CORDOBA

Chrysler Cordoba in Nightwatch Blue with optional simulated convertible Cabriolet Roof Package.

1983 CHRYSLER CORDOBA

We've Re-Engineered The American Luxury Car.

Compromise will never be a part of the lifestyle of people who are going places. They know that when they step out of a Chrysler Cordoba, they step out in style. They tell the world that individuality and common sense still exist.

The 1983 Chrysler Cordoba is an experience that defies competition. For Cordoba is an extraordinary automobile. This is readily apparent in its classic yet true aerodynamic styling and luxurious profile. It is exemplified in Cordoba's standard dual remote chrome mirrors, decorative bright moldings, halogen headlamps, and distinctive sport wheel covers. Its elegance is tastefully stated in such striking standard touches as its padded landau roof that is set in a brushed-finished molding. Here is *pure* styling... an undeniable descendant of Chrysler's classical personal car lineage.

The 1983 Chrysler Cordoba. Friends will compliment your good taste. Try it. You'll be proud to show it off.

About this catalog. We have tried to make this catalog as complete as possible. And we hope you find it useful. However, since the time of printing, some of the information you'll find here may have been updated. Your dealer has details, and you should ask him for current information before ordering.

Some of the equipment shown or described throughout this catalog is available at extra cost.

Stepping into a Cordoba is stepping into a world of luxurious comfort. Here is the caress of the elegant Monterey cloth-and-vinyl 60/40 standard seat with folding center armrest and passenger side reclining seatback. Shown above in Silver.

Chrysler Cordoba in Silver Crystal Coat.

The 1983 Chrysler Cordoba is an automobile that will more than meet your finest personal expectations.

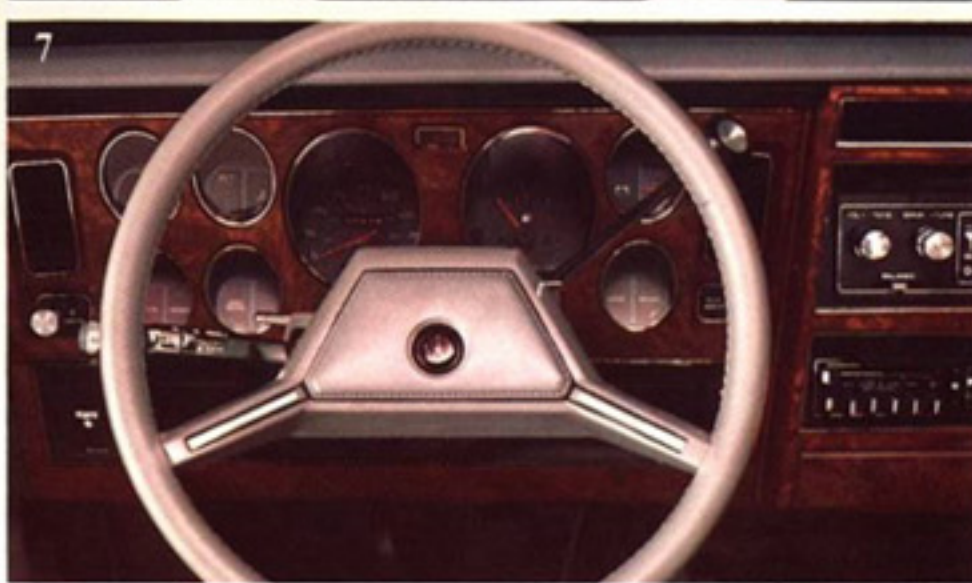

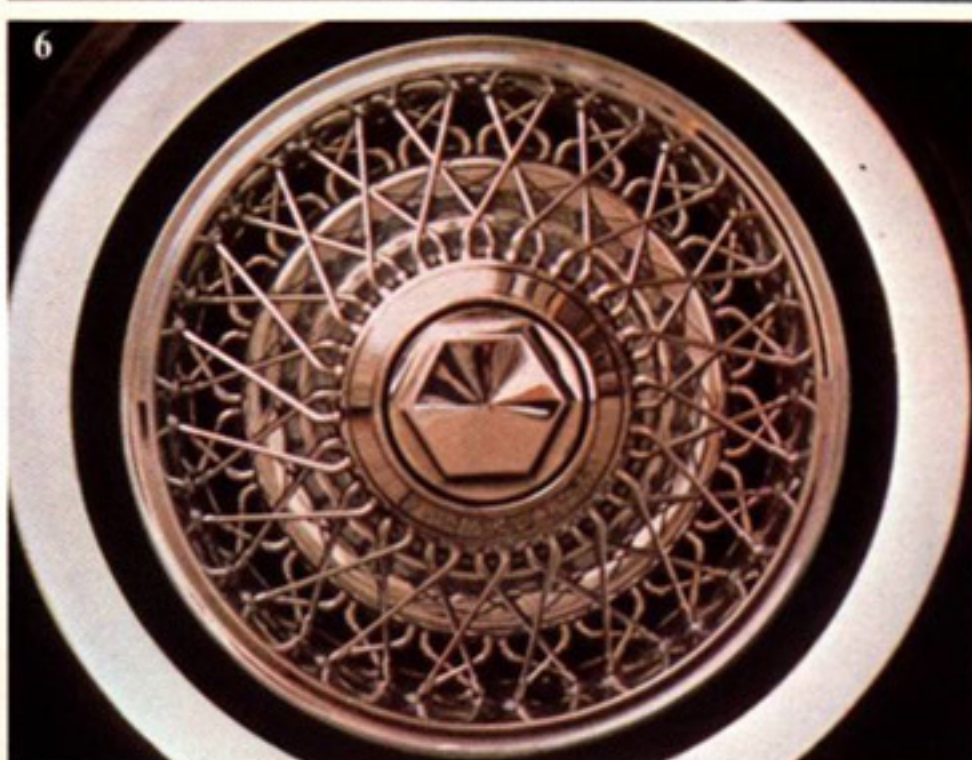

In styling and appearance it stands out . . . boldly. Its value is surprisingly obvious when you consider that power steering, power front disc and rear drum brakes, maintenance-free battery, electronic ignition, and special deluxe insulation are all

standard. To preserve Cordoba's value, Chrysler offers corrosion protection . . . extensive use of galvanized sheet metal panels and pre-coated steel in critical areas as well as a seven-step dip-and-spray process. Inside you'll find color-keyed carpeting and deluxe seat belts, luxury steering wheel, tinted glass, and full instrumentation including trip odometer. These are all part of

Cordoba's standard value. More features are listed on page 7.

Cordoba's standard 3.7-liter engine and wide-ratio TorqueFlite automatic transmission let you know this is no ordinary car. Chrysler-engineered suspension provides a smooth, even ride on Cordoba's tuned torsion bar front suspension with front antisway bar and rear leaf springs. Cordoba is a car that was designed to be driven . . . and built to last. Chrysler

Corporation feels so confident about its quality procedures that upon expiration of the normal 12-month/12,000-mile new vehicle limited warranty, limited warranty coverage is extended on power train components, including engine, transaxle/transmission, and axle—plus outer panel rust-through protection—to five years/50,000 miles, whichever comes first. A deductible applies. See your dealer for details.

1983 Cordoba Options (pictured)

How do you improve on the comfort and convenience of a personal car already sufficiently equipped? Here are just a few of the ways.

1. Illuminated Entry System. No more fumbling in the dark for keys and switches. Automatic interior light for convenience and safety the moment you open the door.

2. Air Conditioning. The semiautomatic temperature control air conditioning system offers comfort and ample capacity. Provides an even temperature throughout the interior.

3. Rear Window Defroster (shown with padded vinyl roof). For a clearer view of what's behind you. Helps reduce scraping snow and ice, and wiping away mist.

4. Electronically Tuned Stereo Radio with Cassette Tape Player. Eliminates drifting, fading, and distortion. Also combines with solid state tuning and a quality crystal readout to increase tuning accuracy. Available with or without cassette tape system with Dolby[®] sound.

5. Power Windows and Door Locks. You have complete control of the doors and windows from the driver or passenger seat. For extra convenience and safety.

6. Wire Wheel Covers. A not-so-subtle exterior addition that underscores Cordoba's classic styling.

7. Leather-Wrapped Steering Wheel. Just the right comfortable "touch" to serve as a constant reminder of Cordoba's luxury and to add to your driving pleasure.

8. Automatic Speed Control. Makes highway driving a breeze and will help you save gas on long drives. Control is conveniently mounted on the standard steering column multifunction control lever.

9. Illuminated Passenger Side Vanity Mirror. An added attraction to pamper your guests.

- Headlamp and wiper circuit breakers with automatic reset
- Key-left-in-ignition warning
- Reinforced windshield header and roof
- Glare reduction measures for windshield wipers, instrument panel, and steering wheel

Optional 5/50 Protection Plan Coverage

Chrysler Corporation offers a 5/50 "Added Coverage" Service Contract for your new Chrysler Cordoba which provides protection against rising service and parts costs for specified major repairs not included in the 5/50 limited warranty. Coverage starts on the specified components in the plan after your vehicle's "basic" 12-month/12,000-mile limited warranty expires on these components and continues for five years or 50,000 miles (whichever occurs first) from the vehicle's original warranty start date. A deductible applies. The plan provides an allowance for alternate transportation and towing. Ask your dealer for details.

Consider Leasing From the Leasing Professionals

In these days of tight money and high interest rates more consumers are considering leasing as an alternative to buying. Leasing a new Chrysler Cordoba usually eliminates large down payments and often results in lower monthly payments because you're paying only for that portion of the car life under the leasing agreement.

Leasing could be right for you, and the more you learn about it the more likely you are to consider it seriously. If leasing sounds like a sensible solution to your transportation needs, talk it over with us—your leasing professionals.
