# Hyundai Advantage™ AMERICA'S BEST WARRANTY\*

Nothing says more about the quality of a product than the way its manufacturer stands behind it. This fact speaks volumes about the only vehicles backed by the Hyundai Advantage™, America's Best Warranty.

With 10 year, 100,000 mile powertrain protection, 5 year, 60,000 mile bumper-to-bumper coverage and 5 year, unlimited miles 24-hour roadside assistance, no car maker offers a better warranty than the Hyundai Advantage™. And even as you appreciate the protection it provides, you'll enjoy something else as well: the confidence you'll feel every time you turn the key.

**10** YEAR 100,000 MILE POWERTRAIN PROTECTION  
*Covers most engine and transaxle components.*

**5** YEAR 60,000 MILE BUMPER-TO-BUMPER COVERAGE  
*Covers nearly every new vehicle component.*

**5** YEAR UNLIMITED MILES 24-HOUR ROADSIDE ASSISTANCE  
*Covers towing (including accident-related), lock-out, flat tire and jump starting.*

**5** YEAR 100,000 MILE ANTI-PERFORATION WARRANTY  
*Covers corrosion-related rust-through of body sheet metal from inside to out.*

# COMFORT

Presenting the 2002 Hyundai XG350, a premium sedan with a combination of style, sophistication and value unmatched by any other car in its class. Refinement marks the XG350's spacious interior in the beauty of its design and in the quality of its materials.

Also impressive is its list of standard amenities: seating surfaces, covered in soft leather. A fully automatic climate control system with screen display maintains your preferred interior temperature, while an air filtration system maintains cabin air quality. Also standard are an AM/FM stereo cassette and CD player with 6 speakers, dual power front seats, remote keyless entry system with alarm, automatic headlights, a center console with two-level storage compartment, and a handy 60/40 split fold-down rear seatback that lets you accommodate oversize items. Even down to details like a rear seat ventilation system and theater-dimming interior

lighting, it's clear that the XG350 takes a very luxurious back seat to no one.

*Just one touch returns the XG350's driver's seat and outside mirrors to either of its two preset positions.*

*The standard automatic climate control system is designed to accurately maintain a preset interior temperature.*

*Both the driver and front passenger enjoy the comfort of dual power seats with leather seating surfaces.*

# FEATURES

As every good host knows, the essence of hospitality is to put your guests at ease. You'll find the same philosophy at work inside the XG350, which has been designed and equipped to make its driver and passengers feel at home from the first mile. Central to that goal is a host of luxurious standard features. The XG350 is remarkably well equipped, even when compared to cars costing thousands more. To make your driving easier and safer, there's an electronic, multi-function trip computer that keeps track of distance traveled, elapsed time, average speed and miles to empty; cruise control with steering wheel-mounted controls that keep your attention on the road; and a driver's footrest. The XG350's cabin is equally dedicated to convenience, with an assortment of storage compartments and map pockets, front and rear beverage holders, 12-volt accessory outlets and illuminated vanity mirrors. In other words, the XG350 gives you all the comforts of home – a very luxurious home.

*An available trunk-mounted 8-disc CD changer can be added to the standard 6-speaker AM/FM cassette/CD player.*

*The XG350's remote keyless entry system with alarm is a welcome standard feature.*

*Steering wheel-mounted cruise control switches keep your attention on the road.*

## DESIGN

Beauty and grace cannot simply be attached to a car, but must be part of the plan from the beginning.

A successful design speaks eloquently for itself, a fact evidenced by the XG350's elegant appearance. The XG350's

functionality can be seen in its very shape. The slim roof pillars, for instance, provide an excellent view

of the road while easing entry and exit. The trunk lid provides a low liftover for easy cargo handling, and is

gently tapered to improve vehicle aerodynamics. A front air dam directs airflow around the car for added

stability and quietness. Even the clear lens, projector-type headlights and integrated front fog lights are gem-like

accents. Finishing touches include bodycolor bodyside moldings and bumpers with chrome inserts, bodycolor

heated dual power mirrors and 16-inch, 10-spoke aluminum alloy wheels.

*The solid stance of the XG350 is enhanced by standard 16" aluminum alloy wheels and touring-type, all-season radial tires.*

*The XG350's large rear doors are designed to facilitate easy entry and exit.*

*For safer night driving, clear lens, projector-type headlights illuminate the road with bright halogen beams.*

# TECHNOLOGY

*The dual-mode 5-speed automatic transmission with SHIFTRONIC™ offers a choice of fully automatic or manual sport shifting.*

*A multi-function trip computer keeps you informed of distance traveled, average speed, elapsed time and approximate miles to empty.*

*Speed-sensitive power steering automatically provides the ideal amount of power assistance for various driving situations.*

If driving was simply about getting from one point to another, any car would do. Fortunately, the XG350 recognizes that a premium sedan should also make the journey thoroughly pleasurable, and is designed to satisfy discriminating drivers. If you judge a car by ride and handling, you'll be impressed by the extraordinarily smooth ride and easy handling provided by its 4-wheel independent suspension, precisely tuned chassis and Michelin® touring radial tires. Under the hood is a smooth and quiet 3.5-liter, 24-valve V6 engine designed to deliver years of responsive, dependable performance with a minimum of scheduled maintenance. Putting its power to the road is a dual-mode 5-speed automatic transmission with SHIFTRONIC™; at the touch of a lever, you can select either fully

*The 3.5-liter aluminum alloy V6 engine produces an impressive 194 horsepower.*

automatic or manual sport shifting. One more notable standard feature is speed-sensitive power steering, which automatically provides the ideal amount of power assistance whether you're cruising the freeway or negotiating a tight parking space.

XG350 in Black Obsidian

# SAFETY

Standard 4-wheel power disc brakes include an Anti-lock Braking System (ABS) that monitors each wheel independently for maximum effectiveness.

The 3-point front seatbelt pretensioners lock in the event of a moderate to severe frontal impact.

Dual front airbags and front side airbags protect the driver and front passenger in the event of an impact.

The XG350's standard Traction Control System (TCS) activates upon traction loss, applying corrective action until traction is restored.

Occupant protection, and the confidence it provides, should not be a luxury. That in mind, the XG350 comes with a host of advanced pro-

rective features designed to keep you and your passengers from harm. It begins with standard dual front airbags<sup>1</sup>, front side airbags,

and 3-point front seatbelts with pretensioners that properly position the wearer for airbag protection. Structurally, the XG350 surrounds

the passenger cabin with a reinforced steel structure that includes roof rails and side-impact door beams. Built-in front and rear

crumple zones also help to absorb collision impacts at a controlled rate. Helping you avoid impacts altogether are standard 4-wheel disc

brakes with an Anti-lock Braking System (ABS), and a Traction Control System (TCS)<sup>2</sup> that provides

an extra measure of control in extreme driving conditions (see sidebar). Finally, the XG350 is

designed to offer precise, predictable handling that can help you maneuver out of a difficult situation.

<sup>1</sup>The Supplemental Restraint (airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain front-end and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle with a passenger-side airbag. <sup>2</sup>The Traction Control System (TCS) is meant to enhance conscientious driving habits, and is not a substitute for proper driving procedures.

SALE

XG350 in Desert Sand

## XG350

The XG350 includes the following standard features:

Dual front airbags<sup>1</sup> • Front side airbags • 4-wheel disc brakes with an Anti-lock Braking System (ABS) and Traction Control System (TCS)<sup>2</sup> • Low-maintenance 3.5-liter, 24-valve DOHC V6 engine • 5-speed automatic transmission with SHIFTRONIC™ • AM/FM stereo cassette with CD player and 6 speakers • Fully automatic climate control system with rear-seat outlets • Leather seating surfaces, leather-wrapped steering wheel and shift knob • Power windows with illuminated switches and driver's Auto-down feature • Power door locks and heated dual power mirrors • Cruise control • Multi-function trip computer • Remote keyless entry system with alarm

## XG350L

The XG350L includes the above standard features, and adds:

Power glass tilt/sliding moonroof • Leather-wrapped steering wheel with woodgrain inserts • Electrochromic auto-dimming rearview mirror • Memory positioning for driver's seat and side mirrors • Heated front seats • Rear auxiliary reading lights

<sup>1</sup>The Supplemental Restraint (airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain front-end and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts which should be worn at all times. Children under the age of 13 should be securely restrained in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle with a passenger-side airbag.

<sup>2</sup>The Traction Control System (TCS) is meant to enhance conscientious driving habits, and is not a substitute for proper driving procedures.

**DRIVING IS BELIEVING** to protect you from financial obligation if your vehicle is lost or stolen, and your

Hyundai Motor Finance Company (HMFC) is a wholly owned subsidiary of Hyundai Motor America. Our mission is to provide support in selling new Hyundai vehicles. In addition to installment loans and leases, we provide a wide range of products, including Hyundai Gap Protection (HGP) in the states where permitted by local law. HGP is designed to protect you from financial obligation if your vehicle is lost or stolen, and your insurance proceeds are not adequate to pay off your HMFC-funded contract. We also offer the Hyundai Protection Plan, the factory-backed extended service contract that fits perfectly with the Hyundai Advantage™, America's Best Warranty\*. Our College Graduate Program provides special financing options for qualified graduates and candidates for graduation attending an accredited four-year college, university, nursing school, and graduates from an accredited two-year college.

Ask your dealer about using HMFC and the full range of Hyundai-branded products we offer.
