

2015 MAZDA5

A woman with dark hair, wearing a blue kimono over a white shirt, is looking out of a traditional Japanese sliding window (shoji). Her hands are resting on the wooden frame of the window. The background is dark, making the woman and the window stand out.

**FROM
EVERY SIDE**

The Mazda5's sliding doors—perfectly balanced, precisely crafted. Like their inspiration, the Japanese “Shoji” sliding partitions, the Mazda5's doors are carefully engineered to glide effortlessly, making them extraordinarily practical, especially considering how often your hands are full. Of course, the doors are just one example of how the Mazda5 proves that a six-passenger family and cargo-carrying minivan can be versatile, nimble and incredibly fun to drive. Bringing a new meaning to the term “form and function,” the Mazda5 redefines transportation in every way to help you best choreograph life's unexpected twists and turns.

**THE MAZDA5 DEFIES
CONVENTION.**

*“I vowed I’d never drive one of those minivans.
I feel like I’ve kept that promise.”*

— Nicole, Mazda5 customer

IT DEFINES ITS CATEGORY BY BEING IN A CLASS OF ONE.

Leave it to Mazda to create a vehicle that defies convention. The Mazda5 functions like a minivan, sips fuel like a compact and drives like a sports sedan. It's as nimble as it is roomy and as fun as it is practical. With its in-motion styling and dynamic design, the Mazda5 is the one vehicle that refuses to be categorized because it refuses to limit itself to being just one thing. And drivers, passengers and critics agree: The Mazda5 is a segment of its own.

BY THINKING OUTSIDE THE BOX, WE AVOIDED CREATING ONE.

The Mazda5 is anything but confining. With its surprisingly spacious, easy-to-configure interior, the Mazda5 is capable of juggling work, home and play with remarkable skill and efficiency. It offers up to 44.4 cubic feet of cargo space with 50/50 3rd-row seatbacks folded down, and independently folding 2nd- and 3rd-row seats that create a virtually flat cargo floor that's over 5 feet long. All of this flexible space allows the Mazda5 to accommodate everything from 6 passengers to 2 mountain bikes, to a weekend of home improvement projects. Its extra-wide, easy-sliding rear doors and ultra-light rear liftgate are designed to make loading and unloading incredibly convenient. Bottom line: The Mazda5 is built to fit your entire life, no matter how often it changes.

/ 2ND-ROW FOLDOUT TRAY TABLE WITH CARGO STORAGE AND DUAL CUP HOLDERS /

The Mazda5's ingenious bento box-inspired design creates a wide range of versatile storage solutions that maximize storage while minimizing space. A 2nd-row foldout tray, center-mounted for maximum convenience and utility, easily lifts out and features dual cup holders big enough for two travel mugs. A storage bin underneath the tray is perfect for storing small items. And when not needed, the tray can be stored under the seat cushion.

/ COVERED CARGO-AREA STORAGE COMPARTMENT /

The under-floor storage compartment lets you store items under the cargo area*, safely hidden from sight and securely contained.

*Please remember to properly secure all cargo.

/ CLEARER VISION /

Available Xenon headlights and available halogen fog lights brighten your view, providing enhanced nighttime illumination.

/ ACTIVE SAFETY /

The Tire-Pressure Monitoring System monitors air pressure in real time and automatically alerts you before one or more tires become critically low. Standard Dynamic Stability Control* modulates the throttle and brakes when a sudden loss of traction is detected to help keep the vehicle stable during a turn. The standard Traction Control System detects any loss of traction, and then adjusts the throttle to provide the drive wheels with a better grip on the road and more sure-footed acceleration during difficult driving conditions.

/ ADVANCED BRAKING TECHNOLOGIES /

A comprehensive set of advanced braking technologies comes standard on the Mazda5. An Anti-lock Brake System pulses the brakes hundreds of times per second, preventing wheel lockup to help you maintain steering control in emergency braking situations. Electronic Brakeforce Distribution automatically applies force to individual brakes based on changing road conditions, helping to keep you in control. And in emergency situations, Brake Assist automatically increases braking pressure if you need it, thereby reducing stopping distance.

COMES FULLY EQUIPPED WITH OBSESSIVE SAFETY DISORDER.

You can never be too prepared for the unexpected. At Mazda, we're overprotective. Our engineers equipped the Mazda5 with a comprehensive arsenal of standard safety features to help protect your most precious cargo.

/ AIR BAGS /

Six air bags† come standard on every Mazda5. Advanced dual front air bags utilize inflators with both crash-zone and driver's seat-position/passenger-weight sensors. Dual side-impact air bags and dual side-impact air curtains provide coverage for all three passenger rows.

/ CHILD RESTRAINTS /

Both the 2nd- and 3rd-row seats are equipped with child restraint tether anchors, while the 2nd-row seats have built-in LATCH child restraint anchors, helping to safely secure both your little ones and your peace of mind.

/ STRUCTURAL SAFETY /

Stronger, safer yet lighter, every Mazda5 utilizes Mazda's "Triple H" construction system that helps reinforce the floor, sides and roof, resulting in a rigid, more secure structure around the driver and passenger compartments. Its high tensile steel reinforcements increase the strength of critical body areas and enhance basic structural integrity, as well as improve overall handling and provide increased impact protection.

*Dynamic Stability Control (DSC) is an electronic system designed to help the driver maintain control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether DSC will be effective in preventing loss of control. Please see your owner's manual for further details. †Always wear your seat belt and secure children in the rear seats in appropriate child restraints.

*“Perfect for the urban family who isn’t
always able to find parking spaces for
land yachts.”*

CARPE CARPOOL.

We're fans of legroom, headroom, elbowroom and a little extra room. Three rows, six seats and a generous 97.7 cubic feet of passenger space have never been this accommodating or versatile. Both center and rear rows feature elevated "theater-style" seating for a better view. And both 2nd-row reclining captain's chairs provide inboard and outboard armrests, as well as nearly six inches of back-and-forth travel for extra leg-stretching comfort. The available heated front seats and automatic climate control system create and maintain a comfortable atmosphere for you and every one of your passengers.

ONE SPIN AND YOU’LL FORGET IT SEATS SIX.

Race-inspired aerodynamics are just the beginning. Built on a sports-sedan platform with a tight 36.7-foot turning circle, the Mazda5 is about as far from a conventional six-passenger vehicle as you can get. A standard 5-speed Sport automatic transmission offers the convenience of an automatic with the shift-for-yourself control and fun of a manual. Whether you’re cruising through the hills in the open country or maneuvering your way into that tight parking space on a busy street, you can be certain of one thing: The Mazda5 isn’t just built to turn on a dime, it’s built to turn convention on its head.

/ ENGINE PERFORMANCE /

An advanced MZR 2.5-liter DOHC engine with variable valve timing enables the Mazda5 to deliver both spirited performance and up to an enviable EPA-estimated 22 city/28 highway MPG*. The Mazda5’s advanced Electrohydraulic Power Assist Steering utilizes hydraulic pressure from a pump driven by an electric motor that works independently of the car’s engine, resulting in increased fuel economy, improved pin-point steering power and enhanced agility.

/ SMOOTH HANDLING /

Standard lightweight aluminum alloy wheels help reduce unsprung weight, improving handling. Four-wheel independent suspension provides a smoother, more responsive ride, while four-wheel anti-lock brakes maintain steering control during emergency situations.

*Based on EPA estimates for 2015 Mazda5 with 2.5L engine and automatic transmission 22 city/28 highway MPG. Actual results will vary.

*“...A reminder that family hauling
doesn’t mean you have to give up
on fun driving.”*

Last year, during our Mazda Drive for Good™ charitable program, our Mazda Dealers and partners raised millions of dollars for a number of national and local charities. But what's even more significant is that collectively, we pledged more than 50,000 hours of volunteer time to local and national organizations across the country. Our Mazda Dealers have a long history of giving back both time and money to their own communities. And their efforts truly define our Mazda values.

Mazda Drive for Good™ is just one of the many charitable programs that has allowed Mazda to donate millions to worthy causes across the United States since 1992.

Because giving back is the Mazda Way.

*We know your first impression of Mazda starts with us,
your Mazda Dealer.*

It's a responsibility we don't take lightly.

*It's why we work hard every day to make sure your customer service
experience exceeds your expectations, in every way.*

It extends beyond just helping you find the right vehicle.

It's what happens after you leave our dealership.

This is our way of changing the game in customer service.

One customer experience at a time.

THIS IS THE MAZDA WAY.

THIS IS THE MAZDA WAY.
