

08 **mazda** Tribute

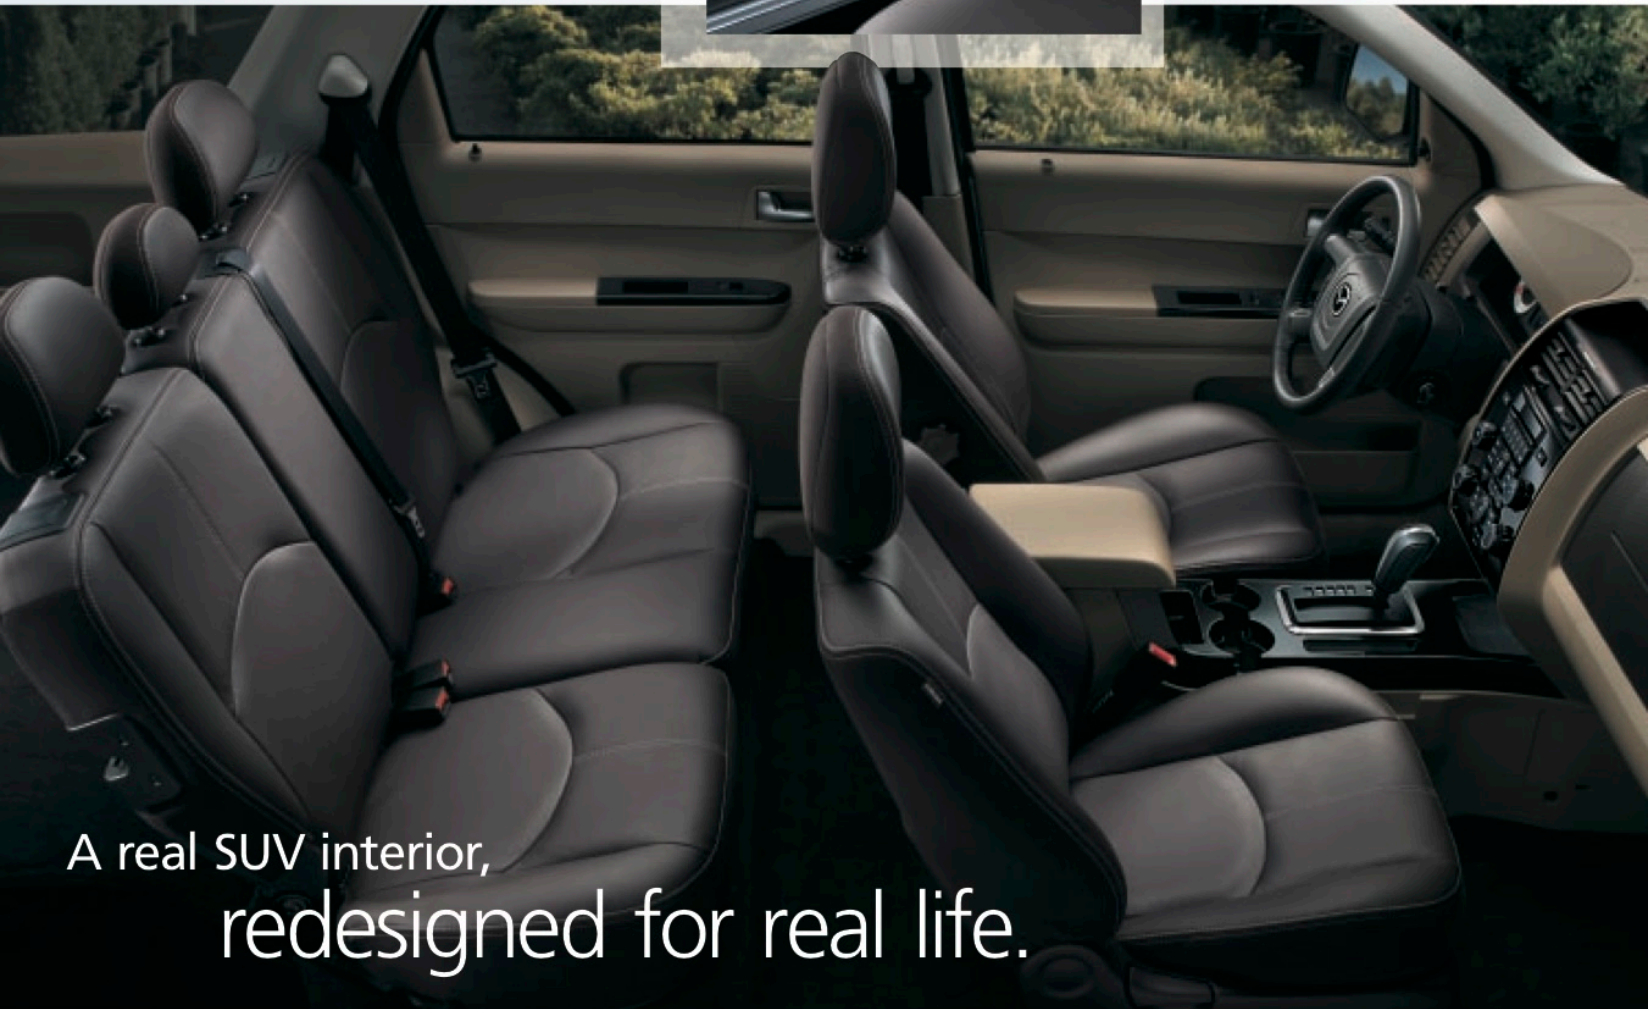

With its 2nd-row seat folded down, the Tribute serves up a spacious 66.3 cu ft of flexible cargo space. Four built-in cargo tie-down loops plus an available retractable cargo cover (standard on the Grand Touring) help keep your precious cargo safe and secure.

An overhead console with storage bin is standard on all Tribute Grand Touring models. Even a view-expanding moonroof is standard on Grand Touring models.

The Tribute's insightfully designed center floor console includes 4 built-in cup holders, a covered storage compartment with removable bins plus enough room to even hold a laptop.

A real SUV interior,  
redesigned for real life.

Driving shouldn't be a chore. It should be comfortable and fun—even when you happen to be doing chores. Which is why the Mazda Tribute's redesigned interior offers so many thoughtful, comfortable and versatile standard features and options. Slide behind the wheel and the first thing you'll notice, aside from the excellent driving position, is how well the cockpit reflects its sporty Mazda heritage. All the controls are well-positioned to make your "work driving" fun and your "fun driving" a blast. You'll also be surprised by how far your dollar goes when you see the Tribute's generous offering of standard features. Things like an AM/FM/CD stereo with an auxiliary input jack for your favorite MP3 player; tilt steering wheel; air conditioning; cruise control (AT only); plus power windows, outside mirrors and door locks are all standard. And let's not forget the rest of the cabin—which is sure to please both your crew and cargo. It includes adjustable headrests, 4 convenient cup holders, even a versatile 60/40 split rear seatback. And if you want a bit more pampering, check out the available in-dash 6-disc CD changer with 7-speaker premium sound system and leather-trimmed seats. When it comes to the time you spend on the road, Tribute has what it takes to keep it real.

For your protection and peace of mind, all Tribute models include: Advanced dual front air bags with belt-use, passenger-weight and driver's seat-position sensors; front side-impact air bags; and side-impact air curtains\* with rollover protection. Rear LATCH child-safety-seat anchors and tethers. Plus a Tire-Pressure Monitoring System.

\* Always wear your safety belt and secure children in the rear seat.

The Mazda Tribute's traditional SUV styling provides a refreshing contrast to its numerous "cute-ute" competitors. Which is why it fits so perfectly into your hardworking, daily-commuting, errand-running, budget-watching, fun-loving real life. Its broad shoulders and sturdy stance inspire confidence and the feeling that Tribute can handle whatever's thrown in it—or at it. Its chiseled, rock-solid profile projects a sense of reliability and durability. And its no-nonsense form is designed to make quick work of all of your daily functions. Helping to empower your active lifestyle is a spirited, yet fuel-efficient, 153-hp 2.3L DOHC 16-valve tried and proven MZR engine matched to a smooth-shifting 4-speed automatic transmission.\* Better still, with available features like a potent 200-hp V6, Active Torque Control Coupling four-wheel-drive system and maybe even a Towing Package (with a 3500-lb capacity), you'll love being able to switch between playmate and workhorse at a moment's notice. Just throw your gear onto the available roof rack with crossbars,† check your available heated outside mirrors, and you're off. Because when all is said and done, Mazda Tribute delivers all the versatility, reliability and safety you're looking for—plus the kind of value worthy of a second look.

\* 5-speed manual standard on Tribute i Sport FWD. † The amount and placement of cargo can significantly affect vehicle handling. Roof-rack payload limited to 100 lb. See owner's manual for more information. Please remember to properly secure all cargo.

A real SUV exterior,  
tough enough for real life.

The '08 Tribute's comprehensive list of standard safety features and systems includes all of the following:

- Roll Stability Control • Dynamic Stability Control
- Traction Control System • Anti-lock Brake System
- Electronic Brakeforce Distribution • Tire-Pressure Monitoring System

For added versatility—and the capability to tow up to 3500 lb—an optional Towing Package featuring a frame-mounted Class II receiver hitch is available on all three V6-powered Tribute s models.

# Genuine Mazda Accessories: The real deal.

Part of the joy of owning a new Mazda Tribute is personalizing it. And the best way to enhance its appearance or performance is with Genuine Mazda Accessories. Better yet, all Genuine Mazda Accessories installed by your Mazda dealer, prior to or at initial vehicle retail delivery, carry the same new-vehicle limited warranty as your new Mazda. See your dealer for details.
