CHEVROLET

2023
BOLT EUV

All-electric, all the way.

It's time to go all in on all-electric, and the reason is the 2023 Bolt EUV.

Sleek, bold SUV proportions and an EPA-estimated 247 miles of pure electric range[1] on a full charge ensure it fits seamlessly into your life. The five-passenger interior is refined and spacious. Connected tech lets you stay in touch while on the go. And you can even sit back and let Bolt EUV take the wheel with the available Super Cruise™[2] hands-free driver assistance technology for compatible roads.

There's no need to wait. The future of all-electric is here.

Bolt EUV Premier in Silver Flare Metallic.

1 EPA-estimated 247-mile EV range. Actual range will vary based on several factors, including temperature, terrain, battery age, loading, use and maintenance. 2 Always pay attention while driving and when using Super Cruise. Do not use a hand-held device. Requires active Super Cruise plan or trial. Terms apply. Visit chevysupercruise.com for compatible roads and full details.

At a glance.

- Bold exterior with SUV proportions, sleek LED headlamps and taillamps, and sequential turn signals
- Spacious interior with seating for up to 5
- Up to 56.9 cubic feet of maximum cargo space[1] with the rear seats folded flat
- Chevy Safety Assist,[2] standard on all models, includes
  - Automatic Emergency Braking
  - Front Pedestrian Braking
  - Lane Keep Assist with Lane Departure Warning
  - Forward Collision Alert
  - IntelliBeam® with automatic high beam on/off
  - Following Distance Indicator
- Infotainment technology includes
  - Wireless Apple CarPlay®[3] compatibility
  - Wireless Android Auto™[4] compatibility
  - Wireless device charging[5]
  - Multiple energy efficiency screens
  - Available Alexa Built-in[6]
  - Available built-in navigation system[7] on Premier
- Dual Level Charge Cord flexibility – for both 120-volt Level 1 charging and 240-volt Level 2 charging (professional installation required)
- Available Super Cruise[8] hands-free driver assistance technology for compatible roads
- New Redline Edition includes Black and Red Bolt EUV badging, 17-inch gloss Black-painted aluminum wheels with Red accents, Black mirror caps with Red accent decals and Jet Black interior with available leather appointments and Red accent stitching. Available on LT and Premier

Bolt EUV Premier in Radiant Red Tintcoat (extra-cost color).

Bolt EUV Premier in Mosaic Black Metallic with available Redline Edition.

1 Cargo and load capacity limited by weight and distribution. 2 Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information. 3 Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. 4 Vehicle user interface is a product of Google and its terms and privacy statements apply. To use Android Auto on your car display, you'll need an Android phone running Android 6 or higher, an active data plan, and the Android Auto app. 5 The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adaptor/back cover. To check for phone or other device compatibility, see my.chevrolet.com/learn or consult your carrier. 6 Functionality is subject to limitations and varies by vehicle, infotainment system and location. Select service plan required. Certain Alexa Skills require account linking to use. Visit onstar.com for additional details. 7 Map coverage available in the United States, Puerto Rico and Canada. 8 Always pay attention while driving and when using Super Cruise. Do not use a hand-held device. Requires active Super Cruise plan or trial. Terms apply. Visit chevysupercruise.com for compatible roads and full details.

Range/Charging.

- An EPA-estimated 247 miles of pure electric range[1] on a full charge
- Efficiency technologies like Regen on Demand™[2] and One Pedal Driving[3] also make Bolt EUV a joy to drive
- Michelin® Energy™ Saver All-Season tires with Selfseal® technology
- Range Impacts Screen shows how select factors can affect range
- Efficiency History Screen displays energy efficiency for the previous 50 miles

PLUG-IN PROMISE

Your electric one-stop shop to charge ahead with confidence. Plug-In Promise includes

- Home charging installation on us[4] — a turnkey standard 240-volt outlet installation for eligible customers who purchase or lease a 2023 Bolt EUV, from our provider Qmerit
- Help locating more than 45,000 compatible charging stations through the Energy Assist feature on the myChevrolet Mobile App[5]
- Access to an EV Concierge for a personalized one-on-one experience to help customers every step of the way
- Exclusive 8-year/100,000-mile[6] Electric and Hybrid Vehicle Limited Warranty Coverage

Available Illuminated Charge Port from Chevrolet Accessories.

HOME			PUBLIC	
LEVEL 1	**LEVEL 2**	**LEVEL 2**	**LEVEL 2**	**DC PUBLIC CHARGING**
Standard electrical outlet	240-volt appliance outlet	240-volt up to 48-amp charging unit		
About 4 miles of range per hour of charge[7]	About 25 miles of range per hour of charge[7]	About 37 miles of range per hour of charge[7, 9]	Up to 37 miles of range per hour of charge[10]	Up to 95 miles of range in about 30 minutes[11]
A great option for an average daily commute of around 40 miles or less	The recommended everyday charging solution[8]	A quick way to top off before going out on the town or taking a last-minute trip[8]	Available in many locations such as stores, restaurants, parking garages and hotels	Charge your vehicle for extended road trips beyond the range of a single charge
Charge almost anywhere there is a common household 3-prong outlet	Used at 240 volts, the available Dual Level Charge Cord can fully recharge from empty in about 10 hours	The fastest way to charge at home	Charge while you work or shop at available stations	A fast way to charge if you're short on time or can't wait for other charging options

1 EPA-estimated 247-mile EV range. Your actual range may vary based on several factors, including temperature, terrain, battery age, and how you use and maintain your vehicle. 2 Feature may be limited when the battery temperatures are extremely cold or hot or when battery is near full charge. See Owner's Manual for details. 3 Feature may be limited when the battery temperatures are extremely cold or hot or when battery is near full charge. Always use the brake pedal when you need to stop immediately. See Owner's Manual for details. 4 Offer available to eligible customers who purchase or lease a 2023 Bolt EUV. Home charging installation promotion includes purchase and installation of a 240-volt outlet (NEMA 14–50 outlet and new 40-amp breaker in existing panel) from a GM-selected vendor. Installation must be located at customer's primary residence as reported on the customer's vehicle purchase order. Additional costs to the customer may apply. Customers who do not meet parameters for a standard installation may be eligible for alternative charger offers. Neither a charging unit nor a compatible charging cord are included as part of the standard installation. Bolt EUV comes standard with a Dual Level Charge Cord. See the Chevrolet Covered Home Charging Installation Promotion Terms and Conditions for important information and limitations. 5 Available on select Apple and Android devices. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. Device data connection required. Visit onstar.com and chevrolet.com for details and limitations. Energy Assist does not provide turn-by-turn navigation. 6 Whichever comes first. See dealer for details. 7 Actual charge times will vary based on battery condition, output of charger, vehicle settings and outside temperature. See Owner's Manual for additional limitations. 8 Professional installation required. 9 Requires 11.5-kW (48-amp) charging unit. Charging unit not currently available through Chevrolet. 10 Requires 11.5-kW (48-amp) charging unit. See Owner's Manual for additional limitations. 11 Actual charge times will vary based on battery starting state of charge, battery condition, output of charger, vehicle settings and outside temperature. See Owner's Manual for additional limitations.

Two models to choose from.

1 Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information. 2 A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and the child safety seat instructions for more safety information. 3 Always pay attention while driving and when using Super Cruise. Do not use a hand-held device. Requires active Super Cruise plan or trial. Terms apply. Visit chevysupercruise.com for compatible roads and full details. 4 When you select a monthly plan within 15 days of activating your 1-month trial, you'll receive the next 2 months of the plan you select at no additional charge when you associate an approved payment method on file to your account and authorize recurring payments for your service plan. The amount and frequency of each recurring payment is based upon the service(s) and payment interval(s) you select from the options provided. After the trial expires, OnStar will automatically bill your payment method monthly at then-current standard monthly rates. Plans containing 4G LTE data will be billed every 30 days by AT&T. You may cancel at any time by pushing your blue OnStar button or calling 1-888-466-7827. May not be combined with other offers or retroactively applied. Offer subject to change. 5 Feature may be limited when the battery temperatures are extremely cold or hot or when battery is near full charge. Always use the brake pedal when you need to stop immediately. See Owner's Manual for details. 6 Feature may be limited when the battery temperatures are extremely cold or hot or when battery is near full charge. See Owner's Manual for details.
