5 <i>year</i>	100,000-MILE ANTI-PERFORATION WARRANTY
5 <i>year</i>	UNLIMITED MILES 24-HOUR ROADSIDE ASSISTANCE

*See dealer for LIMITED WARRANTY details.

XG350 | comfort

THE QUALITY OF THE AIR YOU BREATHE IS ENHANCED BY THE AUTOMATIC CLIMATE CONTROL SYSTEM WITH AIR FILTRATION.

IT'S THE LITTLE THINGS THAT MAKE A DIFFERENCE, LIKE HEATED FRONT SEATS IN THE XG350L. ON A CHILLY MORNING, YOU'LL APPRECIATE THE EXTRA WARMTH IN A BIG WAY.

THE MEMORY SYSTEM FOR THE 8-WAY POWER ADJUSTABLE DRIVER'S SEAT, STANDARD ON THE XG350L, IS QUITE INGENIOUS. IT REMEMBERS EACH DRIVER'S PREFERRED SETTINGS, AND EVEN ADJUSTS BOTH EXTERIOR MIRRORS.

Our interior will make you feel good inside.

The world moves at a frantic pace. But inside the refined cabin of the XG350, things feel much less rushed. Sink into the front power seats and take it all in — the woodgrain trim and the soft leather that covers the seating surfaces and center armrests. Notice that controls are at your fingertips, including cruise control, which is mounted conveniently on the steering wheel. There's plenty of space in the front and rear, so everyone is free to stretch their legs. Your every need is taken care of, from automatic climate control and power door locks to power windows with illuminated switches. These are just a few of many XG350 standard features that are designed to make you feel that from where you sit, life is good indeed.

 **HYUNDAI**
Win

XG350 | comfort

XG350 | safety

When it comes to your safety, we've got you covered.

The XG350 sedan is engineered to protect you to the same degree as cars that cost thousands more. Inside the cabin, you are securely surrounded by a steel-reinforced unibody structure, dual front airbags¹ and front side-impact airbags — standard on every Hyundai model — and steel side-impact door beams. There are 3-point front seatbelts with pretensioners and rear seatbelts with ISOFIX lower child-seat anchors to safeguard your children. Child-proof rear door locks are also standard. Front and rear crumple zones, as well as the steering column, help absorb energy in collision impacts. For your added confidence, the XG350 has a 3.5-liter V6 engine, sophisticated suspension system, anti-lock brakes and traction control.² Because at Hyundai, we take your safety very personally.

THE XG350'S STEEL SIDE-IMPACT DOOR BEAMS ARE INTEGRATED INTO THE STEEL-REINFORCED UNIBODY STRUCTURE TO PROVIDE EXTRA PROTECTION IN THE EVENT OF A SIDE IMPACT.

WHEN IT COMES TO YOUR PROTECTION, WE LEAVE NOTHING TO CHANCE. DUAL FRONT AIRBAGS, FRONT SIDE-IMPACT AIRBAGS AND 3-POINT FRONT SEATBELTS WITH PRETENSIONERS ARE STANDARD.

THE ANTI-LOCK BRAKING SYSTEM (ABS) WITH ELECTRONIC BRAKE FORCE DISTRIBUTION HELPS MAINTAIN STEERING CONTROL WHEN BRAKING HARD.

¹The Supplemental Restraint (airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle with a passenger-side airbag.

² The Traction Control System (TCS) is meant to enhance conscientious driving habits, and is not a substitute for proper driving procedures.

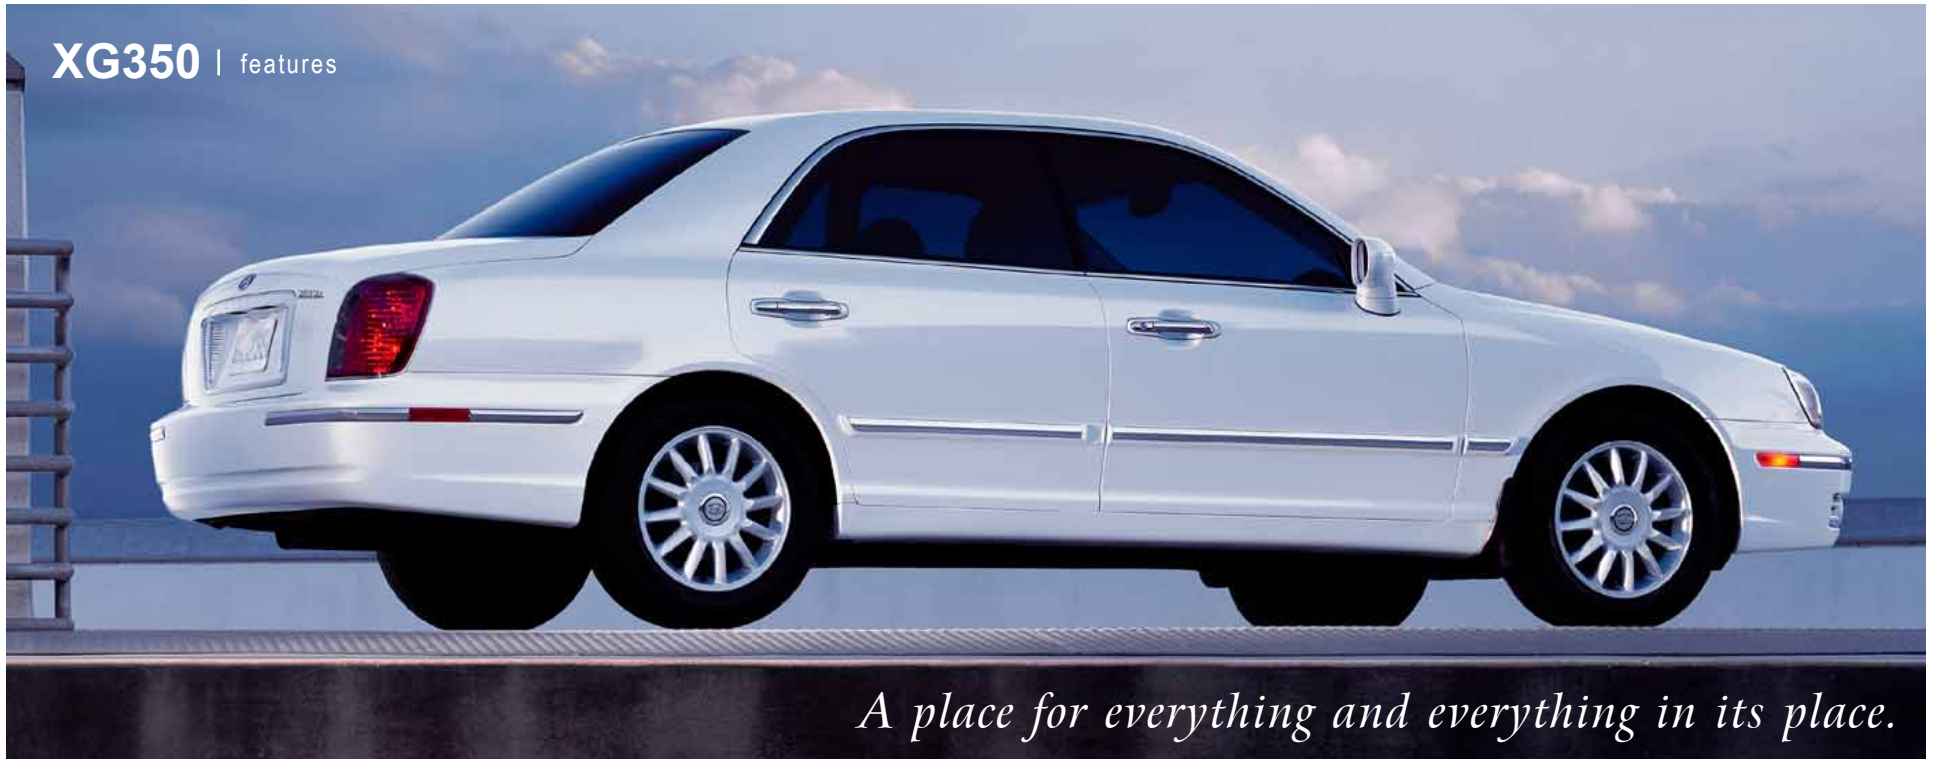

XG350 | style

Beauty is not only skin deep.

The XG350 is undeniably handsome. The new grille design is distinguished and stately. The new halogen headlights sparkle like a jewel, and the projection fog lights are well-integrated into the wider air dam. In fact, the XG350's appearance is so elegant, you'd think it belongs in a more expensive class of car altogether. Body-color bumpers, mirrors and side moldings with chrome inserts match the sophisticated palette of colors. But the XG350 is much more than just another pretty face. It's also quite a value. The spacious interior is as refined as the exterior. High-quality materials like leather, chrome and woodgrain trim are used, and a long list of luxury amenities are included as standard features.

XG350 | features

A place for everything and everything in its place.

THE HOMELINK[®] INTEGRATED TRANSCEIVER IS LIKE A UNIVERSAL REMOTE FOR YOUR LIFE. IT OPENS YOUR GARAGE DOOR, TURNS ON YOUR HOME LIGHTING, SECURITY SYSTEM AND MORE.

LET THE GREAT OUTDOORS IN WITHOUT GETTING A SUNBURN. THE XG350L'S POWER TILT MOONROOF SLIDES BACK TO LET THE COOLING BREEZES IN, WHILE THE SUNSHADE HELPS KEEP THE RAYS OF THE SUN AT BAY.

IN THE XG350L, YOU WILL ENJOY THE DEEP SOUND OF A PREMIUM STEREO SYSTEM WITH INFINITY[®] SPEAKERS AND A 210-WATT EXTERNAL AMPLIFIER. AN 8-DISC CD CHANGER IS ALSO AVAILABLE.

It's all here — everything you would expect in a premium sedan. Starting with an AM/FM/CD/Cassette stereo system with six powerful speakers and an in-glass audio antenna. There's a multi-function trip computer that calculates your average speed, drive time and distance to empty. Those in front enjoy a wealth of amenities, including a 12-volt accessory outlet in the two-level center storage compartment, maplights and beverage holders. In the rear, your passengers get equal treatment with their own beverage holders, fold-down center armrest and reading lights. Plus, they control their own ventilation system. And for those times when you need to carry oversized cargo, the rear seatbacks fold down in a 60/40 split.

XG350 | technology

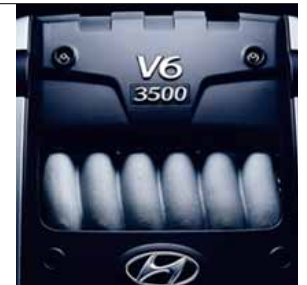

Technology that's as smart as you are.

Smart brakes and smart shifting make the XG350 a very intelligent car. In fact, the Anti-lock Braking System with Electronic Brake Force Distribution thinks for you. If the system senses that the brake force being applied isn't appropriate, it distributes the amount of force needed to each individual wheel. Should the wheels start slipping during acceleration, the standard Traction Control System¹ compensates. This advanced sedan also features a 5-speed automatic transmission with SHIFTRONIC.[™] But the exhilarating driving force of the XG350 is its 3.5-liter, 24-valve, DOHC V6 engine. Providing precise handling and a smooth ride is the job of the fully independent suspension system with gas-filled shocks. Add Michelin[®] tires, and you have what many might consider a very smart choice, indeed.

SMOOTH, CLUTCHLESS SHIFTING IS PROVIDED BY THE 5-SPEED AUTOMATIC TRANSMISSION WITH SHIFTRONIC, A FEATURE THAT LETS THE DRIVER SHIFT MANUALLY FOR ADDED CONTROL AND SPORTIER DRIVING.

THE XG350'S 3.5-LITER, 24-VALVE, DOHC V6 ENGINE WITH HYDRAULIC MOUNTS.

¹ The Traction Control System (TCS) is meant to enhance conscientious driving habits, and is not a substitute for proper driving procedures.

XG350 | features and specifications

XG350

STANDARD FEATURES INCLUDE:

- 3.5-LITER, 24-VALVE, DOHC V6 ENGINE
- 5-SPEED AUTOMATIC TRANSMISSION WITH SHIFTRONIC™
- 4-WHEEL DISC BRAKES WITH ANTI-LOCK BRAKING SYSTEM (ABS) AND TRACTION CONTROL SYSTEM (TCS)
- 10-SPOKE, 16" ALLOY WHEELS
