

2025
ES

Can you see with your ears?

Can your fingertip put you
more in touch with the world?

Can hearing less of the road
help you enjoy more of it?

To craft the most amazing machines, you don't start with machines at all. You start with people.

The 2025 Lexus ES

ES F SPORT MODELS

The exhilarating ES F SPORT Design and ES F SPORT Handling models offer styling and performance upgrades, such as a striking mesh grille and 19-inch wheels. For added performance, the ES F SPORT Handling also offers an Adaptive Variable Suspension system with Sport S+ mode.

ES F SPORT Handling shown in Ultra White⁹ (left), ES Hybrid shown in Iridium⁹ (middle), ES shown in Cloudburst Gray⁹ (right)

ES 300h

Two lightning-fast electric motors combine with a potent 2.5-liter engine to create the most fuel-efficient of all non-plug-in luxury sedans.¹ The ES Hybrid has a manufacturer-estimated 44 MPG combined.² Low-light pedestrian-detection technology³ and the advanced Mark Levinson^{®4} PurePlay Surround Sound are available on all ES models.

ES 350

Experience a 302-horsepower, 3.5-liter direct injection V6 engine and precision-tuned Direct-Shift eight-speed automatic transmission with paddle shifters. Every ES model features an intuitively positioned touchscreen display and standard Lexus Safety System+ 2.5.⁵ And included across the ES line, you'll enjoy the convenience of Lexus Interface⁶ and wireless Apple CarPlay^{®7} integration.

ES 250 AWD

Pave your path with more confidence with all-wheel drive capability—and a 2.5-liter in-line four-cylinder engine for a manufacturer-estimated 28 MPG combined.⁸ Featuring the same evocative design and seamless connectivity as its ES 350 counterpart, the ES 250 AWD delivers refined luxury for every season.

ES F SPORT Handling shown in Ultra White⁹

Informed by *omotenashi*, the Japanese art of hospitality, the ES welcomes you into a spacious and inviting cabin with generous rear legroom. Other interior comforts include an available power rear sunshade and supple semi-aniline leather-trimmed seats, which feature a caliber of leather derived from only a fraction of the world's hides.

ES shown with Acorn semi-aniline leather and Open-Pore Black interior trim

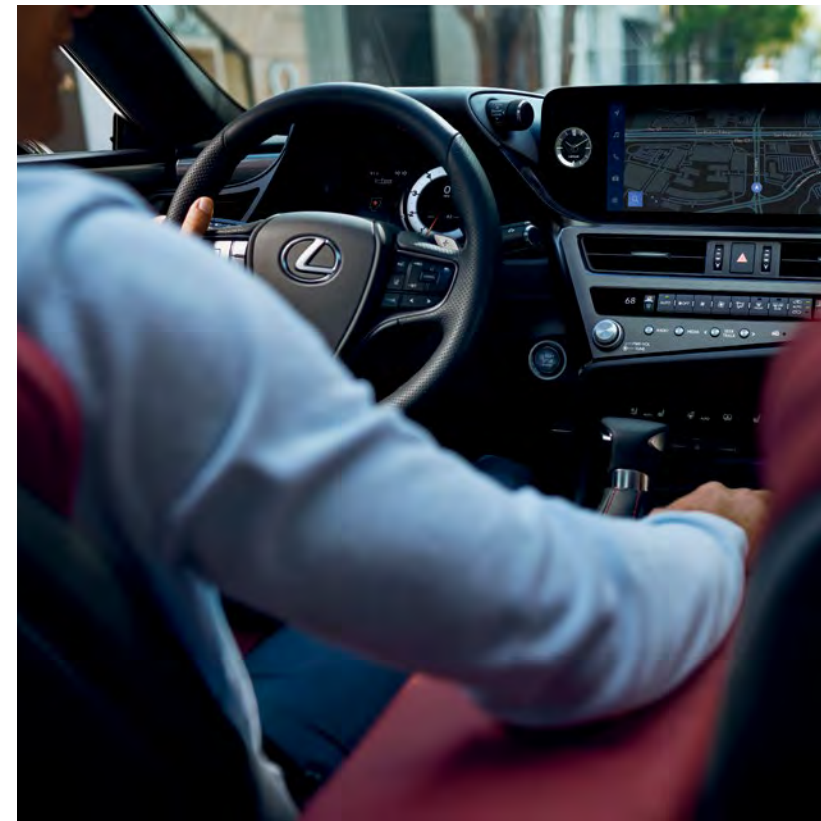

An available panorama glass roof allows more light into the cabin than conventional moonroofs. Its unique outer-sliding design creates a seamless appearance while providing ample natural light.

ES shown in Nightfall Mica

ES F SPORT Handling shown in Iridium⁹

ES shown in Iridium[®]

EXHILARATING PERFORMANCE

With three powerful engines, available all-wheel drive and multiple F SPORT models, the 2025 ES is unforgettable.

Craftsmanship isn't only about creating the finest materials—it's about creating the most visceral experience behind the wheel. After years of research and exhaustive testing, one result is the robust 302-horsepower, 3.5-liter direct injection V6 engine in the ES 350. Further amplifying its performance, an eight-speed automatic transmission delivers intuitive responsiveness and seamless acceleration. Inspiring confidence at every curve, the ES 250 AWD features all-wheel drive capability and a potent 2.5-liter in-line four-cylinder engine. The ES line also includes two aggressive F SPORT models: the ES F SPORT Design and the ES F SPORT Handling. Paddle shifters are featured on all models, putting the thrill of lightning-fast gear changes at your fingertips.

ES shown in Cloudburst Gray⁹

**MORE CONFIDENCE.
MORE CONTROL.
MORE ROADS.**

With its low, wide stance and all-wheel drive capability, the ES takes your driving experience even further.

Explore more roads with more confidence with the all-wheel drive capability and highly responsive, fuel-efficient 2.5-liter in-line four-cylinder engine of the ES 250 AWD. Engineered specifically for the ES, this all-wheel drive system empowers drivers by delivering greater responsiveness and control in a variety of weather conditions. All while sharing the coupe-like styling, highly rigid chassis and low center of gravity of the other ES models.

**TWO POWER SOURCES.
ONE EXHILARATING DRIVE.**

Available in performance-inspired F SPORT trims, the powerful ES Hybrid is the most fuel-efficient Lexus sedan.

Combining next-generation hybrid technology and a highly potent 2.5-liter engine, this is the best of everything the ES has to offer. Its battery is not only remarkably small and lightweight but also strategically placed as close to the middle of the vehicle as possible for optimized front/rear weight distribution and a lower center of gravity. And with paddle shifters that deliver driving dynamics similar to the ES 250 AWD and ES 350, the ES Hybrid and ES Hybrid F SPORT models bring you even more of the amazing performance you've come to expect. Pairing powerful performance with a manufacturer-estimated 44 MPG combined,² it isn't just the most fuel-efficient Lexus sedan—it's the most fuel-efficient among all non-plug-in luxury sedans,¹ period.

ES Hybrid shown in Sunlit Green

THE ES F SPORT HANDLING

Effortlessly agile, the ES F SPORT Handling offers performance as dynamic as its style.

Inheriting the DNA of Lexus high-performance vehicles, the F SPORT Handling versions of the ES 350 and ES Hybrid feature the same Adaptive Variable Suspension system found on the LC for reduced body roll and maximum responsiveness. And complementing its thrilling performance, the ES 350 F SPORT Handling emits an even more throaty engine note at higher rpm.

ES F SPORT Handling shown with Circuit Red NuLuxe® and Hadori Aluminum interior trim

PERFORMANCE-INSPIRED STYLING

The one-of-a-kind F SPORT. With bold exteriors that catch your eye. And with the F SPORT Handling, an interior to ignite your passion for driving.

From sliding gauges inspired by the world-renowned LFA supercar to Circuit Red-trimmed sport seats with enhanced bolsters, every aspect of the ES F SPORT Handling's interior is designed to ignite your senses. The sport steering wheel features the same varied grip profile used in the high-performance LC for optimal control. Strikingly styled from the ground up, the ES F SPORT Handling and ES F SPORT Design models also feature more aggressive front and rear fascias and exclusive 19-inch wheels with a daring Gloss Black finish.

ES shown in Matador Red Mica

Built on a highly rigid platform, the ES features a dynamic stance and a sleek, coupe-like silhouette inherited from the flagship LS. Elevating illumination to an art form, the ES demands a double-take with distinctive available ultra-compact Triple-Beam LED headlamps, sleek LED taillamps and daytime running lights adorned with the signature L shape.

EVOCATIVE DESIGN

With a long, wide and athletic stance, as well as a sleek grille design, the ES is captivating from every angle.

BOLDLY STYLED.
*METICULOUSLY
REFINED.*

With sculpted character lines and striking headlamps, the 2025 ES pairs daring exterior design with innovative engineering for a dynamic yet refined ride. Boasting an incredibly low center of gravity and a forward-leaning stance, the ES doesn't just make you feel more connected to the road, it helps you hear less of it. Building on the sound-dampening capabilities of the flagship LS, the ES features numerous components that minimize engine vibration and significantly reduce road noise, allowing you to focus on what matters most—the drive.

ES F SPORT Handling shown in Iridium⁹

Exclusively available on the ES F SPORT Handling, the *Hadori* Aluminum trim is inspired by a traditional Japanese sword-making technique. Our Lexus *takumi* master craftsmen exhaustively researched the centuries-old process, and then developed a special polishing technique to mimic the design. The result? A one-of-a-kind interior trim with exceptional depth and luster. Complementing this ornamentation, intricate hand-stitching on the dash provides a unique tactile quality and dimension that elevate the interior even further.

CRAFTSMANSHIP BORN FROM IMAGINATION

*Every curve, innovation and feeling
is a product of mastery.*

From the hand-stitching on the dash to the available *Hadori* Aluminum accents and three-dimensional quilted seat design, this is the epitome of unconventional craftsmanship. In addition to the distinctive Open-Pore wood trims, the ES inherits the precision-crafted steering wheel found in the uncompromising LS. By measuring the distribution of palm pressure on multiple points of the wheel during countless hours of test-driving, its unique shape was created to provide the most natural grip regardless of hand position. And pairing optimal performance with optimal comfort, it offers heating around its entire circumference.

LUXURY, CENTERED AROUND YOU.

Experience where refinement and innovation combine in a driver-centric cockpit with an easy-to-use touchscreen.

With contemporary styling and cutting-edge technology, the ES offers a refreshing point of view on modern luxury. Discover thoughtful amenities like 10-way power-adjustable front seats with available heating and ventilation, designed to envelop you and connect you to the road. Unlike conventional ventilated seats, these pull air directly from the climate-control system to more effectively and efficiently cool you. These refined luxuries are complemented by numerous expressions of modern style and technology—from an intuitively positioned available 12.3-inch touchscreen display to available ambient lighting that accentuates the sculpted lines throughout the cabin.

ES Hybrid shown with Palomino semi-aniline leather and Open-Pore Brown Walnut interior trim

The ultimate expression of the ES, the ES Hybrid builds upon its bold exterior styling with a sleek, concealed exhaust. Providing an incredibly refined ride, the rigid platform and Hybrid-Acoustics offer unprecedented sound-dampening measures, such as high-precision noise-canceling technology, to ensure the quietest drive possible. And a Super Ultra-Low Emission Vehicle¹⁰ certification means it produces fewer smog-forming emissions than conventionally powered vehicles.

ES Hybrid shown in Cloudburst Gray⁹

Accessed through a convenient touchscreen display, the ES offers numerous breakthroughs, from wireless Android Auto™11 compatibility to the Mark Levinson PurePlay audio system. Utilizing advanced soundstage technology, this system features speakers placed higher within the cabin to reduce reflections and create tonal synergy and nuances not found in any other vehicle. The result: audio that's not only heard, but experienced.

CONNECTIVITY REDEFINED

Featuring Lexus Interface⁶ and innovations including wireless Apple CarPlay^{®7} integration and an available Mark Levinson^{®4} PurePlay audio system, the ES helps keep you connected.

ES Hybrid shown with Apple CarPlay integration, Palomino semi-aniline leather and Open-Pore Brown Walnut interior trim

INNOVATION AT YOUR COMMAND

LEXUS INTERFACE

Lexus Interface⁶ connects you to a suite of advanced features. Among the benefits offered by an active Drive Connect¹² trial or subscription,* Intelligent Assistant enables you to control most features with just your voice, and gets smarter over time. Cloud Navigation offers more accurate directions. While the Profiles⁶ feature allows different drivers to create personalized settings that can go from vehicle to vehicle. Wireless charging¹³ and compatibility with Apple CarPlay¹⁷ and Android Auto^{TM11} offer the ultimate in convenience.

WIRELESS ANDROID AUTO

With wireless access to Android Auto, you can seamlessly cast your device's interface onto the vehicle's touchscreen display. Play your music via your favorite apps such as Spotify¹⁴ and Pandora,⁹ send messages through a range of commonly used apps like WhatsApp,⁸ navigate with Google Maps,¹⁵ and request information—all with your voice. Just say "Hey Google" to get started. For added convenience, Android Auto can also help shorten your commute by automatically finding alternate routes if it detects heavy traffic.

WIRELESS APPLE CARPLAY

With wireless access to Apple CarPlay, you can access the same familiar interface from your iPhone¹⁶ through the vehicle's touchscreen display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri,¹⁷ and get access to your favorite apps like Waze,⁹ Spotify and Apple Audiobooks.

INTELLIGENT ASSISTANT

With an active Drive Connect¹² trial or subscription,* the Intelligent Assistant feature is always with you, offering unprecedented convenience. By simply saying "Hey Lexus," you can adjust cabin temperature, add navigation points, change audio selections and more.

*4G network dependent

HEAD-UP DISPLAY

The available 10.2-inch full-color Head-Up Display can project key information, including speed, current gear and rpm onto the windshield. Display information can also be adjusted to suit the driver.

PANORAMIC VIEW MONITOR

This available system¹⁸ utilizes four high-resolution cameras mounted on the front, sides and rear of the vehicle to give you a bird's-eye view of the near environment. Moving View and See-Through View options create a composite image of the vehicle's surroundings as on-screen guides assist with parking and tight maneuvering.

POWER TRUNK WITH KICK SENSOR

The available power open/close trunk with kick sensor can be operated using a button on the key fob, the trunk lid or next to the steering wheel. For added convenience when your hands are full, the open/close function can be performed by waving your foot under the rear bumper.

PROFILES

The profile preferences feature⁶ enables you to personalize a variety of settings, including preferred temperature, audio and with an active Drive Connect¹² trial or subscription,* navigation settings. Profiles can automatically recognize your key fob or compatible smartphone to ensure things are perfectly set up each time you access your Lexus.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.[®] Learn more about these complimentary services at lexus.com/specialists.

PEACE OF MIND, STANDARD.

Lexus Safety System+ 2.5 is an integrated suite of standard active safety equipment and convenience features.⁵

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

With its radar and camera capabilities, this system³ features left-turn intersection detection of a pedestrian or vehicle. It can also help detect the vehicle ahead, a preceding bicyclist in daytime, and a preceding pedestrian in daytime and low-light conditions. Should it detect a potential frontal collision, it can help provide steering assistance and/or automatic emergency braking to help mitigate or avoid a collision.

DYNAMIC RADAR CRUISE CONTROL

This adaptive cruise control system¹⁹ helps detect an upcoming curve and may lower your speed accordingly. It also helps you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and can automatically slow your vehicle—even to a complete stop.

LANE DEPARTURE ALERT WITH STEERING ASSIST

This system²⁰ utilizes a camera to monitor visible lane markings. If an inadvertent lane departure is detected at speeds above 32 mph, the system is designed to issue an audio/visual lane departure warning so that you can steer back into the lane, and can even take slight corrective measures to provide gentle corrective steering for lane-keeping assistance within your visibly marked lane.

LANE TRACING ASSIST

When Dynamic Radar Cruise Control¹⁹ is enabled, this hands-on system²¹ monitors visible lane markings and can recognize vehicles ahead. To help the driver keep their vehicle centered in the lane, it can provide active driving steering assistance. Designed for peace of mind, the system can even be used in traffic and on highways with gradual curves.

ROAD SIGN ASSIST

This system²² uses a built-in camera to help provide road sign information in the instrument panel. In addition to displaying speed limit information, the system can alert you of certain detected signs you otherwise might have missed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams²³ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

To help you change lanes with confidence, the Blind Spot Monitor²⁴ feature is designed to detect and warn you of vehicles approaching or positioned in adjacent lanes.

WHEELS

In addition to striking wheel options, the ES offers a noise-reduction wheel that forces sound waves through resonator holes, increasing friction and conveying unwanted sound energy into heat energy that's then dissipated into the air. For a stylish ride made that much smoother.

DISCLOSURES

WARRANTY Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. Eight-year/100,000-mile Hybrid System Warranty. Ten-year/150,000-mile Hybrid Battery Warranty. All warranties with zero deductible. See the *ES Warranty and Services Guide* at your Lexus dealer for details.

1. 2025 ES 300h vs. 2024/2025 competitors. Information based on manufacturers' websites as of 5/1/2024. Excludes plug-in hybrids and battery electric vehicles. **2.** Projected EPA-estimated 43city/44hwy/44comb MPG rating for 2025 Lexus ES 300h as determined by manufacturer. EPA estimates not available at time of publishing. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov. **3.** The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to help reduce the crash speed and damage in certain frontal collisions involving a vehicle, a pedestrian, or a bicyclist. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of vehicle, pedestrian or bicyclist, and weather, light and road conditions. See *Owner's Manual* for limitations. **4.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **5.** Lexus Safety System+ effectiveness depends on many factors including road, weather and vehicle conditions. Drivers responsible for paying attention to their surroundings and driving safely. See *Owner's Manual* for limitations. **6.** Lexus Interface Services depend on certain factors outside of Lexus' control in order to operate, including 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded, including access to response center and emergency support. Services vary by vehicle and are subject to change at any time without notice. Requires app download/registration and subscription after trial (if applicable). Terms of Use apply. Data charges may apply. See *Owner's Manual* and <https://drivers.lexus.com/lexusdrivers/technology/interface>. For Lexus Interface Services' data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacy>. All trials begin on original purchase or lease date of new vehicle, with the exception of Wi-Fi for which trial begins at time of activation. Paid subscription required after trial (if applicable). For Safety Connect, stolen vehicle police report required to use Stolen Vehicle Locator. Automatic Collision Notification activates only in limited circumstances. Remote start/stop and/or lock/unlock and other features of Remote Connect are only available on select models. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start a gas engine vehicle in an enclosed space or if vehicle is occupied by a child). Drive Connect service not available in every city or roadway. For Service Connect, information provided is based on the last time data was collected from vehicle and is not real-time data. Wi-Fi Connect service not available everywhere or in every vehicle. Valid in contiguous U.S. and Alaska. Up to 5 devices supported. Integrated Streaming requires subscription for third-party provider services. Wi-Fi Connect trial (if applicable) begins at time of enrollment and expires the earlier of: 3GB of data is used or 30 days after enrollment. **7.** To wirelessly use Apple CarPlay on your car display, you need a compatible iPhone® with an active data plan. Check iPhone compatibility at <https://www.apple.com/ios/carplay/>. Operability depends on network availability, a cellular connection and GPS signal. Services subject to change at any time without notice. Data charges may apply. To learn more, go to <https://lexusconnectedtechnologysupport.com/lexus/home>. To learn more about Lexus' connected services data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacy>. Apple CarPlay and iPhone are registered trademarks of Apple Inc. **8.** Projected EPA-estimated 25city/34hwy/28comb MPG rating for 2025 Lexus ES 250 AWD as determined by manufacturer. EPA estimates not available at time of publishing. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov. **9.** Cloudburst Gray, Eminent White Pearl, Iridium and Ultra White available for an additional charge. **10.** Rating determined by California Air Resources Board pursuant to Section 1961.4 of Title 13 of the California Code of Regulations. **11.** Wireless use of Android Auto requires a compatible Android 11.0+ phone and compatible active data plan. Check g.co/androidauto/requirements for compatibility. Operability depends on network availability, a cellular connection and GPS signal. Services subject to change at any time without notice. Data charges may apply. To learn more, go to <https://lexusconnectedtechnologysupport.com/lexus/home>. Drive Connect availability and accuracy depend on certain factors outside of Lexus' control in order to operate, including 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Services subject to change at any time without notice. Requires app download/registration and subscription required after trial (if applicable). Terms of Use apply. Data charges may apply. See *Owner's Manual* and <https://drivers.lexus.com/lexusdrivers/technology/interface> for limitations. To learn about Lexus' connected services data collection, use, sharing and retention practices, visit <https://www.lexus.com/privacy>. Trial period begins on original purchase or lease date of new vehicle. Paid subscription required after trial (if applicable). Terms of Use apply. **13.** Wireless charging may not be compatible with all mobile phones, smart devices, tablets, e-readers, MP3/WMA players and like products. **14.** Subject to smartphone connectivity and capability. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Data charges may apply. Spotify is a registered trademark of Spotify Technology Holding. **15.** Always drive safely and obey traffic laws. Functionality depends on many factors outside of Lexus' control. Actions and services subject to change at any time without notice. Google Assistant requires compatible smartphone. Operability depends on network availability, a cellular connection and GPS signal. Data charges may apply. To learn more, go to <https://lexusconnectedtechnologysupport.com/lexus/home>. To learn more about Lexus' connected services data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacy>. **16.** iPhone is a registered trademark of Apple Inc. All rights reserved. **17.** Sir® is a registered trademark of Apple Inc. **18.** The Panoramic View Monitor does not provide a comprehensive view of the area surrounding your vehicle. Look around to confirm clearance. See *Owner's Manual* for limitations. **19.** Dynamic Radar Cruise Control is not a substitute for safe and attentive driving. See *Owner's Manual* for instructions and limitations. **20.** Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual/audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or substitute for safe and attentive driving. Effectiveness depends on many factors including road, weather and vehicle conditions. See *Owner's Manual* for limitations. **21.** The Lane Tracing Assist (LTA) lane centering function is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. See *Owner's Manual* for limitations. **22.** Road Sign Assist only recognizes certain road signs. See *Owner's Manual* for limitations. **23.** Intelligent High Beams operate at speeds above approximately 21 mph. Minimum speeds may vary by model. See *Owner's Manual* for instructions and limitations. **24.** Do not rely exclusively on Blind Spot Monitor. Look over shoulder and use turn signal. See *Owner's Manual* for limitations. **25.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers. **26.** Projected EPA-estimated MPG ratings as determined by manufacturer. EPA estimates not available at time of publishing. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov. **27.** The engine immobilizer is a state-of-the-art anti-theft system initiated when key is inserted into ignition switch or a SmartAccess fob is in/near vehicle. Engine will only start if the code in the transponder chip inside the key/fob matches code in vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. For lost key or fob, see a Lexus dealer or go to www.aloa.org to find a qualified locksmith for high-security key service. **28.** Service will automatically stop at the end of your trial subscription period unless you decide to continue service. Trial is non-transferable. If you do not wish to enjoy your trial, you can cancel by calling the number below. All SiriusXM services require a subscription, each sold separately by SiriusXM after the trial period. Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit [siriusxm.com](https://www.siriusxm.com) for complete terms and how to cancel which includes online methods or calling 1-866-635-2349. Some services and features are subject to device capabilities and location availability. Satellite service not available in AK & HI. Content varies by SiriusXM subscription plan. All fees, content and features are subject to change. SiriusXM and related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. **29.** A compatible Bluetooth-enabled phone must be paired. Phone performance depends on software, coverage and carrier. The Bluetooth word mark and logos are registered trademarks of Bluetooth SIG, Inc. Use of such marks by Lexus is under license. **30.** Charging may not be compatible with all mobile phones, smart devices, tablets, e-readers, MP3/WMA players and like models. **31.** The backup camera does not provide a comprehensive view. Always look over shoulder and use outside mirrors. See *Owner's Manual* for limitations. **32.** Do not rely exclusively on the Rear Cross-Traffic Alert. Visually confirm clearance during use. See *Owner's Manual* for limitations. **33.** Vehicle Stability Control is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and steering input can affect whether VSC will be effective. See *Owner's Manual* for limitations. **34.** Airbag systems supplement the seatbelts and are designed to inflate only under certain conditions and in certain types of severe collisions. Always wear seatbelt, sit upright in middle and as far back in seat as possible to help decrease risk of injury. Do not put objects in front of an airbag. See *Owner's Manual* for limitations. **35.** Lexus provides complimentary maintenance for your first two scheduled visits at the earlier of 6 months/5,000 miles and 12 months/10,000 miles. See *Warranty and Services Guide* for details. For Lexus vehicles registered and normally operated in the continental United States, U.S. territories and Canada. **36.** Do not rely exclusively on the Rear Pedestrian Detection System. Visually confirm clearance during use. See *Owner's Manual* for limitations. **37.** Intuitive Parking Assist may warn drivers of, and potentially brake for, collisions with certain objects when traveling at low speeds. Drivers should visually confirm clearance during use. See *Owner's Manual* for limitations. **38.** Accessories may vary by model year, not be available in all regions of the country, or require a special order. Please see your dealer for availability. **39.** For accessories purchased at the time of the new vehicle purchase, the Lexus Accessory Warranty coverage is in effect for 48 months/50,000 miles from the vehicle's in-service date, which is the same coverage as the new vehicle Basic Warranty. For accessories purchased after the new vehicle purchase and installed by a Lexus dealer the coverage is 12 months for the parts and labor, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage. Accessories purchased over the counter are covered for 12 months from the date of purchase. Refer to your Lexus accessory limited warranty or documentation that accompanies accessory purchase for coverage and conditions. **40.** This floor liner or floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner or mat must be secured with its fasteners. Do not install a floor liner or mat on top of an existing floor liner or mat. **41.** Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. **42.** Genuine Lexus Paint Protection Film by 3M™ is designed for specific sections of the vehicle most prone to chipping which may vary depending on vehicle model. Select applications may require an additional charge. Lexus Genuine Accessory Warranty only applies when installation is performed by a trained Lexus-approved installer. See Lexus dealer for details.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. Lexus Interface display shown may not reflect most recent over-the-air enhancements. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of publishing, are subject to change without notice, and are for mainland U.S.A. vehicles only. **Vehicles shown may be prototypes, shown using visual effects and/or shown with options. Actual models may vary.** Colors depicted may vary based on multiple factors, including ambient lighting and the format in which they are being viewed (e.g., computer, mobile device, or print). See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
