

QX80

2016

MOVE EMPOWER INDULGE

You live larger than most people's dreams and the true luxury of the Infiniti QX80 empowers you to realize your potential with commanding capabilities and undeniable presence.

BOLD IN DESIGN. UNMISTAKABLE IN PRESENCE

Much more than its full-size stature, the QX80 expresses confidence in the clarity of its lines and the sculpting of its curves. It is an invitation to live audaciously.

IMPRESSION AMPLIFIED Expressing signature Infiniti design, the double arch grille is prominently placed in front and center. The arc of the bottom, like a natural reflection to that of the top, gives the front fascia a distinctive appearance.

EXPRESSIVE ILLUMINATION Stylish and functional, the LED headlights of the QX80 shed light where you steer and also provide another level of awareness with signature LED daytime running lights.

ATHLETIC STANCE Large 22-inch forged aluminum-alloy wheels¹ not only complement the epic proportions of the QX80, they are designed to make handling more responsive. The lightweight construction inherently reduces unsprung weight and helps contribute to quicker turn-ins.

FUNCTIONALLY SEDUCTIVE Zero-lift aerodynamics ensure your QX80 is balanced while in motion, helping maintain exceptional stability at speed and its intimate connection to the road, even in turbulence.

POWER THAT PUSHES YOUR BOUNDARIES

Discover a whole new world with capability delivered through refinement and revealed with its performance.

POWER TO PULL

Along with an impressive 8,500-pound towing capacity², the QX80 offers you an extra dose of confidence and control with just the push of a button. Engage the Tow Mode and the tuning of the engine adjusts to draw out more pulling power. It also adjusts the transmission for shifts that accommodate your heavy load.

5.6L V8

Designed to be both more powerful and more efficient, the 5.6-liter V8 direct injection petrol engine features Variable Valve Event and Lift technology (VVEL[®]) that enhances throttle response as well as economy. 400 hp and 413 lb-ft of torque deliver an impressive 8,500 lb towing capacity and the ability to pass with confidence.²

NATURALLY SMOOTH SHIFTING

The 7-speed automatic transmission offers a wide selection of gears for versatile performance and enhanced fuel economy. A driver-adaptive learning algorithm familiarizes with your driving style and adjusts shifting for responsiveness or efficiency to suit you.

A CONTINUOUS RUSH

Acceleration Swell is our vision of power, dedicated to delivering a shape and feel to acceleration. By precisely tuning the engine to unleash torque at a broader rev range, the force you feel seems to increase the faster you go, making Swell feel more like a limitless rush than a momentary thrill.

PULLING STABILITY

When heavy cargo is loaded into the rear or when towing, the Rear Auto-Leveling Suspension of the QX80 adjusts the suspension to help maintain an optimum ride height, providing you with better handling, braking and directional stability.³

ELEVATE YOUR COMMAND

The Infiniti QX80 rises above with innovations that adapt to give you more confidence on the road.

EFFORTLESS TURNS Vehicle-speed-sensitive power steering¹ gives you more power-assist at lower speeds and less at higher speeds, for greater connection when you want it, and ease when you need it.

HOLD THE ROAD All-Mode 4WD^{®1} helps ensure you're ready for anything. Set it to AUTO, and it continually adjusts power between the front and rear wheels, or enable 2WD, 4WD High or 4WD Low to handle almost any condition.

WITH
HYDRAULIC BODY
MOTION CONTROL

WITHOUT
HYDRAULIC BODY
MOTION CONTROL

BETTER CORNERING AND COMFORT The power and size of the QX80 is complemented with innovative technology to augment cornering. The Hydraulic Body Motion Control¹ system monitors force and regulates the suspension for minimized body lean and a smoother ride.

FINDING THE BEST GRIP When your adventures come across unfavorable road conditions, 4-Wheel Active Brake Limited Slip senses wheelspin, then automatically applies braking force to the spinning wheel, while directing power to the wheels with better traction.

ALWAYS EXTENDING A PERSONAL INVITATION

*Sumptuous comfort waits for you in every moment
and reveals an effortless ease in every drive.*

REWARDING ROOMINESS Designed to feel open and airy, headroom abounds in every seat. A tall greenhouse and large moonroof allow light to flow in and fill the cabin. The dash and center console open up before you, while putting essential controls within easy reach. You'll feel both in command and at ease.

IMMEASURABLE VERSATILITY Power folding third-row seats simplifies the most active lifestyles. Each side of the split-folding seats lies virtually flat by pushing a button, revealing an even more extensive, easily loaded cargo area.

SIMPLIFYING ENTRY When you arrive with luggage, automatically open the power rear liftgate with the push of a button from the location most convenient to you—the liftgate handle, lower dash or Intelligent Key. Closing the liftgate is just as simple.

INVITING YOU IN For added convenience and safety, Welcome Lighting responds to your presence automatically with a sequence of exterior then interior lights. The puddle lights illuminate the ground below, then the interior lights glow to help you settle in. The choreographed sequence ends with the Start/Stop button pulsing, waiting for you to bring it to life.

PERSONALIZED ACCESS Recognizing you upon your approach, the Infiniti Intelligent Key lets you unlock the doors or rear liftgate, and even start the engine—all without taking the key out from your pocket or purse. Open the door and the seat slides back to ease your entry and with the touch of a button, the steering wheel and outside mirrors automatically adjust to your preferences.

The image shows the interior of an Infiniti QX80, focusing on the second row of seats. The seats are upholstered in light-colored leather with vertical stitching on the backrests. A center console with wood trim is visible between the seats. The dashboard and steering wheel are also visible in the background.

SPACE THAT GIVES YOU MORE FREEDOM

Modern materials and rich textures fill a vast sophisticated space with warmth and elegance, while ingeniously adapting to needs of who or what you bring.

EXPANSIVE COMFORT However you arrange the seating in the QX80, all of your passengers will travel in rejuvenating ease and satisfaction, thanks to the legroom that abounds in every seat.

MORE COMFORTABLE QUICKLY Here, every aspect of your entrance is as hospitable as possible. Climate-controlled front seats¹ actively circulate cool or warm air through perforated quilted-leather vents, so you reach your comfort zone faster than you imagined.

SPACE THAT EMPOWERS Space is carefully designed to be eminently useful to you, even in your everyday excursions. The rear liftgate opens to a flat cargo area and when both rows are folded down, it gives you access to the 95.1 cubic feet of cargo space.²

PREMIUM SECOND ROW There is no coach class in an Infiniti QX80. Leather-appointed, spacious captain's chairs support passengers in total comfort even on long journeys. Those in the second row also enjoy heated seats¹, their own customizable climate control zone, and a spacious wood-trimmed center console armrest.

INVITE EVERYONE With comfortable seating for up to 8 adult passengers³, you'll never have to leave anyone behind. The QX80 also makes ingress and egress easy with wide door openings, and a second row that folds with the push of a button⁴. Third-row passengers will be able to enter with ease.

ACCOMMODATES EVERYONE’S INTERESTS

Along every journey, never lose touch. And in every seat, always be entertained, thanks to technologies that seek the comfort of every individual.

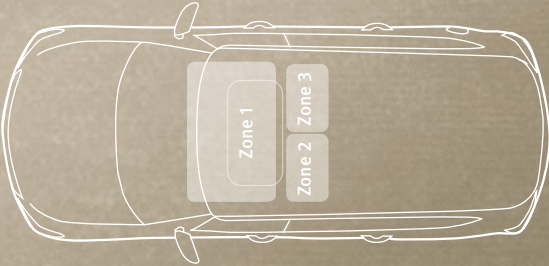

EMPOWER YOUR TOUCH The Infiniti Controller puts simple, intuitive control of your technology systems at your fingertips. It allows you to interact via the inputs most intuitive to you—turning ring, touch-screen, input buttons, and even steering wheel controls—responding to you rather than you adjusting to it.

SPEAK YOUR DESIRE Infiniti Voice Recognition allows you to set a destination on the navigation system¹⁰, call a contact from your phone, choose a radio station and much more—without removing your hands from the wheel. The system recognizes a wide variety of commands, making your life that much simpler and more elegant.

WIRELESS POSSIBILITIES Pair your Bluetooth®-compatible smartphone with your QX80 and a hands-free world opens up.⁴ Receive and place calls. Stream your favorite playlists from portable music players. All with the touch of a steering wheel button.

AUDITORY INDULGENCE The Bose® Cabin Surround^{®1} sound system brings 15 individual speakers to bear in a powerful 5.1-channel array. Their positioning and sound delivery is engineered specifically for the QX80 to filter out noise and distortion, and delivers music’s power from the front, with sound washing through the cabin to the back, as in a live performance.

PURITY OF SOUND Driver’s Audio Stage¹ answers your demand for the ultimate audio experience, by shaping the sound emerging from the audio system so that it focuses on the driver. It’s dynamic sound imaging at its most immersive.

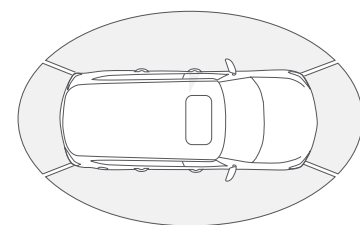

INDIVIDUALIZED ENTERTAINMENT The Tri-Zone Entertainment System³ offers dual 7-inch screens for second-row passengers, so they can play their own movies or games, even while those in front enjoy their own music.

INGENUITY

THAT ENHANCES YOUR ABILITIES

SEE EVERY SIDE Gain a new perspective on what's around you. With the Around View® Monitor with Moving Object Detection® and Front and Rear Sonar System⁷, it's easier to see and maneuver in even the tightest spaces. Four cameras and one virtual 360° view from above elevate your parking expertise, while also alerting you whether a moving or stationary object is detected close by.

COMFORT IN EVERY SEAT The Tri-Zone Automatic Temperature Control with microfilter indulges every passenger with personal comfort, offering climate controls for three distinct zones.

360°
VIEW

INGENUITY

INTUITIVE FRONT LIGHTING Illuminate where you truly want to be. The Adaptive Front lighting System (AFS)¹ improves visibility at intersections and around curves by sensing your steering and turning the headlights. Together with LED headlights, AFS helps you see not just ahead, but around as well.

A CLEARER REFLECTION Auto dimming outside mirrors make driving after dark more comfortable and more confident by reducing glare from the headlights of vehicles behind you. Throughout the day and deep into the night, your comfort is catered to.

EXTEND EFFORTLESS COURTESY As a courtesy to you and others, High Beam Assist recognizes any oncoming and leading vehicles, and automatically switches to your low beams. Once traffic is clear, the high beam setting is restored.

THAT ANTICIPATES YOUR NEEDS

TRANSFORM THE WAY YOU MOVE THROUGH TRAFFIC

*Whether roads are clear or chaotic,
intelligent technologies help guide
you through every moment.*

SCANS WHERE YOU CAN'T SEE

The Blind Spot Warning and Blind Spot Intervention® Systems^{1,8} use sensors to help alert you to a vehicle detected entering the blind spot area in an adjacent lane and help you avoid it. First, the warning light illuminates. Then, if you begin moving toward the occupied lane after using the turn signal, a warning sounds. The system will even apply opposite side brakes to help guide your vehicle back toward the center of your current driving lane.

KNOW YOUR WAY

Find your way through busy streets and unfamiliar territory. The Infiniti Hard Drive Navigation System^{1,10} lets you choose a view that's most intuitive to you—a 2D overhead view or a 3D Birdview perspective. Lane Guidance will also help escort you exactly where you need to be for exits and interchanges.

MAINTAIN YOUR LANE

The Lane Departure Warning and Lane Departure Prevention Systems^{1,9} monitor lane markings and will help warn you if you start to drift. If the drift continues, the system will ease your vehicle back towards the center of your lane by applying the brakes on the opposite side of the vehicle.

MANAGE YOUR PACE

Set your desired speed and distance and Intelligent Cruise Control (Full-Speed Range)^{1,11} will automatically adjust your speed in slowing traffic, all the way to a complete stop. Once the way clears, ICC will bring you back up to your preset speed.

KEEP YOUR DISTANCE

Distance Control Assist^{1,12} looks ahead and helps warn you if your following distance becomes too short. If detected, and you do not take your foot off the accelerator pedal, the system will automatically engage the brakes and push back on the pedal.

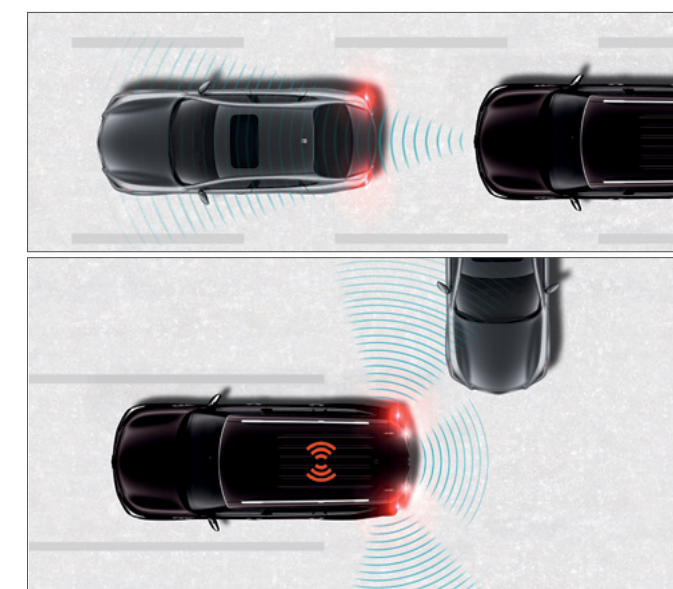

PREPARED FOR

PREPARED FOR

RECOGNIZING DANGER Predictive Forward Collision Warning^{1,13} uses radar to continuously monitor not only the vehicle directly ahead of you, but of the vehicle in front of that one as well. If the system detects a potential risk, it provides an alert and tightens the driver's seat belt to help restrain you.

MORE SURE WHEN BACKING Backup Collision Intervention^{1,14} increases your awareness while in reverse. As you back up, the system warns you if approaching vehicles or large objects are detected behind your vehicle and can help you avoid a collision by applying the brakes.

ADVANCED WARNING Forward Emergency Braking^{1,15} adds another dimension of security. It detects vehicles in the lane ahead of you, and if deceleration is required, the accelerator pedal is pushed up and the brakes are applied to help minimize a collision—or even help prevent one.

WHAT YOU CAN'T AVOID

STRONGER AND LIGHTER Ultra high-strength steel is twice as strong as conventional steel and is built around you to enhance your safety in case of a collision.

THE SUPPORT YOU NEED In certain rear-end collisions, the Front-seat Active Head Restraints can move forward to help cushion the head.

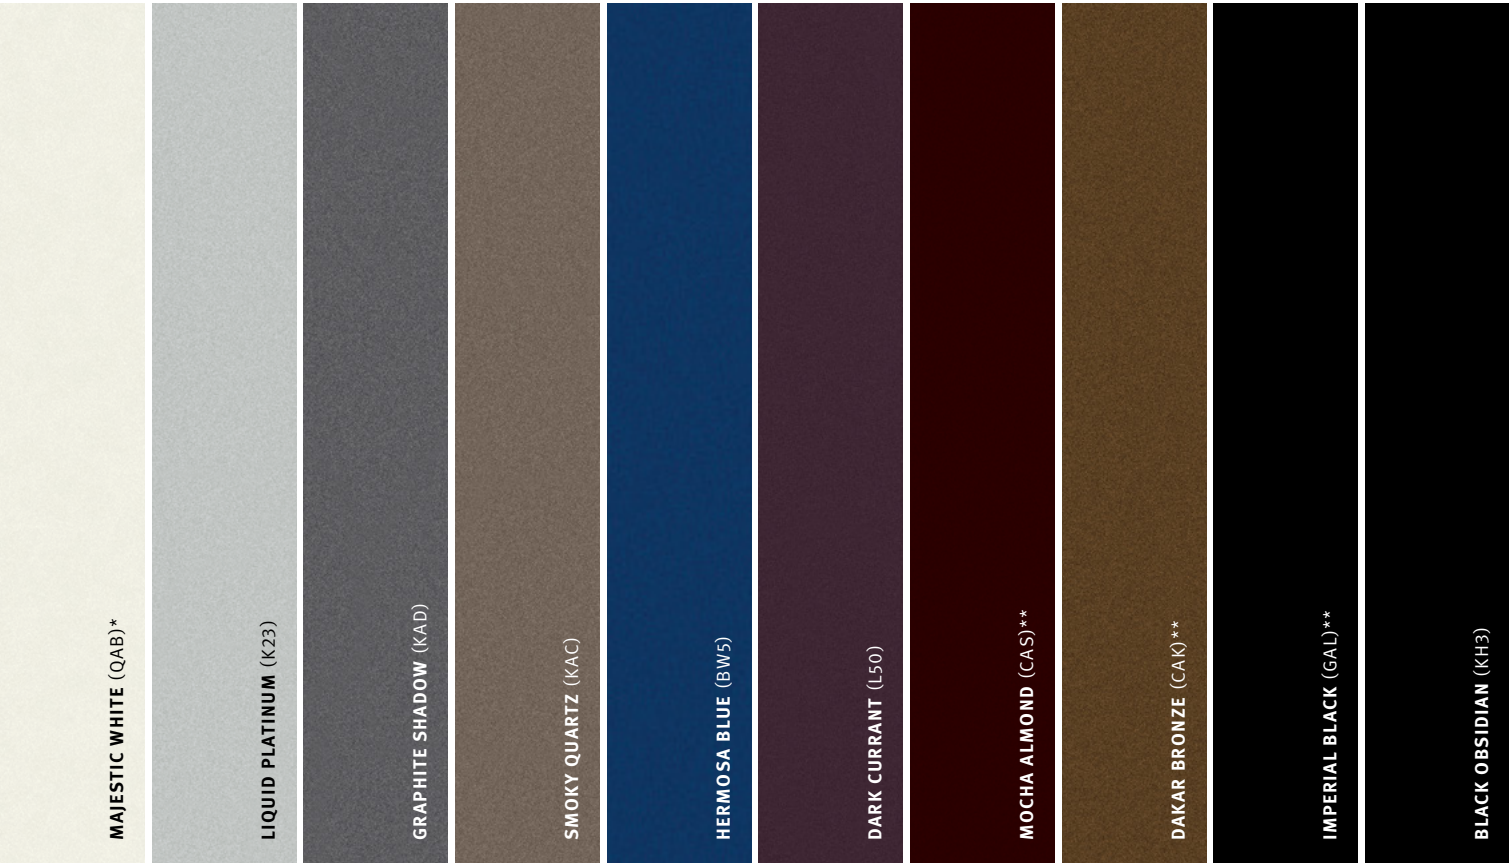

ENHANCED PROTECTION Includes dual-stage front supplemental air bags, front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags with rollover sensor¹⁶

PREPARED TO PROTECT During emergency braking situations, the Pre-Crash Seat Belts¹ are automatically tightened.

WHAT YOU CAN'T SEE

MAKE IT UNIQUELY YOURS

Interested parties should confirm the accuracy of any information in this brochure as it relates to a vehicle directly with Infiniti Retailer before relying on it to make a purchase decision. Nissan North America, Inc., reserves the right to make changes, at any time, without prior notice, in prices, colors, materials, equipment, specifications, and models and to discontinue models or equipment. Due to continuous product development and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. Specifications, options and accessories may differ in Hawaii, U.S. territories and other countries. For additional information on availability, options or accessories, see your Infiniti Retailer or visit Infiniti website.

1 Available on select models. **2** See Infiniti Towing Guide and Owner's Manual for proper use. **3** Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. **4** Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Infiniti is under license. **5** Tri-zone operation requires compatible auxiliary media system. See Owner's Manual for details. **6** AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicles speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle. **7** The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. **8** Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures. The systems will not prevent contact with other vehicles or accidents. They may not detect every vehicle or object around you. **9** The Lane Departure Warning/Lane Departure Prevention Systems operate only when the lane markings are clearly visible on the road. Speed limitations apply. See your Owner's Manual for more details. **10** Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. **11** Intelligent Cruise Control is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. **12** Distance Control Assist helps maintain a distance to the vehicle in front of you under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. **13** PFCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. **14** BCI will not detect every object, and speed limitations apply. Always check surroundings and turn to look behind you before moving vehicle. See Owner's Manual for details. **15** FEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. **16** Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details.
