

The all-new EV9.

Movement that inspires

Inspiration doesn't strike at rest. It's born in motion, with eyes wide open to new possibilities. Movement wakes us up and sparks unprecedented thinking. At Kia, this is what drives our relentless mission to keep pushing, innovating, and perfecting our vehicles to be more than a means of transportation, but also a catalyst for inspiration. In this spirit, we created the all-new, all-electric EV9.

Kia's industry-leading warranty program¹

10-Year/100,000-Mile Limited Battery + EV System Warranty

10-Year/100,000-Mile Limited Powertrain Warranty

5-Year/60,000-Mile Limited Basic Warranty

5-Year/100,000-Mile Limited Anti-Perforation Warranty

5-Year/60,000-Mile 24-Hour Roadside Assistance

¹ See inside back cover for endnote. Cover page and back page: EV9 GT-Line e-AWD shown. Right page: EV9 Land e-AWD shown.

Rugged outside. Civilized inside.

The all-new EV9 is a ruggedly capable, three-row SUV, seamlessly merged with a strikingly crafted EV. Equipped with available e-AWD[†] and high ground clearance.* A stunning exterior design, featuring an available customizable digital grille.² A spacious, refined interior with cutting-edge technology. And serious hauling power.[‡] The EV9 is an all-electric SUV that proves it can be two things at once. And remarkably good at both.

*Optional features available only on certain trims. See Features page for availability. [†]No system, no matter how advanced, can compensate for all driver errors and/or driving conditions. Always drive safely. [‡]All cargo should be evenly distributed, properly secured, and never piled higher than the seatback. ² See inside back cover for endnote. EV9 GT-Line e-AWD shown.

Fast charging. Far ranging.

Available EPA-estimated 304 miles of all-electric range^{3*}

The EV9's available high-density 99.8 kWh battery provides the range (Light Long Range RWD trim).^{3*} Our 10-Year/100,000-Mile Limited Battery + EV System Warranty¹ provides the protection.

Charge from 10% to 80% in 24 minutes⁴

The 800V charging system lets you recharge the battery from 10% to 80% in 24 minutes on a commercial 350 kW DC fast charger — or for quicker stops, add approximately 100 miles of range in just 10 minutes.⁴

Cold-weather ready

An advanced battery heater and available heat pump help preserve driving range, charging times, and confidence, when driving in cold weather. To boost your own warmth, heated front seats are standard, and heated 2nd-row seats and steering wheel are also available.⁵

Charging network integration

Connect with 40,000+ charging stations across the U.S., including thousands of 350 kW DC fast chargers. All integrated into the Navigation⁶ system, to guide you to the closest along your route.

*Optional features available only on certain trims. See Features page for availability. Charger shown not included.
1, 3-6 See inside back cover for endnotes. EV9 Light Long Range RWD (left) and EV9 GT-Line e-AWD (right) shown.

Adapts to the environment.
And its inhabitants.

True SUV capability with up to 5,000 lbs. of towing capacity^{7*}

From the open road to no road, EV9's e-AWD[†] trims let you explore with confidence.* With features like torque-vectoring AWD Lock Mode and Snow Mode,[‡] an available 516 lb.-ft. of torque, and 7.8 inches of ground clearance, they're built for challenging road conditions, along with the power to haul as much as certain Telluride models.*

Generous cargo space and convenience

With a maximum 81.7 cu. ft. of cargo volume with seats folded, including 43.5 cu. ft. behind the 2nd row and 20.2 cu. ft. behind the 3rd row, EV9 has more total cargo space[‡] than Mercedes-Benz EQS SUV.⁸ A Smart Power Liftgate and available high-utility roof rails⁹ add even more versatility.

Onboard Power Generator¹⁰

Power your laptop. Camping accessories. Even certain home appliances during a power outage. The EV9 packs 1,920 watts of available, portable or backup power to increase your road-trip enjoyment, and peace of mind.¹⁰

*Optional features available only on certain trims. See Features page for availability. †No system, no matter how advanced, can compensate for all driver errors and/or driving conditions. Always drive safely. ‡All cargo should be evenly distributed, properly secured, and never piled higher than the seatback. Always use caution when carrying rooftop accessories. 7-10 See inside back cover for endnotes. EV9 Land e-AWD and EV9 GT-Line e-AWD shown.

Sophistication meets acceleration.

EV9's available Dual-Motor e-AWD[†] GT-Line unleashes 379 horsepower and 516 lb.-ft. of torque for breathtaking acceleration, reaching 60 MPH in 4.5 seconds.¹¹ Its flat, low-mounted battery architecture allows for both increased ground clearance and a reduced overall center of gravity, resulting in outstanding cornering capability. And its wide, 285-mm tires on exclusive 21-inch wheels enhance grip in a variety of road conditions.

It all adds up to superior acceleration, cornering, and braking over more expensive luxury three-row SUVs such as Mercedes-Benz EQS SUV and Land Rover Range Rover P400¹² — and more confident performance and handling from the city to the mountains, and everything in between.

Recharge yourself, while recharging.

Spacious cabin with exceptional legroom

The EV9's cabin is expansive and refined. With three rows of seating for up to seven passengers, or six passengers with available 2nd-row captain's chairs. Best-in-class 2nd-row legroom.¹³ And even more 1st- and 2nd-row legroom than some luxury SUVs like Land Rover Range Rover P400.¹⁴

New lounge seats, new heights in comfort

Designed for restorative comfort, EV9 treats 1st- and 2nd-row passengers to a VIP experience with available heated/ventilated seats⁵ with Relaxation Mode and power leg rests — so you can recline and relax while you recharge.¹⁵

Quiet-ness meets premium-ness

Innovative, sound-insulating glass and cabin construction reduce cabin noise to 58 decibels, offering a remarkably quiet ride rivaling Land Rover Range Rover P400.¹⁶ Together with EV9's high-quality interior elements like SynTex seat trim, the result is an exceptionally premium-feeling ride.

Thoughtful details throughout

Ingenious features you never knew you needed until now: A lower front-center console area roomy enough for a purse. Available, high-quality mesh, pull-down sunshades for rear passengers.* And two high-speed, USB-C charging ports in every row (six total).

29.6"

Total Combined Panoramic Display^{6*}

Our widest combined display setup ever^{6*}

Dual 12.3-inch screens. A 5-inch Climate Control display. Hidden, smart-touch haptic controls that illuminate when the vehicle is turned on. An available Head-Up Display¹⁷ that projects key info on the windshield in your line-of-sight. All streamlined into one premium, intuitive cockpit.

*Optional features available only on certain trims. See Features page for availability. Simulated screen shown. 6, 17-21 See inside back cover for endnotes. EV9 GT-Line e-AWD shown.

14-speaker Meridian Premium Audio System^{18*}

An available, state-of-the-art Meridian¹⁸ audio system provides an exceptional listening experience, with features including cutting-edge, digital-signal processing technology, a subwoofer, and 700 watts of rich surround sound.

Over-the-Air system updates¹⁹

EV9's in-cabin technology is enabled to perform automatic vehicle software upgrades that can enhance its infotainment features, driver-assistance technologies;²⁰ and more — allowing your EV9 to continuously evolve with our latest updates as they become available.

Full Display Mirror^{21*}

With an integrated camera and wide-angle video display, the available Full Display Digital Rearview Mirror²¹ switches between an optical mirror and camera display mode to provide a view of the road behind you, even if the vehicle is full of passengers or large objects.

Extendable, 2nd-row center console*

Second-row amenities include an available, generously sized, drawer-type storage space with a slide-out tray that can be used as a table, offering 2nd-row passengers a premium travel experience (Land, GT-Line trims).

Tech to get you out of a tight spot. Or into one.

Advanced driver-assistance technologies^{20*}

Kia's suite of standard and available driver-assistance technologies²⁰ are designed to work in a variety of circumstances to help you avoid collisions. Using cameras and sensors, they can help provide greater peace of mind amidst the challenges of everyday driving — along with available convenience features such as Surround View Monitor,²⁰ which provides a bird's-eye view around the vehicle, and Remote Smart Parking Assist 2,^{22*} which lets you remotely command your EV9 to pull in or out of some tight parking spaces.

*Optional features available only on certain trims. See Features page for availability. Simulated screen shown. Images shown for illustration only. 20, 22 See inside back cover for endnotes. EV9 GT-Line e-AWD shown.

Forward Collision-Avoidance Assist features²⁰

These standard technologies are designed to alert you, and automatically brake in certain circumstances, when the system detects a potential forward collision with a vehicle, pedestrian, or cyclist, and can even help react to oncoming vehicles when crossing or turning left at an intersection.

Rear Collision-Avoidance Assist features^{20*}

The EV9 is equipped with standard Rear Cross-Traffic Collision-Avoidance Assist,²⁰ designed to help alert you to oncoming obstacles while backing up — and even automatically brake in certain circumstances. Plus, available Parking Collision-Avoidance Assist — Reverse,²⁰ which can help prevent collisions with pedestrians or objects detected behind you while you're in reverse at low speeds.

A step ahead from every angle.

Semi-autonomous speed-adjusting technologies²³

EV9 features Highway Driving Assist 2²³ and Navigation-based Smart Cruise Control — Curve,²⁴ which are designed to assist in maintaining a set distance from the vehicle in front, and even help adjust to upcoming curves detected on certain federal highways.

Lane Assist features^{20*}

Lane Following Assist 2.²⁰ Lane Keeping Assist.²⁰ Lane Change — Oncoming.^{20*} These are just some of the EV9's automatic steering-assistance technologies designed to help keep you centered within detected lane markers, help prevent drifting, and help avoid collisions with oncoming vehicles when changing lanes under certain conditions.

Environmental Monitoring features

Standard advanced features monitor the environment inside and outside EV9's cabin to help enhance safety. These include Driver Attention Warning,²⁵ which is designed to help keep the driver alert by giving a warning if the system detects driver inattention; Intelligent Speed Limit Assist,²⁶ which is designed to detect the speed limit on certain roads, and warn the driver if the vehicle exceeds the limit; and High Beam Assist,²⁷ which is designed to automatically adjust the high beams for oncoming vehicles.

Blind-Spot Collision-Avoidance features²⁰

The EV9 comes standard with Blind-Spot Collision-Avoidance Assist,²⁰ designed to help alert and apply corrective steering in a variety of circumstances to help prevent hazardous lane-change decisions. Plus an available Blind-Spot View Monitor^{20*} that displays a view of your vehicle's blind spot in the direction of your turn signal to help you when changing lanes.

*Optional features available only on certain trims. See Features page for availability. Do not attempt. Professional driver. Closed course. 20, 23-27 See inside back cover for endnotes. EV9 Land e-AWD shown.

Go far. Stay connected.

Kia Connect²⁸ (subscription required)

Our smart connectivity system integrates with certain compatible smart devices via the Kia Access app²⁸ to offer a range of exciting, ever-evolving features, while keeping you connected to the internet through Wi-Fi Hotspot.²⁹

Kia Digital Features and Services^{2*} (Kia Connect subscription required²⁸)

Add new and additional features to your EV9 via the Kia Connect Store³⁰ such as Boost Mode, Remote Smart Parking Assist 2,²² additional Digital Pattern Lighting Grille² designs, and more (available on certain trims).

Remote features³¹ (Kia Connect subscription required²⁸)

Remotely manage your EV9, including locating, accessing, starting/stopping, charging, and finding charge stations along your route.

Kia Digital Key³¹ (Kia Connect subscription required²⁸)

This Ultra Wideband virtual key lets you access and start your EV9 with your compatible smartphone or smartwatch. Plus effortlessly share your digital key capabilities with family or friends.³¹

Go to owners.kia.com or download the Kia Access app to activate

*Optional features available only on certain trims. See Features page for availability, 2, 22, 28-31 See inside back cover for endnotes. EV9 Land e-AWD shown.

Kia America, Inc. P.O. Box 52410 Irvine, CA 92619-2410 1-800-333-4KIA

The content in this brochure is based upon information available at the time of printing and is subject to change without notice. Kia America, Inc. makes no guarantees or warranties, either expressed or implied, with respect to the accuracy of the content presented. Please see kia.com for the most up-to-date vehicle information. Vehicles shown include optional equipment, and video and camera screens are simulated. See your Kia retailer or kia.com for details on Kia's available limited warranties. ©2023 Kia America, Inc. Reproductions of this material are prohibited without the expressed written approval of Kia America, Inc.

Actual colors may vary from this brochure. See kia.com/ev9 for interior combinations.

Endnotes

1. Warranties include 10-year/100,000-mile powertrain and 5-year/60,000-mile basic. All warranties and roadside assistance are limited. See retailer for warranty details.

2. Digital Features and Services are available at an additional cost and may vary by model, model year, and trim level. Features, specifications, and fees are subject to change. Kia Connect subscription required and Kia Connect terms and conditions apply.

3. Based on EPA estimates on a full battery charge. Range of 304 miles is for Light Long Range RWD trim. Actual range will vary with options, driving conditions, driving habits, vehicle maintenance, charging practice, battery age, weather, temperature, and your vehicle's condition. Battery capacity will decrease with time and use. For more information on range, please see www.fueleconomy.gov.

4. Charge time with 350 kW fast charger. Actual charge time will vary with options, driving conditions, driving habits, vehicle maintenance, charging practice, battery age, weather, temperature, and your vehicle's condition. Battery capacity will decrease with time and use. Frequent use of DC fast charging can negatively impact battery performance and durability, and Kia recommends minimizing use of DC fast charging.

5. Use extreme caution when using the seat warmers to avoid burns. Refer to the Owner's Manual for more safety information.

6. Distracted driving can result in a loss of vehicle control. When operating a vehicle, never use a handheld device or vehicle system that takes your focus away from safe vehicle operation. Navigation is for information purposes only, and Kia does not make any warranties about the accuracy of the information.

7. Towing may significantly reduce electric range and requires additional equipment. See Owner's Manual for towing capacity, additional instructions, and warnings. Always use caution while towing.

8. Comparison based on publicly available SAE cargo volumes for 2023 model year.

9. Roof rail crossbars and roof rack attachments sold separately and not included. Always carry cargo safely.

10. Onboard Power Generator requires the purchase of separately sold additional equipment and may not be compatible with all devices. Onboard Power Generator can be used until the battery's charge falls to 20 percent.

11. Acceleration claim based on AMCI Testing Certified results of 2024 EV9 GT-Line AWD on dry pavement ESC on using typical industry methodology with 1-ft. rollout. Results reported August 2023. Actual results may vary depending on options, driving conditions, driving habits, and your vehicle's condition. Verification of these results should not be attempted. Always drive safely and obey all traffic laws.

12. Cornering claim based on AMCI Testing Certified results of 2024 EV9 GT-Line e-AWD versus 2023 Land Rover Range Rover P400 3-Row and Mercedes EQS 450 on dry pavement, ESC off. Results reported August 2023. Actual results may vary depending on options, driving conditions, driving habits, and your vehicle's condition. Verification of these results should not be attempted. Always drive safely and obey all traffic laws.

13. Comparison based on publicly available data regarding 2nd-row legroom in 2023 Mainstream EV SUVs as of October 2023. Mainstream EV SUV class as defined by Kia segmentation.

14. Comparison based on publicly available data for 2024 model year.

15. Reclining seat and/or elevating leg rest can reduce the effectiveness of the safety restraint system and may lead to additional injury in an accident.

16. Cabin quietness claim based on AMCI Testing Certified results of 2024 EV9 GT-Line e-AWD versus 2023 Land Rover Range Rover P400 3-Row at 55 mph on smooth pavement. Results reported August 2023. Actual results may vary depending on options, driving conditions, driving habits, and your vehicle's condition. Verification of these results should not be attempted. Always drive safely and obey all traffic laws.

17. Failure to pay attention to travel conditions and vehicle operation could result in loss of vehicle control. Always drive safely and use caution.

18. Meridian is a trademark of Meridian Audio Limited.

19. Over-the-Air features and updates may require an additional cost and may vary by model, model year, and trim level. Features, specifications, and fees are subject to change. Kia Connect subscription is required and Kia Connect terms and conditions apply.

20. These features are not substitutes for safe driving and may not detect all objects surrounding vehicle. Always drive safely and use caution.

21. Full Display Mirror is a registered trademark of Gentex Corporation.

22. Remote Smart Parking Assist 2 is a supplemental feature. The driver is responsible for ensuring the safe operation of the vehicle and that there are no objects or people around the vehicle.

23. Highway Driving Assist 2 only functions on certain federal highways. When engaged, Highway Driving Assist 2 is not a substitute for safe driving, may not detect all objects around the vehicle, and only functions on certain federal highways. Always drive safely and use caution.

24. When engaged, Navigation-based Smart Cruise Control is not a substitute for safe driving and cruise-control procedures. This is not an auto-pilot feature. It may not detect every object around the vehicle. Always drive safely and use caution.

25. When engaged, Driver Attention Warning is not a substitute for safe driving and may not detect all instances of inattentive driving practices. Failure to pay attention to travel conditions and vehicle operation could result in loss of vehicle control. Always drive safely and use caution.

26. When engaged, Intelligent Speed Limit Assist is not a substitute for safe driving and may only function under certain conditions. Always drive safely and use caution.

27. High Beam Assist is not a substitute for safe driving practices. Always check road conditions and use caution.

28. Purchase/lease of certain 2023 and newer Kia vehicles with Kia Connect includes a complimentary 1-year subscription to the Kia Connect Ultimate package, starting from new vehicle retail sale/lease date as recorded by the dealer. After your complimentary 1-year Kia Connect subscription expires, continued access to the full suite of Kia Connect services available on your Kia will require a paid subscription at the then-current subscription rate or your use of certain Kia Connect features may immediately terminate. Use of Kia Connect is subject to agreement to the Kia Connect Privacy Policy (available at owners.kia.com/us/en/privacy-policy.html) and Terms of Service (available at owners.kia.com/us/en/terms-of-service.html). Kia Connect is transferable to subsequent owner during the original Kia Connect service term. Only use Kia Connect when safe to do so. Kia Access app is available from the Apple App Store or Google Play. Kia America, Inc. reserves the right to change or discontinue Kia Connect at any time without prior notification or incurring any future obligation. Message and data rates may apply. Cellular and GPS coverage are required to use most features. Kia Connect features may vary by model, model year, and trim level. Features, specifications, and fees are subject to change. Kia Connect may be currently unavailable for model year 2022 and newer vehicles sold in Massachusetts; please see www.owners.kia.com for updates on availability. For more on details and limitations, visit kia.com or your authorized Kia dealer. Apple and App Store are trademarks of Apple Inc. Google, Google Play, and logos are trademarks of Google LLC.

29. Wi-Fi Hotspot is available on select 2024 and newer Kia vehicles and requires enrollment in Kia Connect. Trial or paid subscription data plan required. Wi-Fi Hotspot services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services may collect location information. Verizon is the network provider for Wi-Fi Hotspot, which uses Verizon's 4G LTE network to transmit data. Data usage applies. Coverage not available everywhere. See <https://www.verizon.com/featured/our-network> for coverage map. Complimentary Wi-Fi Hotspot trial begins on activation date and expires at the end of three months or after 3GB of data is used, whichever comes first. Verizon Wireless data subscription required upon end of complimentary Wi-Fi Hotspot trial. Limit one trial per vehicle. Up to 5 devices can be supported using in-vehicle connectivity. Use of Wi-Fi Hotspot is subject to Verizon Wireless Customer Agreement (<https://www.verizon.com/legal/notices/customer-agreement/>). Wi-Fi Hotspot may be unavailable for model year 2022 and newer vehicles that are purchased or sold in Massachusetts. Vehicle must be running or in accessory mode for Wi-Fi Hotspot to function. Never drive distracted. Driver should only use Wi-Fi features when the vehicle is parked in a safe location.

30. Certain features may require additional purchase. Digital Features and Services require a Kia Connect subscription, a compatible smartphone, and a wireless signal with good coverage to function. Normal cellular service rates may apply.

31. Remote features require a Kia Connect subscription, a compatible smartphone, and a wireless signal with good coverage to function. Normal cellular service rates may apply. If any door or hatch is not closed properly, the remote lock and unlock functions will not work.

32. HomeLink® is a registered trademark of Gentex Corporation.

33. When engaged, Rear Occupant Alert is not a substitute for one's attention. Always check the vehicle interior when exiting the vehicle. ROA notifications require a Kia Connect subscription, a compatible smartphone, and a wireless signal with good coverage to function. Normal cellular service rates may apply.

34. When engaged, Safe Exit Assist is not a substitute for one's attention and may not detect all objects surrounding the vehicle. Always pay attention to traffic and to the area around your vehicle when exiting the vehicle.

35. For maximum protection, always wear your seat belt. No system, no matter how advanced, can compensate for all driver errors, driving conditions, and/or injury.
