

2020

RANGER

XL | XLT | LARIAT

BUILT FOR FREEDOM.

This is about way more than a pickup truck. It's about you. Exercising your freedom. Getting out there. Finding more places to breathe. Deeply. And recharging yourself. With the kinds of challenging – and rewarding – activities you call fun. You've got the spirit and determination. Now, it's time to get the gear: the 2020 Ford Ranger.

Backed by over 116 years of innovation, Ranger is built for the freedom-seekers of America. It continues the proud Ford tradition of building vehicles for those with adventure in their hearts. We've been doing it since long before the interstate even existed. And we intend to keep doing it for the long haul.

LARIAT SuperCrew® 4x4 in Rapid Red with FX4 Off-Road and Sport Packages, and available equipment. (Max. Payload 1,560 lbs. when properly equipped.) ¹EPA-estimated ratings: 21 city/26 hwy/23 combined mpg, 2.3L engine, 4x2; 20 city/24 hwy/22 combined mpg, 2.3L engine, 4x4. Actual mileage will vary. ²Class is Midsize Pickups based on Ford segmentation. ³Max. payload of 1,860 lbs. on SuperCab 4x2 with Trailer Tow Package (not shown).

NOTE: Maximum payload and towing capabilities shown throughout this brochure are for properly equipped base vehicles with required equipment and a 150-lb. driver and vary based on cargo, vehicle configuration, accessories and number of passengers. See Payload and Towing chart in the Specifications section for maximum ratings by configuration. See label on door jamb for carrying capacity of a specific vehicle. EPA-estimated fuel economy ratings, payload and towing are independent attributes and may not be achieved simultaneously. For additional information, see your Ford Dealer. Vehicles throughout this brochure may be shown with available and aftermarket upfit equipment, and without standard antenna.

TOUGHNESS RUNS DEEP IN ITS DNA.

LARIAT SuperCrew® 4x4 in White Platinum with FX4 Off-Road and Sport Packages, and available equipment.

There's no doubt the 2020 Ford Ranger meets the legendary standards of Built Ford Tough.®

For starters, the backbone of every Ranger is a fully boxed, high-strength-steel frame with 6 rugged crossmembers. It works together with the steel front bumper and a frame-mounted rear tow bar to provide a solid foundation for your on- and off-road adventures. In the FX4 Off-Road Package, you'll find a steel bash plate and steel skid plates that are mounted directly to the frame – so they can take the hit. Not your radiator, transfer case or steering gear.

Ranger also gets a double-wishbone front suspension with rugged coil springs and front monotube shocks to help optimize ride and handling. Rear parabolic leaf springs help provide the right mix of ride quality, durability and capability.

Rest assured, we developed this Ranger specifically for North American truck buyers. So it's got all the toughness it takes to get to your adventures.

We torture every component – from its high-strength-steel frame to its EcoBoost® engine to its cloth or available leather-trimmed seats – to help ensure Ranger is ready for any season and nearly any terrain.

TURBOCHARGED ADVENTURE MACHINE.

As one of the most versatile and powerful gas powertrains in the Midsize Pickup class, the 2.3L EcoBoost® paired with its 10-speed partner is the only powertrain Ranger needs. The engine's 16-valve design features chain-driven dual overhead cams, a twin-scroll turbocharger, and an overboost function that lifts output on every gear change. The 10-speed SelectShift® automatic, featuring Ford patented technology, optimizes gear progressions and delivers smooth, quick shifting up and down the gearbox.

Class-best 310 lb.-ft. of gas torque gives Ranger serious get-up-and-go – besting even the V6 engines in its class. It also features class-exclusive Auto Start-Stop Technology that helps it get impressive mpg ratings.³ And an EPA-estimated driving range of 414 miles per tank helps you explore the wilderness.⁴

XLT SuperCrew® 4x4 in Lightning Blue with FX4 Off-Road, Chrome, and Trailer Tow Packages, and available and aftermarket equipment. (Max. Payload 1,560 lbs., Max. Towing 7,500 lbs. with Trailer Tow Package.) ¹Max. towing of 7,500 lbs. with Trailer Tow Package (shown). ²Max. payload of 1,860 lbs. on SuperCab 4x2 with Trailer Tow Package (not shown). ³EPA-estimated ratings: 21 city/26 hwy/23 combined mpg, 2.3L engine, 4x2; 20 city/24 hwy/22 combined mpg, 2.3L engine, 4x4. Actual mileage will vary. ⁴Actual range will vary. EPA-estimated ratings: 21 city/26 hwy/23 combined mpg, 2.3L engine, 4x2, 18-gallon fuel tank. Range calculation based on www.fueleconomy.gov.

Horsepower, torque, payload, towing and EPA-estimated fuel economy ratings are independent attributes and may not be achieved simultaneously.

FX4 OFF-ROAD PACKAGE

RUGGED STEEL BASH PLATE

A 16-gauge, high-strength-steel bash plate – included in the FX4 Off-Road Package – helps protect your radiator and other key vehicle components from damage caused by rock strikes, road debris and more.

Head to where the rubber leaves the road – and keep on going – with the FX4 Off-Road Package. Ranger FX4 makes its presence known with a prominent steel bash plate up front, and grip-enhancing off-road tires at all 4 corners. For even more bite, fit yours with the available LT-rated tires. This package also features the Terrain Management System,[™] Trail Control,[™] an off-road tuned suspension, an electronic-locking rear differential, 3 skid plates, and an off-road display in the instrument cluster screen to help increase your off-road confidence. Ranger FX4 is built to help you prove that tough has more fun.

Available on XL, XLT and LARIAT 4x4s[†]

Always consult the owner's manual before off-road driving. Follow all laws and drive on designated off-road trails and recreation areas. Try to avoid water higher than the bottom of the hubs and proceed slowly. Refer to your owner's manual for detailed information regarding driving through water. [†]Restrictions may apply. See your dealer for details.

NEW FX2 PACKAGE

Don't need a full-on 4x4? Increase the off-road capability of your Ranger 4x2 with the new FX2 Package. Sporting exposed front tow hooks and "FX2" decals, Ranger FX2 also gets an off-road tuned suspension, off-road OWL tires, an electronic-locking rear differential, and an off-road display in the productivity screen so you can monitor the action from the driver's seat.

Available on XL, XLT and LARIAT 4x2s[†]

TAP INTO ITS FULL CAPABILITIES.

Ranger has an available Terrain Management System^{TM1} that works in both 4H and 4L, for seamless shift-on-the-fly confidence over all sorts of surfaces. Just tap the “TM” button to switch modes. The system calibrates engine responsiveness, transmission gearing, and vehicle control systems to provide the optimum traction, driveability and performance.²

Normal mode is ideal for everyday driving on wet or dry paved roads.

Grass/Gravel/Snow mode lets the transmission deliver earlier upshifts and less aggressive engine torque distribution, limiting wheelslip to help improve traction on tricky terrain.

Mud/Ruts mode allows powertrain torque to be a bit more aggressive, limiting transmission upshifts and letting the wheels spin to get you through the thick stuff.

Sand mode uses more aggressive throttle progression and holds gears longer to help transfer optimized torque to the wheels. They can spin aggressively to maintain momentum and keep the fun going. All-season, all-terrain adventure awaits.

TACKLE TRAILS WITH CONFIDENCE.

Designed for low-traction, off-road conditions, available Trail Control^{TM1,2} acts as a low-speed cruise control, maintaining your selected speed from 1 to 20 mph. It sends power and braking to each individual wheel as needed, so you can focus on steering. Trail Control can be engaged while Ranger is in 2H, 4H or 4L, and in combination with any of the 4 Terrain Management System modes, to help provide maximum traction when you venture beyond the pavement.

ADD AN E-LOCKER.

In low-traction situations, engaging the available electronic-locking rear differential splits torque evenly between the rear wheels. It's designed for use at speeds below 20 mph in most Terrain Management System modes. When in Sand mode, it can operate at speeds below 45 mph.

LARIAT SuperCrew® 4x4 in White Platinum with FX4 Off-Road and Chrome Packages, and available equipment. ¹Available in FX4 Off-Road Package.

²Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ³4x4 models.

Always consult the owner's manual before off-road driving. Follow all laws and drive on designated off-road trails and recreation areas.

GEARED TOWARD FUN.

Ranger offers the features and controls needed to help you arrive at your next memory-making destination ready for action. After adjusting the standard tilt and telescoping steering column to your liking, you can tuck your phone and other essentials inside the covered storage area beneath the padded center armrest or the lockable glove box. Then, engage the available push-button start, and be on your way.

As you travel, the innovative 10-speed automatic helps ensure Ranger uses the right gear at the right time. Rather shift for yourself? SelectShift® capability lets you toggle up or down on the side of the shifter. The available B&O Sound System helps you get amped for the day's adventures by pumping 675 watts of digitally processed sound through 10 high-performance speakers. Crank it up. And get gone.

LARIAT SuperCrew® 4x4 with Medium Stone leather front seating and leather-trimmed rear seating, and available equipment. *Requires active FordPass Connect™ and FordPass™ App. Message and data rates may apply.

YOUR KIND OF CABIN. Roomy. Comfortable. With just the right amenities. Ranger SuperCrew® seats up to 5, offering you a 3-passenger rear bench seat with a fold-down center armrest and 2 cupholders, plus under-seat storage. SuperCab features 2-passenger rear seating with covered under-seat storage, giving it the ability to seat up to 4 people total. For more cargo space, you can opt to delete the SuperCab rear seats, or remove them on your own as needed. For easy starts in cold climates, Ranger offers available features like an engine block heater, a windshield wiper de-icer, and a rear-window defroster. So you can keep the fun going – no matter the weather.

FORD CO-PILOT360™ TECHNOLOGY

READY WITH AN ASSIST.

From the boat launch to the highway, our standard and available driver-assist features¹ are designed to help you feel confidently in command at the wheel of your Ranger.

FORD CO-PILOT360

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING

We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent and you don't take action, brakes can apply automatically.² It's designed to only activate when needed.

Standard on every 2020 Ranger

BLIS® WITH TRAILER COVERAGE AND CROSS-TRAFFIC ALERT

Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by not only alerting you to vehicles detected in your blind spots,³ but also alerting you when vehicles are detected alongside your trailer. Cross-Traffic Alert helps by detecting and alerting you to traffic behind your truck as you're slowly backing up.

Standard on XLT and LARIAT; Available on XL

LANE-KEEPING SYSTEM

It happens. Listening to your favorite podcast, you wander too close to your lane's edge. Our Lane-Keeping System⁴ can help during a moment of distraction. If you drift out of your lane, it directs you with steering wheel torque to return, and can also alert you through vibration pulses. Stray a few times and a coffee cup icon lets you know it's time for a break.

Standard on XLT and LARIAT; Available on XL

AUTO HIGH-BEAM HEADLAMPS

Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

Standard on XLT and LARIAT; Available on XL

REAR VIEW CAMERA

Backing up requires a little multitasking. Our Rear View Camera helps by providing a great view of what's behind your truck, helping you navigate Reverse with more confidence. It also helps when you're lining up a trailer.

Standard on every 2020 Ranger

ADDITIONAL TECHNOLOGY

TRAILER SWAY CONTROL

This helpful technology monitors the motions of Ranger when towing to detect trailer sway. If it's detected, the system selectively applies brakes as needed to help you maintain control of the truck as well as the trailer.⁵

Standard on every 2020 Ranger

ADAPTIVE CRUISE CONTROL

Get help keeping pace on your journey. Adaptive Cruise Control can maintain your selected speed and preset gap from the vehicle in front of you. If it detects traffic ahead slowing, your vehicle slows. When things clear, it can resume your set speed.

Available on XLT and LARIAT

FORWARD AND REVERSE SENSING SYSTEMS

Stress less when maneuvering at low speeds. First, always check the Rear View Camera display if you're in Reverse. And as you slowly pull forward or back up, you can listen for audible alerts to objects detected in front of or behind the vehicle.

Forward: Standard on LARIAT, available on XLT

Reverse: Standard on XLT and LARIAT, available on XL

RAIN-SENSING WINDSHIELD WIPERS

Sometimes weather changes so quickly, it's hard to keep up. Now you can set the Rain-Sensing Windshield Wipers to automatically activate, and let them help keep your view ahead clear.

Available on LARIAT

VOICE-ACTIVATED NAVIGATION

Taking the wrong exit can put a serious dent in your day. Stay confidently on course with our Voice-Activated Touchscreen Navigation System, which features SiriusXM® Traffic and Travel Link® services⁶ to help you avoid traffic, find fuel (gas or java), and so much more.

Available on XLT and LARIAT

Available equipment shown. ¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. ³BLIS replaces standard integrated blind spot mirrors. ⁴Lane-Keeping System does not control steering. ⁵Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ⁶Certain restrictions, 3rd-party terms and data rates may apply. See footnote 1 on the "Your Tech, Your Way" pages, and your Ford Dealer for details.

 SYNC® AppLink®

Available equipment shown. ¹All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees, content and features are subject to change. Traffic information not available in all markets. SiriusXM satellite service for 2020 model-year Ford vehicles is not available in Puerto Rico; SiriusXM streaming service is available for purchase. ²Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ³Commands may vary by phone and AppLink software. ⁴Waze is available via iPhone with SYNC 3 and on Android Auto. Commands may vary by phone and AppLink software. Alexa requires available SYNC 3 AppLink. Certain Alexa functionality is dependent on smart phone and home technology. Don't drive while distracted or while using handheld devices. Use voice controls. Some features may be locked out while the vehicle is in gear. ⁵Requires device with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. ⁶Don't drive while distracted or while using handheld devices. Use voice controls. Certain Alexa functionality is dependent on smart phone and home technology. ⁷FordPass Connect (optional on select vehicles), the FordPass App, and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. ⁸In select cities. ⁹FordPass App, compatible with select smartphone platforms, is available via a download. FordPass Connect service required (see FordPass Terms for more information). Message and data rates may apply. Check your availability at <https://amzn.to/2JnYMTz>. ¹⁰Roadside assistance is included for certain owners and available to everyone for a per-service fee. ¹¹Don't drive while distracted or while using handheld devices. Use voice controls.

YOUR TECH, YOUR WAY.

With available seating for up to 5 and Wi-Fi hotspot capability, Ford Ranger welcomes a vast array of smartphones, tablets, gaming systems and computers along for the ride. Plus, you can tap into the best in music, sports, comedy, news and talk with available SiriusXM® inside your vehicle and on the go, with a 6-month All Access trial subscription.¹ With our available Voice-Activated Touchscreen Navigation System, you'll also enjoy a 5-year subscription¹ to SiriusXM Traffic and Travel Link® services.

COMMAND IT

With your voice and your choice of display. Available SYNC® 3 voice-activated technology² connects your tech with your Ranger. Available SYNC 3 AppLink®³ (shown) gives you voice control of compatible mobile apps like Waze™ and Ford+Alexa.⁴ To see your phone's familiar interface on the big screen, take advantage of compatibility with Apple CarPlay®⁵ for your iPhone®, or Android Auto™⁵ for your Android™ smartphone.

androidauto

CONTROL IT

Monitor and control your vehicle in incredibly powerful ways using the FordPass™ App alone or with FordPass Alexa Skill⁶ or FordPass Action through Google Assistant™ when equipped with FordPass Connect.™⁷ Complimentary remote features let you start, lock and unlock your vehicle from just about anywhere, including right from your wrist with your Apple Watch.⁸ Use your app to find your vehicle, schedule starts, find parking,⁸ and check fuel and fluid levels. When you need important vehicle information, like Vehicle Health Alerts, service history and Warranty info, the FordPass App puts it at your fingertips. And, when it's time to bring your vehicle in for service, the app makes scheduling easy. Enjoy access to convenient services like Key by Amazon In-Car Delivery⁹ and peace of mind knowing roadside assistance is just a call or e-request away.¹⁰

CONNECT IT

With in-vehicle Wi-Fi. Before the mud dries on your boots, you and your road-trip companions can be posting adventure videos through FordPass Connect⁷ with 4G LTE Wi-Fi hotspot capability. Its powerful antenna provides the ability to connect up to 10 devices at once¹¹ – inside of Ranger and up to 50' away.

New Vehicle Limited Warranty. We want your Ford Ranger ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion perforation (aluminum panels do not require perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need a winch back to a paved road, a battery jump start or towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or buy, Ford Credit has the option that’s right for you. Ask your Ford Dealer for details or visit us online at ford.com/finance.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Insure. A new insurance product designed just for Ford owners, Ford Insure can help you save money on auto insurance for your connected Ford vehicle. Drive smarter, become an even better driver and earn bigger discounts – it’s a win/win/win. Visit the FordPass mobile app or call 1-833-Ford-183.

American Road Services Company LLC is the licensed insurance agency supporting Ford and Lincoln insurance programs. Ford Insure is underwritten by Nationwide Mutual Insurance Company and Affiliated Companies. Subject to underwriting guidelines, review, and approval. Products not available to all persons in all states. Coverages vary by state. Availability varies; program criteria differs in California.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty.

Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

BUILT TO KEEP YOU MOVING.™
The FordPass™ App³ puts your Ranger owner experience right in the palm of your hand.

COMPLIMENTARY
MAINTENANCE

With FordPass Rewards™, you can earn 42,000 Points to use toward complimentary maintenance when you buy or lease a new Ford.⁴ Or save your Points for future service, accessories or even your next new vehicle purchase. And when it's time to schedule service, you can do it right from your FordPass App.

REWARDS

In addition to complimentary maintenance, you can easily earn FordPass Rewards Points for many of the things you already do with us, including service and maintenance at participating dealers. Then you can redeem your Points for discounts on service, parts, accessories and new vehicle purchases. Use your app to watch your Points grow and keep track of how you use them.

ROADSIDE
ASSISTANCE

With the FordPass App, you can request roadside assistance like fuel delivery, flat-tire repair and more 24/7 anywhere, anytime.⁵ Just use your app to call or make an e-request and help is on the way.

CONNECT
& CONTROL

Stay connected and in control of your vehicle with complimentary remote features accessed through the FordPass App. Start, stop, lock and unlock your vehicle, schedule a start, even check fuel and fluid levels right from the app.⁶ You can also get vehicle health alerts, service history and service alerts to help you keep on top of your vehicle's maintenance.

Download the FordPass App today.

³FordPass App, compatible with select smartphone platforms, is available via a download. Message and data rates may apply. ⁴75,000 points for Diesel owners. Modem must be activated within 60 days of purchase through the FordPass App on a smartphone and remain active for at least 6 months after activation. Buyers of non-modem-equipped vehicles will also receive Points for complimentary maintenance after enrollment. Visit a participating dealer for details. ⁵Roadside assistance is included for certain owners and available to everyone for a per-service fee. ⁶FordPass Connect™ (optional on select vehicles), the FordPass App, and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot.

¹Ford Licensed Accessory. ²Consult owner’s manual for details on roof-rack load limits.

From day one, we had the future in mind. And for over 116 years,
we've focused on improving your freedom of movement,
by making it possible for hardworking, everyday people to own
a vehicle. One that's well built. That you're proud to drive.
Born in Detroit, made in America¹ and famous worldwide:
We are the Ford Motor Company.

Your mobility is at the center of everything we do.
And we're excited to be designing and building smart vehicles
that work for you. It's why we put our family name on every one.
From our founding members, to our Ford family of employees
around the globe, we work with pride. We build with care.
For you – and your family. By everyone in ours.

¹Made in the USA with domestic and foreign parts.
