THE CHARACTER OF COLOR	55

At Infiniti, powerful emotion begins with a powerful source.

From tranquility to invincibility, there are few things which generate such intense feeling as the world around us. So we look to the power of nature as one source to craft more powerful experiences behind the wheel. It's in the way we sculpt the feeling of performance, inspired by the exhilarating rush of a seemingly unending wave. Or in how we use thoughtful engineering to mimic the elegant touch of a forest breeze.

Each inspiration tells a personal story of heightened senses, channeled into every Infiniti through the skills of master craftsmen—designers, engineers, test drivers—who take this inspiration and craft it into exhilaration. The goal is beyond creating a car. It is creating a luxury of sensory experience.

This is Inspired Performance®. This is the way of Infiniti.

INSPIRED PERFORMANCE.®

IT'S THE DIFFERENCE BETWEEN BEING PHYSICALLY TRANSPORTED

AND EMOTIONALLY MOVED.

Engineering alone has no magic. Machines have no soul. It is inspiration that transforms mechanical movement into a touch of emotion. At Infiniti, we start with inspiration. A vision of the experience we want to create, the senses we want to stir. From the hand of the designer to your hands on the wheel, powerful emotion is poured into every detail. The intimacy of a hand-crafted interior. The thrill of acceleration designed to feel limitless. The satisfaction of an experience that exceeds every expectation.

INFINITI G SEDAN

Electrifying the senses. Exciting the soul.

7-SPEED AUTOMATIC TRANSMISSION

TO FUSE THE POWERFUL
WITH THE ARTFUL

2011 INFINITI G SEDAN

The G Sedan embodies a thrillingly human expression of performance. The power rushing from its 328-hp VVEL® V6 engine is engineered to build organically for a feeling of limitless power, even while improving fuel economy.¹ An all-new 2.5-liter V6 affords you the choice of smaller displacement and greater efficiency. Available Intelligent All-Wheel Drive enhances traction and control, adapting to your driving conditions by delivering power where you need it. Designed to reflect the artisan's touch, the interior beams with stylish beauty and refined textures, while the graceful wave-like shape of the hood flows with dynamic energy that radiates to every body surface. Thoughtful design enlivens exhilaration.

- 328-hp 3.7-liter VVEL® V6 engine or 218-hp 2.5-liter V6 engine
- Opposed-piston brake calipers²
- 7-speed automatic transmission (available 6-speed manual)
- Infiniti Hard Drive Navigation System²
- Intelligent Cruise Control²
- XM NavTraffic^{®2,3} and XM NavWeather^{™2,3}
- Zagat Survey® Restaurant Guide²
- RearView Monitor²
- Infiniti Studio on Wheels[®] by Bose^{®2}
- 9.3GB Music Box[®] hard drive²

SHAPING THE FEEL OF

PERFORMANCE

INTO A WAVE OF EXHILARATION

Acceleration Swell

There's a tangible difference in how Infiniti engineers craft cars to perform. They look to the driving experience with emotion in mind, engineering to touch the senses and evoke a personal reaction. So in an Infiniti, performance is more than dynamic movement—it's a unique sensory experience.

Swell is our vision of power, dedicated to delivering a shape and feel to acceleration. By tuning the exclusive VVEL® valve control system to unleash torque that climbs over a broader rev range, the force you feel seems to build like the swell of a continually rising wave, peaking ever higher. The emotional energy surges in tandem, making Swell feel like a limitless rush more than a momentary thrill. By instilling the physical sensation of acceleration with a signature feeling, Acceleration Swell is just one of the ways we craft performance to stoke emotion.

INFINITI G COUPE

An intense sculpture of seduction and exhilaration.

TO A DEEPER LEVEL OF PERFORMANCE

2011 INFINITI G COUPE

The G Coupe transforms performance and styling into exhilarating intensity and magnetic attraction. Acceleration in the segment-leading* 330-hp 3.7-liter V6 engine is designed to deliver an effortless rush. The energy exudes from under the hood to outside it, where sculpted body lines flow with equal parts elegance and enticement. Equally inviting is the refined interior, expressively sophisticated to keep you captivated. And passion finds its peak in the new IPL™ G Coupe, the first expression of the Infiniti Performance Line™, pushing performance to an even more intense level.

- 3.7-liter VVEL® V6 engine
- 7-speed automatic transmission (available 6-speed manual)
- Intelligent All-Wheel Drive² • Class-leading brakes^{2,4}
- USB connection port • Infiniti Studio on Wheels® by Bose^{®2}
- 9.3GB Music Box® hard drive² • XM® Satellite Radio³
- XM NavTraffic^{®2,3} and XM NavWeather™^{2,3}
- Available exclusively tuned Infiniti Performance Line model

2011 INFINITI PERFORMANCE LINE™ G COUPE
BREATHTAKING POWER AND PRECISION.
ELEVATED TO NEW HEIGHTS.

2011 IPL™ G COUPE

The thrill has been infused with a stirring new peak of exhilaration. The 2011 Infiniti Performance Line™ G Coupe is a sharper expression of intensity, delivered through special IPL tuning, bolder styling and appointments, and rich color. A new rush, honed to reach a new level of passion.

- 348-hp 3.7-liter IPL-tuned V6 engine with 276 lb-ft of torque
- IPL-tuned performance suspension
- IPL aerodynamic front and rear fascias, side sills and rear spoiler

THE TOUCH OF EXPERIENCE

IN EVERY COIL.

Our test drivers are craftsmen of movement
—down to the smallest detail.

At Infiniti, the feel of the drive is essential to our vision of performance that touches you emotionally as well as physically. It is so important, in fact, that we designate a test driver to remain with each new vehicle throughout production so that the feel of movement in the vehicle can be constantly tested and modified—even down to a single spring—at each step of the process. The test driver painstakingly adjusts and refines the feel of the drive until every action of the vehicle moves the senses in the most pleasing, most fulfilling way. That is why every test driver is a craftsman. Not of metal or wood, but of feel.

INFINITI G CONVERTIBLE

Take a deep breath of inspiration.

TO AN OPEN WORLD OF SENSORY REWARD

2011 INFINITI G CONVERTIBLE

Progressive thinking creates unique perspectives. For the G Convertible, that perspective is up. In touch with the sky. With the three-piece hardtop down. It's a powerful rush of liberation, thanks to the class-leading⁵ 325-hp VVEL[®] V6 engine. To sustain the pleasure whether you're under the moon or sun, engineers designed the Adaptive Climate Control System to automatically adjust to the temperature, top position and your speed. And the available Bose[®] Open Air Sound System compensates for outside noise to give you unrivaled audio clarity, including Bose[®] front seat Personal[®] speakers that create depth and ambience for a wider, more immersive sound. Release your senses.

- Class-leading⁵ 325 hp • 3.7-liter VVEL[®] V6 engine • 7-speed automatic transmission (available 6-speed manual)
- Coupe-like top-up exterior design • Stunning top-down interior design • Bose[®] Open Air Sound System with Bose[®] front seat Personal[®] speakers²
- USB connection port • Bluetooth[®] Hands-free Phone System^{2,6} • Infiniti Hard Drive Navigation System with Lane Guidance²
- Intelligent Cruise Control² • Climate-controlled front seats with cooling feature² • Infiniti Voice Recognition for audio and navigation systems²

1

THE ELEVATION OF MORE HUMAN

INNOVATION

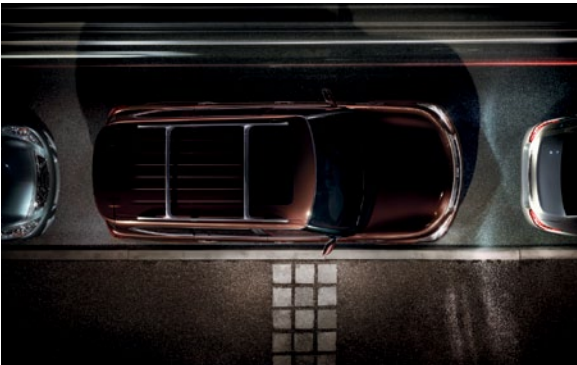

Infiniti-first technologies are constantly looking beside you, around you, and ahead. Innovation is becoming tradition with breakthroughs crafted to help make driving more seamless. As convenient and intuitive as possible.

Around View® Monitor^{2,7}

The world's first Around View® Monitor delivers advanced, yet intuitive, technology helping to make parking your vehicle easier. Four cameras positioned around the vehicle give you an above-view, virtual 360° view on your display. With a perspective on your proximity to other cars and objects on all sides when parking, you can feel more confident maneuvering in even the tightest spaces.

The perfect combination of innovation and ease-of-use, the Around View® Monitor is a visual tool that delivers peace of mind, by allowing you to gauge the space around you.

WORLD'S
FIRST:
2007

WORLD'S
FIRST:
2008

Distance Control Assist (DCA)⁹ and Intelligent Cruise Control (Full-Speed Range)⁹

Ease-of-use. Simplicity in traffic. Infiniti has transformed the driving experience by offering two unique technological advances. The world's first Distance Control Assist (DCA) which intuitively helps the driver release the throttle and apply the brakes as needed in slowing traffic. Intelligent Cruise Control (Full-Speed Range) provides the added advantage of intuitively slowing your vehicle and helping you maintain a safe distance between you and slowing traffic, and reaccelerates to your pre-set speed and distance as traffic flow picks up. Visionary innovations and personal conveniences are available to you with a simple touch of a button.

TOMORROW: INNOVATION LOOKS INSIDE.

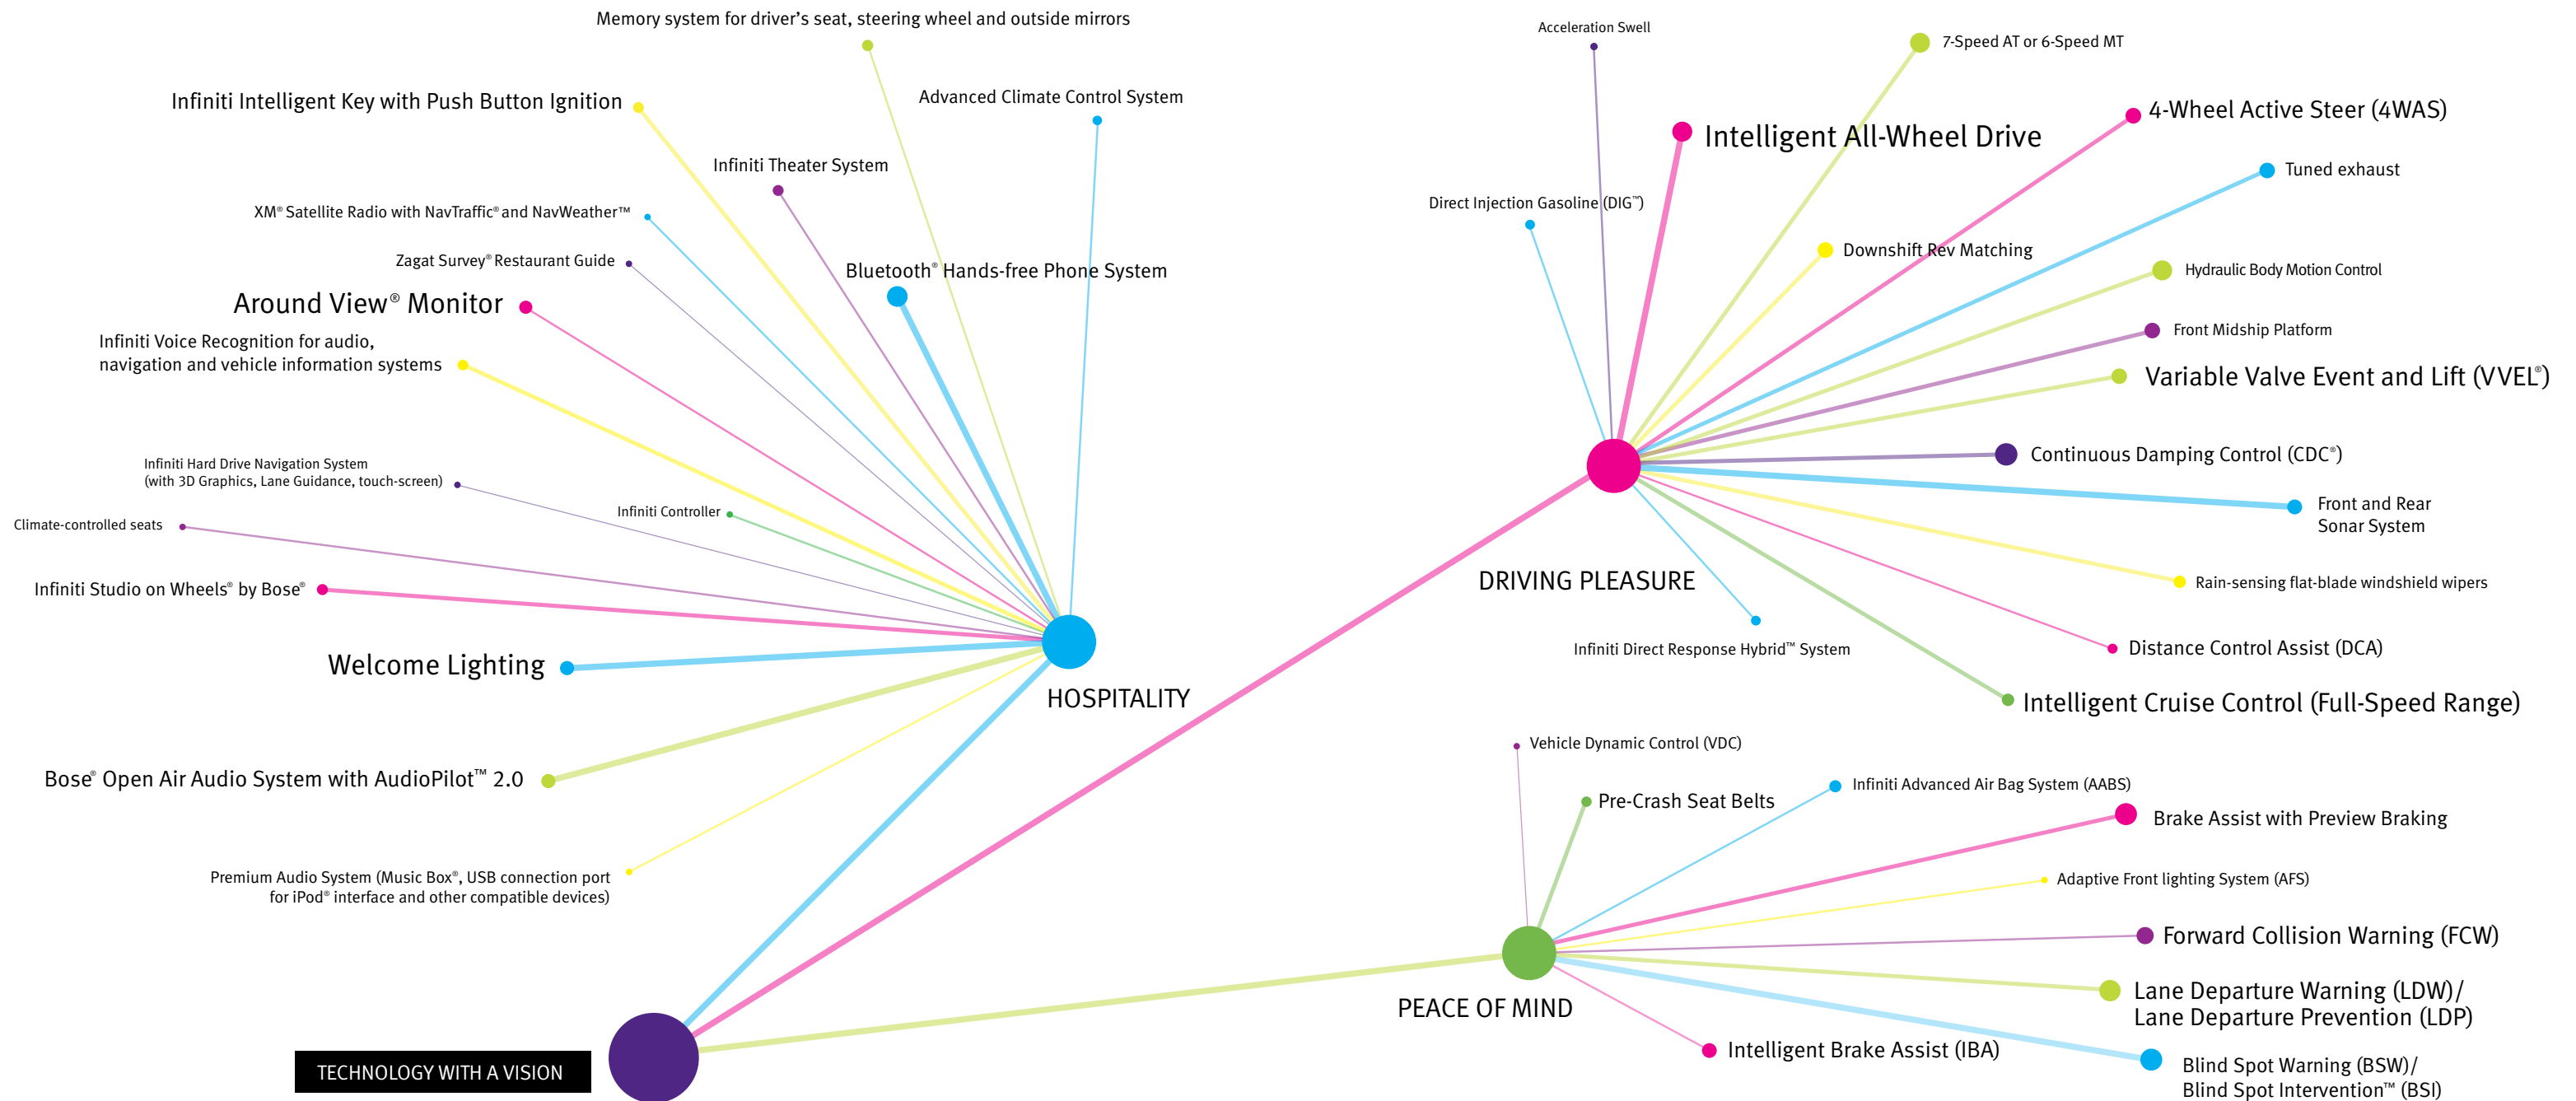

Blind Spot Intervention™ System^{2,10}

The world's first Blind Spot Intervention™ system uses sensors to help alert you to a vehicle detected in the blind spot area and helps you avoid it if your vehicle approaches the lane markers. First, a visual warning appears if another vehicle enters the blind spot area in an adjacent lane. Then an audible warning will sound if you begin moving toward the occupied lane, and the system will apply opposite-side brakes to help you guide your vehicle back to the center of your current driving lane, helping you reduce the risk of an accident.

WORLD'S
FIRST:
2010

Our suite of technologies is thoughtfully crafted with a sense of purpose and perception, seeking to reward you with hospitality and enhance your driving sensation and peace of mind. InfinitiUSA.com/technology

Lane Departure Prevention (LDP)^{2,11}

As the first company to equip its vehicles with a Lane Departure Prevention (LDP) system, Infiniti delivers technology that looks ahead. LDP watches for drift between lanes while driving and automatically compensates to help you ease your car back to the lane of travel. What this means: when turned on, sensors integrate data from a small camera mounted above the rearview mirror to gauge distance from the lane markers. LDP lightly taps selected brakes when necessary to help you ease your car back into the proper lane, or allows for unimpeded lane changes when you signal. But you never give up control. It's a safety feature, not an override.

Available on: Infiniti M, EX, FX, QX

Intelligent Brake Assist (IBA)¹² with Forward Collision Warning (FCW)¹³

Available Intelligent Brake Assist (IBA) system with Forward Collision Warning (FCW) uses a laser rangefinder to continuously monitor and analyze closing speeds to a vehicle or other obstacles ahead. FCW can help determine an imminent collision and provide a two-stage warning to the driver as the vehicle moves towards impact. If the driver does not respond adequately to both consecutive warnings and a collision can no longer be avoided, IBA will automatically engage the brakes to help reduce the impact speed and thus mitigate some of the crash consequences.

Available on: Infiniti M, EX, FX, QX

Intelligent All-Wheel Drive

Infiniti's Intelligent All-Wheel Drive is one of the most advanced all-wheel drive systems on the planet. It helps provide power and support where and when you need it most by monitoring your driving conditions and adapting to them. By constantly monitoring wheelspin, throttle position and vehicle speed, this system automatically diverts up to 50% of the available power to the front wheels, enhancing traction and control when conditions are less than optimal. When all-wheel drive is not needed, the system sends 100% of the power to the rear wheels for more sporty road performance.

Available on: G Sedan, G Coupe, Infiniti M, EX, FX

4-Wheel Active Steer (4WAS)

Turn to turn, straightaway to off-ramp, 4-Wheel Active Steer (4WAS) transforms already nimble handling into an even more graceful expression of performance and control. The technology actively adjusts both the front steering ratio and the rear wheel angle for handling that is even more responsive and predictable. Creating a dynamic character that fluently matches the corner you're taking.

Available on: Infiniti M

Convenient, Anticipatory Amenities

Touching the smaller details of your Infiniti with thoughtful design is one of the essential elements to how we cater to your needs holistically. Enjoy your music from a variety of sources, whether you prefer iPod®, USB-compatible device, CD, DVD or your cell phone.¹⁴

A deeper level of ease and convenience is achieved through a number of services that utilize the new high-resolution monitor screen for better viewing of graphics, icons and images. XM NavWeather™ provides current weather conditions, a three-day forecast and regional information. On approach of a highway exit, the Infiniti Hard Drive Navigation System can provide an overview of the upcoming food, gas, ATM, repair shop and rest area options. The built-in Zagat Survey® Restaurant Guide will help find notable restaurants in the area and display ratings based on food, decor, service and cost. And in your haste to find that perfect meal, the speed limit advisory will remind you of the speed limits on certain streets.

Available on: All Models

INFINITI M[®]
Invigorating luxury. Masterfully envisioned.

INFINITI M[®] HYBRID
Exhilaration, uncompromised.

TO ACCELERATE THE FEEL OF MODERN REFINEMENT

2012 INFINITI M®

Revel in the thrill of human inspiration—powerfully, luxuriously realized. So that every time you sit behind the wheel of the Infiniti M, you experience exhilaration as a potent, desirable and eternally new emotion. You'll find it through the soulful, artistic intent we polish into every curve and stitch into every seam, immersing you in the comfort and sophistication that earned the M a 2010 *Ward's* Auto Interior of the Year¹⁵ from *Ward's AutoWorld*. You'll feel it in the power of either VVEL® engine, the 420-hp 5.6-liter V8 or the 330-hp 3.7-liter V6. You'll know it through the world's first Blind Spot Intervention™ System and other progressive technologies such as Intelligent All-Wheel Drive and Active Noise Control. Because the Infiniti M says something uniquely meaningful to those who drive it by capturing the essential genius of the people behind it.

2010 *Ward's* Auto Interior of the Year¹⁵

INFINITI DIRECT RESPONSE HYBRID™ SYSTEM

TO INFUSE EFFICIENCY WITH EMOTIONAL ELECTRICITY

2012 INFINITI M® HYBRID

From the imagination of Infiniti engineers comes the first true luxury performance hybrid, the Infiniti M® Hybrid. While traditional hybrids sacrifice excitement for efficiency, the unique technology of the Infiniti M® Hybrid achieves a full 32 mpg¹⁷ while giving you uninhibited, intimately connected performance. The 3.5-liter V6 engine pairs with a powerful electric motor to generate 360 horsepower,¹⁶ which flows directly into the 7-speed automatic transmission with an immediacy that makes other hybrids feel sluggish and unresponsive by comparison. Also unique to the Infiniti M® Hybrid are innovative steering and braking systems that retain an authentic feel and driver engagement. The Infiniti M® Hybrid's interior embraces you in an environment of rich reward and natural comfort, from refined, hand-crafted appointments to the soothing Forest Air® system, while intelligent features like the world's first Blind Spot Intervention™ system help put your mind at ease. It's our holistic commitment to not simply sustain the environment, but sustain your emotion, too.

FUELED BY A MORE PASSIONATE ENERGY.

Infiniti engineers' dedication to invigorating performance results in unique hybrid technologies that are fuel-efficient without sacrificing driver feel.

INVIGORATION

Infiniti Direct Response Hybrid™ System

With its 1-motor, 2-clutch design and powerful 50kW battery pack enabling high-speed motor control, the Infiniti Direct Response Hybrid™ System unleashes power with the seamless and immediate rush of a luxury sport sedan, while it can sip fuel with economy-car efficiency. It can run in purely electric drive mode, maintaining speeds up to 62 mph and coasting at speeds up to 85 mph¹⁸—completely shutting off and disconnecting the gasoline engine to help you achieve an exceptional 32 mpg¹⁷. When you need the strength of its 3.5-liter V6 engine, the combined 360 hp¹⁶ flows with an uninhibited immediacy. So unlike the vague, detached drive most hybrids deliver, you can enjoy greater fuel economy while savoring the power and responsiveness to take you from 0-60 in less than six seconds.

SUSTAINABILITY

Next-generation Hybrid Batteries

Reinventing the luxury hybrid requires a battery that defies conventional limitations. The composition and laminate design of the Infiniti M® Hybrid's lithium-ion battery achieves more power density than a conventional nickel-metal hydride battery, reducing wasted space and making the battery lighter and more compact. Because the high-output battery can switch from charge to discharge quickly, you also get more immediate response and more direct feel. The in-dash display provides battery and other essential system information, which can be viewed at the same time as the navigation instructions.

CONNECTION

Responsive Steering and Brakes

Unlike the electric steering and braking systems in most hybrids, the Infiniti M® Hybrid is tuned for performance feel and natural feedback at all levels. Its unique steering system combines the efficiency of electric power steering with the connected, communicative feel of a hydraulic system. The Regenerative Braking System not only helps charge the battery, thereby improving efficiency, but it also features a control unit honed to maintain the Infiniti M's gracefully nuanced and secure feel.

INFINITI EX

Experience the intimacy of a unique
and personal expression.

TO PERSONALIZE STYLE AND SOPHISTICATION

2011 INFINITI EX

Poised with an intimately tailored interior and technologies engineered to intuit your needs, the Infiniti EX is designed to be the ultimate expression of you, the individual. Every thoughtful detail, from the leather seats shaped to look and fit like a kimono to the available built-in driver's seat coat hanger, seems to have you in mind even before you enter the vehicle. And even then, the EX welcomes your arrival with warm light that illuminates as you approach. The world's first Around View® Monitor^{2,7} gives you a virtual 360° view of your parking environment, and an impressive 297-hp V6 engine delivers energizing performance. And with a stylishly sleek, coupe-like exterior attracting all the right kind of attention, your EX won't be the only one seeking a closer connection with you.

- 297-hp V6 engine • 7-speed automatic transmission
- Lane Departure Warning and Lane Departure Prevention^{2,11}
- Blind Spot Warning (BSW)^{2,10}
- 60/40-split power up-folding rear seat² • Bose® Premium Audio system⁷

- Standard 18-inch, optional 19-inch aluminum-alloy wheels
- Maple interior accents² • XM NavTraffic^{®2,3} and XM NavWeather^{™2,3}
- Zagat Survey® Restaurant Guide²

IN EVERY INFINITI LIVES

THE SOUL OF THE CRAFTSMAN

We believe that every vehicle we make carries the soul of every designer and engineer who created it.

At Infiniti, our work is transformed by the intelligence, skill and passion of the craftsman. Every expert who touches our vehicles delivers a vision to stir your emotions. It begins with two brushstrokes on a piece of paper—a simple expression of character that guides everyone who helps craft the vehicle, from the artist who sketches the design, to the metalworker who shapes the hood, to the test driver who tunes the engine. All have given their emotional signature. “The splendid engineer’s soul dwells in the car,” explains Infiniti Chief Vehicle Engineer Satoshi Hasegawa.

This is our intent. To create a vehicle that evokes emotion, thanks to the strong feelings that drove its creation. To fashion a bond with the driver, thanks to continuous connection from designer to engineer to car. And finally, to feel the contentment of satisfied customers when they experience the emotions that guided the craftsman’s hand.

INFINITI FX

Uncompromisingly brave. Unconventionally thrilling.

390-HP V8 ENGINE

TO AN ICON OF
PERFORMANCE
AND UTILITY

2011 **INFINITI FX**

The Infiniti FX was designed to outrun the conventional concept of the luxury performance crossover. Its sports-car-inspired architecture, visionary styling and progressive technologies break the mold of expectation. Powered by a 390-hp, 5.0-liter V8 or a 303-hp, 3.5-liter V6, its athletic character is enhanced by a performance chassis, available Intelligent All-Wheel Drive and fast-ratio steering designed to deliver a depth of exhilaration unmatched in any other crossover. Available technologies such as Distance Control Assist® and Intelligent Cruise Control (Full-Speed Range)² as well as a premium interior, enhance the bold character already sculpted into the brave exterior.

- 390-hp V8 engine or 303-hp V6 engine • Sports-car-like driving dynamics • 7-speed automatic transmission
- Intelligent All-Wheel Drive² • Intelligent Brake Assist^{2,12} • Functional side air vents • Maple interior accents²
- Intelligent Cruise Control (Full-Speed Range)^{2,9} • Distance Control Assist^{2,8} • Power rear liftgate
- Quilted leather-appointed seating² • 11-speaker Bose® Premium Audio system • USB connection port¹⁴

A WAY OF HOSPITALITY ROOTED IN

It is inherent in the meticulous design details. It is reflected in progressive thinking. And when it manifests itself, you might not even realize it's there—purposefully so. It is what happens when hospitality is cultural, and your vehicle is crafted by individuals who seem to anticipate your every need and desire, welcoming your arrival and rewarding your every moment spent inside. It is how we create intimacy in and around every Infiniti.

COMFORT.

Warm, Inviting Materials

The atmosphere inside each Infiniti reflects the artistry of color, value, texture and materials to make a distinctive impression of comfort. Rich interior appointments include leather rigorously tested to determine the perfect feel, as well as hand-crafted silver-powdered wood trim. Craftsmanship with a visual sophistication and tangible reward.

IMMERSION.

Forest Air®

Luxury can be touched, but when it reaches out and touches you it reflects the thoughtfulness of designing for a more complete emotional experience. The Forest Air® system emulates the calming sensation of a natural breeze by circulating air with a smooth, gentle ebb and flow. Rejuvenating the senses with its supple touch.

ANTICIPATION.

Welcome Lighting

At Infiniti, we believe that every time you return to your car, you should be welcomed home. Your greeting begins before you reach your vehicle, when exterior and interior lights illuminate as you approach. The effect imparts peace-of-mind while it invites you back to a safe, secure environment.

ATTENTION TO DETAIL, WITHIN EVERY DETAIL.

Our aim is to inspire unparalleled
satisfaction at every encounter.

THE TOTAL OWNERSHIP EXPERIENCE®

From the moment you walk into our dealership, it's our philosophy to show you why owning an Infiniti will be as inspiring as driving it. By recognizing, understanding, and anticipating what a luxury consumer demands, we can meet each owner's individual needs, while surpassing their expectations.

The Infiniti Total Ownership Experience® is based on that philosophy. It's a promise that each honored guest will enjoy comprehensive, personalized sales and service. From the vehicles we offer, to the services we provide, overall excellence is something we take great pride in presenting. It makes your satisfaction our personal reward. That's the foundation of The Infiniti Total Ownership Experience and that's our promise to you.

We Pledge:

- To design a vehicle that continually captivates, energizes, and enraptures the owner.
- To manufacture each of those vehicles with exacting detail and unquestionable value.
- To create a truly exceptional, luxuriously modern environment for buyers to enjoy knowledgeable staff, efficient negotiating, and straightforward financing.
- To act on our commitment by delivering personal sales and service experiences tailored to meet the needs of each honored guest.

We Deliver:

- Complimentary Infiniti Service Loan Car¹⁹
- 24-hour Infiniti Roadside Assistance²⁰
- Trip Interruption Benefits, including alternative transportation and lodging²⁰
- Standard 4 years/60,000 miles Limited Warranty
- Optional Elite Infiniti Extended Protection Plan of up to 7 years/100,000 miles²¹
- Ownership Online offers Infiniti content, vehicle information, online bill payment, account information, and more.

COLOR

REFINED TO TRANSFORM CHARACTER.

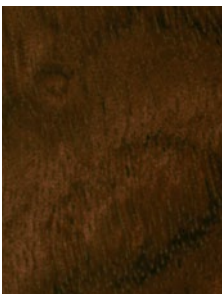

Beyond being visually appealing, Infiniti color is designed to create energy and elicit emotion.

Creating hues that change in response to light and angle, offering a new, intriguing look every time a vehicle is seen to create a more lasting allure. Or matching exterior and interior colors to reflect the distinctive energy and mood of the seasons. These are just two ways Infiniti designs color to evoke feeling, express character, and shape the emotional essence of a vehicle.

Fees and programming subject to change. Subscriptions governed by XM Customer Agreement available at xmradio.com. ©2011 SIRIUS XM Radio Inc. SIRIUS, XM and all related marks and logos are trademarks of SIRIUS XM Radio Inc. and its subsidiaries. 4. Based on WardsAuto.com's Lower Luxury Car Class, with MSRP under \$48,000. 2011 G37 Coupe vs. 2011 Competitors. Excludes V8 models. 5. Based on WardsAuto.com's Lower Luxury Car Class, with MSRP under \$48,000. 2011 G37 Convertible vs. 2011 Competitors. Excludes V8 models. 6. Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone owner's manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Infiniti is under license. 7. Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. 8. Distance Control Assist helps maintain a distance to the vehicle in front of you under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. 9. Intelligent Cruise Control (Full-Speed Range) is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. 10. The Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures. The systems will not prevent contact with other vehicles or accidents due to careless or dangerous driving techniques or detect every vehicle or object around you. 11. The Lane Departure Warning/Lane Departure Prevention systems operate above approximately 45 mph and only when the lane markings are clearly visible on the road. They will not prevent loss of control. See your owner's manual for more details. 12. Intelligent Brake Assist is not a collision avoidance system. It may not provide warning or braking in certain conditions. Never rely solely on Intelligent Brake Assist. 13. Forward Collision Warning cannot prevent accidents due to carelessness or dangerous driving techniques. Always drive safely. 14. Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See Retailer for details. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod not included. 15. Premium-priced car category. *Ward's AutoWorld*, April 2010. 16. Hybrid System Net Power—360 hp. 17. 2012 EPA Fuel Economy Estimates. Actual mileage may vary with driving conditions. Use for comparison only. 18. M Hybrid coast down feature was tested. 19. Service Loan Car during Basic New Vehicle Limited Warranty at Infiniti retailers for scheduled warranty service subject to availability. Restrictions apply. 20. Roadside Assistance and Trip Interruption Program available during the first four years after initial new-vehicle delivery. See Retailer for details. 21. See your local Infiniti retailer for details and read the warranty booklet or

extended protection plan. 22. When towing at or near Maximum Trailer Weight, the allowable vehicle cargo and/or number of passengers is reduced because it is necessary to stay below the Gross Combined Weight Rating and the Gross Axle Weight Rating. If the vehicle has cargo and passengers, the allowable Maximum Trailer Weight is reduced. See your Infiniti Towing Guide and owner's manual for proper use. 23. The Front and Rear Sonar System is a convenience, but not a substitute for proper parking procedures and/or backing procedures. Always check that it is safe to do so before moving forward or backing up. May not detect every object in front of or behind you. 24. Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your owner's manual for more details.
