

2020
FUSION

G S | G SE | G SEL | G P TITANIUM

BUILT TO EMPOWER YOU.

Just the way you want. Gas, hybrid or plug-in hybrid – Ford Fusion provides the power of choice. Four distinctive models, from the well-equipped S to the luxurious Titanium, demand your attention with sleek good looks and standard Ford Co-Pilot360™ driver-assist technology. After all, Ford has been a car company for everyone ever since we started. By making it possible for hardworking, everyday people to own a vehicle. One that's built with care. And pride. A vehicle worthy of the Blue Oval – and of being chosen by you.

GAS

With 3 gas engines to choose from, there's one that meets your needs. Each is geared toward your passion for performance.

HYBRID

A combination of gas and electricity powers Fusion Hybrid. Though you'll need to refuel, you may visit gas stations less frequently!¹

PLUG-IN HYBRID²

To help maximize the distance this Fusion can travel in electric-only mode,³ plug it in to charge up the electric battery.

Titanium. Alto Blue Metallic Tinted Clearcoat. Available equipment. ¹EPA-estimated ratings: 43 mpg city/41 mpg hwy/42 mpg combined, Fusion Hybrid, FWD. Actual mileage will vary. ²Available at EV-certified Ford Dealers only. ³EPA-estimated ratings: 43 mpg city/41 mpg hwy/42 mpg combined, 14.0-gallon fuel tank; 26 miles electric. Fusion Plug-In Hybrid, FWD. Range calculation based on www.fueleconomy.gov. Actual range varies with conditions such as external elements, driving behaviors, vehicle maintenance and lithium-ion battery age. Actual mileage will vary.

GEARED FOR PERFORMANCE.

[ 2.5L iVCT I-4]

A PROVEN PERFORMER

The 2.5L powerplant gets the Fusion gas engine lineup off to a strong start with 175 horsepower and 175 lb.-ft. of torque. Take control of its 6-speed automatic transmission via a rotary gear shift dial on your center console.

Standard on S

[ 1.5L ECOBOOST® I-4]

THE BEST OF BOTH WORLDS

EcoBoost technology increases output. Auto Start-Stop Technology helps reduce fuel consumption by shutting off the engine when Fusion comes to a complete stop. When the brake pedal is released, the engine seamlessly restarts.

Standard on SE and SEL

[ 2.0L ECOBOOST I-4]

POWER ON DEMAND

As the most potent Fusion engine, the 2.0L EcoBoost can be paired with all-wheel drive (AWD)¹ and a 6-speed SelectShift[®] automatic transmission¹. Engage its Sport mode and tap the steering wheel-mounted paddle shifters to make the most of its power.

Standard on Titanium

Required on SE AWD

[  2.0L iVCT ATKINSON-CYCLE I-4]

TOPS IN EFFICIENCY

As you drive, the gas engine, electric motor and Regenerative Braking System are interacting behind the scenes to help enhance fuel efficiency and recharge the battery. Fusion Plug-In Hybrid, with its driver's side charge port and standard charging cord, also gives you the option to plug in to charge up the electric battery.

Standard on Hybrid SE, Hybrid SEL, Hybrid Titanium and Plug-In Hybrid Titanium

EPA-ESTIMATED RATINGS: CITY/HWY/COMBINED MPG²

TORQUE (LB.-FT.)

HORSEPOWER

Titanium. Rapid Red Metallic Tinted Clearcoat. Available equipment. ¹Available feature. ²Actual mileage will vary. ³Horsepower and torque ratings based on premium fuel per SAE J1349[®] standard. Your results may vary.

DIALED IN FOR DRIVING.

The 2020 Ford Fusion is designed to deliver a smooth and stable driving experience – road after winding road. To get moving, just turn the rotary gear shift dial and go. EcoBoost® models feature an “S” button on top that you can tap to engage Sport mode, which enhances performance by providing gear selection more quickly and at higher engine speeds, as well as extending lower gear operation for uphill climbs or hilly terrain.

For poise through the turns, Torque Vectoring Control increases vehicle stability by applying slight braking force to the inside wheel as needed, delivering more torque to the outside wheel to help Fusion stay firmly planted! Automatic headlamps activate whenever outside light levels dictate to keep the road ahead well lit. And the Individual Tire Pressure Monitoring System can not only notify you if any tire’s pressure is low,² the system will tell you which tire and how low.

Standard:    All models

To help maximize traction, Fusion offers fully automatic all-wheel drive (AWD). The system constantly monitors traction, transferring power between the front and rear wheels as needed, typically before wheelslip can even occur, to effortlessly improve your handling experience.

Available:  SE and Titanium

SE. Magnetic. SE Appearance Package. Available equipment. ¹Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Excludes spare, if equipped.

DESIGNED FOR DISPLAY.

8" SYNC® 3¹ touchscreen. SmartGauge® with EcoGuide instrument cluster with growing "Efficiency Leaves" on Hybrid and Fusion Plug-In Hybrid² models. Wherever you look in the Fusion cockpit, vital information is displayed that helps put you in the driver's seat. And in touch with the open road. To make time spent here even more accommodating, soft-touch surfaces greet your hands wherever they rest, including the leather-wrapped steering wheel¹ and leather-trimmed seats.¹ Brilliant LED lighting¹ treats your eyes. Outside, sleek sideview mirrors mount low on the doors – instead of at the windows – designed to allow more light inside, minimize drag and help reduce wind noise. Because this environment is focused on you, your focus can stay on the road.

CRAFTED FOR YOUR COMFORT.

With spacious room for 5, the stylishly comfortable interior of Ford Fusion welcomes all. A range of seat-trim choices includes cloth, ActiveX high-end synthetic material, and luxurious perforated leather. Fusion also offers plenty of smart solutions for your smart devices. A large center console features tiered storage, including 2 small bins in the upper compartment. The standard media bin includes a smart-charging USB port and additional storage. Proper sound management begins with acoustic underbody shields and sound-absorption material that help mitigate road noise inside. Within this hushed environment, you can enjoy the well-balanced output of the available Fusion audio systems. Power up your devices with the 2 standard 12V powerpoints, plus 2 smart-charging USB ports when your Fusion is equipped with SYNC® 3 voice-activated technology.^{1,2}

 SYNC® AppLink®

YOUR TECH, YOUR WAY.

With seating for up to 5 and Wi-Fi hotspot capability, Ford Fusion welcomes a vast array of smartphones, tablets, gaming systems and computers along for the ride. Plus, you can tap into the best in music, sports, comedy, news and talk with SiriusXM® inside your vehicle and on the go, with a 6-month All Access trial subscription.^{1,2} With our Voice-Activated Touchscreen Navigation System,² you'll also enjoy a 5-year subscription¹ to SiriusXM Traffic and Travel Link® services.

COMMAND IT

With your voice and your choice of display, SYNC® 3 voice-activated technology^{2,3} connects your tech with your Fusion. SYNC 3 AppLink^{®2,4} (shown) gives you voice control of compatible mobile apps like Waze™ and Ford+Alexa.⁵ To see your phone's familiar interface on the big screen, take advantage of compatibility with Apple CarPlay^{®6} for your iPhone® or Android Auto™⁶ for your Android™ smartphone.

CONTROL IT

Monitor and control your vehicle in incredibly powerful ways using the FordPass™ app alone or with FordPass Alexa Skill⁷ or FordPass Action through Google Assistant™ when equipped with FordPass Connect.™⁸ Start, lock and unlock your vehicle from just about anywhere, including right from your wrist with your Apple Watch®. Use your app to find your vehicle, schedule starts, find parking, and check fuel and fluid levels. When you need important vehicle information, like Vehicle Health Alerts, service history and Warranty info, the FordPass app puts it at your fingertips. And, when it's time to bring your vehicle in for service, the app makes scheduling easy. Enjoy access to convenient services like Key by Amazon In-Car Delivery⁹ and peace of mind knowing roadside assistance is just a call or e-request away.¹⁰

CONNECT IT

With in-vehicle Wi-Fi² for all. Before the sand dries on your flip-flops, you and your family can be posting vacation videos through FordPass Connect[®] with 4G LTE Wi-Fi hotspot capability. Its powerful antenna provides the ability to connect up to 10 devices at once¹¹ – inside of Fusion and up to 50' away.

Available equipment shown. ¹All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees, content and features are subject to change. Traffic information not available in all markets. SiriusXM satellite service for 2020 model-year Ford vehicles is not available in Puerto Rico; SiriusXM streaming service is available for purchase. ²Available feature. ³Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ⁴Certain restrictions, 3rd-party terms and data rates may apply. See your Ford Dealer for details. Commands may vary by phone and AppLink software. ⁵Waze is available via iPhone with SYNC 3 and on Android Auto. Commands may vary by phone and AppLink software. Alexa requires available SYNC 3 AppLink. Certain Alexa functionality is dependent on smart phone and home technology. Don't drive while distracted or while using handheld devices. Use voice controls. Some features may be locked out while the vehicle is in gear. ⁶Requires device with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. ⁷Don't drive while distracted or while using handheld devices. Use voice controls. Certain Alexa functionality is dependent on smart phone and home technology. ⁸FordPass Connect (optional on select vehicles) and FordPass Connect service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. ⁹FordPass app, compatible with select smartphone platforms, is available via a download. FordPass Connect service required (see App Terms for more information). Message and data rates may apply. Check your availability at <https://amzn.to/2JnYmtz>. ¹⁰Roadside assistance is included for certain owners and available to everyone for a per-service fee. ¹¹Don't drive while distracted or while using handheld devices. Use voice controls.

FORD CO-PILOT360™ TECHNOLOGY READY WITH AN ASSIST.

From the driveway to the highway, our driver-assist features¹ are designed to help you feel confidently in command at the wheel of your Fusion.

FORD CO-PILOT360

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING²
We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent and you don't take action, brakes can apply automatically. It's designed to only activate when needed.

BLIS[®] WITH CROSS-TRAFFIC ALERT
Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by alerting you to vehicles detected in your blind spots. Cross-Traffic Alert helps by detecting and alerting you to traffic behind your vehicle as you're slowly backing up.

LANE-KEEPING SYSTEM
It happens. Listening to your favorite podcast, you wander too close to your lane's edge. Our Lane-Keeping System³ can help during a moment of distraction. If you drift out of your lane, it directs you with steering wheel torque to return, and can also alert you through vibration pulses. Stray a few times and a coffee cup icon lets you know it's time for a break.

AUTO HIGH-BEAM HEADLAMPS
Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

REAR VIEW CAMERA
Backing up requires a little multitasking. Our Rear View Camera helps by providing a great view of what's behind your vehicle, helping you navigate Reverse with more confidence.

Standard: All models

FORD CO-PILOT360 ASSIST

ADAPTIVE CRUISE CONTROL (ACC) WITH STOP-AND-GO
There are few things as tedious as bumper-to-bumper traffic. ACC with Stop-and-Go can help you keep pace on your journey, slowing down or even stopping your vehicle if the traffic ahead has slowed or stopped. When things clear, it can resume your set speed.⁴

VOICE-ACTIVATED NAVIGATION
Taking the wrong exit can put a serious dent in your day. Stay confidently on course with our Voice-Activated Touchscreen Navigation System, which features SiriusXM[®] Traffic and Travel Link[®] services⁵ to help you avoid traffic, find fuel (gas or java), and so much more.

Standard: Titanium; SE, SEL and Titanium; Titanium⁶
Available: S (includes SYNC[®] 3), SE and SEL

ADDITIONAL TECHNOLOGY

HILL START ASSIST
It feels good to hold your ground. Especially on a grade. As you remove your foot from the brake pedal to accelerate from a stop, Hill Start Assist can help by preventing Fusion from rolling downhill.
Standard: All models

RAIN-SENSING WINDSHIELD WIPERS
Sometimes weather changes so quickly, it's hard to keep up. Now you can set the Rain-Sensing Windshield Wipers to automatically activate, and let them help keep your view ahead clear.
Standard: All models

REVERSE SENSING SYSTEM
Stress less when driving in Reverse. First, always check the Rear View Camera display. And as you slowly back up, you can listen for audible alerts to objects detected behind the vehicle by the Reverse Sensing System.
Standard: SE, SEL and Titanium

Available equipment shown. ¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. ³Lane-Keeping System does not control steering. ⁴If stop is longer than 3 seconds, driver must intervene and press "RES" button or accelerator pedal to resume system operation. ⁵Certain restrictions, 3rd-party terms and data rates may apply. See footnote 1 on the "Your Tech, Your Way" pages, and your Ford Dealer for details. ⁶Available at EV-certified dealers only.

A SMOOTH TRANSITION TO MORE EFFICIENT DRIVING.

Since it's powered by a combination of gas and electricity, Fusion Hybrid (HEV) will need to be refueled, just like a gas engine model. The difference is you may visit gas stations less frequently. That's because, as you drive your Fusion Hybrid, the 2.0L Atkinson-cycle gas engine, electric motor and Regenerative Braking System are seamlessly interacting behind the scenes to help enhance fuel efficiency and recharge the battery. The gas engine can work with the electric motor or on its own to help maximize efficiency. A lithium-ion battery that powers the electric motor helps Fusion Hybrid operate in electric-only mode at speeds up to 85 mph. For instant feedback on how your driving style is affecting efficiency, just view the "Efficiency Leaves" screen on the SmartGauge® with EcoGuide instrument cluster. Drive more efficiently, and you'll see more leaves grow.

THE POWER TO PLUG IN.

With its driver's side charge port, the 2020 Fusion Plug-In Hybrid Titanium (PHEV) gives you the option to plug in when you want to charge up the electric battery and help enhance the distance it can travel in electric-only mode. Fusion Plug-In Hybrid Titanium has an EPA-estimated all-electric driving range of 26 miles¹ and an EPA-estimated total driving range of 610 miles¹. If you choose to plug in, you can do it at home, work, or even out shopping. It's simple and convenient. At home, you can just insert the standard 120V convenience charge cord into an electrical outlet and into the vehicle's charge port, which illuminates in sections as it charges. You can also use a Ford recommended Webasto 240V home charging station² to recharge in about 2.6 hours. The MyFord[®] Mobile app³ and website (www.myfordmobile.com) make it easy to monitor and schedule charging. They also offer a charging station locator powered by PlugShare.[®] As you drive, Fusion Plug-In Hybrid Titanium functions very similarly to its Hybrid sibling. So even if you choose not to plug it in, you can still enjoy the benefits of Hybrid driving.

PLUG-IN HYBRID TITANIUM

17" SPARKLE SILVER-PAINTED WHEELS
SMARTGAUGE® WITH ECOGUIDE
ACTIVE NOISE CONTROL

Add the power to plug in to the luxury of Titanium, and you’ve got Fusion Plug-In Hybrid¹ Titanium. If you want to help maximize your electric-mode driving range and efficiency, you can charge up your battery overnight by using the included 120V convenience charge cord to plug into a home electrical outlet. On the road, active noise control helps keep your environment serene by using strategically placed microphones throughout the cabin to detect unwanted frequencies, then pumping opposing sound waves through the audio system to cancel them out. If you want the convenience of a gas engine for longer trips, plus the ability to drive short distances on electricity alone, the luxurious Fusion Plug-In Hybrid Titanium is your choice.

New Vehicle Limited Warranty. We want your Ford Fusion ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion perforation (aluminum panels do not require perforation) coverage – all with no deductible. Fusion unique electric components are covered during the Hybrid/Electric Unique Component Coverage, which lasts for 8 years or 100,000 miles, whichever occurs first. Please ask your Ford Dealer for a copy of these limited warranties.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need a winch back to a paved road, a battery jump start or towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or buy, Ford Credit has the option that's right for you. Ask your Ford Dealer for details or visit us online at ford.com/finance.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Insure. A new insurance product designed just for Ford owners, Ford Insure can help you save money on auto insurance for your connected Ford vehicle. Drive smarter, become an even better driver and earn bigger discounts – it's a win/win/win. Visit the FordPass mobile app or call 1-833-Ford-183.

American Road Services Company LLC is the licensed insurance agency supporting Ford and Lincoln insurance programs. Ford Insure is underwritten by Nationwide Mutual Insurance Company and Affiliated Companies. Subject to underwriting guidelines, review, and approval. Products not available to all persons in all states. Coverages vary by state. Availability varies; program criteria differs in California.

Ford Original Accessories. They're warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty.

Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

Comparisons based on competitive models excluding other Ford vehicles (Fusion class is Midsize Sedans; Fusion Hybrid class is Midsize Hybrid Sedans; Fusion Plug-In Hybrid class is Midsize Plug-In Hybrid Sedans; each based on Ford segmentation), publicly available information and Ford certification data at time of release. Vehicles may be shown with optional equipment and without standard antenna. Features may be offered only in combination with other options or subject to additional ordering requirements/limitations. Dimensions shown may vary due to optional features and/or production variability. Information is provided on an "as is" basis and could include technical, typographical or other errors. Ford makes no warranties, representations, or guarantees of any kind, express or implied, including but not limited to, accuracy, currency, or completeness, the operation of the information, materials, content, availability, and products. Ford reserves the right to change product specifications, pricing and equipment at any time without incurring obligations. Your Ford Dealer is the best source of the most up-to-date information on Ford vehicles. Colors are representative only. See your dealer for actual paint/trim options.

COMPLIMENTARY MAINTENANCE

With FordPass Rewards™, you can earn 42,000 Points to use toward complimentary maintenance when you buy or lease a new Ford.³ Or save your Points for future service, accessories or even your next new vehicle purchase. And when it's time to schedule service, you can do it right from your FordPass app.

REWARDS

In addition to complimentary maintenance, you can easily earn FordPass Rewards Points for many of the things you already do with us, including service and maintenance at participating dealers. Then you can redeem your Points for discounts on service, parts, accessories and new vehicle purchases. Use your app to watch your Points grow and keep track of how you use them.

ROADSIDE ASSISTANCE

With the FordPass app, you can request roadside assistance like fuel delivery, flat-tire repair and more 24/7 anywhere, anytime.⁴ Just use your app to call or make an e-request and help is on the way.

CONNECT & CONTROL

Stay connected and in control of your vehicle with the FordPass app. Start, stop, lock and unlock your vehicle, schedule a start, even check fuel and fluid levels right from the app.⁵ You can also get vehicle health alerts, service history and service alerts to help you keep on top of your vehicle's maintenance.

Download the FordPass app today.

²FordPass app, compatible with select smartphone platforms, is available via a download. Message and data rates may apply. ³75,000 points for Diesel owners. Modem must be activated within 60 days of purchase through the FordPass app on a smartphone and remain active for at least 6 months after activation. Buyers of non-modem-equipped vehicles will also receive Points for complimentary maintenance after enrollment. Visit a participating dealer for details. ⁴Roadside assistance is included for certain owners and available to everyone for a per-service fee. ⁵FordPass Connect™ (optional on select vehicles) and FordPass Connect service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features.

¹Ford Licensed Accessory.

From day one, we had the future in mind. And for over 116 years,
we've focused on improving your freedom of movement,
by making it possible for hardworking, everyday people to own
a vehicle. One that's well built. That you're proud to drive.
Born in Detroit, made in America¹ and famous worldwide:
We are the Ford Motor Company.

Your mobility is at the center of everything we do.
And we're excited to be designing and building smart vehicles
that work for you. It's why we put our family name on every one.
From our founding members, to our Ford family of employees
around the globe, we work with pride. We build with care.
For you – and your family. By everyone in ours.

¹Made in the USA with domestic and foreign parts.
