## Surprises. Bright, hot and cool.

A sky view in all 3 rows – courtesy of the multipanel Vista Roof<sup>®1</sup> – and class-exclusive 2nd-row outboard inflatable safety belts<sup>1</sup> are just a couple of the ways Flex is designed to take care of its passengers.

**A new heated steering wheel<sup>1</sup>** treats the driver to comforting warmth on command – no need for bulky gloves when the outside temp drops.

**Heated bucket seats<sup>1</sup>** allow 2nd-row passengers to recline comfortably while charging their devices with the 110-volt power outlet<sup>1</sup> conveniently located on the back side of the center console.

**Chilled beverages or frozen treats** can be stowed in the class-exclusive 2nd-row refrigerated console<sup>1</sup> for easy access while you travel. Surprises? Flex has more than a few.

## Assists. Parking and more.

### See how it all works

Flex driver-assist technologies<sup>1</sup> use ultrasonic sensors and sophisticated radar to help you park, avoid collisions and more.

**Make parallel parking easier** with class-exclusive active park assist.<sup>1</sup> It not only helps you find a spot, it actually steers

the vehicle into place as you control the gear shifter, and brake and accelerator pedals.

**Get a heads-up** from adaptive cruise control and collision warning with brake support.<sup>1</sup> It helps maintain your choice of 4 preset gaps from the vehicle in front of you and can alert you to a potential collision. If one is detected, it flashes a warning on the windshield, sounds an alarm, and preps the braking system to help.

**Stay alert to traffic detected in blind spots** thanks to BLIS<sup>®</sup> (Blind Spot Information System) with cross-traffic alert.<sup>1</sup> It helps warn you using lights embedded in the sideview mirrors.<sup>2</sup>
