VERANO. UNEXPECTED LUXURY IN A CAR THIS SIZE.

Are you ready for a luxury sedan that resets your expectations? For style infused with substance, and performance elevated by innovations like an available turbocharged engine? For an interior tuned to be quiet, a serene space filled with advanced technologies? Are you ready for the confidence that comes from surrounding yourself with safety innovations? We're guessing you are. Then you're ready for Buick Verano.

CARVE ANY ROAD DOWN TO SIZE.

Verano comes standard with a 180-hp 2.4L engine that balances power with 32-mpg hwy¹ fuel efficiency. Verano Turbo boosts performance to 250 horsepower, thanks to a 2.0L intercooled turbocharged engine that uses dual-scroll turbo technology to turn compressed air into potent acceleration. Verano Turbo clocks 0-60 mph in just 6.2 seconds. And when the road curves or city streets become congested, Verano and Verano Turbo respond with nimble handling, confident braking and agile parking maneuvers.

¹Based on EPA estimates.

IT'S WHAT YOU DON'T HEAR
THAT SPEAKS THE LOUDEST.

Verano uses Buick's exclusive QuietTuning technology to reduce unwanted noises from roads, wind and other vehicles. Much like the best noise-canceling headphones, it blocks and absorbs sound, leaving outside noise where it belongs. Since music is recorded in an acoustically tuned room, you should hear it in a similar environment. QuietTuning allows nearly every musical nuance produced by the available premium Bose® nine-speaker audio system to come through. Noise-reducing technologies are built into key areas of Verano's structure. In addition to sound deadeners used throughout, even the wheels and tires contribute to Verano's quietness. The alloy wheels were designed to suppress turbulence, while the tires were engineered to minimize road vibrations and thus produce less noise.

THINK OF VERANO AS A MOBILE DEVICE THAT'S LEARNED TO PLAY WELL WITH YOUR OTHER MOBILE DEVICES.

Now all you have to do to instantly hear your favorite tunes and entertainment is ask Verano for them. The Buick IntelliLink¹ infotainment system, with its seamless connectivity and enhanced voice controls, allows you to access your music library, initiate hands-free calls and choose your favorite Internet radio stations everywhere you go. Bluetooth^{®2} connects your compatible smartphone to an LED-backlit, high-resolution, 7-inch diagonal color touch-screen. With the ease of advanced voice recognition (or steering-wheel-mounted controls), you're connected to smartphone audio apps such as Pandora[®] internet radio or Stitcher[™] SmartRadio and satellite radio like SiriusXM³ (with 3-month trial). IntelliLink will even automatically store your phone contacts. There's also a USB port⁴ to connect your MP3 player or smartphone. You're doing all of this while keeping your hands on the wheel and eyes squarely on the road.

¹Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates apply. ²Go to gtotalconnect.com to find out which phones are compatible with the vehicle. ³If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. ⁴Not compatible with all devices.

HOW YOU SETTLE THE **DEBATE**
OVER WHO DRIVES IS REALLY
NONE OF OUR BUSINESS.

Slide behind the wheel of Verano and it's clear this is a driver's car. So go ahead and drive. Opt for the available touch-screen-activated navigation¹ that's a great addition to the standard Buick IntelliLink² infotainment system, and over 6 million miles of North American roads are mapped out for you to explore. To stay one step ahead of the crowd, optional NavTraffic³ (with 3-month trial of SiriusXM) incorporates real-time traffic and road conditions right into your NAV screen, directing you around congestion and detours and toward the most efficient route. And SiriusXM also offers Travel Link³ to keep you informed of the latest fuel prices, weather and movie listings wherever you go.

¹Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ²Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ³If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms and geographic limitations at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change.

SEE WHAT'S MISSING.

We gave Verano a standard **REARVIEW CAMERA SYSTEM** so you're able to easily see what's behind you. Plus, new available **REAR CROSS TRAFFIC ALERT**¹ makes you aware with both sight and sound cues of approaching vehicles when backing out of a parking spot. And available **SIDE BLIND ZONE ALERT**² lets you know when another car is in your side-mirror blind spot.³ For a further sense of well-being, Verano includes 10 standard air bags,² including dual front, head curtain side, front and outboard rear-seat-mounted side-impact and driver and front-passenger knee bags. And a collapsible pedal system allows the pedals to detach during a collision to reduce the risk of leg or ankle injuries. Available **LANE DEPARTURE WARNING** and **FORWARD COLLISION ALERT** features are designed to alert the driver to potential hazards.

Today, we're more connected than ever before. This is more true than ever with OnStar,³ standard for 6 months, which now includes the **ONSTAR REMOTELINK MOBILE APP**⁴ that lets you lock, unlock and even start your Verano remotely from your smartphone or tablet. As always, you'll have the peace of mind OnStar brings. In many crashes, Automatic Crash Response can alert an OnStar Advisor who is immediately connected into your Verano and can send help to your exact location—even if you can't ask for it. And new this year, OnStar RemoteLink[®] Key Fob Services⁵ are included for 5 years on OnStar-equipped 2014 vehicles when you download the app and use RemoteLink services during the 6-month trial period and any consecutive periods with an OnStar plan. Services include remote door unlock and lock, remote start and stop (requires factory-installed remote start) and remote horn and lights.

¹Before making a lane change, always check the Side Blind Zone Alert display, check side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal. ²Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. ³Visit onstar.com for coverage map, details and system limitations. Services vary with conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. ⁴Available on select Apple[®], Android[™] and BlackBerry[®] devices. Services vary by device, vehicle and conditions. Requires an active OnStar subscription. ⁵Access is available for 5 years from the date of vehicle delivery and is transferable. Does not include any emergency services or other OnStar services. To cancel OnStar RemoteLink Key Fob Services, or if your vehicle is sold, it is important to contact an OnStar Advisor. See onstar.com/mobile for full details.

PLEASE BE SEATED.
THE PERFORMANCE
IS ABOUT TO BEGIN.

No matter whether you're in the front or the rear, we feel a well-designed seat should be as comfortable as the most comfortable seat anywhere. That's why Verano offers exceptional support, as well as soft-to-the-touch premium materials, like available leather-appointed seats. You'll definitely appreciate the front seat bolsters and supportive cushioning in every seat, along with sewn-in French-stitched seams, while your friends in the backseat will also appreciate all the generous leg room. Add the available heated steering wheel and your hands will enjoy every twist and every turn, no matter what the weather.
