Welcome to the next age of search engine optimization. Engage with your MMI® system and find throughways or bending roads to your destination of choice without taking your hands off the steering wheel.¹ The flat-bottom design with shift paddles pays homage to our rich racing heritage, signifying the thrill you will feel as you explore both new and unfamiliar territories with precision handling.

*2017 Audi TT Coupe shown with Black leather and available equipment.
1 Always pay careful attention to the road, and do not drive while distracted.*

// Wing-inspired dashboard

Luxury and intelligence intersect in the driver-centric cockpit with its wing-inspired dashboard design where everything you need is easily visible and accessible. Elements ranging from the Audi virtual cockpit to a sport-style gear selector work harmoniously to help make your vehicle easy to operate.

2017 Audi TT Coupe shown with Black leather and available equipment.

You take the seat,
we'll take a bow.

You take the seat,
we'll take a bow.

Exquisitely crafted available Fine Nappa leather offers support and elevates the cabin's distinctiveness. Of course, the details are not just limited to the seating surfaces. Beautifully wrapped door armrests and a sport steering wheel also boast premium leather treatments, and on the Audi TT Roadster, the available neck-level heating system features vents that blow warm air directly onto your neck and shoulders, helping keep you warm when the weather cools down.

We find strength in lightness.

The TT represents an evolution in lightweight design with hybrid construction made from aluminum and steel. With this hybrid material concept, the usage of dense materials like cold-formed and hot-formed ultra-high-strength steels maintain strength and rigidity in key areas. Aluminum varieties help lower the overall vehicle weight and balance the center of gravity, helping the vehicle's sporty handling qualities, agility and efficiency.¹

Dynamic

An attraction to a truly magnetic ride.

Comfort

Dynamic

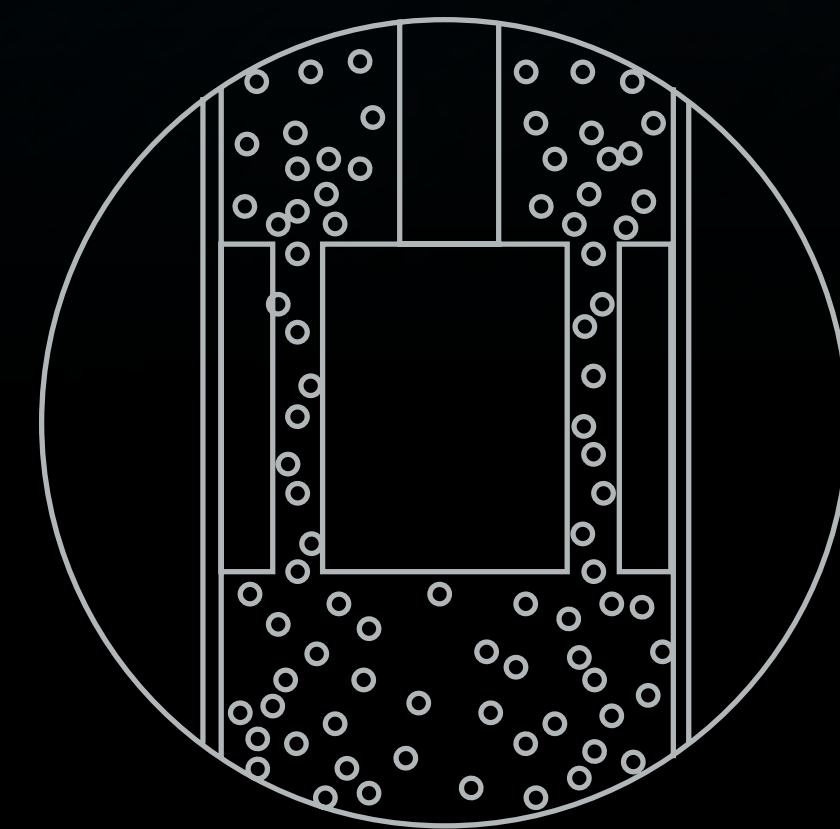

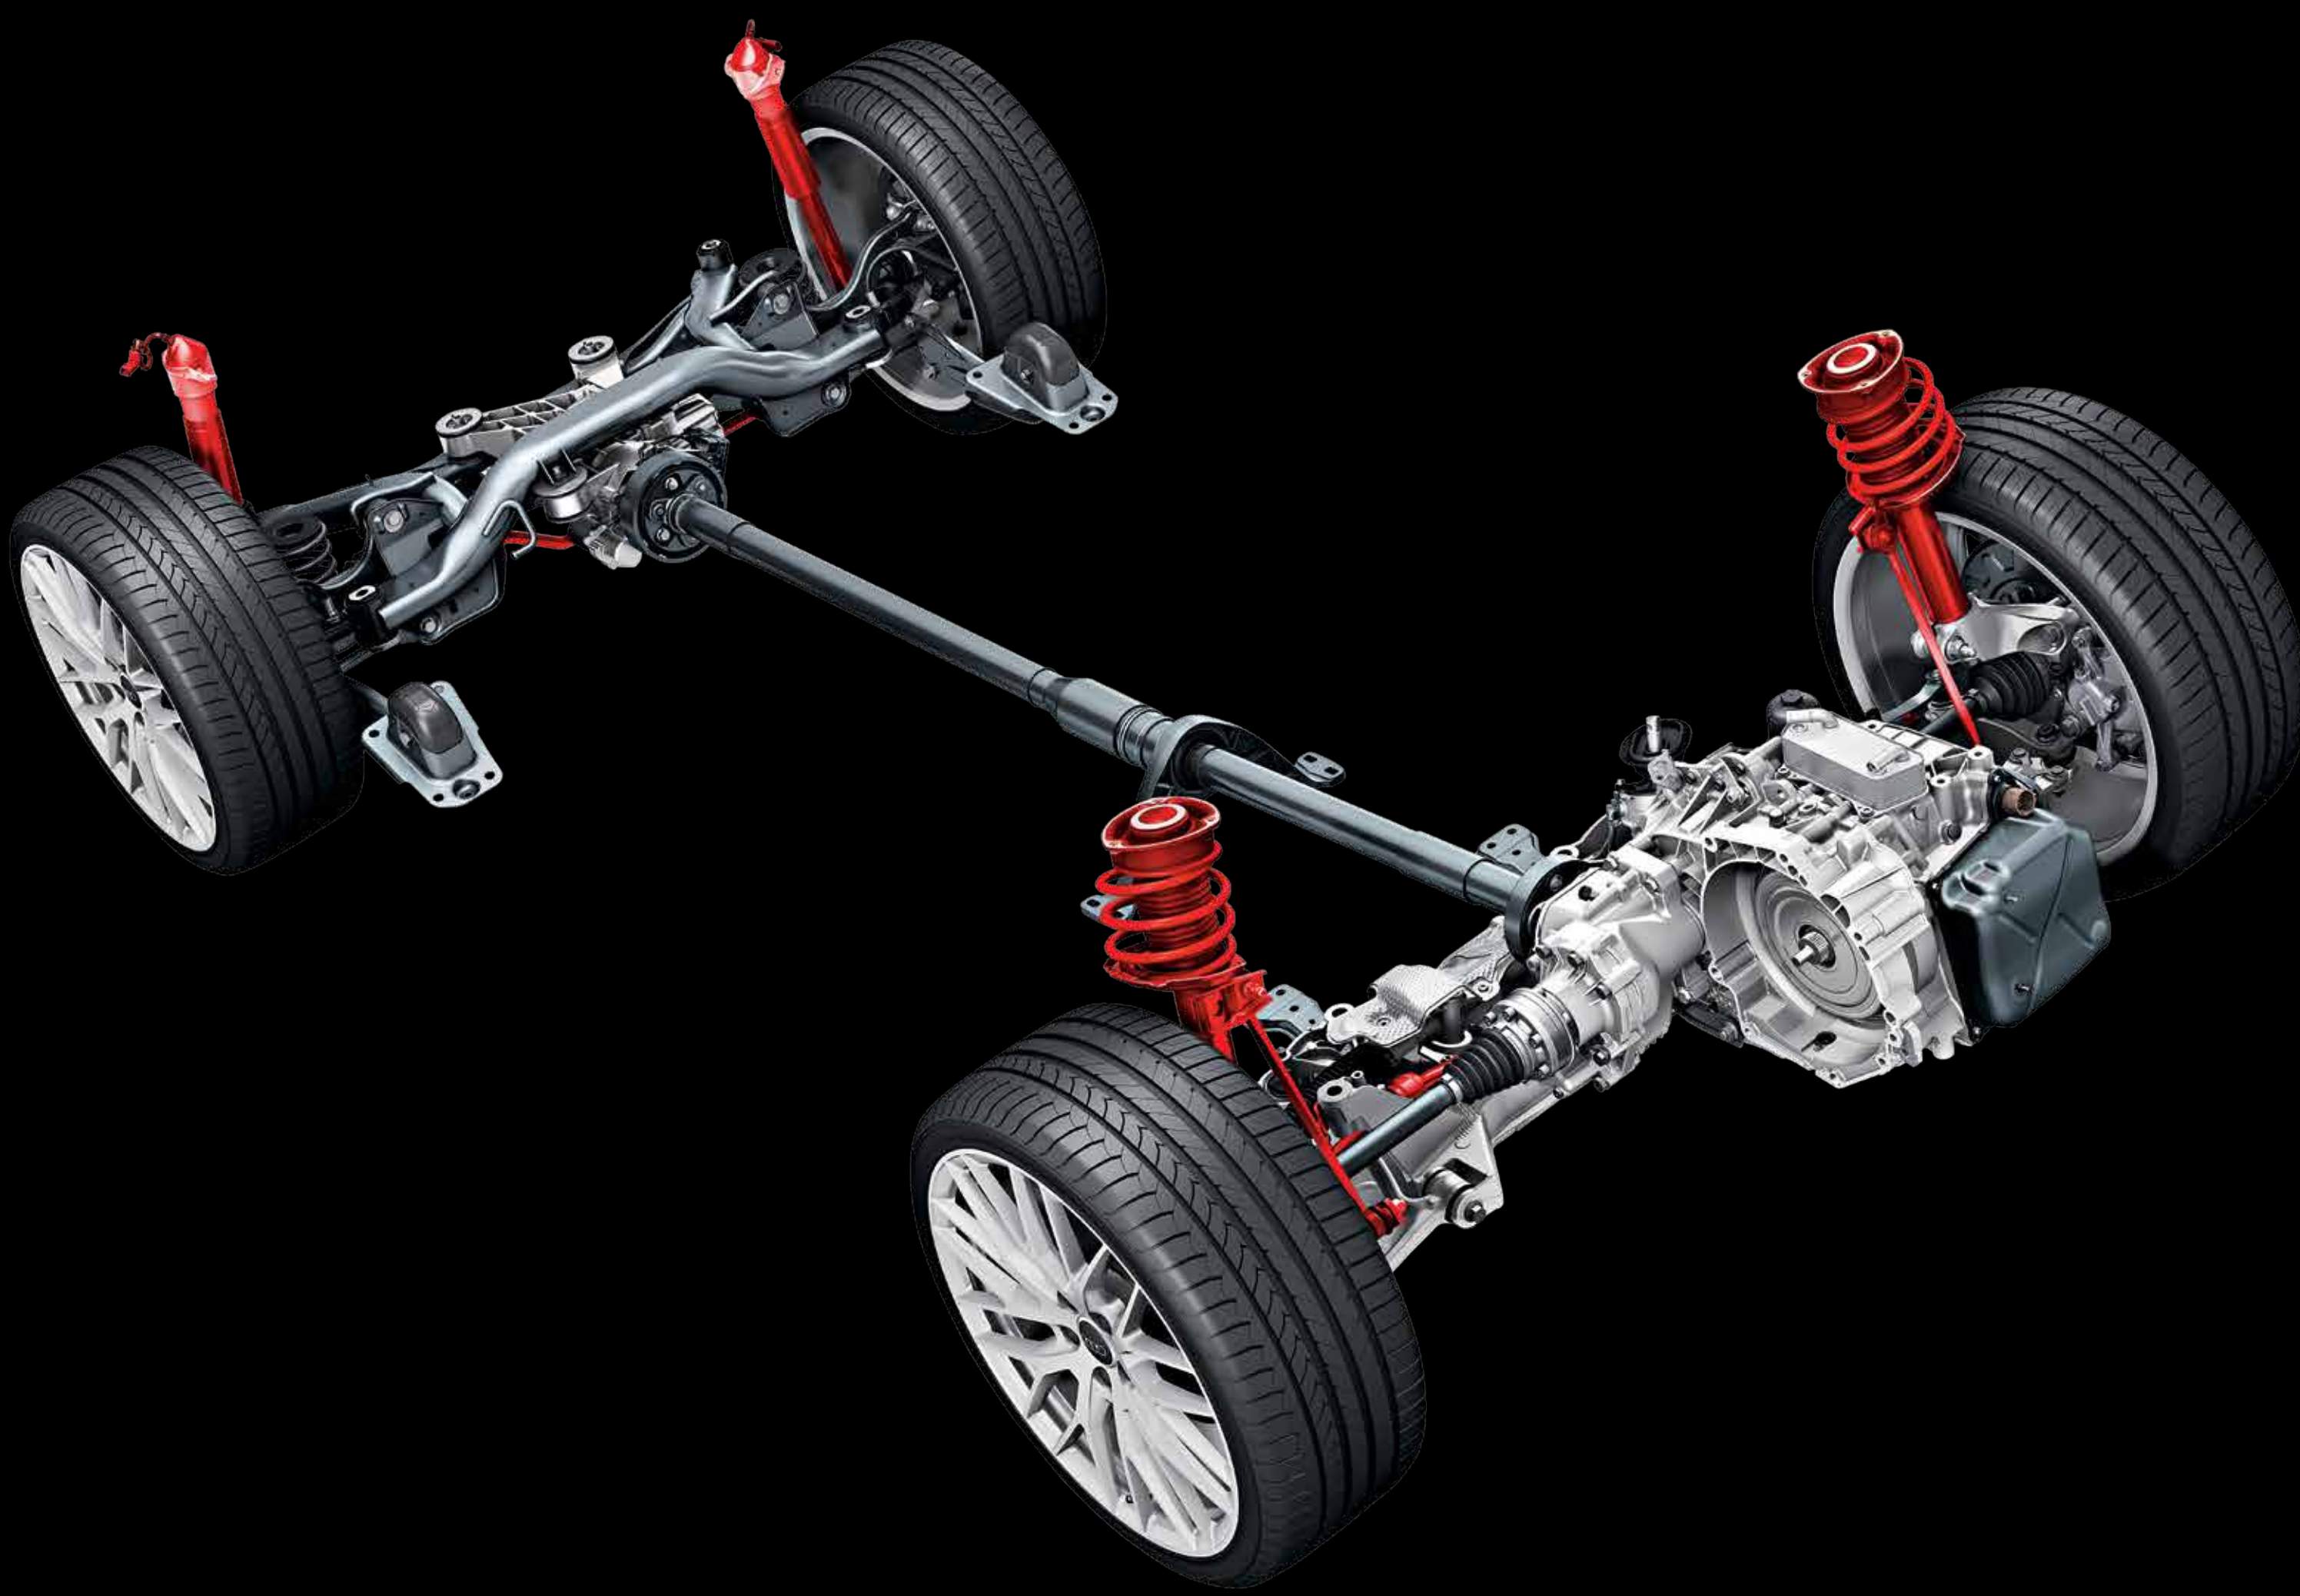

Keep your position of power.

TTS

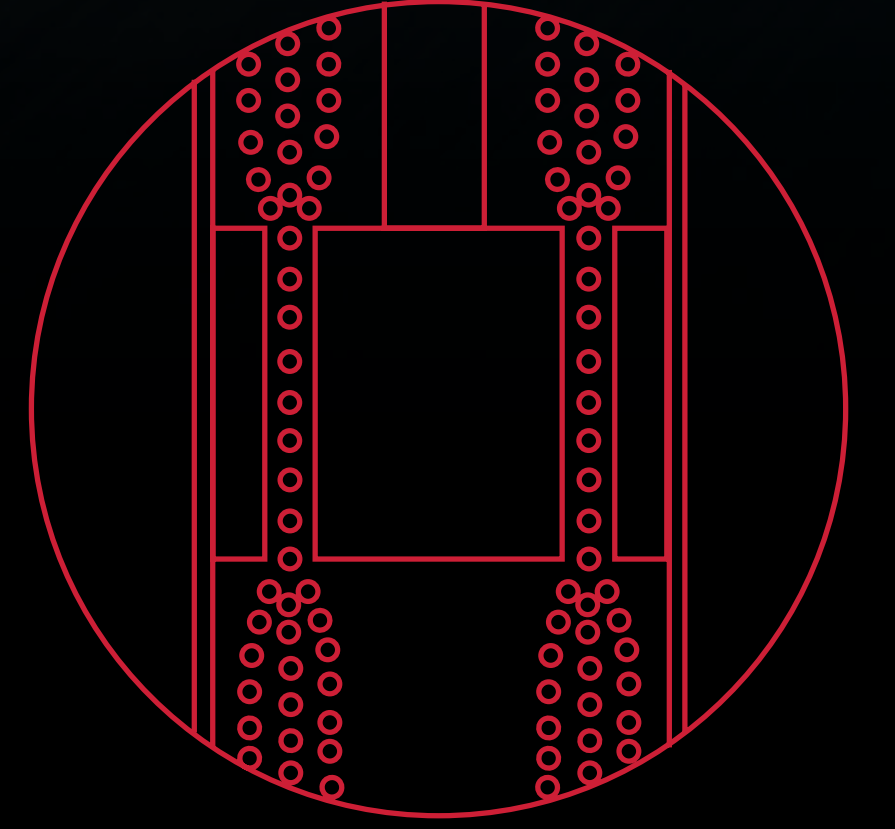

2017 Audi TTS Coupe shown in Tango Red metallic with available equipment.

The attention-demanding style of the TTS is propelled by a potent 2.0-liter turbocharged TFSI® four-cylinder engine that can deliver 292 hp with a seemingly instantaneous response—getting you from 0 to 60 mph in just 4.6 seconds. But what's power without control? Advanced features like Audi magnetic ride help you dial in the vehicle's ride to match the road, helping to ensure every performance is worthy of pervasive praise.

COMFORT

DYNAMIC

// Audi magnetic ride

Using a synthetic blend of hydrocarbon oil containing tiny magnetic particles between 3 and 10 thousandths of a millimeter in diameter, Audi magnetic ride adjusts the firmness of the dampers to help match the current road conditions within a few milliseconds by creating a magnetic field within the shock absorber. Drivers can choose between a more comfortable or a sportier driving experience to suit the driving situation and their personal preference.

[Test drive the Audi TTS ↗](#)

// Four-cylinder TFSI® engine

Engineered for the type of spirited driving this TTS was meant to do, the 292-hp turbocharged four-cylinder offers advanced features, like direct injection technology, and smart ones, like a valvelift system that helps increase exhaust gas supply to the turbocharger for a quicker response and higher compression ratios, to help improve efficiency¹ without hindering performance.²

Your adventures weren't written for
the small screen.

Your adventures weren't written for the small screen.

// Audi smartphone interface

Take comfort in the familiarity of your mobile device when you connect via available Audi smartphone interface. With a compatible mobile device, Apple CarPlay™ can access Siri® and iPhone® and your favorite apps such as Apple Music™, Maps, Messages and more. If you have a compatible Android device, Google™ Android Auto™ will connect you with Google Play™ Music, Google Maps™, Google Search and more.¹

¹ Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. These features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. "Android Auto" is a trademark of Google Inc. "Apple CarPlay" is a trademark of Apple Inc.

Your central command for the information age.

Sure, the handheld power of smartphones is impressive, but they don't handle like your Audi vehicle. Luckily, with available Audi connect®, you can get some of the same popular functions of your compatible device, with the means to get you where you want to go.¹ Need to find a new, highly acclaimed restaurant? Pull over, and with the help of Google Voice Search™, Audi connect allows you to quickly search Google™ by simple voice commands. Looking for something to do in a new city? Get information about current events and directions to their locations. With crisp displays and easy access to steering wheel toggle controls, you have a “smart car,” which can do something that the computer in your pocket can't—move.

AVAILABLE AUDI CONNECT

With INRIX XD® Traffic,² get traffic information (included in your active Audi connect® subscription) overlaid onto 3D satellite imagery to help visualize an aerial view of your city and highway route, and let the MMI® navigation plus system³ reconfigure your route to help avoid traffic.⁴

With Google Earth™ integration, you can enjoy 3D satellite imagery, including Google Street View™, displayed right on the MMI® display.⁴

With Google Street View™, your Audi can show you a driver's-eye view of your destination right before you arrive so it's easy to recognize.⁴

Discover travel information for local landmarks in your area of interest, set them as destinations.⁴

Keeping your navigation map up to date can be easy with over-the-air map updates, sent directly to your vehicle.

It's simple. Tell your Audi what you are in the mood for, then let the cloud-processing power of Google™ speech recognition interpret your request and bring up a list of destinations in the area of your choice.

With BLUETOOTH® streaming audio, it's easier than ever to stream music from your compatible phone or digital music player right to the vehicle's audio system.⁴

With access to text messages, emails and Twitter®, your passengers will know what's going on with their friends and family and the world.^{4,5}

POI

The point-of-interest search with an upgraded voice-control system means that you can get the most out of every journey.⁴

P

Search for parking in your area of interest, check space availability, and set your selection as a destination to help navigate to the garage entrance.^{4,6}

Get information about current events, exciting locations and places of interest at your travel destination, current location or other chosen location.

A simple source for daily information on-demand, such as news updates from your favorite sources with text-to-speech function, fuel prices in your area and weather forecasts.

Staying connected in your Audi has never been easier, with in-vehicle 4G LTE connectivity. Access is provided for up to eight passenger devices through an onboard wireless hotspot.^{11,12}

[Learn more about Audi connect ↗](#)

¹ Always pay careful attention to the road, and do not drive while distracted. Audi connect should only be used when it is safe and appropriate. Audi connect services and features are optional, provided with the support of authorized affiliated and third party service providers, and may require additional subscriptions with separate terms and conditions. Available on select models. Certain services collect location information, see Terms of Service for information about how to disable and for other details. ² INRIX XD® Traffic is available on all Model Year 16+ A6, A7, TT and Q7 vehicles and is included with an Audi connect® subscription. Other models (allroad, A3, A4, A5, A8, Q3 and Q5) include SiriusXM® Traffic for four years with the purchase of the vehicle. ³ MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. Mapping updates are available at no charge for the first five map updates and are subsequently available on a subscription basis. ⁴ Always pay careful attention to the road, and do not drive while distracted. ⁵ Standard text and data usage rates apply. ⁶ Parking feature is not available in all areas and requires participation by parking provider. ⁷ 4G LTE coverage is not available in all areas. ⁸ Always pay careful attention to the road, and do not drive while distracted. The Wi-Fi® hotspot feature is intended for passenger use only. Connect plus features and technologies are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. See materials provided by wireless carrier for terms, privacy, data security details. Returning devices connect automatically and use plan data unless hotspot is removed from device settings.

Our take on virtual reality.

Our take on virtual reality.

// Audi virtual cockpit

Another testament to the progressiveness of the Audi TT is not far from sight. This innovative, fully digital instrument cluster appears on a 12.3-inch display, delivering vibrant, lifelike images at 60 frames per second. There are two unique modes for viewing vital data: Classic mode offers a crisp, clear view of a traditional speedometer and tachometer, while Infotainment mode minimizes the classic gauges and maximizes navigation and other infotainment visuals. On TTS models, Sport mode provides performance stats, with the tachometer as the central component.

Engage in personal touches.

Engage in personal touches.

// MMI® touch

Developed by the Audi Human Machine Interface (HMI) team, MMI touch illustrates why making something simple to use can be so complex. The HMI team designed a system so advanced, it can read almost anyone's handwriting—even if you choose to write with your nondominant hand.¹

¹ Always pay careful attention to the road, and do not drive while distracted.

Our vision of live sound.

Our vision of live sound.

// Available Bang & Olufsen® Sound System

A delight for the eyes and ears, the available Bang & Olufsen® Sound System impresses with almost true-to-life surround sound reproduction and visually captivates with illuminated woofers in the front doors. Powered by a 680-watt, 14-channel amplifier, the system features ten high-performance loudspeakers and two woofers for finely balanced sound with natural tone.

¹ These tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim, or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. High-performance tires are designed for optimum performance and handling in warm climates and are not suitable for cold, snowy, or icy weather conditions. When driving during cold, snowy, or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter weather tires. Tires are supplied and warranted by their manufacturer.

1 These tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim, or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. High-performance tires are designed for optimum performance and handling in warm climates and are not suitable for cold, snowy, or icy weather conditions. When driving during cold, snowy, or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter weather tires. Tires are supplied and warranted by their manufacturer. 2 MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. For mapping updates please see your Audi dealer or call 1-800-FOR-AUDI for details. 3 Always pay careful attention to the road, and do not drive while distracted. Audi connect should only be used when it is safe and appropriate. Audi connect services and features are optional, provided with the support of authorized affiliated and third party service providers, and may require additional subscriptions with separate terms and conditions. Available on select models. Certain services collect location information, see Terms of Service for information about how to disable and for other details. 4 The features discussed are not substitutes for attentive driving. Please see your owner's manual for further details and important limitations.

Now for the finishing touches.

You're a try-anything-once, never-sit-still, give-it-your-all kind of person. Life doesn't just string you along; you strive to take life further. Audi Genuine Accessories can help you do just that. For personalizing, protecting and showing your Audi pride, our accessories were made just for you.

// Audi Genuine Sport and Design Accessories

For a bolder appearance or a finishing touch, we have a solution that helps make every mile more enjoyable—and more yours.

- ▶ Stylish wheel designs
- ▶ Exhaust tips
- ▶ License plate frames

// Audi TravelSpace Transport Accessories

When on the go, help make sure your gear fits with a variety of intelligent and innovative solutions.

- ▶ Bike and ski racks
- ▶ Rooftop cargo carriers
- ▶ In-vehicle cargo bags

// Audi Guard Comfort and Protection Accessories

Help protect what you love. Use Audi Guard Comfort and Protection Accessories to help keep your Audi looking like new—inside and out.

- ▶ Floor mats
- ▶ Splash guards
- ▶ Cargo mats

// Audi Guard Car Care Products

Your Audi TT deserves the very best, and this is it: a car care line designed specifically for Audi vehicles.

- ▶ Leather care
- ▶ Insect remover
- ▶ Detailing tools
- ▶ Winter protection

visit parts.audiusa.com for more.

TAP IMAGES FOR DETAILS

// Compact cargo carrier¹

Extra gear won't take up valuable cargo space with our aerodynamic carrier that offers a generous 10.5-cu-ft capacity.

Size: 76" long, 26" wide, 15" high.

visit parts.audiusa.com for more.

¹ All roof-rack system attachments require the base carrier bars. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.

// Fork-mount bike rack¹

Pursuing your favorite pastime just got easier. Made of anodized aluminum, this bike rack features a quick-clamping device that can be secured with the included lock. The wheel holder attachment (sold separately) conveniently holds the front wheel of the bike and is suitable for wheels with disc brakes.

visit parts.audiusa.com for more.

¹ All roof-rack system attachments require the base carrier bars. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.

// Premium textile floor mats

These skid-resistant, precision-fit mats are made of a heavy fabric to help protect your vehicle's interior from the elements. Mats are black with silver piping, and available in a set of two.

visit parts.audiusa.com for more.

// 20" 5-spoke Rima wheel

Enhance the dynamic appearance of your TT with cast-aluminum wheels in this 5-spoke Rima design.

visit parts.audiusa.com for more.

// TT/TTS winter wheel and tire package

Adding style and performance, this winter wheel and tire package features Audi Original winter tires specifically engineered to help improve traction and handling in a variety of winter weather conditions.¹ See your authorized Audi dealer for details.

visit parts.audiusa.com for more.

¹ When driving during cold, snowy, or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter weather tires. Even with appropriate tires, you must always drive in a manner appropriate for the weather, visibility and road conditions. Tires are supplied and warranted by their manufacturer.

// All-weather floor mats

The all-weather floor mats feature a deep-ribbed, channeled design that helps protect your vehicle's floor and carpeting from the elements. Black mats are available in a set of two and feature the TT logo.

visit parts.audiusa.com for more.

// All-weather cargo mat

Designed to fit the TT, the raised outside edge of the cargo mat helps contain spills and protect cargo-area carpeting from stains. The textured material helps control load shifting. (Coupe only.)

visit parts.audiusa.com for more.

// First aid kit

In the event of an emergency, you may want these essentials close at hand. Includes an emergency blanket, burn/wound dressings and much more.

visit parts.audiusa.com for more.

// Men's Ingolstadt jacket

This three-layer performance soft-shell jacket, with a bonded fleece lining and an interior membrane, features custom map artwork in front and the Audi logo on the sleeve.

// Men's chronograph watch

Top-quality workmanship combines with precise Swiss movement. This elegant watch features a black leather band, stainless-steel case, black dial and the Audi logo.

// Ladies' half-zip mock neck by Spyder

Moisture-wicking, quick-drying, slim-fit material provides plenty of comfort. Features the Spyder and Audi Sport® logos and is available in black, red, gray or white.

visit audicollectionusa.com for more.
