

Q70

2015

 INFINITI.

A woman with long, wavy hair, wearing a black, backless dress, stands in the foreground, looking towards a silver Infiniti Q70. The car is parked in a modern, brightly lit interior space with a high ceiling and large windows. The car's headlights are on, and the Infiniti logo is visible on the front grille. The overall atmosphere is sophisticated and elegant.

IT'S INSTINCT

Give in to it. Be summoned by an audacious beauty that stirs something within. It will lead you to rewards that can only come from engineering and design that satisfy through your senses. In the redesigned Infiniti Q70, you'll discover a different type of flagship luxury that elevates the tactile and celebrates power and dynamic movement. Trust your impulses. They've been waiting for the exceptional.

IT'S INSTANT

There's energy in every moment. An electricity released by the fusion of power and intelligence that takes you farther and faster than either alone. Feel luxury invigorated, not merely accelerated.

INTELLIGENT ALL-WHEEL DRIVE¹ infinitely adjusts for better traction when you need it and more dynamic handling when you don't.

INFINITI DIRECT RESPONSE HYBRID^{®1} doesn't require a compromise between efficiency and exhilaration. It pulses with 360 horsepower delivered with heart-pounding immediacy, while achieving up to 34 highway miles per gallon.²

IT'S DEVOTION

Within every movement is a commitment to inspire every moment. Our insatiable drive for an invigorated connection is revealed when your space is sanctuary and when your fingertips find tools to facilitate your journey. In motion, you will discover dedication.

INFINITI HARD DRIVE NAVIGATION^{1,3} offers a 3-D view and simple interface for increased ease and confidence, helping you find your location and your destination, even in crowded city settings.

ACTIVE NOISE CONTROL seeks to cancel out unwanted noise entering the cabin, so the only thing you hear is the song of performance.

PREDICTIVE FORWARD COLLISION WARNING^{1,4} scans ahead, even monitoring the vehicle that's ahead of the one in front of you, to help warn you of potential danger and give you a better chance to avoid a collision.

FORWARD EMERGENCY BRAKING^{1,5} adds another dimension of security in the XE. It detects vehicles ahead in the traveling lane and applies the brakes to help minimize a collision and if possible, helps prevent one.

IT'S POISE

Order above chaos. Preparedness rises over the unexpected. When you are attuned to your environment, you will more confidently move through it.

BLIND SPOT INTERVENTION^{®1,6} helps alert you to vehicles you may not see. If it detects a vehicle in your blind spot area, it warns you and can intervene to help you avoid a collision.

BACKUP COLLISION INTERVENTION^{1,7} extends your awareness and your confidence. It scans the area behind your vehicle while in reverse and can warn you if it detects rear cross-traffic and large stationary objects. It can even brake for you to help you avoid them.

AROUND VIEW[®] MONITOR lets you see your surroundings as though from above for an extraordinary level of awareness^{1,8}

Step out of the routine and reach new heights of potential. Step from the Infiniti Q70 and find you have been moved in new ways. In the richness you touch, the space that surrounds, the sounds that invigorate, you will discover true reward is the transformation of refinement into rejuvenation.

CLIMATE-CONTROLLED SEATS¹ surround you in greater comfort by pushing cool or warm air through the front seats to keep you entirely in your preferred temperature zone. Arrive at your destination refreshed and relaxed.

INFINITI CONTROLLER allows you to command your technology in the manner you find most intuitive. Through buttons, turning ring or touchscreen, it responds to you rather than you conforming to the system.

BOSE® STUDIO SURROUND^{®1} envelops you, creating depth and ambiance for a wider, more immersive sound. Music fills the cabin with soothing richness and thrilling intimacy.

OBJECT OF ATTRACTION

2015 INFINITI Q70

AMBIANCE

A welcoming and evocative space is measured by its ability to stir your emotions.

16 SPEAKERS

AUDITORY INDULGENCE Each of the 16 speakers of the Bose® Studio Surround^{®1} sound system is custom-tuned for the interior of the Infiniti Q70. Every speaker, including those mounted in the shoulders of the front seats, reproduces sound with legendary Bose® signal processing to create rich and realistic 5.1 surround sound imaging. The system also allows for a wide variety of media sources, including satellite radio, your personal iPod® and wireless streaming with a compatible Bluetooth®-enabled device.

FINER FABRICS The seat belt is one of the few surfaces you continually touch, so we found a variable herringbone weave for the webbing that is softer than standard fabrics. Not only is it more pleasing to the touch, but being more compliant, it allowed us to reduce the friction of the seat belt mechanisms. The seat belt is more comfortable to wear, easier to pull out and even less likely to snag the thread of your finest fabrics. No element is too small.

ABUNDANT SPACE The interior of the Q70 was designed to emphasize both the rewards of spaciousness and the feeling of space. It offers excellent head and hip room for all passengers. Interior elements like the roof and windshield pillars are shaped to give a more open feeling. Each seat is rewardingly supportive and even taller rear passengers will have comfortable legroom. What's more, a wide trunk opening gives you easy access to a spacious luggage compartment.

MATCHLESS MATERIALS The craftsmanship in an Infiniti Q70 is not limited to the exquisite ergonomics and trim. Your fingertips will seem to recognize an instinctively rewarding feel in the armrest and other surfaces. We took one-and-a-half years, surveying 360 people all over the world to quantify the most pleasing tactile feel. With tension and texture that match the depth and spacing of the ridges in your fingerprint, we've imbued the surfaces you'll engage most with the perfect touch.

POWER

Exceptional build quality, fuel efficiency² and output can be measured with instruments or graphs, but the true excellence of Infiniti engines is in the feeling unleashed as you drive.

360
HP

34
HWY MPG²

3.5-LITER V6 ENGINE WITH INFINITI DIRECT RESPONSE HYBRID^{®1}
The Infiniti Q70 Hybrid is the vehicle that redefined hybrid power. Combining a powerful V6 engine with a 50 kW electric motor gives the system a total 360 horsepower. But unlike many hybrids, it transitions from all-electric mode to full-power hybrid mode with thrilling intensity and organic responsiveness. All while achieving a surprising 34 highway mpg.²

330
HP

26
HWY MPG²

3.7-LITER V6 GASOLINE ENGINE¹ Its robust design, exceptional power-to-weight ratio, advanced technology and fuel efficiency have won it acclaim from critics and fans alike. Benefiting from Variable Valve Event and Lift (VVEL[®]) technology, it adjusts on the fly to make the most of every breath and every bit of fuel, resulting in a stirring 330 horsepower while achieving up to 26 highway mpg.²

420
HP

24
HWY MPG²

5.6-LITER VVEL[®] V8 WITH DIRECT INJECTION¹ The most formidable engine Infiniti has ever built, this powerful and responsive 5.6-liter V8 delivers a thrilling performance. It produces a stirring 420 horsepower and boasts 417 lb-ft of torque to produce a torrent of power that is delivered with the polish and precision to suit virtually any driving scenario you might encounter or excitement you might desire.

PERFORM

Underneath its alluring physique lies the foundation of the thrilling dynamics of Infiniti Direct Response performance engineering.

48
REAR

52
FRONT¹

INNATELY RESPONSIVE BALANCE The engineering philosophy behind Infiniti performance coupes and sedans, the Front-Midship Platform, also underlies the design of the spacious Infiniti Q70. Placing the engine's center of mass just behind the front wheel center line creates a near-equal front-to-rear weight ratio, with a slight front bias that you'll feel as quicker turn-in and even balance as you accelerate out of a corner. Experience precision and engagement you might expect from a sports car.

EFFICIENT INVIGORATION No hybrid design is quite like it, and none can match its emotional intensity. The 50 kW electric motor and cutting-edge lithium ion batteries of the Infiniti Direct Response Hybrid®¹ are powerful enough to allow you to maintain cruising speed in all-electric mode. When not needed, the 3.5-liter V6 gasoline engine is turned off and completely disconnected, maximizing mechanical efficiency. And yet, it responds to your call for power with a stirring intensity.

CONTROL WITHOUT COMPROMISE When conditions are ideal, Intelligent All-Wheel Drive¹ sends 100% of the power to the rear wheels for more sporty response and performance. But it also constantly monitors wheelspin, throttle position and vehicle speed, and can divert up to 50% of the available power to the front wheels to enhance traction and control when conditions are less than optimal.

MORE RESPONSIVE BRAKING With ventilated discs and aluminum 4-piston opposed front calipers and 2-piston opposed rear calipers, the available Sport Brakes provide great stopping force from both sides of the rotor at the same time for better bite, more friction and direct feel.

THE SOUND OF PERFORMANCE A performance car speaks to you through its exhaust, and the specialty exhaust tuning on the Q70 shapes that sound into something uniquely compelling. Not only does it make an Infiniti unmistakable, it makes every trip up and down the tachometer an experience that transcends engineering and enters the realm of pure emotion.

UNRIVALED PERFORMANCE Featuring a 1-motor, 2-clutch parallel hybrid powertrain, the masterfully engineered, high-speed motor control technology enables a seamless transition between the gasoline engine and electric motor—providing a smooth and responsive ride with thrilling acceleration that goes beyond what was thought possible from a hybrid.

LIGHT ON ITS FEET These stunning 20-inch alloy wheels¹ heighten both the looks and performance of the Q70. Lightweight, thanks to both material and design, they reduce unsprung weight. That reduction of mass makes driving more exciting by allowing the suspension to be more finely tuned and by making the handling of the Q70 more responsive and more nimble.

ASSIST/ENTERTAIN

The advanced technologies of Infiniti InSuite™ simplify tasks and anticipate your needs as they keep you in touch with and in control of your world.

ALL-AROUND AWARENESS The Around View® Monitor with Moving Object Detection⁹ and Front and Rear Sonar System^{1,10} give you exceptional awareness of your environment as you park. You'll see a simulated 360° view from above, showing you clearly the objects detected around your car. And the system will even alert you to moving objects detected in your vicinity. It intuitively puts you in touch with your surroundings, while simultaneously putting you at ease.

CRAFTING TRANQUILITY Active Noise Control ensures that the cabin of the Infiniti Q70 offers better solace from the outside world. Intelligent technology uses a microphone in the ceiling to identify undesirable low-frequency engine sounds and neutralizes them with sound waves of the opposite phase. The result is a quieter and more peaceful driving experience, which still preserves the more invigorating sounds of engine performance.

A SMARTER WAY TO SEE The Adaptive Front lighting System¹ on the Q70 lights not just the way ahead, but around as well. It directs light toward corners by turning the headlights in coordination with steering input to help the driver see upcoming vehicles and pedestrians, and to help you reach your destination safely.

FULLY INTEGRATED SERVICE Infiniti Connection™^{1,11} is a complete package of convenience services seamlessly integrated with your vehicle and your life. It offers a broad range of helpful assistance like Automatic Crash Notification (ACN), which alerts authorities in case of a collision, and Max Speed Alert. These services can be accessed through a variety of methods, including the Infiniti Connection™ app for compatible smartphones and the vehicle's navigation system.

SECURING YOUR SPACE Distance Control Assist^{1,12} employs a sensor to monitor the vehicle in front of you and helps you maintain a safe following distance. As your following distance becomes too short, the system can automatically engage the brakes as you release the gas pedal, and it can warn you if you need to brake. If your foot stays on the gas pedal while closing in on the other vehicle, it can push the pedal upwards to assist you in releasing it.

EASE IN TRAFFIC Intelligent Cruise Control (Full-Speed Range)^{1,13} allows you to choose your desired speed, and automatically slows your vehicle in slowing traffic, going all the way to a complete stop. Then, as traffic flow picks up, it re-accelerates your vehicle to your preset speed. This visionary innovation and the personalized convenience it offers is available with a simple touch of a button.

EXTEND YOUR AWARENESS Engage reverse and the RearView Monitor⁸ displays the area directly behind. Colored guidelines help give you an accurate sense of how close you are to objects behind, and they adjust as you turn, to show your path.

PROTECTION

The Infiniti Safety Shield® concept—our comprehensive approach to safety—layers technologies to monitor conditions, help you avoid a collision, and help protect you and your passengers when one occurs.

ALWAYS LOOKING FOR DANGER Predictive Forward Collision Warning^{1,4} can warn you of a possible collision, even when the cause is ahead of your forward field of vision. It uses radar to continuously monitor and analyze the relative velocity and distance of not only the vehicle directly ahead of you, but of the vehicle in front of that one as well. If the system detects a potential risk, it provides an alert and tightens the driver's seat belt to help restrain you.

PREPARED TO HELP PROTECT Forward Emergency Braking^{1,5} employs a system to analyze if deceleration is required. Once detected, the driver is alerted visually and audibly. The accelerator pedal is pushed up and the brakes are applied to help slow the vehicle down. If there is a possibility of a collision, harder braking is applied. If unavoidable, the system engages the brakes and tightens the driver's seat belt to reduce speed and damage.

SENSES WHERE YOU CAN'T SEE The Blind Spot Intervention® System^{1,6} uses sensors to help alert you to a vehicle detected entering the blind spot area in an adjacent lane and helps you avoid it. First, the warning light illuminates. Then, if you begin moving toward the occupied lane, a warning sounds. The system will even apply opposite side brakes to help you guide your vehicle back toward the center of your current driving lane.

MAINTAINING YOUR LANE The Lane Departure Prevention System^{1,14} uses a camera to watch for departure from the traveling lane when you haven't signaled, and audibly warns you if it's detected. Then, if the drift continues, the system lightly applies selected brakes to help ease your vehicle back into the travel lane. But you never give up control. It's designed to assist, not override.

REVERSE WITH GREATER CONFIDENCE Backup Collision Intervention^{1,7} employs an advanced set of sensors to help detect vehicles approaching from either side as you back up. If a vehicle is detected, the system alerts you—first, a warning light appears, then an audible alarm sounds, followed by gas pedal-force feedback. The system can even intervene by automatically engaging the brakes to help avoid a collision.

THE SUPPORT YOU NEED In certain rear-end collisions, the Front-seat Active Head Restraints found on the Q70 can move forward to help cushion the head to help assist in reducing whiplash-type injuries.

STRONGER AND LIGHTER Ultra high-strength steel is used to help enhance your safety in the case of a collision. The unique process used to create this material can give it more than twice the tensile strength of conventional steel. Not only does this ultra-strong material add to the vehicle's resiliency, it allows us to make the vehicle lighter overall.

ENHANCED PROTECTION Infiniti puts an array of air bags between you and an impact, including dual-stage front supplemental air bags of the Infiniti Advanced Air Bag System that adjust inflation rates based on the severity of the crash and seat belt usage. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags¹⁵

INFINITI Q70L

Fusing the invigoration of a performance luxury car with the exclusiveness of a sedan that offers increased rear legroom.

Outside, the extended curves of the Infiniti Q70L exude an even greater presence. Inside, its nearly 6 inches of added legroom reveals true devotion. For those who enter the rear seat, its rear door closure assist welcomes you in. Indulge in the extensive legroom and spacious cabin that offers you room that's expansively yours. Heated seats¹ and a reading light keep you company, while a rear sunshade¹ also makes sure you're always at your most comfortable.

Yet for the driver, the rewards of added rear space and refinements do not compromise the dynamic movement of the Infiniti Q70L. The length that has been added to the wheelbase helps maintain its poise and delivers an exceptionally smooth ride while maintaining the sharp responsiveness that makes driving exhilarating.

SELECTION

Hues that change in response to light and angle. Matching exterior and interior colors to reflect the distinctive energy and mood of the seasons. These are two ways Infiniti designs color to evoke feeling, express character, and shape the emotional essence of a vehicle.

GENUINE INFINITI ACCESSORIES

The same exacting standards applied to the creation of an Infiniti vehicle go into designing and manufacturing Genuine Infiniti Accessories. With a wide array of quality products designed to integrate seamlessly, you can be assured of a custom fit and finish.¹⁶ For more information and to shop online for Genuine Infiniti Accessories, go to parts.infinitiUSA.com.

ACCESSORIES SHOWN Splash guards, 20-inch split 5-spoke aluminum-alloy wheels, rear decklid spoiler.

18-INCH ALLOY WHEELS Wherever you go, there'll be no question to your sense of style and love of sporty design. These eye-catching wheels utilize lightweight alloy and original Infiniti logo center caps.

STAINLESS STEEL ILLUMINATED KICK PLATES Infiniti logo glows softly along the bottom of the front door sills—a signature flourish you and your passenger will appreciate every time you get in.

INTERIOR AMBIENT LIGHTING The warm and engaging glow welcomes you as you get settled. It adds ambiance to the interior and enhances its modern appeal.

SPLASH GUARDS The color-matched splash guards reduce spray on lower body panels, while helping prevent nicks and scratches caused by road debris under most weather conditions.

TRUNK NET¹⁷ Durable and unobtrusive, it conveniently helps you organize your possessions in the trunk, and helps keep them safely in place.

ALL-SEASON FLOOR MATS Custom-made of durable and long-wearing material—they are designed to protect the interior footwell and capture dirt, sand and other debris while staying securely in place.

This brochure is intended for general descriptive and informational purposes only. It is subject to change and does not constitute an offer, representation or warranty (express or implied) by Nissan North America, Inc. Interested parties should confirm the accuracy of any information in this brochure as it relates to a vehicle directly with Infiniti Retailer before relying on it to make a purchase decision. Nissan North America, Inc., reserves the right to make changes, at any time, without prior notice, in prices, colors, materials, equipment, specifications, and models and to discontinue models or equipment. Due to continuous product development and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. Specifications, options and accessories may differ in Hawaii, U.S. territories and other countries. For additional information on availability, options or accessories, see your Infiniti Retailer or visit Infiniti website. INFINITI names, logos, product names, feature names, and slogans are trademarks owned by or licensed to Nissan Motor Co. Ltd., and/or its North American subsidiaries. Other trademarks and trade names are those of their respective owners. ©2014 Infiniti.

1 Available on select models. 2 2015 EPA Fuel Economy Estimates. MPG 29 city/34 hwy (Q70 Hybrid), 18 city/26 hwy (Q70 3.7), 16 city/24 hwy (Q70 5.6). 3 Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. 4 PFCW is intended to warn you before a collision occurs; it cannot prevent a collision and may not detect every vehicle or object. PFCW operation subject to speed and other limitations. Always drive safely. 5 FEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. Always drive safely. 6 Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures. The systems will not prevent contact with other vehicles or accidents. They may not detect every vehicle or object around you. 7 BCI will not detect every object, and speed limitations apply. Always check surroundings and turn to look behind you before moving vehicle. See Owner's Manual for details. 8 Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. 9 AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. 10 The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. 11 Driving is serious business. Only use Infiniti Connection[™] and Infiniti Connection Plus services when safe to do so. Services, including automatic crash notification and SOS, require an active subscription, and are dependent upon the telematics device being in an operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Infiniti Connection Customer Care or receive support. Services require compatible 2G GSM/GPRS cellular network provided by AT&T. 2G cellular network not available in all areas and/or available at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Infiniti's control. AT&T has announced that on December 31, 2016, AT&T will terminate 2G network availability. Like other devices that rely on 2G network coverage, once the 2G network is terminated, Infiniti Connection and Infiniti Connection Plus services will not function unless equipment replacements, upgrades, or alternative 2G network coverage are available at that time, which Infiniti cannot guarantee. Infiniti is not responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Certain vehicle services, including Google[®] compatible services, provided by independent companies are not within Infiniti's control and are subject to change without notice or liability to Infiniti and its affiliates and agents. Complimentary 12 month subscription begins on your date of purchase. Subsequently, your credit card (if on file) will be charged at the then current subscription rate and your service will continue for 1 year periods under the terms of your Subscription Agreement, or until 2G coverage is terminated on December 31, 2016 (if equipment upgrades or roaming charges are not available by that date). Standard text rates and/or data usage may apply. Terms and conditions of Subscription Agreement apply. The Infiniti Connection Plus Max Speed Alert feature is dependent upon subscription enrollment and the telematics device being in operative condition, cellular connectivity, navigation map data and GPS satellite signal reception. Terms and conditions of Infiniti Connection Subscription Agreement apply. See InfinitiUSA.com for more information. 12 Distance Control Assist helps maintain a distance to the vehicle in front under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. 13 Intelligent Cruise Control is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. 14 LDW/LDP operate only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. 15 Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts accured to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. 16 Genuine Infiniti Accessories are covered by Infiniti's Limited Warranty on Genuine Infiniti Replacement Parts and Genuine Infiniti Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 4-year/60,000-mile (whichever occurs first) Infiniti New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details. 17 Cargo and load capacity limited by weight and distribution. Always secure all cargo. 18 Always give your full attention to driving. Avoid operating your iPod[®] in such a way that you can be distracted during vehicle operation. See Retailer for details. iPod is a registered trademark of Apple Inc. All rights reserved. iPod[®] not included. 19 Availability of specific features is dependent upon the phone's Bluetooth[®] support. Please refer to your phone Owner's Manual for details. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Infiniti is under license. 20 Required SiriusXM Satellite Radio, NavTraffic and NavWeather subscriptions sold separately and are continuous until you call SiriusXM to cancel. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic available in select markets. Satellite Radio U.S. service and NavWeather service available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2014 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. 21 Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. 22 VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. 23 TPMS is not a substitute for regular tire pressure checks. 24 Active Trace Control cannot prevent accidents or loss of control. It is the driver's responsibility to be in control of the vehicle at all times. 25 May require additional options or option packages.

PARTNERS IN THE INTENSE

The pulse races. Seconds split. Victories are won and lost. In Formula One, technology and human ingenuity are pushed to the limit. Yet, success is ultimately a measure of the passion that goes into every invention and is released every lap. This passion has led Infiniti Red Bull Racing to become, in recent years, the most dominant force on track.

Infiniti is drawn to Formula One racing because it is engineering genius applied purely to creating emotional excitement. A feeling of exhilaration that extends from the track to the fans, to the culture of Formula One, through our partner, Infiniti Red Bull Racing. The heart and determination the team has shown has led them to four Formula One Constructors' World Championships in the last five years. Our synergistic relationship is one that promises thrilling new performance capabilities for both Formula One and Infiniti vehicles. This exchange of both technology and ideas includes input directly from our Formula One drivers—harnessing their supreme driving senses to ensure every future Infiniti vehicle is as dynamic as possible and ultimately, reinvigorating your drive.

Car shown is RB10/2014. Information and images correct at time of printing.

Ultimate luxury is more than perfection. It is the feeling of unrestrained joy that unleashes something special in your heart. We at Infiniti believe there are times when reason should take a backseat and emotion—pure and primal—should be the driver. Tangibles play a part, of course: the sensual, flowing lines; the smell of leather; the visceral roar of the engine. Established in 1989, Infiniti has now grown to include sedans, coupes, convertibles, crossovers and SUVs in its lineup and reaches across 50 countries worldwide. Infiniti has generated respect as the provocateur brand in the premium category, with a reputation for defying convention and creating irresistible and provocative automobiles, engineered with obsessive attention to detail. Our passion for ultimate precision, exhilarating performance and that exuberant driving experience is also manifested in the partnership that Infiniti established with Red Bull Racing in 2011. All of which contributes to the feeling that to drive an Infiniti is something special.
