

2022 LS

Can a vehicle give you
a glimpse of the future?

Can something that's existed for
millions of years suddenly feel new?

Can the shape of a seat cushion make
conversations more enjoyable?

To craft the most amazing machines, you don't start with machines at all. You start with people.

The 2022 Lexus LS

LS 500

From its elevated interior with a pinch-and-zoom touchscreen display to its bold front fascia, headlamps and taillamps, the LS is extraordinary inside and out. Built upon the platform of the high-performance LC coupe, it's powered by a twin-turbocharged 416-hp¹ V6 engine paired with a thrilling 10-speed automatic transmission and delivers a ride that's exhilarating as well as refined. Rear-wheel drive or all-wheel drive.

LS 500h AWD

The original multistage hybrid prestige luxury sedan delivers a new Lexus-first milestone for 2022: Lexus Teammate™^{2,3}—our revolutionary, advanced driving assistance technology. The LS Hybrid pairs a potent 3.5-liter V6 engine with powerful electric motors and a lightweight lithium-ion battery, delivering seamless acceleration and torque without requiring a charge. Providing you the direct, instinctive feel of a 10-speed automatic transmission, this is where efficiency and luxury meet unprecedented convenience.

LS 500 F SPORT

Featuring performance-inspired instrumentation, bolstered front sport seats, F SPORT 20-inch wheels with a Dark Vapor Chrome finish, larger brakes, aluminum pedals and our most advanced available vehicle dynamics control system yet, the LS F SPORT delivers the most engaging LS driving experience ever. And the exclusive Dynamic Handling Package with Active Rear Steering and active stabilizers pushes the intensity even higher. Rear-wheel drive or all-wheel drive.

VISIONARY TECHNOLOGY

Available Lexus-first driver-assistance technology,^{2,3} and an interior that offers world-class audio and a convenient 12.3-inch touchscreen. This is our most advanced LS ever.

With a relentless focus on crafting vehicles that put people first, the 2022 LS offers a glimpse into the future of driver-inspired technology. For added visibility, it offers an expansive 24-inch Head-Up Display that not only projects key information such as speed, current gear and rpm onto the windshield, it's also one of the first displays to offer the ability to warn you about the possibility of pedestrians⁵ or cross-traffic ahead.⁶ The driver-centric cabin also boasts one of the most sophisticated 3D audio experiences available in an automobile: the world's first Mark Levinson^{®7} Quantum Logic Immersion. And for added convenience and connectivity, it features Android Auto^{™8} compatibility and an intuitively placed pinch- and zoom-enabled 12.3-inch touchscreen multimedia display.

TRANSPORTATION, TRANSFORMED.

Experience the next level of driver convenience and the next leap forward for Lexus vehicles.

When a global team of engineers share the singular goal of creating industry-leading advanced driver-assistance functionality, the result is nothing short of extraordinary. Introducing Lexus Teammate^{2,3}—a technology so revolutionary, it will change how you think about driving. Debuting on the 2022 LS Hybrid, Lexus Teammate is an intuitive Lexus-first technology comprising two systems. Advanced Drive² partners with the driver for added convenience and peace of mind when driving along supported controlled-access highways by monitoring surrounding conditions and automatically controlling the vehicle's steering, acceleration, braking and more. Under certain conditions, it can also offer hands-free capabilities. And when driving to a programmed destination, it can even plan actions miles in advance. While Advanced Park³ makes parallel parking and backing into tight spaces as effortless as pressing a button. With the ability to automatically receive over-the-air software updates, Lexus Teammate has the potential to become smarter over time, unlocking a new future of mobility.

HEAD-UP DISPLAY INTEGRATION

The large Head-Up Display within the windshield shows preceding vehicles, upcoming curves in the road, the vehicle's course and its programmed route, helping you stay focused on the road ahead.

PROACTIVE ASSISTANCE

Helping you maintain adequate spacing on both sides of the vehicle, the Advanced Drive system² can preemptively slow the vehicle down when merging.

EMERGENCY DRIVING STOP

If the system² detects the driver is no longer actively in command of the vehicle—such as in a medical emergency—the vehicle can, in some cases, help automatically steer to the shoulder and come to a complete stop if it is safe to do so.

HANDS-FREE PARKING

Facilitating hands-free parking, whether parallel parking or backing into a space, the Advanced Park system³ is designed to control steering, acceleration, braking and gear changes when parking.

SMARTER OVER TIME

Should new software updates become available, the system and vehicle can automatically be updated remotely, helping ensure you have access to any new enhancements.

LSh shown in Atomic Silver

SEAMLESS CONNECTIVITY

APPLE CARPLAY

With Apple CarPlay^{®9} integration, you can access the same familiar interface from your iPhone[®] through the vehicle's touchscreen multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri^{®10} and get access to your favorite apps like Waze,[™] Spotify[®] and Apple Audiobooks.^{™11}

ALEXA

Bring all the convenience of Alexa¹² on the road with the Lexus app. Using only your voice, you can easily access thousands of the same functions you get with Alexa at home. Listen to audiobooks, stream Amazon Music, make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart-home devices¹³ such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa can even sync to your Navigation System.¹⁴

ANDROID AUTO

With Android Auto,^{™8} you can now seamlessly cast your device's interface onto the vehicle's multimedia display. Play your music via your favorite apps such as Spotify and Pandora,[®] send messages through a range of commonly used apps like WhatsApp,^{®15} navigate with Google Maps,¹⁶ and request information—all with your voice. Just say "Hey Google" to get started. For added convenience, Android Auto can also help shorten your commute by automatically finding alternate routes if it detects heavy traffic.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.[®] Learn more about these complimentary services at lexus.com/specialists.

EVERY ELEMENT CRAFTED AROUND YOU

Inspired by *omotenashi*, the Japanese concept of hospitality, our vision is to anticipate the driver's needs and form a relationship that is seamless and intuitive. That's why we partnered with Mark Levinson to create a world's-first audio system that delivers a totally unique, totally immersive listening experience. Featuring 23 speakers (including four in the ceiling), it creates one of the largest soundstages in the industry while creating a closer connection between the occupants and every note. And with Quantum Logic Immersion, it also offers one of the most sophisticated, purest 3D audio technologies available in an automobile. To further envelop you in the inviting interior, the LS features four customizable temperature zones throughout the cabin, available 28-way adjustable front seats, and a seat-cushion extender on the front-seat edge that can extend to fully support your thighs.

PEACE OF MIND, STANDARD

Presenting Lexus Safety System+ 2.5, an integrated suite of class-leading standard active safety equipment.^{17,18}

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

By enhancing the radar and camera capabilities, it's possible for the system¹⁹ to help detect not only the vehicle ahead, but also a preceding bicyclist in daytime and even a preceding pedestrian in daytime and low-light conditions. Should it detect a potential frontal collision, it can help automatically brake to help mitigate or avoid a collision.

LANE TRACING ASSIST

When All-Speed Dynamic Radar Cruise Control²⁰ is enabled, this hands-on system²¹ monitors visible lane markings and can recognize vehicles ahead. To help the driver keep their vehicle centered in the lane, it can provide steering assistance. Designed for convenience, the system can even be used in traffic and on highways with gradual curves.

LANE DEPARTURE ALERT WITH STEERING ASSIST

This system²² utilizes a camera to monitor visible lane markings. If an inadvertent lane departure is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take slight corrective measures to help keep you within your visibly marked lane.

ROAD SIGN ASSIST

This system²³ uses a built-in camera to help provide road sign information in the instrument panel or even on the available Head-Up Display. In addition to displaying speed limit information, the system can alert you of certain detected signs you otherwise might have missed.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

This system²⁰ helps detect an upcoming curve and may lower your speed accordingly. It also helps you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and can automatically slow your vehicle—even to a complete stop.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams²⁴ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

LEXUS SAFETY SYSTEM + 2.0

LS shown in Atomic Silver

OUR MOST ADVANCED SAFETY SYSTEM YET: LEXUS SAFETY SYSTEM+ A

Honed on one of the most complex highway systems in the world, the Tokyo Metropolitan Expressway, Lexus Safety System+ A²⁵ is the most advanced safety system available on a Lexus. It features Intersection Support⁶ to help you detect a pedestrian or vehicle when you're making a right or left turn. And includes innovative lane assistance technologies,^{21,22} as well as a way for the LS to scan the road ahead and alert you if a pedestrian is on a trajectory to make an impact with the vehicle.⁵ This highly intelligent system helps you manage your speed around curves to handle turns with added confidence. It can also help brake or steer away if it detects an impending collision,²⁶ while still remaining in its lane. And with Lane Change Assist,²⁷ the LS is even designed to help automatically change lanes for you when it's safe to do so. For added visibility, it offers an expansive 24-inch Head-Up Display that not only projects key information such as speed, current gear and rpm onto the windshield, it's also one of the first displays to warn you about the possibility of pedestrians⁵ or cross traffic ahead.⁶ This leading-edge technology brings us one step closer to realizing our vision of an accident-free world.

LS shown in Atomic Silver

PROVOCATIVE STYLE

With a distinctive design and unconventional craftsmanship, the 2022 LS doesn't just set the standard, it exceeds it.

Countless steps in the search for one pure emotion. That's the design philosophy behind our most evocative LS yet. First, it captures your attention with its coupe-like profile, striking headlamps and taillamps, and a daring front fascia. Then, it draws you even closer with available Artwood trims like a herringbone design that demands the same handcrafted process used to craft top-quality musical instruments.

LS shown in Manganese Luster⁴

The image shows the interior of a Lexus LS, featuring a luxurious tan leather upholstery with a perforated pattern on the seat cushions and backrests. The dashboard and center console are finished with Artwood Organic Gloss trim. The steering wheel is black with the Lexus logo in the center. The infotainment screen displays the Lexus logo and some text. The overall design is clean and modern, emphasizing comfort and elegance.

THE ART OF HOSPITALITY

Omotenashi is the Japanese concept of hospitality, and the artfully crafted interior of the LS is the ultimate expression of it. To help ensure that your enjoyment of conversation and music isn't compromised by unwanted noise, even the seat cushions were altered to reduce vibration. Available outboard seat-cushion side supports automatically adjust to facilitate an easy entry and exit. And merging performance with convenience, the available electronically controlled Adaptive Variable Air Suspension system not only helps to maintain the vehicle's low center of gravity while driving, it can also automatically raise the vehicle to make it even easier to step into or out of the LS.

LS shown with Palomino leather and Artwood Organic Gloss interior trim

LS shown with Palomino leather and Artwood Organic Gloss interior trim

WORLD-CLASS CRAFTSMANSHIP

ARTWOOD ORGANIC GLOSS

When you approach craftsmanship through the driver's eyes, even something that's existed for centuries can be made to feel new. Sustainably and responsibly sourced from the *Agathis* tree, available Artwood Organic Gloss trim features a vibrant grain pattern reminiscent of flickering flames. Like nothing you've seen in an automobile, or in nature itself, it's created by a *takumi* craftsman slicing multiple sheets of wood across the grain and applying a natural gloss to enhance the vibrancy.

AMBIENT LIGHTING

Inspired by the warm glow of traditional Japanese *andon* lanterns and the welcoming spirit of *omotenashi*, soft LED illumination warmly invites the driver and passengers into the cabin. And light sources behind the armrest and door trim give the impression that the armrest is elegantly floating, adding to the serene atmosphere.

POLISHED MAGNESIUM DETAILS

With fluid, delicate lines reminiscent of the traditional Japanese harp (*koto*), the dash accents of the LS are made of magnesium because of its unique tactile qualities. The manufacturing process requires several layers of surface treatment in order to create the distinct feel and dynamic appearance.

KIRIKO CUT GLASS

With its delicately etched pattern and luminous glow, available *Kiriko* glass is designed by hand to catch the light and the eye. Then a laser-scanning technique creates data from ten thousand different cuts in order to capture the uniqueness of this human touch. Each piece of glass requires up to 147 points of polishing, which can take hours to complete.

HAND-PLEATED TRIM

Created from a single piece of cloth, the available hand-pleated interior trim is a tribute to the art of origami. Simple yet painstakingly crafted, this masterful trim started as true origami and took four years to develop. The final expression is so complex and precise that it can only be folded by human hands.

LS shown with White leather and Laser Special Black interior trim

FIRST-CLASS LUXURY: THE EXECUTIVE PACKAGE

To achieve the finest passenger experience we've ever created, the Executive Package provides exceptional refinement. In addition to generous rear legroom and rear-seat butterfly headrests, it offers a class-exclusive Lexus Climate Concierge¹⁷ that uses 16 infrared sensors placed throughout the cabin to continually measure and respond to each occupant's unique temperature. It also features an extendable right-rear ottoman,²⁸ an impressive rear-seat reclining angle, and heated and ventilated rear seats with a massager. This luxurious package even offers the remarkable style of *Kiriko* glass and hand-pleated trim. To help you make the most of every indulgence, the rear-seat passenger control panel enables you to manage the finest details—from individual climate zones to seven different massage settings.

F SPORT STYLING

The F SPORT is a passionate expression of pure performance, both inside and out. In addition to its bold F SPORT 20-inch wheels with a Dark Vapor Chrome finish, it includes a host of exclusive exterior styling features such as a dynamic front fascia and mesh grille, exterior badging, darkened chrome lower trim, and large six-piston front and four-piston rear brakes.²⁹ On the inside, F SPORT bolstered 28-way power front seats feature an exclusive perforated L-motif pattern. And aluminum pedals, a perforated leather-trimmed shift knob and steering wheel, performance-inspired sliding instrumentation, and an Ultrasuede^{®30}-trimmed headliner are just a few indicators of the passion that lies under the hood.

LSF SPORT shown with Circuit Red leather and Naguri Aluminum interior trim

F SPORT *PERFORMANCE*

The razor-sharp handling of the Lexus high-performance line meets aggressive, track-inspired design with the LS F SPORT. Sharing a platform with the intense LC coupe and DNA with the LFA, it includes a specially tuned suspension system engineered by the same team behind the iconic supercar. Beyond larger brakes, optimized brake pads²⁹ and deeply bolstered front sport seats, you can take the exhilarating drive even further with the LS Dynamic Handling Package. Boasting Variable Gear-Ratio Steering, Active Rear Steering and active stabilizers, it also features our most advanced vehicle dynamics control system—the first to control all six forms of vehicle movement.

LS F SPORT shown in Atomic Silver

REFINED PERFORMANCE

From seamless acceleration to a specially tuned suspension system, the 2022 LS offers a refined driving experience like no other.

The seamless acceleration and all-wheel drive capability of the LS 500h AWD with Lexus Teammate.^{2,3} The refined ride of the LS 500. The advanced vehicle dynamics of the daring LS F SPORT. The 2022 Lexus LS line evolves the definition of a Lexus flagship sedan. When it came to crafting the 2022 LS, no detail was overlooked. In addition to an enhanced available electronically controlled Adaptive Variable Air Suspension system, everything from the engine components to the composition of the tires was finessed to achieve further sound dampening within the cabin. The 2022 LS proves that only unconventional engineering can create unparalleled results.

LS F SPORT shown in Ultra White⁴

TWIN-TURBO POWER. *PERFORMANCE ELEVATED.*

Connecting with the driver in unprecedented ways demands engineering that's just as extraordinary. Consider the twin-turbo engine in the LS 500. Lexus researched, tested and crafted the turbochargers in the LS 500 in-house—something almost unheard of in the industry. This powerful 416-hp¹ V6 engine is paired with an equally exhilarating, class-exclusive 10-speed Direct-Shift automatic transmission.¹⁷ It delivers the optimal gear for a wide variety of driving conditions and one of the fastest shift times among conventional automatic transmissions. Adding a level of refinement to its dynamic performance, the engineers behind the LS tirelessly reevaluated everything from engine components to tire composition in order to reduce cabin noise. The result? A flagship vehicle that evokes a visceral response—long after the drive is over.

DUAL POWER SOURCES. FIRST-CLASS PERFORMANCE.

The LS 500h AWD is the first multistage hybrid prestige luxury sedan, and, with the instinctive feel of a 10-speed automatic transmission, the most responsive and fastest LS Hybrid we've ever created. Built on an advanced powertrain, it boasts a combined 354-hp¹ 24-valve gas engine, powerful yet compact electric motors, and our lightest, most compact lithium-ion battery. With these impressive performance metrics, all-wheel drive capability, and new next-generation driver-assistance technology, the LS 500h AWD with Lexus Teammate^{2,3} is the breakthrough that recasts the entire concept of excellence in the category.

LSh shown in Atomic Silver

ALL-WHEEL DRIVE. ALL POWERFUL.

Never sacrifice style for capability with all-wheel drive, available on all LS models. Full-time all-wheel drive delivers engine power to all four wheels, and a Torsen^{®31} limited-slip center differential efficiently distributes it between the front and rear axles, helping optimize traction, handling and control in a variety of driving conditions.

LS AWD shown in Manganese Luster⁴

LS STYLES

LS 500

Available in RWD or AWD

Standard features:

- 416-hp¹ 3.5L twin-turbo V6 with 10-speed transmission
- Adaptive Variable Suspension
- Drive Mode Select with Sport S+ and Custom modes
- Vehicle Dynamics Integrated Management³²
- Lexus Enform Safety Connect³³ and Service Connect³⁴
- Included for the first three and 10 years of ownership, respectively.
- Lexus Enform Wi-Fi³⁵ 4GB/three-month trial is included.
- Lexus Enform Dynamic Navigation³⁶ Included for the first three years of ownership.
- Lexus Enform Destination Assist³⁷ Included for the first three years of ownership.
- Lexus Enform Remote³⁸ Included for the first three years of ownership.
- Lexus app (Enform Remote³⁸ engine start, service scheduling, Vehicle Health Reports/Alerts, and more)
- Dynamic Voice Command³⁶ with Bluetooth^{®39} and USB⁴⁰ smartphone connectivity. Included for the first 10 years of ownership.
- Navigation System¹⁴ with 12.3-in color LCD touchscreen multimedia display and Remote Touchpad⁴¹
- Lexus 12-speaker Premium Audio System
- Alexa¹² compatibility
- Apple CarPlay^{®9} integration
- Android Auto^{™8} compatibility
- Active Sound Control and Active Noise Cancellation
- Heated leather-trimmed steering wheel with paddle shifters
- 16-way power-adjustable heated and ventilated front seats
- Power-adjustable front headrests
- Electrochromic (auto-dimming) inside and outside mirrors with puddle lamps
- Dual-zone climate control
- Power rear sunshade and power moonroof
- Hands-free power open/close trunk
- Auto door closer
- SmartAccess^{42,43} with push-button Start/Stop
- Premium Triple-Beam LED headlamps with Adaptive Front Lighting System⁴⁴
- A LED taillamps and turn signals
- Lexus Safety System+ 2.5¹⁸
- Blind Spot Monitor⁴⁵ with Rear Cross-Traffic Alert⁴⁶
- Intuitive Parking Assist with Auto Braking⁴⁷
- Backup camera⁴⁸
- 10 airbags⁴⁹
- Complimentary scheduled maintenance services:⁵⁰ (Please refer to the *Warranty and Services Guide* for details.)

LS 500h AWD with Lexus Teammate™

Includes LS 500 features and Luxury Package, and adds or replaces:

- 354-total-system-horsepower¹ 3.5L V6 with Lexus Multistage Hybrid Drive
- EV drive mode⁵¹
- Lexus Teammate: Advanced Drive²
- Lexus Teammate: Advanced Park³
- 24-in Head-Up Display integration
- 20-in split-10-spoke alloy noise-reduction wheels with Vapor Chrome finish

LS 500 F SPORT

Available in RWD or AWD

Includes LS 500 features, and adds or replaces:

- F SPORT exterior styling including front bumper, upper and lower grille inserts, rear diffuser and lower door trim
- 20-in split-five-spoke alloy wheels with Dark Vapor Chrome finish
- Six-piston front brake calipers²⁹ with 15.7-in ventilated discs
- Four-piston rear brake calipers²⁹ with 14.1-in ventilated discs
- F SPORT-tuned Adaptive Variable Suspension
- Performance-inspired instrumentation with sliding bezel
- F SPORT perforated leather-trimmed interior with Ultrasuede-trimmed headliner
- F SPORT perforated leather-trimmed shift knob and heated steering wheel
- F SPORT 28-way power-adjustable front seats with enhanced bolsters, perforations and embossed headrests
- Passenger-seat power cushion extender
- Aluminum pedals and interior trim

PACKAGES

INTERIOR UPGRADE PACKAGE (LS 500)

- Quilted-stitch perforated semi-aniline leather interior trim
- 28-way power-adjustable driver's seat with multifunction massage and cushion extender
- Ultrasuede-trimmed headliner and sun visors
- Power front seatbelt buckles
- Wood- and semi-aniline leather-trimmed center console
- Semi-aniline leather-trimmed door armrests
- Heated rear seats
- Leather-wrapped heated steering wheel with premium wood trim
- Premium wood trim
- 19-in split-10-spoke alloy noise-reduction wheels with high-gloss finish or 20-in split-10-spoke alloy noise-reduction wheels with Vapor Chrome finish

LUXURY PACKAGE

- Includes Interior Upgrade Package, and adds or replaces:*
- 28-way power-adjustable passenger seat with multifunction massage and cushion extender
- Remote adjustment for passenger seat
- B 18-way power-reclining outboard rear seats with memory
- Power side-window sunshades
- Semi-aniline leather-trimmed rear armrest with 7.0-in touchscreen controller
- Rear-seat knee airbags⁴⁹
- Adaptive Variable Air Suspension with rapid height function
- Panoramic View Monitor⁵²

EXECUTIVE PACKAGE (LS 500)

- Includes Luxury Package, and adds or replaces:*
- Power-retractable butterfly front headrests
- 22-way power-adjustable rear seats with butterfly headrests, memory and multifunction massage with heat
- Right-rear power recliner with sliding ottoman²⁸
- 20-in split-10-spoke forged alloy noise-reduction wheels with Black and machined finish
- Mark Levinson 23-speaker, 2,400-watt Reference Surround Sound with Quantum Logic Immersion

EXECUTIVE PACKAGE WITH KIRIKO GLASS (LS 500)

- Includes Executive Package, and adds or replaces:*
- Kiriko Glass interior door trim
- Hand-pleated interior door trim

COLD-WEATHER PACKAGE (STANDARD WITH AWD)

- Windshield wiper de-icer
- Headlamp washers
- Enhanced interior heater for faster heat output in cold weather
- Four-zone Climate Concierge with climate-comfort front and outboard rear seats, infrared sensors and air purifier (with Luxury or Executive Package)

DYNAMIC HANDLING PACKAGE (LS 500 F SPORT RWD)

Includes LS 500 F SPORT features, and adds or replaces:

- Variable Gear-Ratio Steering
- Active Rear Steering
- Active stabilizers
- Panoramic View Monitor⁵²
- F SPORT-tuned Adaptive Variable Air Suspension with rapid height function

LEXUS SAFETY SYSTEM+ A²⁵

- Enhanced All-Speed Dynamic Radar Cruise Control²⁰ and Lane Change Assist²⁷
- Pre-Collision System with Intersection Support⁶ and Head-Up Display integration
- Pedestrian Alert⁵
- Front Cross-Traffic Alert⁶

OPTIONS

- A Artwood Organic Gloss, Artwood Herringbone and Laser Special Black premium wood trims
Heated wood- and leather-trimmed steering wheel
- B Panorama glass roof (LS 500)
- C Panoramic View Monitor⁵²
Adaptive Variable Air Suspension with rapid height function
Mark Levinson 23-speaker, 2,400-watt Reference Surround Sound with Quantum Logic Immersion
24-in Head-Up Display
Digital Rearview Mirror
19-in split-10-spoke alloy noise-reduction wheels with high-gloss finish
20-in split-10-spoke alloy noise-reduction wheels with Vapor Chrome finish
20-in split-10-spoke alloy noise-reduction wheels with Gloss Black and machined finish
Four-zone Climate Concierge with climate-control front and outboard rear seats, infrared sensors and air purifier (LS 500)
Haku interior door trim
Power lift-up buckle

Apple CarPlay[®] functionality requires a compatible iPhone[™] connected with an approved data cable into the USB media port. Apple CarPlay and iPhone are registered trademarks of Apple Inc. **10.** Always focus on the road while driving. Siri is available on select iPhone/Pad models and requires Internet access. Siri is not available in all languages or all areas and features vary by area. Some Siri functionality and commands are not accessible in the vehicle. See *Apple.com* and phone carrier for details. Data charges may apply. Siri is a registered trademark of Apple Inc. **11.** Apple Audiobooks is a trademark of Apple Inc. All rights reserved. Spotify is a registered trademark of Spotify Technology Holding. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **12.** Amazon, Alexa, Amazon Music and all related marks are trademarks of Amazon.com, Inc. or its affiliates. Certain functions require adequate signal strength and/or smartphone technology/connectivity. Not all Amazon Alexa functionality is available for in-vehicle use. See applicable app for details. Download of the Lexus app and Lexus+ Alexa app are both required to begin in-vehicle use of Alexa. Data charges may apply for certain functions. Apps and services subject to change at any time without notice. To learn more, go to <https://www.lexus.com/enform>. To learn more about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **13.** Certain Alexa functionality is dependent on smart home technology. Skills and services subject to change at any time without notice. **14.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Functionality, availability and accuracy of information provided by the system depend on many factors, and service may not be available in every location. Use common sense when relying on information provided. Services and programming subject to change. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for additional limitations and details. **15.** WhatsApp is a registered trademark of WhatsApp Inc. **16.** Google and Google Maps are trademarks of Google LLC. Always drive safely and obey traffic laws. Functionality depends on many factors outside of Lexus' control. Actions and services subject to change at any time without notice. To learn more, go to www.lexus.com/enform. To learn more about Lexus' data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **17.** 2022 LS vs. 2021/2022 competitors. Information from manufacturers' websites as of 6/24/21. **18.** Lexus Safety System+ 2.5 effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See *Owner's Manual* for additional limitations and details. **19.** The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle, a pedestrian or a bicyclist. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **20.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. **21.** Lane Tracing Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. See *Owner's Manual* for additional limitations and details. **22.** Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **23.** Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward-facing camera and Navigation System (when data is available) to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See *Owner's Manual* for additional limitations and details. **24.** Intelligent High Beams operate at speeds above 21 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **25.** Lexus Safety System+ A effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See *Owner's Manual* for additional limitations and details. **26.** The Pre-Collision System with Active Steering Assist is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **27.** Lane Change Assist operates only when Dynamic Radar Cruise Control (DRCC) and Lane Tracing Assist (LTA) are activated. Do not overly rely on this system. The driver must still make sure that the lane is clear. See *Owner's Manual* for additional limitations and details. **28.** Do not use the ottoman feature when the vehicle is in motion. Only use when the vehicle is stationary. If the ottoman feature is in use during an accident, the lap belt may slide past the hips. This could result in restraint forces being applied directly to the abdomen or your neck may contact the shoulder belt, increasing the risk of death or serious injury. See *Owner's Manual* for additional limitations and details. **29.** High-friction brakes may require additional maintenance, be louder and have a shorter life than conventional brakes, depending on driving conditions. See the *Warranty and Services Guide* for more information. **30.** Ultrasuede is a registered trademark of Toray Industries, Inc. **31.** Torsen[®] is a registered trademark of JTEKT Torsen, Inc. **32.** Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **33.** Safety Connect depends on factors outside of Lexus' control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Some features may require the Lexus app. Registration required. Service subject to change at any time without notice. Terms of Use apply. Service may vary by vehicle and region. See usage precautions and service limitations in *Owner's Manual* and www.lexus.com/enform for additional details. To learn about Lexus' connected services data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Safety Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. **34.** Information provided is based on the last time data was collected from the vehicle and is not real-time data. Service Connect depends on factors outside of Lexus' control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Service may vary by vehicle or region. Registration required. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. See usage precautions and service limitations in *Owner's Manual* and www.lexus.com/enform for additional details. To learn about Lexus' connected services data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscription required after trial. Service Connect renewal will be included when Safety Connect, Remote Connect, or Destination Assist connected service renewal is selected. Service Connect is not renewable as a stand-alone service. **35.** Eligible vehicle and wireless service required. Enform Wi-Fi depends on factors outside of Lexus' control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Enform Wi-Fi coverage and service not available everywhere. Valid in the contiguous U.S. and Alaska. Do not drive distracted. Go to all.com/lexus for terms and conditions. Data usage and charges apply. Up to 5 devices can be supported using in-vehicle connectivity. Apps and services subject to change at any time without notice. The Enform Wi-Fi trial begins at the time of activation and expires when 4GB of data is used or when the 3-month period ends. Subscription required after trial. Terms and conditions apply. **36.** Dynamic Navigation and Dynamic Voice Command are dependent on factors outside of Lexus' control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Services not available in every city or roadway. Use common sense when relying on information provided. Service may vary by vehicle and region. Registration is required. Terms of Use apply. Data charges may apply. See *Owner's Manual* and www.lexus.com/enform for additional limitations and details. To learn about Lexus' connected services data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Dynamic Navigation trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. **37.** Destination Assist depends on factors outside of Lexus' control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Services subject to change at any time without notice. Terms of Use apply. Data charges may apply. See *Owner's Manual* and www.lexus.com/enform for additional limitations and details. To learn about Lexus' connected services data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. **38.** Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Lexus Enform Remote depends on factors outside of Lexus' control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Service may vary by vehicle and region. Registration and Lexus app download required. Terms of Use apply. Data charges may apply. Services subject to change at any time without notice. See usage precautions and service limitations in *Owner's Manual* and www.lexus.com/enform for additional details. To learn about Lexus' connected services data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Lexus Enform Remote trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. **39.** The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **40.** May not be compatible with all mobile phones, MP3/WMA players and like models. **41.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. **42.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **43.** The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Lexus dealer can help or you can go to www.alo.org to find a qualified locksmith in your area who can perform high-security key service. **44.** The Adaptive Front Lighting System helps improve night vision. Situations such as a dirty windshield, rapidly changing light conditions or hilly terrain will limit effectiveness, requiring the driver to manually turn off the system. See *Owner's Manual* for additional limitations and details. **45.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. **46.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. **47.** Intuitive Parking Assist with Auto Brake is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, and size may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm rear clearance. See *Owner's Manual* for additional limitations and details. **48.** The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **49.** Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. **50.** Lexus provides complimentary maintenance for your first two scheduled visits at the earlier of 6 months/5,000 miles and 12 months/10,000 miles. To schedule these services, contact your Lexus dealership. Please refer to your vehicle's *Warranty and Services Guide* for service details. These services apply to Lexus vehicles registered and normally operated in the continental United States, U.S. territories and Canada. **51.** EV Mode lets you operate solely on battery power at low speeds for short distances and in limited circumstances, such as in a parking garage. Different conditions may prevent or limit usage. See your *Owner's Manual* for additional limitations and details. **52.** The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **53.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers. **54.** Projected EPA-estimated MPG ratings determined by manufacturer. EPA estimates not available at time of publishing. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov. **55.** Accessories may vary by model year, not be available in all regions of the country, and/or require placement of a special order. Please see your dealer for accessory availability for your particular vehicle. **56.** All Accessories (Genuine Lexus and F SPORT) installed at the time of retail vehicle delivery are warranted for the same time as the new-vehicle warranty (48 months/50,000 miles). Accessories purchased after retail vehicle delivery and installed by an authorized Lexus dealer are warranted for 12 months from date of purchase or installation, regardless of mileage, or the remainder of any applicable new-vehicle limited warranty, whichever is greater. Accessories purchased over the counter are covered for 12 months from the date of purchase. For all Accessories, refer to your accessory limited warranty or documentation that accompanies accessory purchase for coverage and conditions. Warranty honored at all Lexus dealerships nationwide excluding Hawaii. **57.** This floor liner or floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner or mat must be secured with its fasteners. Do not install a floor liner or mat on top of an existing floor liner or mat. **58.** Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. **59.** Lexus Genuine Accessory Warranty will only apply when the installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **60.** Genuine Lexus Paint Protection Film by 3M™ is designed for specific sections of the vehicle most prone to chipping and may vary depending on vehicle model. Select applications may require an additional charge. Lexus Genuine Accessory Warranty only applies when installation is performed by a trained Lexus-approved installer. See Lexus dealer for details.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of publishing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Vehicles shown may be prototypes, shown using visual effects and/or shown with options. Actual models may vary. Colors depicted may vary based on multiple factors, including ambient lighting and the format in which they are being viewed (e.g., computer, mobile device, or print). See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
