FROM AUTOMOTIVE LEGENDS,
AN EPIC GT.

GT2 SHOWN

“I HAD A SPORTS CAR ON MY MIND FOR YEARS. IT WAS LIKE A DREAM FOR ME SINCE I ARRIVED AT KIA. FINALLY THE OPPORTUNITY PRESENTED ITSELF, AND I KNEW FROM THE START I WANTED GREGORY ON OUR TEAM.”

— PETER SCHREYER

You can see Peter and Gregory's impact on the brand in the iconic Kia grille. Now this pairing of masters has produced a sports sedan that took seven years to make, but takes just an instant to appreciate.

AT RIGHT: PETER SCHREYER, PRESIDENT AND CHIEF DESIGN OFFICER

An internationally acclaimed designer, Schreyer's contributions to European sports and luxury brands have influenced a generation of automotive stylists. He joined Kia in 2006, where he oversees a network of design studios on three continents.

AT LEFT: GREGORY GUILLAUME, CHIEF DESIGNER, KIA EUROPE DESIGN CENTER

Award-winning Chief Designer Guillaume brings more than 25 years of global design achievement to Kia. He's led Kia's European Design Center since 2005.

GT2 SHOWN

"I'LL NEVER FORGET THE ALLURE OF THE
FANTASTIC GTs FROM THE '70s. CARS THAT
WERE AS ELEGANT AS THEY WERE FAST.
WE DESIGNED THE STINGER WITH THIS VISION —
A MODERN INTERPRETATION OF THE CLASSIC GT
THAT DRIVES AS GOOD AS IT LOOKS."

— GREGORY GUILLAUME

What's possible when there's nothing holding you back? When you're
free to create the car of your dreams, without history weighing you
down? What can you achieve with a blank slate, legendary talent, an
irrepressible spirit, and seven years to design, engineer, and fine-tune
that dream into reality? We know. Now it's your turn to find out.

GT-LINE

incredible, just as it is

EXTRA VENOM: STINGER'S UPGRADED GT TRIMS.

The GT's exhilarating Twin Turbo V6 engine has two upgraded trims.

Use the key features and options here to find the one for you.

***OPTIONAL FEATURE** AVAILABLE ONLY ON CERTAIN TRIMS (HIGHLIGHTED ON THIS PAGE ONLY). SEE KIA.COM FOR DETAILS. 1-10 See last page for endnotes. GT2 SHOWN

A photograph of Albert Biermann, an older man with grey hair, wearing a dark jacket, driving a car. He is looking out the window towards a body of water and distant hills. The car's interior, including the steering wheel and dashboard, is visible. The text is overlaid on the right side of the image.

“FOR THE KIA BRAND THE STINGER IS AN EXPLOSION BECAUSE NOBODY EXPECTED SUCH A CAR. NOT JUST THE WAY IT LOOKS BUT ALSO THE WAY IT DRIVES. THE DRIVING STABILITY, THE HIGH-SPEED CORNERS ON THE NÜRBURGRING... IT’S A WHOLE DIFFERENT ANIMAL.”

— ALBERT BIERMANN

Kia went to extraordinary lengths — and extreme destinations — to guarantee that Stinger delivered on Albert Biermann's high-performance intentions with guts and grace. Ride and handling precision were fine-tuned on the high-speed, blind corners of Germany's grueling Nürburgring circuit. Stinger's long-distance chops were challenged through the deserts of Death Valley, California. And to test its mettle in extreme weather and low-grip conditions, we put Stinger through its paces on a skidpad and handling circuit carved into a frozen lake in Arjeplog, Sweden.*

ALBERT BIERMANN, HEAD OF VEHICLE TEST & HIGH-PERFORMANCE DEVELOPMENT

A legend in the world of high-performance engineering, Mr. Biermann is renowned for honing the performance of some of the most acclaimed European road and race cars.

*Vehicle equipped with aftermarket snow tires. Always drive safely and use caution. Simulated screen shown. GT2 SHOWN

IT TOOK 7 YEARS TO CREATE AND
4.7 SECONDS TO UNDERSTAND WHY.

Stinger's 365-horsepower,¹ 3.3L V6* has a 0–60 time of 4.7 seconds and a top speed of 167 mph.[†] It's quicker than the 2019 Audi A7 Sportback AWD, 2020 BMW 840i Gran Coupe, and 2019 Porsche Panamera V6 RWD.[‡] And everything, from its wheel housings to kicked-up trunk lid, has been ingeniously engineered to cheat the wind for incredible stability at higher speeds. But it's also made for the long journey. So you can take your time, just like we did.

REAR-WHEEL DRIVE OR AWD*[^]

are both tuned to give you maximum driving thrills with either choice

ISO-STRUCTURE™

is made with 55% advanced High Tensile Steel to help improve rigidity in a variety of circumstances — which means you'll enjoy better driving dynamics and a quiet ride

FIVE DRIVE MODE SELECTIONS

adjust steering boost, shift points, throttle mapping, and suspension damping* to give you a choice of five unique drive modes: Smart, ECO, Comfort, Sport, or Custom

LAUNCH CONTROL SYSTEM*

maximizes off-the-line response for quick acceleration[^]

ELECTRONICALLY CONTROLLED SUSPENSION*

is designed to give you the ride you want, from comfort to sport, by adapting the suspension of the car to the driving conditions

MECHANICAL LIMITED-SLIP DIFFERENTIAL*

helps to evenly distribute power through the rear wheels, resulting in more responsive and agile handling[^]

SPORT VARIABLE GEAR RATIO STEERING*

increases steering responsiveness during spirited driving to elevate your driving experience[^]

*Optional feature available only on certain trims. See kia.com for details. 1 See last page for endnote.

[†]Performance estimates determined by Kia for Stinger GT rear-wheel drive using Launch Control and factory-equipped with 19-inch wheels. Actual results may vary depending on options, driving habits, and vehicle condition. Verification of these results should not be attempted. Always drive safely and obey all traffic laws. [‡]Based on published manufacturer specifications as of July 2019. [^]No system, no matter how advanced, can compensate for all driver error and/or driving conditions. Always drive safely. GT2 SHOWN

BRAKES THAT WERE BORN ON THE TRACK.

Look behind the GT's 19-inch wheels and you'll find vented Brembo® brakes* — the same brand found on some of the most prestigious cars of the last 40 years. They help give you outstanding deceleration performance and precise handling in a variety of conditions.†

BREMBO® HIGH-PERFORMANCE BRAKES*

GT's powerful Brembo® brakes feature signature red, fixed quad-piston front calipers and dual-piston rear calipers. Larger overall brake rotors than the 2019 Porsche Panamera V6‡ help provide more consistent braking performance.†

BRAKE ASSIST SYSTEM (BAS)

If you suddenly slam on your brakes, BAS is designed to sense the urgency and apply full braking power, which can help shorten your braking distance.†

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)

Based on the vehicle's weight distribution, EBD helps adjust the balance of braking power accordingly.†

BRAKE FADE COMPENSATION

It automatically increases hydraulic pressure in the braking system as the temperatures rise, so the driver does not need to press as hard on the pedal. This results in a more consistent and confident braking feel.†

*Optional feature available only on certain trims. See kia.com for details. †No system, no matter how advanced, can compensate for all driver error and/or driving conditions. Always drive safely. ‡Based on published manufacturer specifications as of July 2019. GT2 SHOWN

FORWARD COLLISION WARNING DW**

is designed to help detect slowing or stopped traffic ahead, and alert you if it detects you getting too close

FORWARD COLLISION-AVOIDANCE ASSIST WITH PEDESTRIAN DETECTION DW**

is designed to help detect and alert you of a potential forward collision with a preceding vehicle or pedestrian, and even automatically apply the brakes in some cases

SMART CRUISE CONTROL WITH STOP & GO DW**

is designed to automatically adjust your driving speed to help maintain a predetermined distance from a vehicle detected ahead of you

LANE DEPARTURE WARNING DW**

can help alert you with a warning beep if you drift too close to the lane marker without signaling

LANE KEEPING ASSIST DW**

is designed to help detect if the vehicle is getting too close to lane markers, and it can apply steering input to help prevent you from drifting into another lane

DRIVER ATTENTION WARNING DW**

is designed to give you a warning signal to take a break if it detects inattentive driving practices

BLIND-SPOT COLLISION WARNING WITH LANE CHANGE ASSIST⁸ DW

is designed to help detect vehicles in your blind spot and give visible and audible alerts to help you avoid some hazardous lane-change decisions when you put your blinker on to change lanes

REAR CROSS-TRAFFIC COLLISION WARNING⁸ DW

uses visual and audible alerts that can help warn of traffic the system detects coming from either side when you're in reverse

KIA DRIVE WISE: DESIGNED TO LOOK OUT, SPEAK UP, AND EVEN STEP IN.

Even the best drivers can't be perfect 100% of the time. So we created Kia Drive Wise,^{*} a suite of standard and available advanced driver-assistance technologies that are designed to help keep you alert, aware of surrounding traffic, and even intervene in certain situations to help you avoid collisions.^{8†}

*Optional feature available only on certain trims. See kia.com for details. [†]No system, no matter how advanced, can compensate for all driver error and/or driving conditions. Always drive safely. 8, 9 See last page for endnotes. GT2 SHOWN

LOOK FOR THE  LABELS AHEAD 

AHEAD OF THE CURVE, EVEN IN THE DARK.

Moonless nights, winding roads, and other nocturnal challenges are no match for Stinger's advanced illuminating technologies — each designed to help combat the rigors of nighttime driving and boost visibility in various conditions.

LOW BEAM ASSIST — DYNAMIC* **DW**
headlights are designed to track with your steering angle and vehicle speed to help enhance directional lighting

HIGH BEAM ASSIST^{11*} **DW**
is designed to automatically dim the high beams for oncoming vehicles the system detects, then return to high-beam setting once the vehicle passes

FULL LED LIGHTS*
with high-tech details expressed in the crystal LED turn signals, signature LED Daytime Running Lights, and bright and powerful projection-type LED headlights

AUTO-ON/OFF HEADLIGHTS
turn on or off automatically depending on outside light levels

DW= **DRIVE
WISE**

*Optional feature available only on certain trims. See kia.com for details. 11 See last page for endnote. GT2 SHOWN

EASY IN, EASY OUT OF TOWN.

HIDDEN UNDER-FLOOR STORAGE COMPARTMENTS

These include a tray with partitions for storing smaller, loose objects, along with a spare tire

60/40 SPLIT-FOLDING REAR SEATS

They accommodate a range of storage options and increase cargo space for added versatility

MORE CARGO VOLUME

Stinger's cargo area is greater than 2020 BMW 8-Series Gran Coupe and 2019 Porsche Panamera¹

SMART KEY

Just stand near your Stinger with the Smart Key in your hand, pocket, or bag and its sensors are designed to work their magic as described below

SMART WELCOME

It turns on the perimeter and interior lights, and unfolds the power side mirrors to greet you

SMART POWER TRUNK*

When you stand near your trunk, it's designed to automatically open after three seconds. Close it with a push of a button

*Optional feature available only on certain trims. See kia.com for details. All cargo should be evenly distributed, properly secured, and never piled higher than the seatback.
¹Based on published manufacturer specifications as of July 2019. GT2 SHOWN

“NO DETAIL WAS TOO SMALL
TO BE OBSESSED OVER.”

— ORTH HEDRICK, EXECUTIVE DIRECTOR OF
PRODUCT PLANNING, KIA MOTORS NORTH AMERICA

Stinger's cabin is exquisitely crafted, with meticulous care put into every stitch and seam to ensure the highest attention to detail. The hand-stitched leather steering wheel is finished with a diamond-shaped pattern that requires extra time and experience to execute. Everything you touch, see, and feel will move you, even before you start the engine.

Image shown for illustration only.

NAPPA LEATHER-TRIMMED SEATS*

are deeply contoured for added luxury and comfort

HEATED & VENTILATED SEATS*

include standard heated front seats, optional heated rear outboard seats, and optional ventilated front seats

16-WAY POWER-ADJUSTABLE DRIVER'S SEAT*

includes width-adjusting power side bolsters and 4-way lumbar support for optimal comfort

INTEGRATED MEMORY SYSTEM*

remembers the setting preferences for two drivers, including the position of the seat, steering wheel, and side mirrors

ABUNDANT LEGROOM

comes courtesy of Stinger's generous wheelbase, which is longer than the 2020 BMW 4-Series Gran Coupe and 2019 Audi A5 Sportback* — giving Stinger a very spacious interior

**A HIGH-END CABIN
WITH HIGH-END COMFORT.**

*Optional feature available only on certain trims. See kia.com for details. *Based on published manufacturer specifications as of July 2019. Simulated screen shown. GT2 SHOWN

A detailed view of the interior of a Kia Stinger GT2 at night. The car's interior is illuminated by ambient lighting, highlighting the black dashboard, the three-spoke steering wheel with red stitching, and the red leather seats. The center console features a gear shifter and handbrake. The instrument cluster and infotainment screen are visible. The background shows the car's exterior and the night sky with stadium lights.

SIT BACK AND RELAX BEFORE THE ADRENALINE KICKS IN.

Stinger's cockpit calls to mind the elegance of the classic '70s Gran Turismo. Its cocoon-like interior features stitch finishing, turbine-inspired air vents, metal-ringed gauges, and premium technology features designed to bring spirit and emotion back to long-distance driving.

**D-SHAPED STEERING WHEEL
WITH PADDLE SHIFTERS²**
inspired by those in race cars

HEATED STEERING WHEEL^{*}
for frosty mornings

WIRELESS SMARTPHONE CHARGER⁷
in the console storage tray provides cord-free
charging convenience

HARMAN KARDON^{®6} PREMIUM AUDIO SYSTEM^{*}
includes QuantumLogic^{™6} surround-sound system
w/Clari-Fi^{™6} & 15 speakers for a rich, crisp sound

RAIN SENSING WIPERS^{*}
turn on automatically when the windshield
sensors detect rain

**AUTO-DIMMING REARVIEW
& OUTSIDE MIRRORS^{*}**
are designed to automatically cut the glare from
the headlights of the car behind you

*Optional feature available only on certain trims. See kia.com for details.

LOCATION IS EVERYTHING.

All of your technology, right where you need it — Stinger's screens are positioned to put you in command and keep key info near your line of sight.²

HEAD-UP DISPLAY^{10*} DW

projects a color readout of important info on the windshield

SURROUND VIEW MONITOR^{8*} DW

uses four cameras to provide a view around the vehicle — especially helpful when parking in tight spots

PARKING DISTANCE WARNING — FORWARD⁸ & REVERSE⁸ DW

gives an audible warning if it detects certain objects close to your vehicle while parking

REAR VIEW MONITOR WITH PARKING GUIDANCE⁸ DW

uses a large, bright screen that helps you see what's behind your vehicle, with guidelines that adjust to follow the direction you're turning

7" LCD COLOR INSTRUMENT CLUSTER^{*}

includes a G-force meter, chrono lap timer, and oil temperature gauges

UVO eSERVICES³

Links with your compatible smartphone for a hands-free way to stream music, check maintenance requirements with Vehicle Diagnostics,¹² and access 911 Connect¹³ or Enhanced Roadside Assist.¹⁴ An advanced Navigation² system is also available*

UVO eSERVICES APP³

Download it from the App Store^{®4} or Google Play^{™5} Store to take advantage of additional features like Parking Minder,¹⁵ which helps you find where you parked

APPLE CarPlay^{®4} & ANDROID AUTO^{™5}

Just plug your compatible smartphone into the USB port to navigate to your destination, make calls, play voicemails, or send texts via voice command. Certain apps even work through the touch screen

*Optional feature available only on certain trims. See kia.com for details. 2-5, 8, 10, 12-15 See last page for endnotes. Simulated screen shown. GT2 SHOWN

At Kia, the priority is always on improving our safety features. Advanced sensor systems, strategically placed airbags, and breakthroughs in materials and design that have led to strong body construction are just a few of the ways we never stop working to increase your protection.†

ADVANCED AIRBAG SYSTEM¹⁶

includes dual front, front seat-mounted side, driver's knee, and full-length side curtain airbags

AIRBAG & SEAT-BELT SENSORS¹⁶

monitor the severity of certain impacts and seat-belt use, then help to control airbag inflation accordingly

REINFORCED BODY CAGE & SIDE-IMPACT DOOR BEAMS

constructed of High Tensile Steel alloys help absorb impact energy and deflect side-impact force in certain collisions

HEIGHT-ADJUSTABLE SEAT-BELT ANCHORS

let you adjust the front seat belts for a more customized fit to help improve effectiveness

**SAFETY NEVER
TAKES A DAY OFF.**

†No system, no matter how advanced, can compensate for all driver error and/or driving conditions. Always drive safely. 16 See last page for endnote. Inflated airbags shown for illustration only. GT2 SHOWN

GO WHERE YOU WANT, WHEN YOU WANT.

Stinger's advanced range of active safety features and technologies help combat slipping or skidding in challenging situations, helping you to face down slick roads and unexpected turns with confidence.†

FULLY ACTIVE AWD SYSTEM*

Available AWD helps deliver enhanced handling and stability under heavy cornering or on low-grip surfaces. On Stinger GT models, the Dynamic Torque Vectoring Control system monitors the drive and automatically applies power or braking to the front and rear wheels accordingly

ELECTRONIC STABILITY CONTROL (ESC)

In certain difficult driving situations, ESC is designed to control the engine and brakes for improved directional stability

VEHICLE STABILITY MANAGEMENT (VSM)

VSM can intervene to help enhance stability and steering responses when driving in certain situations

TRACTION CONTROL SYSTEM (TCS)

When TCS senses wheelspin during acceleration, it uses a combination of engine power and brake force to help transfer power to the wheel that has more traction

HILL-START ASSIST CONTROL (HAC)

When starting off on an incline, HAC is designed to automatically hold the brake pressure for two seconds after you take your foot off the brake pedal to help prevent you from rolling back

*Optional feature available only on certain trims. See kia.com for details. †No system, no matter how advanced, can compensate for all driver error and/or driving conditions. Aftermarket snow tires (sold separately) are recommended for snowy or icy conditions. Always drive safely. GT2 AWD SHOWN
